AGENCY DESCRIPTION — The Commission for Postsecondary Education reviews and recommends higher education policies, while providing a discussion forum for public and private postsecondary educational institutions and their stakeholders on issues of mutual interest. The 16 commissioners are authorized to administer certain federal and state student financial aid programs.

Operating Budget

The Baseline includes \$184,800 and 4.5 FTE Positions from the Postsecondary Education Fund in FY 2015 for the operating budget. These amounts are unchanged from FY 2014.

Arizona College and Career Guide

The Baseline includes \$21,300 from the Postsecondary Education Fund in FY 2015 for the Arizona College and Career Guide Special Line Item (SLI). This amount is unchanged from FY 2014.

The Arizona College and Career Guide is an annual publication that lists Arizona public and private postsecondary educational institutions. The guide

describes each institution's available degree and certificate programs, course lengths, and costs of attendance.

Arizona Minority Educational Policy Analysis Center

The Baseline includes \$100,000 and a 0.2 FTE Position from the Postsecondary Education Fund in FY 2015 for the Arizona Minority Educational Policy Analysis Center (AMEPAC) SLI. These amounts are unchanged from FY 2014.

AMEPAC promotes minority students' access to Arizona's postsecondary educational institutions.

Leveraging Educational Assistance Partnership

* * *

The Baseline includes \$2,319,500 for the Leveraging Educational Assistance Partnership (LEAP) in FY 2015. This amount consists of:

	FY 2015
General Fund	1,220,800
Postsecondary Education Fund	1,098,700

These amounts are unchanged from FY 2014.

LEAP is a state and institutional partnership that provides financial assistance to students demonstrating substantial financial need. To be eligible, students must attend, on at least a half-time basis, an approved program at a properly accredited Arizona postsecondary educational institution (including public universities, public community colleges, private collegiate institutions, and proprietary schools). The federal portion of these funds was eliminated in FY 2012. *(Please see Other Issues for Legislative Consideration for more information.)*

Math and Science Teacher Initiative

The Baseline includes \$176,000 from the General Fund in FY 2015 for the Math and Science Teacher Initiative. This amount is unchanged from FY 2014.

The program, also known as the Math, Science and Special Education Teacher Loan Forgiveness Program (MSSE), offers forgivable loans to students pursuing a teaching degree at a postsecondary institution and who agree to teach math, science, or special education at an Arizona public school upon graduation. A.R.S. § 15-1784 allows the commission to retain up to 10% of the annual fund deposit for administration costs. The commission may also use the interest deposited into the fund for administration costs of the loan repayment portion of the program.

Twelve Plus Partnership

The Baseline includes \$130,500 and a 0.3 FTE Position from the Postsecondary Education Fund in FY 2015 for the Twelve Plus Partnership (TPP). These amounts are unchanged from FY 2014.

TPP is an early education awareness initiative with 3 components: Best Education Practices Conference and Awards Recognition, Think College, and College Goal Sunday. Approximately 70% of this line item funds College Goal Sunday, 25% of the monies go to Best Education Practices Conference and Awards Recognition, and the remaining 5% funds Think College. Private gifts, donations of service, and corporate sponsorships support TPP.

FOOTNOTES

Standard Footnotes

The appropriations for Arizona College and Career Guide, Arizona Minority Educational Policy Analysis Center and Twelve Plus Partnership are estimates representing all monies distributed to this fund, including balance forward, revenue and transfers, during FY 2015. The appropriations shall be adjusted as necessary to reflect actual final receipts credited to the Postsecondary Education Fund.

Each participating institution, public or private, in order to be eligible to receive state matching funds under the Leveraging Educational Assistance Partnership for grants to students, shall provide an amount of institutional matching funds that equals the amount of funds provided by the state to the institution for the Leveraging Educational Assistance Partnership. Administrative expenses incurred by the Commission for Postsecondary Education shall be paid from institutional matching funds and shall not exceed 12% of the funds in FY 2015.

Any unencumbered balance remaining in the Postsecondary Education Fund on June 30, 2014, and all grant monies and other revenues received by the Commission for Postsecondary Education, when paid into the State Treasury, are appropriated for the explicit purposes designated by line items and for additional responsibilities prescribed in A.R.S. § 15-1851 and A.R.S. § 15-1852.

OTHER ISSUES FOR LEGISLATIVE CONSIDERATION

Status of Leveraging Educational Assistance Partnerships

LEAP was originally created as a federal, state, and institution partnership to provide financial assistance to students demonstrating substantial financial need. However, federal funding and authority was eliminated in FY 2012 by Public Law 112-10, Department of Defense and Full-Year Continuing Appropriations Act, 2011. The program therefore now operates with state and institutional funding only. In FY 2013, awards were provided through 43 postsecondary institutions. Of the total funding distributed, 34% went to public universities, 50% to community colleges, and 16% to private institutions.

Repayment Programs

The commission currently administers repayment programs for unforgiven loans from the Private Postsecondary Education Student Financial Assistance Program (PFAP) and the Postsecondary Education Grant (PEG) program, both of which are no longer awarding new

grants. In addition, the commission administers repayment programs for unforgiven loans from the MSSE, and the non-appropriated Paul Douglas Teacher Scholarship (PDTS). Loan collections are returned to their respective program fund.

PFAP

Prior to FY 2011, PFAP distributed awards of up to \$2,000 annually, for up to 2 years, to qualified community college graduates enrolled at a private baccalaureate degree granting institution chartered in Arizona, pursuant to A.R.S. § 15-1854. The PFAP program has not been funded since FY 2010, but the repayment process for existing unforgiven loans remains. Repayments are deposited into the Private Postsecondary Education Student Financial Assistance Fund. If a grantee does not earn a baccalaureate degree within 3 years, the grantee must repay the commission all award monies. When a grantee refuses to repay award monies or cannot be located, the Office of the Attorney General takes over administration of the repayment process.

There have been 1,678 students awarded PFAP forgivable loans since its inception in 1996. A total of 228 borrowers are currently being tracked in the repayment program or will be placed in repayment once located.

PEG

Prior to FY 2011, PEG distributed awards up to \$2,000 annually, for up to 4 years, to full-time and part-time students enrolled at a private baccalaureate degree-granting institution, pursuant to A.R.S. § 15-1855. The awards are forgiven if a student recipient earns a baccalaureate degree within 5 years. The program has not been funded since FY 2010, but the repayment process remains (though not started until FY 2012) for existing unforgiven loans. Repayments will be deposited into the Postsecondary Education Grant Program Fund.

There have been 4,084 students awarded PEG forgivable loans since its inception in 2007. Of those recipients, 2,300 graduated with a baccalaureate degree and 640 are working to complete their degree. The remaining 1,144 are reported as not enrolled at an institution and are being located to determine their enrollment or graduation status.

MSSE

There have been 229 students awarded MSSE forgivable loans since its inception in FY 2007. Of those recipients, 3 have paid their loan balance in full, 16 are currently in repayment, and 210 will require tracking for up to 15 years to ensure they meet the promissory note obligations and to determine retention rates.

PDTS

There have been 254 students awarded PDTS forgivable loans. Of those recipients, 3 are in default and 1 is in deferment. All others have completed their obligation by fulfilling the teaching requirements of the program or repaying their loan in full.

Family College Savings Plan

A non-appropriated fund is now used to support the Family College Savings Program (FCSP), so the program no longer appears in the agency’s standard summary table.

FCSP was established pursuant to Laws 1997, Chapter 171. It enables parents to save for their child’s college education in plans compatible with Internal Revenue Code § 529 (529 Plans). Monies in these plans grow tax-free, and withdrawals for qualified higher educational expenses are federal and state income tax free. FCSP operates from the proceeds of new account fees, which are currently \$15 per account. The plans are available to both residents and non-residents of the state. The commission oversees 3 FCSP providers, 2 of which have multiple investment offerings in their plans.

In 2004, A.R.S. § 15-1873 established the Family College Savings Program Trust Fund, which is a non-appropriated fund. The FCSP Trust Fund will now directly receive FCSP fee revenues instead of the FCSP fee revenues passing through to the Postsecondary Education Fund.
