1/ Represents FY 2012 Baseline cost above FY 2011 enacted budget.

2/ In the FY 2012 Baseline, this represents continuation of prior year Fund Reduction and Transfer (FRAT) and the Salary Lump Sum Reduction (LSR). The FRATs/LSR are reductions in agency non-General Fund spending authority, in which the savings are transferred to the General Fund. Since the transfers have not been permanently authorized, they are reenacted annually.

OF = Other Appropriated Funds

PA = Partially-Appropriated Funds

NA = Non-Appropriated Funds

3/ In FY 2011, the budget included \$195,342,900 in transfers. Of that amount, the FY 2012 Baseline continues \$84,548,700 where permanent spending reductions were made. The remaining \$110,794,200 of transfers is not continued in the Baseline.

4/ Represents all revenue changes, including fund transfers. Fund Transfers appear as negative numbers (savings) in the Fund Transfer section, but are reflected as positive numbers (revenue) in the total.
