3 read:

4 15-816.01. Enrollment policies

5 A. School district governing boards shall establish policies and shall
6 implement an open enrollment policy without charging tuition. Tuition may be

12 application procedures and transportation provisions. A copy of the district
13 policies for open enrollment shall be filed with the department of education.

14 B. The governing board of the district educating the pupil may provide
15 transportation limited to no more than twenty miles each way to and from the
16 school of attendance or to and from a pickup point on a regular
17 transportation route or for the total miles traveled each day to an adjacent
18 district for eligible nonresident pupils who meet the economic eligibility
19 requirements established under the national school lunch and child nutrition

21 price lunches.

22 C. The governing board of the district educating the pupil shall
23 provide transportation limited to no more than twenty miles each way to and
24 from the school of attendance or to and from a pickup point on a regular
25 transportation route or for the total miles traveled each day to an adjacent
26 district for nonresident pupils with disabilities whose individualized

35 issued by the county school superintendent pursuant to section 15-825.

36 2. For three hundred fifty or fewer pupils, to a high school without

43 section for each pupil admitted pursuant to this paragraph, each pupil from a
44 school district that provides only financing for pupils who are instructed
45 by another school district and each pupil from a unified district that does

2 pupils is deemed, for the purpose of determining student count and for
3 apportionment of state aid, to be enrollment in the school district of the
4 pupil's residence.

5 B. The residence of the person having legal custody of the pupil is
6 considered the residence of the pupil, except as provided in subsection C of
7 this section and in section 15-825, subsection B.

8 C. The current residence of a homeless pupil who does not reside with
9 the person having legal custody of the pupil is considered to be the

12 subsection, "homeless pupil" means a pupil who has a primary residence that
13 is:

14 1. A supervised publicly or privately operated shelter designed to
15 provide temporary living accommodations.

16 2. An institution that provides a temporary residence for individuals
17 intended to be institutionalized.

29 section.

30 E. If tuition is required to be charged for pupils attending school in
31 a school district other than that of their residence, the tuition shall be
32 determined and paid in the following manner:

33 1. The number of high school pupils for which tuition may be charged
34 to a common school district ~~which~~ THAT is not within a high school district
35 is equal to the average daily membership in the district of attendance from
36 the common school district for the prior fiscal year, except that for the
37 first year in which a common school district not within a high school
38 district stops teaching high school subjects, the district of attendance may
39 charge tuition for the number of pupils which is equal to the average daily
40 membership for high school pupils in the common school district for the prior
41 fiscal year. This number may be adjusted if the common school district
42 increases its revenue control limit and district support level or recomputes
43 its revenue control limit as provided in section 15-948.

1 2. The tuition for pupils attending school in a school district other
2 than that of their residence, except pupils provided for by section 15-825,
3 subsections B and D and any pupils included in the definition of child with a
4 disability in section 15-761, shall not exceed the cost per student count of
5 the school district attended, as determined for the current school year.
6 Tuition for pupils included in the definition of child with a disability in
7 section 15-761 shall not exceed the actual cost of the school attended for
8 each pupil as determined for the current year. The school district of
9 attendance shall not include in the cost per student count a charge for
10 transportation if no transportation is provided, and the charge for
11 transportation shall not exceed the actual costs of providing transportation
12 for the pupils served, as prescribed in the uniform system of financial
13 records. The school district of attendance shall provide the school district
14 of residence with the final tuition charge for the current year and with an
15 estimate of the budget year's tuition charge by May 1 of the current year.
16 The school district of residence shall pay at least one-fourth of the total
17 amount of the estimated tuition by September 30, December 31 and March 31,
18 and it shall pay the remaining amount it owes after adjustments are made by

23 THE TUITION AMOUNT AND THE TIMING OF THE PAYMENTS. THE AGREEMENT SHALL NOT
24 BE LONGER THAN FIVE CONSECUTIVE YEARS. IF TWO SCHOOL DISTRICTS ENTER INTO AN
25 AGREEMENT AND CHOOSE TO RENEW THE AGREEMENT, EACH RENEWAL SHALL NOT BE LONGER
26 THAN FIVE CONSECUTIVE YEARS. THE AGREEMENT SHALL SPECIFY THAT A PARENT OR
27 LEGAL GUARDIAN OF A PUPIL AFFECTED BY A TUITION AGREEMENT ENTERED PURSUANT TO
28 THIS SECTION OR SECTION 15-816.01 MAY CHOOSE NOT TO SEND THEIR PUPIL OR
29 PUPILS TO A SCHOOL DISTRICT OR SCHOOL THAT IS A PARTY TO THE AGREEMENT.

30 ~~3-~~ 4. Tuition of pupils as provided in section 15-825, subsection D
31 shall not exceed the excess costs for group B children with disabilities in
32 the cost study prescribed in section 15-236 minus the amount generated by the
33 equalization base as determined in section 15-971, subsection A for these
34 pupils. A school district may submit to the superintendent of public
35 instruction a record of actual excess costs to educate a group B child with a
36 disability if the costs are higher than the calculated excess costs or if a
37 pupil has been placed in a private school for special education services. The
38 superintendent shall determine if the additional costs will be paid, and if
39 the costs are paid, whether the additional costs will be paid by the state or
40 the resident district.

5 fund of the school district.

6 F. A school district may submit to the superintendent of public
7 instruction a record of actual costs paid by the school district to educate a
8 pupil who qualifies for a certificate of educational convenience under
9 section 15-825, subsection B. If the actual costs for that pupil exceed the
10 costs per student count computed pursuant to subsection G of this section,
11 the superintendent of public instruction shall reimburse the school district
12 for these additional costs subject to legislative appropriation.

13 G. For the purposes of this section:

14 1. "Costs per student count" means the sum of the following for the
15 common or high school portion of the school district attended, whichever is
16 applicable to the pupil involved, as prescribed in the uniform system of
17 financial records:

20 divided by the school district's student count for the common or high school
21 portion of the school district, whichever is applicable.

22 (b) The actual school district expenditures for the capital outlay

40 pupils to other school districts or two hundred dollars if the state pays
41 tuition for one thousand or fewer, but more than seven hundred fifty, pupils
42 to a school district pursuant to section 15-825, subsection D or section
43 15-976.

1 (iii) The actual cost per student count if either the pupil's school
