(TEXT OF BILL BEGINS ON NEXT PAGE)

1 Be it enacted by the Legislature of the State of Arizona:

2 Section 1. Section 45-596, Arizona Revised Statutes, as amended by  
3 Laws 2006, chapter 56, section 1, is amended to read:

4 45-596. Notice of intention to drill; fee

5 A. In an area not subject to active management, a person may not drill  
6 or cause to be drilled any well or deepen an existing well without first  
7 filing notice of intention to drill pursuant to subsection C of this section  
8 or obtaining a permit pursuant to section 45-834.01. Only one notice of  
9 intention to drill is required for all wells that are drilled by or for the  
10 same person to obtain geophysical, mineralogical or geotechnical data within  
11 a single section of land.

12 B. In an active management area, a person may not drill or cause to be  
13 drilled an exempt well, a replacement well in approximately the same location  
14 or any other well for which a permit is not required under this article,  
15 article 7 of this chapter or section 45-834.01 or deepen an existing well  
16 without first filing a notice of intention to drill pursuant to subsection C  
17 of this section. Only one notice of intention to drill is required for all  
18 wells that are drilled by or for the same person to obtain geophysical,  
19 mineralogical or geotechnical data within a single section of land.

20 C. A notice of intention to drill shall be filed with the director on  
21 a form which is prescribed and furnished by the director and which shall  
22 include:

- 23 1. The name and mailing address of the person filing the notice.
- 24 2. The legal description of the land upon which the well is proposed  
25 to be drilled and the name and mailing address of the owner of the land.
- 26 3. The legal description of the location of the well on the land.
- 27 4. The depth, diameter and type of casing of the proposed well.
- 28 5. Such legal description of the land upon which the groundwater is  
29 proposed to be used as may be required by the director to administer this  
30 chapter.
- 31 6. When construction is to begin.
- 32 7. The proposed uses to which the groundwater will be applied.
- 33 8. The name and well driller's license number of the well driller who  
34 is to construct the well.
- 35 9. The design pumping capacity of the well.
- 36 10. If for a replacement well, the maximum capacity of the original  
37 well and the distance of the replacement well from the original well.
- 38 11. Proof that the director determines to be satisfactory that the  
39 person proposing to construct the well holds a valid license issued by the  
40 registrar of contractors pursuant to title 32, chapter 10 and that the  
41 license is of the type necessary to construct the well described in the  
42 notice of intention to drill. If the proposed well driller does not hold a  
43 valid license, the director may accept proof that the proposed well driller  
44 is exempt from licensing as prescribed by section 32-1121.

1           12. If any water from the proposed well will be used for domestic  
2 purposes as defined in section 45-454, evidence of compliance with the  
3 requirements of subsection F of this section.

4           13. If for a second exempt well at the same location for the same use  
5 pursuant to section 45-454, subsection I, proof that the requirements of that  
6 subsection are met.

7           14. If for a well to obtain geophysical, mineralogical or geotechnical  
8 data within a single section of land, the information prescribed by this  
9 subsection for each well that will be included in that section of land before  
10 each well is drilled.

11           15. Such other information as the director may require.

12           D. Upon receiving a notice of intention to drill and the fee required  
13 by subsection ~~K~~ K of this section, the director shall endorse on the notice  
14 the date of its receipt. The director shall then determine whether all  
15 information that is required has been submitted and whether the requirements  
16 of subsection C, paragraphs 11 and 12 AND SUBSECTION I of this section have  
17 been met. If so, within fifteen days of receipt of the notice, the director  
18 shall record the notice, mail a drilling card that authorizes the drilling of  
19 the well to the well driller identified in the notice and mail written notice  
20 of the issuance of the drilling card to the person filing the notice of  
21 intention to drill at the address stated in the notice. Upon receipt of the  
22 drilling card, the well driller may proceed to drill or deepen the well as  
23 described in the notice of intention to drill. If the director determines  
24 that the required information has not been submitted or that the requirements  
25 of subsection C, paragraphs 11 and 12 OR SUBSECTION I of this section have  
26 not been met, the director shall mail a statement of the determination to the  
27 person giving the notice to the address stated in the notice, and the person  
28 giving the notice may not proceed to drill or deepen the well.

29           E. The well shall be completed within one year after the date of the  
30 notice unless the director approves a longer period of time pursuant to this  
31 subsection. If the well is not completed within one year or within the time  
32 approved by the director pursuant to this subsection, the person shall file a  
33 new notice before proceeding with further construction. At the time the  
34 drilling card for the well is issued, the director may provide for and  
35 approve a completion period that is greater than one year but not to exceed  
36 five years from the date of the notice if both of the following apply:

37           1. The proposed well is a nonexempt well within an active management  
38 area and qualifies as a replacement well in approximately the same location  
39 as prescribed in rules adopted by the director pursuant to section 45-597.

40           2. The applicant has submitted evidence that demonstrates one of the  
41 following:

42           (a) This state or a political subdivision of this state has acquired  
43 or has begun a condemnation action to acquire the land on which the original  
44 well is located.

1 (b) The original well has been rendered inoperable due to flooding,  
2 subsidence or other extraordinary physical circumstances that are beyond the  
3 control of the well owner.

4 F. If any water from a proposed well will be used for domestic  
5 purposes as defined in section 45-454 on a parcel of land of five or fewer  
6 acres, the applicant shall submit a well site plan of the property with the  
7 notice of intention to drill. The site plan shall:

8 1. Include the county assessor's parcel identification number.

9 2. Show the proposed well location and the location of any septic tank  
10 or sewer system that is either located on the property or within one hundred  
11 feet of the proposed well site.

12 3. Show written approval by the county health authority that controls  
13 the installation of septic tanks or sewer systems in the county, or by the  
14 local health authority in areas where the authority to control installation  
15 of septic tanks or sewer systems has been delegated to a local authority. In  
16 areas where there is no local or county authority that controls the  
17 installation of septic tanks or sewer systems, the applicant shall apply for  
18 approval directly to the department of water resources.

19 G. Before approving a well site plan submitted pursuant to subsection  
20 F of this section, the county or local health authority or the department of  
21 water resources, as applicable, pursuant to subsection F of this section,  
22 shall review the well site plan and determine whether the proposed well  
23 location complies with applicable local laws, ordinances and regulations and  
24 any laws or rules adopted under this title and title 49 regarding the  
25 placement of wells and the proximity of wells to septic tanks or sewer  
26 systems. If the health authority or the department of water resources, as  
27 applicable, pursuant to subsection F of this section, finds that the proposed  
28 well location complies with this title and title 49 and with local  
29 requirements, it shall endorse the site plan and the proposed well placement  
30 in a manner indicating approval. On endorsement, the director of water  
31 resources shall approve the construction of the well, if all remaining  
32 requirements have been met. If the health authority is unable to determine  
33 whether the proposed well location complies with this title and title 49 and  
34 local requirements, it shall indicate this on the site plan and the decision  
35 to approve or reject the proposed construction rests with the director of  
36 water resources. If parcel size, geology or location of improvements on the  
37 property prevents the well from being drilled in accordance with this title  
38 and title 49 or local requirements, the property owner may apply for a  
39 variance. The property owner shall make the request for a variance to the  
40 county or local authority if a county or local law, ordinance or regulation  
41 prevents the proposed construction. If a law or rule adopted under this  
42 title or title 49 prevents the proposed construction, the property owner  
43 shall make the request for a variance directly to the department of water  
44 resources. The request for a variance shall be in the form and shall contain  
45 the information that the department of water resources, county or local

1 authority may require. The department of water resources, or the county or  
2 local authority whose law, ordinance or regulation prevents the proposed  
3 construction, may expressly require that a particular variance shall include  
4 certification by a registered professional engineer or geologist that the  
5 location of the well will not pose a health hazard to the applicant or  
6 surrounding property or inhabitants. If all necessary variances are  
7 obtained, the director of water resources shall approve the construction of  
8 the well if all remaining requirements have been met.

9 H. If a well that was originally drilled as an exploration well, a  
10 monitor well or a piezometer well or for any use other than domestic use is  
11 later proposed to be converted to use for domestic purposes as defined in  
12 section 45-454, the well owner shall file a notice of intention to drill and  
13 shall comply with this section before the well is converted and any water  
14 from that well is used for domestic purposes.

15 I. EXCEPT AS PRESCRIBED IN SUBSECTION J OF THIS SECTION, THE DIRECTOR  
16 SHALL NOT APPROVE THE DRILLING OF THE WELL IF THE DIRECTOR DETERMINES THAT  
17 THE WELL WILL LIKELY CAUSE THE MIGRATION OF CONTAMINATED GROUNDWATER FROM A  
18 REMEDIAL ACTION SITE TO ANOTHER WELL, RESULTING IN UNREASONABLY INCREASING  
19 DAMAGE TO THE OWNER OF THE WELL OR PERSONS USING WATER FROM THE WELL. IN  
20 MAKING THIS DETERMINATION, THE DIRECTOR OF WATER RESOURCES SHALL FOLLOW THE  
21 APPLICABLE CRITERIA IN THE RULES ADOPTED BY THE DIRECTOR OF WATER RESOURCES  
22 PURSUANT TO SECTION 45-598, SUBSECTION A AND SHALL CONSULT WITH THE DIRECTOR  
23 OF ENVIRONMENTAL QUALITY. FOR THE PURPOSES OF THIS SUBSECTION:

24 1. "CONTAMINATED GROUNDWATER" MEANS GROUNDWATER THAT HAS BEEN  
25 CONTAMINATED BY A RELEASE OF A HAZARDOUS SUBSTANCE, AS DEFINED IN SECTION  
26 49-201.

27 2. "REMEDIAL ACTION SITE" MEANS ANY OF THE FOLLOWING:

28 (a) THE SITE OF A REMEDIAL ACTION UNDERTAKEN PURSUANT TO THE  
29 COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY ACT OF  
30 1980, AS AMENDED (P.L. 96-510; 94 STAT. 2767; 42 UNITED STATES CODE SECTIONS  
31 9601 THROUGH 9657), COMMONLY KNOWN AS "SUPERFUND".

32 (b) THE SITE OF A CORRECTIVE ACTION UNDERTAKEN PURSUANT TO TITLE 49,  
33 CHAPTER 6.

34 (c) THE SITE OF A VOLUNTARY REMEDIATION ACTION UNDERTAKEN PURSUANT TO  
35 TITLE 49, CHAPTER 1, ARTICLE 5.

36 (d) THE SITE OF A REMEDIAL ACTION UNDERTAKEN PURSUANT TO TITLE 49,  
37 CHAPTER 2, ARTICLE 5.

38 (e) THE SITE OF A REMEDIAL ACTION UNDERTAKEN PURSUANT TO THE RESOURCE  
39 CONSERVATION AND RECOVERY ACT OF 1976 (P.L. 94-580; 90 STAT. 2795; 42 UNITED  
40 STATES CODE SECTIONS 6901 THROUGH 6992).

41 (f) THE SITE OF REMEDIAL ACTION UNDERTAKEN PURSUANT TO THE DEPARTMENT  
42 OF DEFENSE ENVIRONMENTAL RESTORATION PROGRAM (P.L. 99-499; 100 STAT. 1719; 10  
43 UNITED STATES CODE SECTION 2701).

1 J. SUBSECTION I OF THIS SECTION DOES NOT APPLY TO THE DEEPENING OF A  
2 WELL OR TO THE DRILLING OF A REPLACEMENT WELL IN APPROXIMATELY THE SAME  
3 LOCATION.

4 ~~I.~~ K. A notice of intention to drill filed under this section shall  
5 be accompanied by a filing fee of one hundred fifty dollars, except that a  
6 notice filed for a proposed well that will not be located within an active  
7 management area or an irrigation nonexpansion area, that will be used solely  
8 for domestic purposes as defined in section 45-454 and that will have a pump  
9 with a maximum capacity of not more than thirty-five gallons per minute shall  
10 be accompanied by a filing fee of ~~fifty dollars if filed before July 1, 2004,~~

13 deposit, pursuant to sections 35-146 and 35-147, all fees collected pursuant  
14 to this subsection in the well administration and enforcement fund  
15 established by section 45-606.

16 Sec. 2. Section 45-596, Arizona Revised Statutes, as amended by Laws  
17 2006, chapter 56, section 2, is amended to read:

18 45-596. Notice of intention to drill

19 A. In an area not subject to active management, a person may not drill  
20 or cause to be drilled any well or deepen an existing well without first  
21 filing notice of intention to drill pursuant to subsection C of this section  
22 or obtaining a permit pursuant to section 45-834.01.

23 B. In an active management area, a person may not drill or cause to be  
24 drilled an exempt well, a replacement well in approximately the same location  
25 or any other well for which a permit is not required under this article,  
26 article 7 of this chapter or section 45-834.01 or deepen an existing well  
27 without first filing a notice of intention to drill pursuant to subsection C  
28 of this section.

29 C. A notice of intention to drill shall be filed with the director on  
30 a form which is prescribed and furnished by the director and which shall  
31 include:

- 32 1. The name and mailing address of the person filing the notice.
- 33 2. The legal description of the land upon which the well is proposed  
34 to be drilled and the name and mailing address of the owner of the land.
- 35 3. The legal description of the location of the well on the land.
- 36 4. The depth, diameter and type of casing of the proposed well.
- 37 5. Such legal description of the land upon which the groundwater is  
38 proposed to be used as may be required by the director to administer this  
39 chapter.
- 40 6. When construction is to begin.
- 41 7. The proposed uses to which the groundwater will be applied.
- 42 8. The name and well driller's license number of the well driller who  
43 is to construct the well.
- 44 9. The design pumping capacity of the well.

1           10. If for a replacement well, the maximum capacity of the original  
2 well and the distance of the replacement well from the original well.

3           11. If the proposed well would pump Colorado river water, proof that  
4 the director determines to be satisfactory that the person who files the  
5 notice has the legal right to use Colorado river water. This paragraph does  
6 not apply to a proposed well that will have a pump with a maximum capacity of  
7 not more than thirty-five gallons per minute and that will be used for the  
8 supply, service and activities of households and private residences,  
9 including the application of water to less than two acres of land to produce  
10 plants or parts of plants for sale or human consumption or for use as feed  
11 for livestock, range livestock or poultry, as those terms are defined in  
12 section 3-1201.

13           12. Proof that the director determines to be satisfactory that the  
14 person proposing to construct the well holds a valid license issued by the  
15 registrar of contractors pursuant to title 32, chapter 10, and that the  
16 license is of the type necessary to construct the well described in the  
17 notice of intention to drill. If the proposed well driller does not hold a  
18 valid license, the director may accept proof that the proposed well driller  
19 is exempt from licensing as prescribed by section 32-1121.

20           13. If any water from the proposed well will be used for domestic  
21 purposes as defined in section 45-454, evidence of compliance with the  
22 requirements of subsection F of this section.

23           14. Such other information as the director may require.

24           D. Upon receiving a notice of intention to drill, the director shall  
25 endorse on the notice the date of its receipt. The director shall determine  
26 whether all information that is required has been submitted and, if  
27 applicable, whether the requirements of subsection C, paragraphs 11, 12 and  
28 13 AND SUBSECTION I of this section have been met. If so, within fifteen  
29 days of receipt of the notice, the director shall record the notice, mail a  
30 drilling card that authorizes the drilling of the well to the well driller  
31 identified in the notice and mail written notice of the issuance of the  
32 drilling card to the person filing the notice of intention to drill at the  
33 address stated in the notice. Upon receipt of the drilling card, the well  
34 driller may proceed to drill or deepen the well as described in the notice of  
35 intention to drill. If the director determines that the required information  
36 has not been submitted or, if applicable, that the requirements of subsection  
37 C, paragraphs 11, 12 and 13 OR SUBSECTION I of this section have not been  
38 met, the director shall mail a statement of the determination to the person  
39 giving the notice to the address stated in the notice, and the person giving  
40 the notice may not proceed to drill or deepen the well.

41           E. The well shall be completed within one year after the date of the  
42 notice unless the director approves a longer period of time pursuant to this  
43 subsection. If the well is not completed within one year or within the time  
44 approved by the director pursuant to this subsection, the person shall file a  
45 new notice before proceeding with further construction. At the time the

1 drilling card for the well is issued, the director may provide for and  
2 approve a completion period that is greater than one year but not to exceed  
3 five years from the date of the notice if both of the following apply:

4 1. The proposed well is a nonexempt well within an active management  
5 area and qualifies as a replacement well in approximately the same location  
6 as prescribed in rules adopted by the director pursuant to section 45-597.

7 2. The applicant has submitted evidence that demonstrates one of the  
8 following:

9 (a) This state or a political subdivision of this state has acquired  
10 or has begun a condemnation action to acquire the land on which the original  
11 well is located.

12 (b) The original well has been rendered inoperable due to flooding,  
13 subsidence or other extraordinary physical circumstances that are beyond the  
14 control of the well owner.

15 F. If any water from a proposed well will be used for domestic  
16 purposes as defined in section 45-454 on a parcel of land of five or fewer  
17 acres, the applicant shall submit a well site plan of the property with the  
18 notice of intention to drill. The site plan shall:

19 1. Include the county assessor's parcel identification number.

20 2. Show the proposed well location and the location of any septic tank  
21 or sewer system that is either located on the property or within one hundred  
22 feet of the proposed well site.

23 3. Show written approval by the county health authority that controls  
24 the installation of septic tanks or sewer systems in the county, or by the  
25 local health authority in areas where the authority to control installation  
26 of septic tanks or sewer systems has been delegated to a local authority. In  
27 areas where there is no local or county authority that controls the  
28 installation of septic tanks or sewer systems, the applicant shall apply for  
29 approval directly to the department of water resources.

30 G. Before approving a well site plan submitted pursuant to subsection  
31 F of this section, the county or local health authority or the department of  
32 water resources, as applicable, pursuant to subsection F of this section,  
33 shall review the well site plan and determine whether the proposed well  
34 location complies with applicable local laws, ordinances and regulations and  
35 any laws or rules adopted under this title and title 49 regarding the  
36 placement of wells and the proximity of wells to septic tanks or sewer  
37 systems. If the health authority or the department of water resources, as  
38 applicable, pursuant to subsection F of this section, finds that the proposed  
39 well location complies with this title, title 49 and with local requirements,  
40 it shall endorse the site plan and the proposed well placement in a manner  
41 indicating approval. On endorsement, the director of water resources shall  
42 approve the construction of the well, if all remaining requirements have been  
43 met. If the health authority is unable to determine whether the proposed  
44 well location complies with this title, title 49 and local requirements, it  
45 shall indicate this on the site plan and the decision to approve or reject

1 the proposed construction rests with the director of water resources. If  
 2 parcel size, geology or location of improvements on the property prevents the  
 3 well from being drilled in accordance with this title, title 49 or local  
 4 requirements, the property owner may apply for a variance. The property  
 5 owner shall make the request for a variance to the county or local authority  
 6 if a county or local law, ordinance or regulation prevents the proposed  
 7 construction. If a law or rule adopted under this title or title 49 prevents  
 8 the proposed construction, the property owner shall make the request for a  
 9 variance directly to the department of water resources. The request for a  
 10 variance shall be in the form and shall contain the information that the  
 11 department of water resources, county or local authority may require. The  
 12 department of water resources, or the county or local authority whose law,  
 13 ordinance or regulation prevents the proposed construction, may expressly  
 14 require that a particular variance shall include certification by a  
 15 registered professional engineer or geologist that the location of the well  
 16 will not pose a health hazard to the applicant or surrounding property or  
 17 inhabitants. If all necessary variances are obtained, the director of water  
 18 resources shall approve the construction of the well if all remaining  
 19 requirements have been met.

20 H. If a well that was originally drilled as an exploration well, a  
 21 monitor well or a piezometer well or for any use other than domestic use is  
 22 later proposed to be converted to use for domestic purposes as defined in  
 23 section 45-454, the well owner shall file a notice of intention to drill and  
 24 shall comply with this section before the well is converted and any water  
 25 from that well is used for domestic purposes.

26 I. EXCEPT AS PRESCRIBED IN SUBSECTION J OF THIS SECTION, THE DIRECTOR  
 27 SHALL NOT APPROVE THE DRILLING OF THE WELL IF THE DIRECTOR DETERMINES THAT  
 28 THE WELL WILL LIKELY CAUSE THE MIGRATION OF CONTAMINATED GROUNDWATER FROM A  
 29 REMEDIAL ACTION SITE TO ANOTHER WELL, RESULTING IN UNREASONABLY INCREASING  
 30 DAMAGE TO THE OWNER OF THE WELL OR PERSONS USING WATER FROM THE WELL. IN  
 31 MAKING THIS DETERMINATION, THE DIRECTOR OF WATER RESOURCES SHALL FOLLOW THE  
 32 APPLICABLE CRITERIA IN THE RULES ADOPTED BY THE DIRECTOR OF WATER RESOURCES  
 33 PURSUANT TO SECTION 45-598, SUBSECTION A AND SHALL CONSULT WITH THE DIRECTOR  
 34 OF ENVIRONMENTAL QUALITY. FOR THE PURPOSES OF THIS SUBSECTION:

35 1. "CONTAMINATED GROUNDWATER" MEANS GROUNDWATER THAT HAS BEEN  
 36 CONTAMINATED BY A RELEASE OF A HAZARDOUS SUBSTANCE, AS DEFINED IN SECTION  
 37 49-201.

38 2. "REMEDIAL ACTION SITE" MEANS ANY OF THE FOLLOWING:

 40 COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY ACT OF  
 41 1980, AS AMENDED (P.L. 96-510; 94 STAT. 2767; 42 UNITED STATES CODE SECTIONS  
 42 9601 THROUGH 9657), COMMONLY KNOWN AS "SUPERFUND".

43 (b) THE SITE OF A CORRECTIVE ACTION UNDERTAKEN PURSUANT TO TITLE 49,  
 44 CHAPTER 6.

7 STATES CODE SECTIONS 6901 THROUGH 6992).

8 (f) THE SITE OF REMEDIAL ACTION UNDERTAKEN PURSUANT TO THE DEPARTMENT  
9 OF DEFENSE ENVIRONMENTAL RESTORATION PROGRAM (P.L. 99-499; 100 STAT. 1719; 10  
10 UNITED STATES CODE SECTION 2701).

11 J. SUBSECTION I OF THIS SECTION DOES NOT APPLY TO THE DEEPENING OF A  
12 WELL OR TO THE DRILLING OF A REPLACEMENT WELL IN APPROXIMATELY THE SAME  
13 LOCATION.

14 Sec. 3. Section 45-606, Arizona Revised Statutes, is amended to read:

15 45-606. Well administration and enforcement fund; purpose

16 A. The well administration and enforcement fund is established  
17 consisting of fees paid to the department pursuant to section 45-596,  
18 subsection ~~I~~ K and section 45-599, subsection J. The department shall  
19 administer the fund. Monies in the fund are continuously appropriated and  
20 shall be used by the director for the following purposes:

22 implement this article.

23 2. For compliance monitoring, investigation and enforcement activities  
24 of the department pertaining to the construction, replacement, deepening and  
25 abandonment of wells and capping of open wells under this article.
