22 A. Title 35, chapter 2, article 7, Arizona Revised Statutes, as added
23 by this act, is repealed on the earliest date that any of the following
24 occurs:

25 1. The United States Congress or the President of the United States
26 declares that the Darfur genocide has been halted.

27 2. The United States revokes all sanctions imposed against the
28 government of Sudan.

29 3. The United States Congress or the President of the United States
30 declares that the government of Sudan has honored its commitments to abide by
31 the United Nations security council resolution 1769 (2007), cease attacks on
32 civilians, demobilize and demilitarize the Janjaweed and associated militias,
33 grant free and unfettered access for deliveries of humanitarian assistance
34 and allow for the safe and voluntary return of refugees and internally
35 displaced persons.

36 4. The United States Congress or the President of the United States,
37 through legislation or executive order, declares that divestment of the type
38 provided for in this act interferes with conduct of United States foreign
39 policy.

40 5. July 1, 2013.

41 B. The director of the Arizona state retirement system shall notify in
42 writing the director of the Arizona Legislative Council of this date.

1 Sec. 3. Legislative findings and declarations

2 The legislature finds and declares that:

3 1. On July 23, 2004, the United States Congress declared that
4 "atrocities unfolding in Darfur, Sudan are genocide".

5 2. On September 9, 2004, Secretary of State Colin L. Powell told the
6 United States senate foreign relations committee that "genocide has occurred
7 and may still be occurring in Darfur" and "the government of Sudan and
8 Janjaweed bear responsibility".

9 3. On September 21, 2004, addressing the United Nations General
10 Assembly, President George W. Bush affirmed the Secretary of State's findings
11 and stated, "at this hour, the world is witnessing terrible suffering and
12 horrible crimes in the Darfur region of Sudan, crimes my government has
13 concluded are genocide".

14 4. On September 26, 2006, the United States house of representatives
15 stated that "an estimated 300,000 to 400,000 people have been killed by the
16 government of Sudan and its Janjaweed allies since the [Darfur] crisis began
17 in 2003, more than 2,000,000 people have been displaced from their homes, and
18 more than 250,000 people from Darfur remain in refugee camps in Chad".

19 5. The Darfur crisis represents the first time the United States
20 government has labeled ongoing atrocities a genocide, imposing sanctions
21 against the government of Sudan since 1997.

22 6. Since 1993, the United States Secretary of State has determined
23 that the government of Sudan has repeatedly provided support for acts of
24 international terrorism thereby restricting United States assistance, defense
25 exports and sales and financial and other transactions with the government of
26 Sudan.

27 7. According to the former chairperson of the United States Securities
28 and Exchange Commission, "the fact that a foreign company is doing material
29 business with a country, government, or entity on [the United States Treasury
30 Department's Office of Foreign Assets Control's] sanctions list is, in the
31 SEC staff's view, substantially likely to be significant to a reasonable
32 investor's decision about whether to invest in a company".

33 8. A 2006 United States house of representatives report states that "a
34 company's association with sponsors of terrorism and human rights abuses, no
35 matter how large or small, can have a materially adverse result on a public
36 company's operations, financial condition, earnings, and stock prices, all of
37 which can negatively affect the value of an investment".

38 9. On December 31, 2007, President George W. Bush signed the Sudan
39 accountability and divestment act of 2007, effectively authorizing state and
40 local governments to divest from companies that support the Sudanese
41 government at the expense of marginalized populations in Sudan.

42 10. The current Sudan divestment movement encompasses nearly one
43 hundred universities, cities, states and private pension plans, with
44 companies facing widespread divestment presenting further material risk to
45 remaining investors.

1 11. It is the desire of the Legislature, with respect to investment
2 resources in its control and to the extent reasonable, with due consideration
3 for, among other things, return on investment, on behalf of itself and its
4 investment beneficiaries not to support businesses, governments or countries
5 that support the practice of genocide.

6 12. The divestment of public funds from certain companies is a measure
7 that should be employed sparingly and judiciously, and a congressional and
8 presidential declaration of genocide satisfies this high threshold.
