AMENDING SECTIONS 15-185, 15-821, 15-901 AND 15-945, ARIZONA REVISED
STATUTES; RELATING TO KINDERGARTEN THROUGH GRADE TWELVE EDUCATION BUDGET
RECONCILIATION.

(TEXT OF BILL BEGINS ON NEXT PAGE)

1 Be it enacted by the Legislature of the State of Arizona:

2 Section 1. Section 15-185, Arizona Revised Statutes, is amended to
3 read:

4 15-185. Charter schools; financing; civil penalty;
5 transportation; definitions

6 A. Financial provisions for a charter school that is sponsored by a
7 school district governing board are as follows:

8 1. The charter school shall be included in the district's budget and
9 financial assistance calculations pursuant to paragraph 3 of this subsection
10 and chapter 9 of this title, except for chapter 9, article 4 of this title.
11 The charter of the charter school shall include a description of the methods
12 of funding the charter school by the school district. The school district
13 shall send a copy of the charter and application, including a description of
14 how the school district plans to fund the school, to the state board of
15 education before the start of the first fiscal year of operation of the
16 charter school. The charter or application shall include an estimate of the
17 student count for the charter school for its first fiscal year of operation.
18 This estimate shall be computed pursuant to the requirements of paragraph 3
19 of this subsection.

20 2. A school district is not financially responsible for any charter
21 school that is sponsored by the state board of education or the state board
22 for charter schools.

23 3. A school district that sponsors a charter school may:

24 (a) Increase its student count as provided in subsection B, paragraph
25 2 of this section during the first year of the charter school's operation to
26 include those charter school pupils who were not previously enrolled in the
27 school district. A charter school sponsored by a school district governing
28 board is eligible for the assistance prescribed in subsection B, paragraph 4
29 of this section. The soft capital allocation as provided in section 15-962
30 for the school district sponsoring the charter school shall be increased by
31 the amount of the additional assistance. The school district shall include
32 the full amount of the additional assistance in the funding provided to the
33 charter school.

34 (b) Compute separate weighted student counts pursuant to section
35 15-943, paragraph 2, subdivision (a) for its noncharter school versus charter
36 school pupils in order to maintain eligibility for small school district
37 support level weights authorized in section 15-943, paragraph 1 for its
38 noncharter school pupils only. The portion of a district's student count
39 that is attributable to charter school pupils is not eligible for small
40 school district support level weights.

41 4. If a school district uses the provisions of paragraph 3 of this
42 subsection, the school district is not eligible to include those pupils in
43 its student count for the purposes of computing an increase in its revenue
44 control limit and district support level as provided in section 15-948.

1 5. A school district that sponsors a charter school is not eligible to
2 include the charter school pupils in its student count for the purpose of
3 computing an increase in its capital outlay revenue limit as provided in
4 section 15-961, subsection C, except that if the charter school was
5 previously a school in the district, the district may include in its student
6 count any charter school pupils who were enrolled in the school district in
7 the prior year.

8 6. A school district that sponsors a charter school is not eligible to
9 include the charter school pupils in its student count for the purpose of
10 computing the revenue control limit which is used to determine the maximum
11 budget increase as provided in chapter 4, article 4 of this title unless the
12 charter school is located within the boundaries of the school district.

13 7. If a school district converts one or more of its district public
14 schools to a charter school and receives assistance as prescribed in
15 subsection B, paragraph 4 of this section, and subsequently converts the
16 charter school back to a district public school, the school district shall
17 repay the state the total additional assistance received for the charter
18 school for all years that the charter school was in operation. The repayment
19 shall be in one lump sum and shall be reduced from the school district's
20 current year equalization assistance. The school district's general budget
21 limit shall be reduced by the same lump sum amount in the current year.

22 B. Financial provisions for a charter school that is sponsored by the
23 state board of education or the state board for charter schools are as
24 follows:

25 1. The charter school shall calculate a base support level as
26 prescribed in section 15-943, except that sections 15-941 and 15-942 do not
27 apply to these charter schools.

28 2. Notwithstanding paragraph 1 of this subsection, the student count
29 shall be determined initially using an estimated student count based on
30 actual registration of pupils before the beginning of the school year. After
31 the first one hundred days or two hundred days in session, as applicable, the
32 charter school shall revise the student count to be equal to the actual
33 average daily membership, as defined in section 15-901, or the adjusted
34 average daily membership, as prescribed in section 15-902, of the charter
35 school. Before the one hundredth day or two hundredth day in session, as
36 applicable, the state board of education or the state board for charter
37 schools may require a charter school to report periodically regarding pupil
38 enrollment and attendance and the department of education may revise its
39 computation of equalization assistance based on the report. A charter school
40 shall revise its student count, base support level and additional assistance
41 before May 15. A charter school that overestimated its student count shall
42 revise its budget before May 15. A charter school that underestimated its
43 student count may revise its budget before May 15.

44 3. A charter school may utilize section 15-855 for the purposes of
45 this section. The charter school and the department of education shall

1 prescribe procedures for determining average daily attendance and average
 2 daily membership.

3 4. Equalization assistance for the charter school shall be determined
 4 by adding the amount of the base support level and additional assistance.
 5 The amount of the additional assistance is ~~one thousand four hundred~~
 6 ~~seventy four dollars sixteen cents~~ ONE THOUSAND FIVE HUNDRED EIGHTY-EIGHT
 7 DOLLARS FORTY-FOUR CENTS per student count in kindergarten programs and
 8 grades one through eight and ~~one thousand seven hundred eighteen dollars ten~~
 9 ~~cents~~ ONE THOUSAND EIGHT HUNDRED FIFTY-ONE DOLLARS THIRTY CENTS per student
 10 count in grades nine through twelve.

11 5. The state board of education shall apportion state aid from the
 12 appropriations made for such purposes to the state treasurer for disbursement
 13 to the charter schools in each county in an amount as determined by this
 14 paragraph. The apportionments shall be made in twelve equal installments of
 15 the total amount to be apportioned during the fiscal year on the fifteenth
 16 day of each month of the fiscal year.

17 6. Notwithstanding paragraph 5 of this subsection, if sufficient
 18 appropriated monies are available after the first forty days in session of
 19 the current year, a charter school may request additional state monies to
 20 fund the increased state aid due to anticipated student growth through the
 21 first one hundred days or two hundred days in session, as applicable, of the
 22 current year as provided in section 15-948. In no event shall a charter
 23 school have received more than three-fourths of its total apportionment
 24 before April 15 of the fiscal year. Early payments pursuant to this
 25 subsection must be approved by the state treasurer, the director of the
 26 department of administration and the superintendent of public instruction.

27 7. The charter school shall not charge tuition, levy taxes or issue
 28 bonds.

29 8. Not later than noon on the day preceding each apportionment date
 30 established by paragraph 5 of this subsection, the superintendent of public
 31 instruction shall furnish to the state treasurer an abstract of the
 32 apportionment and shall certify the apportionment to the department of
 33 administration, which shall draw its warrant in favor of the charter schools
 34 for the amount apportioned.

35 C. If a pupil is enrolled in both a charter school and a public school
 36 that is not a charter school, the sum of the daily membership, which includes
 37 enrollment as prescribed in section 15-901, subsection A, paragraph 2,
 38 subdivisions (a) and (b) and daily attendance as prescribed in section
 39 15-901, subsection A, paragraph 6, for that pupil in the school district and
 40 the charter school shall not exceed 1.0, except that if the pupil is enrolled
 41 in both a charter school and a joint technological education district and
 42 resides within the boundaries of a school district participating in the joint
 43 technological education district, the sum of the average daily membership for
 44 that pupil in the charter school and the joint technological education
 45 district shall not exceed 1.25. If a pupil is enrolled in both a charter

1 school and a public school that is not a charter school, the department of
2 education shall direct the average daily membership to the school with the
3 most recent enrollment date. Upon validation of actual enrollment in both a
4 charter school and a public school that is not a charter school and if the
5 sum of the daily membership or daily attendance for that pupil is greater
6 than 1.0, the sum shall be reduced to 1.0 and shall be apportioned between
7 the public school and the charter school based on the percentage of total
8 time that the pupil is enrolled or in attendance in the public school and the
9 charter school, except that if the pupil is enrolled in both a charter school
10 and a joint technological education district and resides within the
11 boundaries of a school district participating in the joint technological
12 education district, the sum of the average daily membership for that pupil in
13 the charter school and the joint technological education district shall be
14 reduced to 1.25 and shall be apportioned between the charter school and the
15 joint technological education district based on the percentage of total time
16 that the pupil is enrolled or in attendance in the charter school and the
17 joint technological education district. The uniform system of financial
18 records shall include guidelines for the apportionment of the pupil
19 enrollment and attendance as provided in this section.

20 D. Charter schools are allowed to accept grants and gifts to
21 supplement their state funding, but it is not the intent of the charter
22 school law to require taxpayers to pay twice to educate the same pupils. The
23 base support level for a charter school or for a school district sponsoring a
24 charter school shall be reduced by an amount equal to the total amount of
25 monies received by a charter school from a federal or state agency if the
26 federal or state monies are intended for the basic maintenance and operations
27 of the school. The superintendent of public instruction shall estimate the
28 amount of the reduction for the budget year and shall revise the reduction to
29 reflect the actual amount before May 15 of the current year. If the
30 reduction results in a negative amount, the negative amount shall be used in
31 computing all budget limits and equalization assistance, except that:

32 1. Equalization assistance shall not be less than zero.

33 2. For a charter school sponsored by the state board of education or
34 the state board for charter schools, the total of the base support level, the
35 capital outlay revenue limit, the soft capital allocation and the additional
36 assistance shall not be less than zero.

37 3. For a charter school sponsored by a school district, the base
38 support level for the school district shall not be reduced by more than the
39 amount that the charter school increased the district's base support level,
40 capital outlay revenue limit and soft capital allocation.

41 E. If a charter school was a district public school in the prior year
42 and is now being operated for or by the same school district and sponsored by
43 the state board of education, the state board for charter schools or a school
44 district governing board, the reduction in subsection D of this section
45 applies. The reduction to the base support level of the charter school or

1 the sponsoring district of the charter school shall equal the sum of the base
2 support level and the additional assistance received in the current year for
3 those pupils who were enrolled in the traditional public school in the prior
4 year and are now enrolled in the charter school in the current year.

5 F. Equalization assistance for charter schools shall be provided as a
6 single amount based on average daily membership without categorical
7 distinctions between maintenance and operations or capital.

8 G. At the request of a charter school, the county school
9 superintendent of the county where the charter school is located may provide
10 the same educational services to the charter school as prescribed in section
11 15-308, subsection A. The county school superintendent may charge a fee to
12 recover costs for providing educational services to charter schools.

13 H. If the sponsor of the charter school determines at a public meeting
14 that the charter school is not in compliance with federal law, with the laws
15 of this state or with its charter, the sponsor of a charter school may submit
16 a request to the department of education to withhold up to ten per cent of
17 the monthly apportionment of state aid that would otherwise be due the
18 charter school. The department of education shall adjust the charter
19 school's apportionment accordingly. The sponsor shall provide written notice
20 to the charter school at least seventy-two hours before the meeting and shall
21 allow the charter school to respond to the allegations of noncompliance at
22 the meeting before the sponsor makes a final determination to notify the
23 department of education of noncompliance. The charter school shall submit a
24 corrective action plan to the sponsor on a date specified by the sponsor at
25 the meeting. The corrective action plan shall be designed to correct
26 deficiencies at the charter school and to ensure that the charter school
27 promptly returns to compliance. When the sponsor determines that the charter
28 school is in compliance, the department of education shall restore the full
29 amount of state aid payments to the charter school.

30 I. In addition to the withholding of state aid payments pursuant to
31 subsection H of this section, the sponsor of a charter school may impose a
32 civil penalty of one thousand dollars per occurrence if a charter school
33 fails to comply with the fingerprinting requirements prescribed in section
34 15-183, subsection C or section 15-512. The sponsor of a charter school
35 shall not impose a civil penalty if it is the first time that a charter
36 school is out of compliance with the fingerprinting requirements and if the
37 charter school provides proof within forty-eight hours of written
38 notification that an application for the appropriate fingerprint check has
39 been received by the department of public safety. The sponsor of the charter
40 school shall obtain proof that the charter school has been notified, and the
41 notification shall identify the date of the deadline and shall be signed by
42 both parties. The sponsor of a charter school shall automatically impose a
43 civil penalty of one thousand dollars per occurrence if the sponsor
44 determines that the charter school subsequently violates the fingerprinting
45 requirements. Civil penalties pursuant to this subsection shall be assessed

1 by requesting the department of education to reduce the amount of state aid
2 that the charter school would otherwise receive by an amount equal to the
3 civil penalty. The amount of state aid withheld shall revert to the state
4 general fund at the end of the fiscal year.

5 J. A charter school may receive and spend monies distributed by the
6 department of education pursuant to section 42-5029, subsection E and section
7 37-521, subsection B.

8 K. If a school district transports or contracts to transport pupils to
9 the Arizona state schools for the deaf and the blind during any fiscal year,
10 the school district may transport or contract with a charter school to
11 transport sensory impaired pupils during that same fiscal year to a charter
12 school if requested by the parent of the pupil and if the distance from the
13 pupil's place of actual residence within the school district to the charter
14 school is less than the distance from the pupil's place of actual residence
15 within the school district to the campus of the Arizona state schools for the
16 deaf and the blind.

17 L. For the purposes of this section:

18 1. "Monies intended for the basic maintenance and operations of the
19 school" means monies intended to provide support for the educational program
20 of the school, except that it does not include supplemental assistance for a
21 specific purpose or P.L. 81-874 monies. The auditor general shall determine
22 which federal or state monies meet the definition in this paragraph.

23 2. "Operated for or by the same school district" means the charter
24 school is either governed by the same district governing board or operated by
25 the district in the same manner as other traditional schools in the district
26 or is operated by an independent party that has a contract with the school
27 district. The auditor general and the department of education shall
28 determine which charter schools meet the definition in this subsection.

29 Sec. 2. Section 15-821, Arizona Revised Statutes, is amended to read:

30 15-821. Admission of children; required age

31 A. Unless otherwise provided by article 1.1 of this chapter or by any
32 other law, all schools shall admit children who are between the ages of six
33 and twenty-one years, who reside in the school district and who meet the
34 requirements for enrollment in one of the grades or programs offered in the
35 school. A school may refuse to admit a child who has graduated from a high
36 school with a recognized diploma.

37 B. If a preschool program for children with disabilities is
38 maintained, a child is eligible for admission as prescribed in section
39 15-771.

40 C. If a kindergarten program is maintained, a child is eligible for
41 admission to kindergarten if the child is five years of age. A child is
42 deemed five years of age if the child reaches the age of five before
43 September 1 of the current school year. A child is eligible for admission to
44 first grade if the child is six years of age. A child is deemed six years of
45 age if the child reaches the age of six before September 1 of the current

1 school year. IF A CHILD WHO HAS NOT REACHED THE AGE OF FIVE BEFORE SEPTEMBER
 2 1 OF THE CURRENT SCHOOL YEAR IS ADMITTED TO KINDERGARTEN AND IS THEN
 3 READMITTED TO KINDERGARTEN IN THE FOLLOWING SCHOOL YEAR, A SCHOOL DISTRICT OR
 4 CHARTER SCHOOL IS NOT ELIGIBLE TO RECEIVE BASIC STATE AID ON BEHALF OF THAT
 5 CHILD DURING THE CHILD'S SECOND YEAR OF KINDERGARTEN. A SCHOOL DISTRICT OR
 6 CHARTER SCHOOL MAY CHARGE TUITION FOR ANY CHILD WHO IS INELIGIBLE FOR BASIC
 7 STATE AID PURSUANT TO THIS SUBSECTION. The governing board may admit
 8 children who have not reached the required age as prescribed by this
 9 subsection if it is determined to be in the best interest of the children.
 10 For children entering the first grade, such determination shall be based upon
 11 one or more consultations with the parent, parents, guardian or guardians,
 12 the children, the teacher and the school principal. Such children must reach
 13 the required age of five for kindergarten and six for first grade by January
 14 1 of the current school year.

15 D. Notwithstanding any other law, a child who resides with a family
 16 member other than the child's parent while awaiting the outcome of a legal
 17 guardianship or custody proceeding is deemed to reside in the school district
 18 where that family member resides if the family member provides written
 19 documentary proof of one of the following:

20 1. The family member is attempting to obtain legal guardianship of the
 21 child in an unresolved and uncontested guardianship proceeding commenced in
 22 superior court. The family member shall provide documentation to the school
 23 district within thirty days of enrollment that the family member is
 24 attempting to obtain legal guardianship of the child. Upon obtaining legal
 25 guardianship, the family member shall provide documentation to the school
 26 district.

27 2. The family member is attempting to obtain custody of the child in
 28 an unresolved and uncontested child custody proceeding commenced in superior
 29 court. The family member shall provide documentation to the school district
 30 within thirty days of enrollment that the family member is attempting to
 31 obtain custody of the child. Upon obtaining custody, the family member shall
 32 provide documentation to the school district.

33 Sec. 3. Section 15-901, Arizona Revised Statutes, is amended to read:

34 15-901. Definitions

36 1. "Average daily attendance" or "ADA" means actual average daily
 37 attendance through the first one hundred days or two hundred days in session,
 38 as applicable.

39 2. "Average daily membership" means the total enrollment of fractional
 40 students and full-time students, minus withdrawals, of each school day
 41 through the first one hundred days or two hundred days in session, as
 42 applicable, for the current year. Withdrawals include students formally
 43 withdrawn from schools and students absent for ten consecutive school days,
 44 except for excused absences as identified by the department of education.

1 For computation purposes, the effective date of withdrawal shall be
2 retroactive to the last day of actual attendance of the student.

3 (a) "Fractional student" means:

4 (i) For common schools, until fiscal year 2001-2002, a preschool child

24 student is a student enrolled for less than the total time for a full-time
25 student as defined in this section. A part-time common school student shall
26 be counted as one-fourth, one-half or three-fourths of a full-time student if

41 in at least a full-time instructional program of subjects that count toward
42 graduation as defined by the state board of education in a recognized high
43 school. A full-time student shall not be counted more than once for
44 computation of average daily membership.

2 hours of instruction per week.

3 (c) "Full-time instructional program" means:

4 (i) Through fiscal year 2000-2001, at least four subjects, each of
5 which, if taught each school day for the minimum number of days required in a
