20 Administration

21 In accordance with section 35-142.01, Arizona Revised Statutes, the
 22 department of economic security shall remit to the department of
 23 administration any monies received as reimbursement from the federal
 24 government or any other source for the operation of the department of
 25 economic security west building and any other building lease-purchased by the
 26 state of Arizona in which the department of economic security occupies space.
 27 The department of administration shall deposit these monies in the state
 28 general fund.

29 Aging and community services

30 All domestic violence shelter fund monies above \$2,220,000 received by
 31 the department of economic security are appropriated for the domestic
 32 violence prevention line item. Before the expenditure of these increased
 33 monies, the department of economic security shall report the intended use of
 34 monies above \$2,220,000 to the joint legislative budget committee.

35 The department of economic security shall report to the joint
 36 legislative budget committee on the amount of state and federal monies
 37 available statewide for domestic violence funding by December 15, 2012. The
 38 report shall include, at a minimum, the amount of monies available and the
 39 state fiscal agent receiving those monies.

40 Benefits and medical eligibility

41 The operating lump sum appropriation may be expended on Arizona health
 42 care cost containment system eligibility determinations based on the results
 43 of the Arizona random moment sampling survey.

1 Of the amount appropriated for temporary assistance for needy families
 2 cash benefits, \$500,000 reflects appropriation authority only to ensure
 3 sufficient cash flow to administer cash benefits for tribes operating their
 4 own welfare programs. The department shall notify the joint legislative
 5 budget committee and the governor's office of strategic planning and
 6 budgeting staff before the use of any of the \$500,000 appropriation
 7 authority.

8 Child support enforcement

9 All state share of retained earnings, fees and federal incentives above
 10 \$16,534,900 received by the division of child support enforcement are
 11 appropriated for operating expenditures. New full-time equivalent positions
 12 may be authorized with the increased funding. Before the expenditure of
 13 these increased monies, the department of economic security shall report the
 14 intended use of the monies to the joint legislative budget committee.

15 Children, youth and families

16 Of the amounts appropriated for children support services, CPS
 17 emergency and residential placement and foster care placement, \$22,613,100 is
 18 appropriated from the federal temporary assistance for needy families block
 19 grant to the social services block grant for deposit in the following line
 20 items in the following amounts:

21 Children support services	\$ 5,371,700
22 CPS emergency and residential	
23 placement	12,167,000
24 Foster care placement	5,074,400

25 The department of economic security shall provide training to any new
 26 child protective services FTE positions before assigning to any of these
 27 employees any client caseload duties.

28 It is the intent of the legislature that the department of economic
 29 security use the funding in the division of children, youth and families to
 30 achieve a one hundred per cent investigation rate.

31 Developmental disabilities

32 The department of economic security shall report all new placements
 33 into a state-owned ICF-MR or the Arizona training program at Coolidge campus
 34 in fiscal year 2012-2013 to the president of the senate, the speaker of the
 35 house of representatives, the chairpersons of the senate and house of
 36 representatives appropriations committees and the director of the joint
 37 legislative budget committee and the reason why this placement, rather than a
 38 placement into a privately run facility for the developmentally disabled, was
 39 deemed as the most appropriate placement. The department shall also report
 40 if no new placements were made. This report shall be made available by July
 41 15, 2013.

1 All monies in the long-term care system fund unexpended and
2 unencumbered at the end of fiscal year 2012-2013 revert to the state general
3 fund, subject to approval by the Arizona health care cost containment system
4 administration.

5 The department shall report to the joint legislative budget committee
6 by March 1 of each year on preliminary actuarial estimates of the capitation
7 rate changes for the following fiscal year along with the reasons for the
8 estimated changes. For any actuarial estimates that include a range, the
9 total range from minimum to maximum shall be not more than two per cent.
10 Before implementation of any changes in capitation rates for the long-term
11 care program, the department shall report for review the expenditure plan to
12 the joint legislative budget committee. Before the department implements any
13 changes in policy affecting the amount, sufficiency, duration and scope of
14 health care services and who may provide services, the department shall
15 prepare a fiscal impact analysis on the potential effects of this change on
16 the following year's capitation rates. If the fiscal analysis demonstrates
17 that these changes will result in additional state costs of \$500,000 or
18 greater for a given fiscal year, the department shall submit the policy
19 changes for review by the joint legislative budget committee.

20 Prior to the implementation of any developmentally disabled or
21 long-term care statewide provider rate adjustments not already specifically
22 authorized by the legislature, court mandates or changes to federal law, the
23 department shall submit a report for review by the joint legislative budget
24 committee. The report shall include, at a minimum, the estimated cost of the
25 provider rate adjustment and the ongoing source of funding for the
26 adjustment, if applicable.

27 For fiscal year 2012-2013, the department of economic security shall
28 not increase reimbursement rates for community service providers and
29 independent service agreement providers contracting with the division of
30 developmental disabilities.

31 Employment and rehabilitation services

32 Of the \$121,396,600 appropriated for day care subsidy, plus any funding
33 authorized to be deferred to fiscal year 2013-2014, \$115,199,900 is for a
34 program in which the upper income limit is no more than one hundred
35 sixty-five per cent of the federal poverty level.

36 All federal workforce investment act monies that are received by this
37 state in excess of \$56,029,800 are appropriated to the workforce investment
38 act services line item. Before the expenditure of these increased monies,
39 the department of economic security shall report the intended use of monies
40 above \$56,029,800 to the joint legislative budget committee.

Departmentwide

The above appropriations are in addition to funds granted to the state by the federal government for the same purposes but shall be deemed to include the sums deposited in the state treasury to the credit of the department of economic security pursuant to section 42-5029, Arizona Revised Statutes.

A monthly report comparing total expenditures for the month and year-to-date as compared to prior year totals shall be forwarded to the president of the senate, the speaker of the house of representatives, the chairpersons of the senate and house of representatives appropriations committees and the director of the joint legislative budget committee by the thirtieth of the following month. The report shall include an estimate of potential shortfalls in entitlement programs and potential federal and other funds, such as the statewide assessment for indirect costs, and any projected surplus in state supported programs that may be available to offset these shortfalls and a plan, if necessary, for eliminating any shortfall without a supplemental appropriation.

Public health/family health

The department of health services may use up to four per cent of the amounts appropriated for renal and nonrenal disease management for the administrative costs to implement the program.

Behavioral health

It is the intent of the legislature that the per cent attributable to administration/profit for the regional behavioral health authority in Maricopa county is nine per cent of the overall capitation rate.

The department of health services shall report to the joint legislative budget committee thirty days after the end of each calendar quarter on the progress the department is making toward settling the Arnold v. Sarn lawsuit. The report shall include at a minimum the department's progress towards meeting the exit criteria and whether the department is in compliance with the exit criteria schedule.

The amounts included in the proposition 204 administration and medicaid behavioral health - proposition 204 special line items include all available sources of funding consistent with section 36-2901.01, subsection B, Arizona Revised Statutes.

In addition to the appropriation for the department of health services, earnings on state lands and interest on the investment of the permanent land funds are appropriated to the state hospital in compliance with the enabling act and the Constitution of Arizona.

The department shall report to the joint legislative budget committee by March 1 of each year on preliminary actuarial estimates of the capitation rate changes for the following fiscal year along with the reasons for the estimated changes. For any actuarial estimates that include a range, the total range from minimum to maximum shall be no more than two per cent. Before implementation of any changes in capitation rates for any behavioral health line items, the department of health services shall report its expenditure plan for review by the joint legislative budget committee. Before the department implements any changes in policy affecting the amount, sufficiency, duration and scope of health care services and who may provide services, the department shall prepare a fiscal impact analysis on the potential effects of this change on the following year's capitation rates. If the fiscal analysis demonstrates that these changes will result in additional state costs of \$500,000 or greater for a given fiscal year, the department shall submit the policy changes for review by the joint legislative budget committee.

Departmentwide

A monthly report comparing total expenditures for the month and year-to-date as compared to prior year totals shall be forwarded electronically to the president of the senate, the speaker of the house of representatives, the chairpersons of the senate and house of representatives appropriations committees and the director of the joint legislative budget committee by the thirtieth of the following month. The report shall include an estimate of potential shortfalls in programs, potential federal and other funds, such as the statewide assessment for indirect costs, that may be available to offset these shortfalls, and a plan, if necessary, for eliminating any shortfall without a supplemental appropriation and total expenditure authority of the month and year-to-date for federally matched services.

Of the 136.5 FTE positions, 81 FTE positions represent superior court judges in counties with a population of less than two million persons. One-half of their salaries are provided by state general fund appropriations pursuant to section 12-128, Arizona Revised Statutes. This is not meant to limit the counties' ability to add judges pursuant to section 12-121, Arizona Revised Statutes.

Up to 4.6 per cent of the amounts appropriated for juvenile treatment services and juvenile diversion consequences may be retained and expended by the supreme court to administer the programs established pursuant to section 8-322, Arizona Revised Statutes, and to conduct evaluations as needed. The remaining portion of the juvenile treatment services and juvenile diversion consequences appropriations shall be deposited in the juvenile probation services fund established by section 8-322, Arizona Revised Statutes.

Receipt of state probation monies by the counties is contingent on the county maintenance of fiscal year 2003-2004 expenditure levels for each probation program. State probation monies are not intended to supplant county dollars for probation programs.

By November 1, 2012, the administrative office of the courts shall report to the joint legislative budget committee the fiscal year 2011-2012 actual, fiscal year 2012-2013 estimated and fiscal year 2013-2014 requested amounts for the following:

The report shall indicate the level of state probation funding, other state funding, county funding and probation surcharge funding for those positions.

2. Total receipts and expenditures by county and fund source for the adult standard, adult intensive, juvenile standard and juvenile intensive probation line items, including the amount of personal services expended from each revenue source of each account.

3. The amount of monies from the adult standard, adult intensive, juvenile standard and juvenile intensive probation line items that the office does not distribute as direct aid to counties. The report shall delineate how the office expends these monies that are not distributed as direct aid to counties.
