3 read:

4 15-481. Override election; budget increases; notice; ballot;

6 A. If a proposed budget of a school district exceeds the aggregate  
7 budget limit for the budget year, at least ninety days before the proposed

13 budget. At the same time as the order of the election, the governing board  
14 shall publicly declare the deadline for submitting arguments, as set by the  
15 county school superintendent pursuant to subsection B, paragraph 9 of this  
16 section, to be submitted in the informational report and shall immediately  
17 post the deadline in a prominent location on the district's website. In  
18 addition, the governing board shall prepare an alternate budget that does not  
19 include an increase in the budget of more than the amount permitted as  
20 provided in section 15-905. If the qualified electors approve the proposed

22 procedures prescribed in section 15-905 for adopting a budget that includes  
23 the authorized increase. If the qualified electors disapprove the proposed  
24 budget, the governing board shall follow the procedures prescribed in section  
25 15-905 for adopting a budget that does not include the proposed increase or

42 permitted pursuant to section 15-905.

43 4. The total amount of the current year's budget, the total amount of  
44 the proposed budget and the total amount of the alternate budget.

45 5. If the override is for a period of more than one year, a statement  
46 indicating the number of years the proposed increase in the budget would be

1 in effect and the percentage of the school district's revenue control limit  
2 that the district is requesting for the future years.

3 6. The proposed total amount of revenues that will fund the increase  
4 in the budget and the amount that will be obtained from a levy of taxes upon  
5 the taxable property within the school district for the first year for which  
6 the budget increase was adopted.

7 7. The proposed amount of revenues that will fund the increase in the  
8 budget and that will be obtained from other than a levy of taxes upon the  
9 taxable property within the school district for the first year for which the  
10 budget increase was adopted.

11 8. The dollar amount and the purpose for which the proposed increase

34 arguments to be included in the informational report shall be set by the  
35 county school superintendent.

36 10. A statement that the alternate budget shall be adopted by the

39 11. The current limited property value and the net assessed valuation  
40 provided by the department of revenue, the first year tax rate for the  
41 proposed override and the estimated amount of the secondary property taxes if  
42 the proposed budget is adopted for each of the following:

43 (a) An owner-occupied residence whose assessed valuation is the  
44 average assessed valuation of property classified as class three, as  
45 prescribed by section 42-12003 for the current year in the school district.

1 (b) An owner-occupied residence whose assessed valuation is one-half  
2 of the assessed valuation of the residence in subdivision (a) of this  
3 paragraph.

4 (c) An owner-occupied residence whose assessed valuation is twice the  
5 assessed valuation of the residence in subdivision (a) of this paragraph.

6 (d) A business whose assessed valuation is the average of the assessed  
7 valuation of property classified as class one, as prescribed by section  
8 42-12001, paragraphs 12 and 13 for the current year in the school district.

9 12. If the election is conducted pursuant to subsection L or M of this  
10 section, the following information:

12 improvement plan submitted to the school facilities board.

13 (b) A complete list of each proposed capital improvement that will be

15 each improvement, including a separate aggregation of capital improvements  
16 for administrative purposes as defined by the school facilities board.

17 (c) The tax rate associated with each of the proposed capital  
18 improvements and the estimated cost of each capital improvement for the owner  
19 of a single family home that is valued at eighty thousand dollars.

20 C. For the purpose of this section, the school district may use its  
21 staff, equipment, materials, buildings or other resources only to distribute  
22 the informational report at the school district office or at public hearings  
23 and to produce such information as required in subsection B of this section,  
24 provided that nothing in this subsection shall preclude school districts from  
25 holding or participating in any public hearings at which testimony is given  
26 by at least one person for the proposed increase and one person against the  
27 proposed increase. Any written information provided by the district  
28 pertaining to the override election shall include financial information  
29 showing the estimated first year tax rate for the proposed budget override  
30 amount.

31 D. If any amount of the proposed increase will be funded by a levy of  
32 taxes in the district, the election prescribed in subsection A of this  
33 section shall be held on the first Tuesday following the first Monday in  
34 November as prescribed by section 16-204, subsection B, paragraph 1,  
35 subdivision (d). If the proposed increase will be fully funded by revenues  
36 from other than a levy of taxes, the elections prescribed in subsection A of  
37 this section shall be held on any date prescribed by section 16-204. The  
38 elections shall be conducted as nearly as practicable in the manner  
39 prescribed in article 1 of this chapter, sections 15-422 through 15-424 and  
40 section 15-426, relating to special elections, except that:

41 1. The notices required pursuant to section 15-403 shall be posted not  
42 less than twenty-five days before the election.

43 2. Ballots shall be counted pursuant to title 16, chapter 4,  
44 article 10.

45 E. If the election is to exceed the revenue control limit and if the  
46 proposed increase will be fully funded by a levy of taxes upon the taxable

1 property within the school district, the ballot shall contain the words  
2 "budget increase, yes" and "budget increase, no", and the voter shall signify  
3 his desired choice. The ballot shall also contain the amount of the proposed  
4 increase of the proposed budget over the alternate budget, a statement that  
5 the amount of the proposed increase will be based on a percentage of the  
6 school district's revenue control limit in future years, if applicable, as  
7 provided in subsection P of this section and the following statement:

8 Any budget increase authorized by this election shall be  
9 entirely funded by a levy of taxes upon the taxable property  
10 within this school district for the year for which adopted and  
11 for \_\_\_\_ subsequent years, shall not be realized from monies  
12 furnished by the state and shall not be subject to the  
13 limitation on taxes specified in article IX, section 18,  
14 Constitution of Arizona. Based on the current net assessed  
15 valuation used for secondary property tax purposes, to fund the  
16 proposed increase in the school district's budget would require  
17 an estimated tax rate of \_\_\_\_\_ dollar per one hundred  
18 dollars of net assessed valuation used for secondary property  
19 tax purposes and is in addition to the school district's tax  
20 rate which will be levied to fund the school district's revenue  
21 control limit allowed by law.

22 F. If the election is to exceed the revenue control limit and if the  
23 proposed increase will be fully funded by revenues from other than a levy of  
24 taxes upon the taxable property within the school district, the ballot shall  
25 contain the words "budget increase, yes" and "budget increase, no", and the  
26 voter shall signify the voter's desired choice. The ballot shall also  
27 contain:

28 1. The amount of the proposed increase of the proposed budget over the  
29 alternate budget.

30 2. A statement that the amount of the proposed increase will be based  
31 on a percentage of the school district's revenue control limit in future  
32 years, if applicable, as provided in subsection P of this section.

33 3. The following statement:

34 Any budget increase authorized by this election shall be  
35 entirely funded by this school district with revenues from other  
36 than a levy of taxes on the taxable property within the school  
37 district for the year for which adopted and for \_\_\_\_  
38 subsequent years and shall not be realized from monies furnished  
39 by the state.

1 G. Except as provided in subsection H of this section, the maximum  
 2 budget increase that may be requested and authorized as provided in  
 3 subsection E or F of this section or the combination of subsections E and F  
 4 of this section is fifteen per cent of the revenue control limit as provided  
 5 in section 15-947, subsection A for the budget year. If a school district  
 6 requests an override pursuant to section 15-482 or to continue with a budget  
 7 override pursuant to section 15-482 for pupils in kindergarten programs and  
 8 grades one through three that was authorized before December 31, 2008, the  
 9 maximum budget increase that may be requested and authorized as provided in  
 10 subsection E or F of this section or the combination of subsections E and F  
 11 of this section is ten per cent of the revenue control limit as provided in  
 12 section 15-947, subsection A for the budget year.

13 H. Special budget override provisions for school districts with a  
 14 student count of less than one hundred fifty-four in kindergarten programs  
 15 and grades one through eight or with a student count of less than one hundred  
 16 seventy-six in grades nine through twelve are as follows:

17 1. The maximum budget increase that may be requested and authorized as  
 18 provided in subsections E and F of this section is the greater of the amount  
 19 prescribed in subsection G of this section or a limit computed as follows:

20 (a) For common or unified districts with a student count of less than  
 21 one hundred fifty-four in kindergarten programs and grades one through eight,  
 22 the limit computed as prescribed in item (i) or (ii) of this subdivision,  
 23 whichever is appropriate:

24 (i)

	Small School	Support Level Weight		Phase Down
Student	Student	for Small Isolated		Reduction
<u>Count</u>	<u>Count Limit</u>	<u>School Districts</u>	<u>Base Level</u>	<u>Factor</u>
_____	- 125	x 1.358 + (0.0005 x	x \$ _____	= \$ _____
		(500 - Student Count))		
	Phase Down	Phase Down	Small Isolated	
	<u>Base</u>	<u>Reduction Factor</u>	<u>School District</u>	
	\$150,000	-	<u>Elementary Limit</u>	
		\$ _____	=	\$ _____

34 (ii)

	Small School	Support Level Weight		Phase Down
Student	Student	for Small		Reduction
<u>Count</u>	<u>Count Limit</u>	<u>School Districts</u>	<u>Base Level</u>	<u>Factor</u>
_____	- 125	x 1.278 + (0.0003 x	x \$ _____	= \$ _____

	Phase Down	Phase Down	Small	
	<u>Base</u>	<u>Reduction Factor</u>	<u>School District</u>	
	\$150,000	-	<u>Elementary Limit</u>	
		\$ _____	=	\$ _____

1 (b) For unified or union high school districts with a student count of  
 2 less than one hundred seventy-six in grades nine through twelve, the limit  
 3 computed as prescribed in item (i) or (ii) of this subdivision, whichever is  
 4 appropriate:

5 (i)

6	Small School	Support Level Weight	Phase Down
7	Student	for Small Isolated	Reduction
8	<u>Count</u>	<u>School Districts</u>	<u>Factor</u>
9	- <u>100</u>	x 1.468 + (0.0005 x	x \$ <u>Base Level</u> = \$ <u>Secondary Limit</u>
10		(500 - Student Count))	
11			Small Isolated
12	Phase Down	Phase Down	District
13	<u>Base</u>	<u>Reduction Factor</u>	<u>Secondary Limit</u>
14	\$350,000	- \$ <u>Secondary Limit</u>	= \$ <u>Secondary Limit</u>

15 (ii)

16	Small School	Support Level Weight	Phase Down

21			Small
22	Phase Down	Phase Down	School District
23	<u>Base</u>	<u>Reduction Factor</u>	<u>Secondary Limit</u>
24	\$350,000	- \$ <u>Secondary Limit</u>	= \$ <u>Secondary Limit</u>

25 (c) If both subdivisions (a) and (b) of this paragraph apply to a  
 26 unified school district, its limit for the purposes of this paragraph is the  
 27 combination of its elementary limit and its secondary limit.

28 (d) If only subdivision (a) or (b) of this paragraph applies to a  
 29 unified school district, the district's limit for the purposes of this  
 30 paragraph is the sum of the limit computed as provided in subdivision (a) or  
 31 (b) of this paragraph plus ten per cent of the revenue control limit  
 32 attributable to those grade levels that do not meet the eligibility  
 33 requirements of this subsection. If a school district budgets monies outside  
 34 the revenue control limit pursuant to section 15-949, subsection E, the  
 35 district's limit for the purposes of this paragraph is only the ten per cent  
 36 of the revenue control limit attributable to those grade levels that are not  
 37 included under section 15-949, subsection E. For the purposes of this  
 38 subdivision, the revenue control limit is separated into elementary and  
 39 secondary components based on the weighted student count as provided in  
 40 section 15-971, subsection B, paragraph 2, subdivision (a).

41 2. If a school district utilizes this subsection to request an  
 42 override of more than one year, the ballot shall include an estimate of the  
 43 amount of the proposed increase in the future years in place of the statement  
 44 that the amount of the proposed increase will be based on a percentage of the  
 45 school district's revenue control limit in future years, as prescribed in  
 46 subsections E and F of this section.

1           3. Notwithstanding subsection P of this section, the maximum period of  
2 an override authorized pursuant to this subsection is five years.

3           4. Subsection P, paragraphs 1 and 2 of this section do not apply to  
4 overrides authorized pursuant to this subsection.

5           I. If the election is to exceed the revenue control limit as provided  
6 in section 15-482 and if the proposed increase will be fully funded by a levy  
7 of taxes on the taxable property within the school district, the ballot shall  
8 contain the words "budget increase, yes" and "budget increase, no", and the  
9 voter shall signify the voter's desired choice. The ballot shall also  
10 contain the amount of the proposed increase of the budget over the alternate  
11 budget, a statement that the amount of the proposed increase will be based on  
12 a percentage of the school district's revenue control limit in future years,  
13 if applicable, as provided in subsection Q of this section, and the following  
14 statement:

15                   Any budget increase authorized by this election shall be  
16 entirely funded by a levy of taxes on the taxable property  
17 within this school district for the year for which adopted and  
18 for \_\_\_\_\_ subsequent years, shall not be realized from monies  
19 furnished by the state and shall not be subject to the  
20 limitation on taxes specified in article IX, section 18,  
21 Constitution of Arizona. Based on the current net assessed  
22 valuation used for secondary property tax purposes, to fund the  
23 proposed increase in the school district's budget which will be  
24 funded by a levy of taxes upon the taxable property within this  
25 school district would require an estimated tax rate of  
26 \_\_\_\_\_ dollar per one hundred dollars of net assessed  
27 valuation used for secondary property tax purposes and is in  
28 addition to the school district's tax rate that will be levied  
29 to fund the school district's revenue control limit allowed by  
30 law.

31           J. If the election is to exceed the revenue control limit as provided  
32 in section 15-482 and if the proposed increase will be fully funded by  
33 revenues other than a levy of taxes on the taxable property within the school  
34 district, the ballot shall contain the words "budget increase, yes" and  
35 "budget increase, no", and the voter shall signify the voter's desired  
36 choice. The ballot shall also contain the amount of the proposed increase of  
37 the proposed budget over the alternate budget, a statement that the amount of  
38 the proposed increase will be based on a percentage of the school district's  
39 revenue control limit in future years, if applicable, as provided in  
40 subsection Q of this section and the following statement:

1           Any budget increase authorized by this election shall be  
2           entirely funded by this school district with revenues from other  
3           than a levy of taxes on the taxable property within the school  
4           district for the year for which adopted and for \_\_\_\_ subsequent  
5           years and shall not be realized from monies furnished by the  
6           state.

7           K. The maximum budget increase that may be requested and authorized as  
8           provided in subsection I or J of this section, or a combination of both of  
9           these subsections, is five per cent of the revenue control limit as provided  
10          in section 15-947, subsection A for the budget year. For a common school  
11          district not within a high school district or a common school district within  
12          a high school district that offers instruction in high school subjects as  
13          provided in section 15-447, five per cent of the revenue control limit means  
14          five per cent of the revenue control limit attributable to the weighted  
15          student count in preschool programs for children with disabilities,  
16          kindergarten programs and grades one through eight as provided in section  
17          15-971, subsection B. For a unified school district, five per cent of the  
18          revenue control limit means five per cent of the revenue control limit  
19          attributable to the weighted student count in preschool programs for children  
20          with disabilities, kindergarten programs and grades one through twelve. For  
21          a union high school district, five per cent of the revenue control limit  
22          means five per cent of the revenue control limit attributable to the weighted  
23          student count in grades nine through twelve.

24          L. If the election is to exceed district additional assistance and if  
25          the proposed increase will be fully funded by a levy of taxes upon the  
26          taxable property within the school district, the ballot shall contain the  
27          words "budget increase, yes" and "budget increase, no", and the voter shall  
28          signify the voter's desired choice. An election held pursuant to this  
29          subsection shall be held on the first Tuesday after the first Monday of  
30          November. The ballot shall also contain the amount of the proposed increase  
31          of the proposed budget over the alternate budget and the following statement:

32                 Any budget increase authorized by this election shall be  
33                 entirely funded by a levy of taxes upon the taxable property  
34                 within this school district for the year in which adopted and  
35                 for \_\_\_\_ subsequent years, shall not be realized from monies  
36                 furnished by the state and shall not be subject to the  
37                 limitation on taxes specified in article IX, section 18,  
38                 Constitution of Arizona. Based on the current net assessed  
39                 valuation used for secondary property tax purposes, to fund the  
40                 proposed increase in the school district's budget would require  
41                 an estimated tax rate of \_\_\_\_\_ dollar per one hundred  
42                 dollars of net assessed valuation used for secondary property  
43                 tax purposes and is in addition to the school district's tax  
44                 rate which will be levied to fund the school district's district  
45                 additional assistance allowed by law.

1 M. If the election is to exceed district additional assistance and if  
2 the proposed increase will be fully funded by revenues from other than a levy  
3 of taxes upon the taxable property within the school district, the ballot  
4 shall contain the words "budget increase, yes" and "budget increase, no", and  
5 the voter shall signify the voter's desired choice. An election held  
6 pursuant to this subsection shall be held on the first Tuesday after the  
7 first Monday of November. The ballot shall also contain the amount of the  
8 proposed increase of the proposed budget over the alternate budget and the  
9 following statement:

10 Any budget increase authorized by this election shall be  
11 entirely funded by this school district with revenues from other  
12 than a levy of taxes on the taxable property within the school  
13 district for the year in which adopted and for \_\_\_\_\_ subsequent  
14 years and shall not be realized from monies furnished by the  
15 state.

16 N. If the election is to exceed a combination of the revenue control  
17 limit as provided in subsection E or F of this section, the revenue control  
18 limit as provided in subsection I or J of this section or district additional  
19 assistance as provided in subsection L or M of this section, the ballot shall  
20 be prepared so that the voters may vote on each proposed increase separately  
21 and shall contain statements required in the same manner as if each proposed  
22 increase were submitted separately.

23 O. If the election provides for a levy of taxes on the taxable  
24 property within the school district, at least thirty days prior to the  
25 election, the department of revenue shall provide the school district  
26 governing board and the county school superintendent with the current net  
27 assessed valuation of the school district. The governing board and the  
28 county school superintendent shall use the current net assessed valuation of  
29 the school district to translate the amount of the proposed dollar increase  
30 in the budget of the school district over that allowed by law into a tax rate  
31 figure.

32 P. If the voters in a school district vote to adopt a budget in excess  
33 of the revenue control limit as provided in subsection E or F of this  
34 section, any additional increase shall be included in the aggregate budget  
35 limit for each of the years authorized. Any additional increase shall be  
36 excluded from the determination of equalization assistance. The school  
37 district governing board, however, may levy on the net assessed valuation  
38 used for secondary property tax purposes of the property in the school  
39 district the additional increase if adopted under subsection E of this  
40 section for the period of one year, two years or five through seven years as  
41 authorized. If an additional increase is approved as provided in subsection  
42 F of this section, the school district governing board may only use revenues  
43 derived from the school district's prior year's maintenance and operation  
44 fund ending cash balance to fund the additional increase. If a budget  
45 increase was previously authorized and will be in effect for the budget year  
46 or budget year and subsequent years, as provided in subsection E or F of this

1 section, the governing board may request a new budget increase as provided in  
2 the same subsection under which the prior budget increase was adopted, which  
3 shall not exceed the maximum amount permitted under subsection G of this  
4 section. If the voters in the school district authorize the new budget  
5 increase amount, the existing budget increase no longer is in effect. If the  
6 voters in the school district do not authorize the budget increase amount,  
7 the existing budget increase remains in effect for the time period for which  
8 it was authorized. The maximum additional increase authorized as provided in  
9 subsection E or F of this section and the additional increase that is  
10 included in the aggregate budget limit is based on a percentage of a school  
11 district's revenue control limit in future years, if the budget increase is  
12 authorized for more than one year. If the additional increase:

13 1. Is for two years, the proposed increase in the second year is equal  
14 to the initial proposed percentage increase.

15 2. Is for five years or more, the proposed increase is equal to the  
16 initial proposed percentage increase in the following years of the proposed  
17 increase, except that in the next to last year it is two-thirds of the  
18 initial proposed percentage increase and it is one-third of the initial  
19 proposed percentage increase in the last year of the proposed increase.

20 Q. If the voters in a school district vote to adopt a budget in excess  
21 of the revenue control limit as provided in subsection I or J of this  
22 section, any additional increase shall be included in the aggregate budget  
23 limit for each of the years authorized. Any additional increase shall be  
24 excluded from the determination of equalization assistance. The school  
25 district governing board, however, may levy on the net assessed valuation  
26 used for secondary property tax purposes of the property in the school  
27 district the additional increase if adopted under subsection I of this  
28 section for the period of one year, two years or five through seven years as  
29 authorized. If an additional increase is approved as provided in subsection  
30 J of this section, the increase may only be budgeted and expended if  
31 sufficient monies are available in the maintenance and operation fund of the  
32 school district. If a budget increase was previously authorized and will be  
33 in effect for the budget year or budget year and subsequent years, as  
34 provided in subsection I or J of this section, the governing board may  
35 request a new budget increase as provided in the same subsection under which  
36 the prior budget increase was adopted that does not exceed the maximum amount  
37 permitted under subsection K of this section. If the voters in the school  
38 district authorize the new budget increase amount, the existing budget  
39 increase no longer is in effect. If the voters in the school district do not  
40 authorize the budget increase amount, the existing budget increase remains in  
41 effect for the time period for which it was authorized. The maximum  
42 additional increase authorized as provided in subsection I or J of this  
43 section and the additional increase that is included in the aggregate budget  
44 limit is based on a percentage of a school district's revenue control limit  
45 in future years, if the budget increase is authorized for more than one year.  
46 If the additional increase:

1           1. Is for two years, the proposed increase in the second year is equal  
2 to the initial proposed percentage increase.

3           2. Is for five years or more, the proposed increase is equal to the  
4 initial proposed percentage increase in the following years of the proposed  
5 increase, except that in the next to last year it is two-thirds of the  
6 initial proposed percentage increase and it is one-third of the initial  
7 proposed percentage increase in the last year of the proposed increase.

8           R. If the voters in a school district vote to adopt a budget in excess  
9 of district additional assistance as provided in subsection L of this  
10 section, any additional increase shall be included in the aggregate budget  
11 limit for each of the years authorized. The additional increase shall be  
12 excluded from the determination of equalization assistance. The school  
13 district governing board, however, may levy on the net assessed valuation  
14 used for secondary property tax purposes of the property in the school  
15 district the additional increase for the period authorized but not to exceed  
16 ten years. For overrides approved by a vote of the qualified electors of the  
17 school district at an election held from and after October 31, 1998, the  
18 period of the additional increase prescribed in this subsection shall not  
19 exceed seven years for any capital override election.

20           S. If the voters in a school district vote to adopt a budget in excess  
21 of district additional assistance as provided in subsection M of this  
22 section, any additional increase shall be included in the aggregate budget  
23 limit for each of the years authorized. The additional increase shall be  
24 excluded from the determination of equalization assistance. The school  
25 district governing board may only use revenues derived from the school  
26 district's prior year's maintenance and operation fund ending cash balance  
27 and capital outlay fund ending cash balance to fund the additional increase  
28 for the period authorized but not to exceed ten years. For overrides  
29 approved by a vote of the qualified electors of the school district at an  
30 election held from and after October 31, 1998, the period of the additional  
31 increase prescribed in this subsection shall not exceed seven years for any  
32 capital override election.

33           T. In addition to subsections P and S of this section, from the  
34 maintenance and operation fund and capital outlay fund ending cash balances,  
35 the school district governing board shall first use any available revenues to  
36 reduce its primary tax rate to zero and shall use any remaining revenues to  
37 fund the additional increase authorized as provided in subsections F and M of  
38 this section.

39           U. If the voters in a school district disapprove the proposed budget,  
40 the alternate budget that, except for any budget increase authorized by a  
41 prior election, does not include an increase in the budget in excess of the  
42 amount provided in section 15-905 shall be adopted by the governing board as  
43 provided in section 15-905.

44           V. The governing board may request that any override election be  
45 cancelled if any change in chapter 9 of this title changes the amount of the  
46 aggregate budget limit as provided in section 15-905. The request to cancel

1 the override election shall be made to the county school superintendent at  
2 least eighty days prior to the date of the scheduled override election.

3 W. For any election conducted pursuant to subsection L or M of this  
4 section:

5 1. The ballot shall include the following statement in addition to any  
6 other statement required by this section:

7 The capital improvements that are proposed to be funded  
8 through this override election are to exceed the state standards  
9 and are in addition to monies provided by the state.

10 \_\_\_\_\_ school district is proposing to increase its  
11 budget by \$\_\_\_\_\_ to fund capital improvements over and  
12 above those funded by the state. Under the students first  
13 capital funding system, \_\_\_\_\_ school district is entitled to  
14 state monies for new construction and renovation of school  
15 buildings in accordance with state law.

16 2. The ballot shall contain the words "budget increase, yes" and  
17 "budget increase, no", and the voter shall signify the voter's desired  
18 choice.

19 3. At least eighty-five days before the election, the school district  
20 shall submit proposed ballot language to the director of the Arizona  
21 legislative council. The director of the Arizona legislative council shall  
22 review the proposed ballot language to determine whether the proposed ballot  
23 language complies with this section. If the director of the Arizona  
24 legislative council determines that the proposed ballot language does not  
25 comply with this section, the director, within ten calendar days of the  
26 receipt of the proposed ballot language, shall notify the school district of  
27 the director's objections and the school district shall resubmit revised  
28 ballot language to the director for approval.

29 X. If the voters approve the budget increase pursuant to subsection L  
30 or M of this section, the school district shall not use the override proceeds  
31 for any purposes other than the proposed capital improvements listed in the  
32 publicity pamphlet, except that up to ten per cent of the override proceeds  
33 may be used for general capital expenses, including cost overruns of proposed  
34 capital improvements.

35 Y. Each school district that currently increases its budget pursuant  
36 to this section is required to hold a public meeting each year between  
37 September 1 and October 31 at which an update of the programs or capital  
38 improvements financed through the override is discussed and at which the  
39 public is permitted an opportunity to comment and:

1           1. If the increase is pursuant to subsection L or M of this section,  
2 at a minimum, the update shall include the progress of capital improvements  
3 financed through the override, a comparison of the current status and the  
4 original projections on the construction of capital improvements, the costs  
5 of capital improvements and the costs of capital improvements in progress or  
6 completed since the prior meeting and the future capital plans of the school  
7 district. The school district shall include in the public meeting a  
8 discussion of the school district's use of state capital aid and  
9 voter-approved bonding in funding capital improvements, if any.

10           2. If the increase is pursuant to subsection E, F, I or J of this  
11 section, the update shall include at a minimum the amount expended in the  
12 previous fiscal year and the amount included in the current budget for each  
13 of the purposes listed in the informational report prescribed by subsection B  
14 of this section.

15           Z. If a budget in excess of district additional assistance was  
16 previously adopted by the voters in a school district and will be in effect  
17 for the budget year or budget year and subsequent years, as provided in  
18 subsection L or M of this section, the governing board may request an  
19 additional budget in excess of district additional assistance. If the voters  
20 in a school district authorize the additional budget in excess of district  
21 additional assistance, the existing district additional assistance budget  
22 increase remains in effect.

23           AA. Notwithstanding any other law, the maximum budget increase that  
24 may be authorized pursuant to subsection L or M of this section is ten per  
25 cent of the school district's revenue control limit.

26           BB. If the election is to continue to exceed the revenue control limit  
27 and if the proposed override will be fully funded by a continuation of a levy  
28 of taxes on the taxable property in the school district, the ballot shall  
29 contain the words "budget override continuation, yes" and "budget override  
30 continuation, no", and the voter shall signify the voter's desired choice.  
31 The ballot shall also contain the amount of the proposed continuation of the  
32 budget increase of the proposed budget over the alternate budget, a statement  
33 that the amount of the proposed increase will be based on a percentage of the  
34 school district's revenue control limit in future years, if applicable, as  
35 provided in subsection P of this section and the following statement:

36           Any budget increase continuation authorized by this  
37 election shall be entirely funded by a levy of taxes on the  
38 taxable property in this school district for the year for which  
39 adopted and for \_\_\_\_\_ subsequent years, shall not be realized  
40 from monies furnished by the state and shall not be subject to  
41 the limitation on taxes specified in article IX, section 18,  
42 Constitution of Arizona. Based on the current net assessed  
43 valuation used for secondary property tax purposes, to fund the  
44 proposed continuation of the increase in the school district's  
45 budget would require an estimated continuation of a tax rate of  
46 \_\_\_\_\_ dollar per one hundred dollars of assessed

1 valuation used for secondary property tax purposes and is in  
2 addition to the school district's tax rate that will be levied  
3 to fund the school district's revenue control limit allowed by  
4 law.

5 CC. If the election is to continue to exceed the revenue control limit  
6 as provided in section 15-482 and if the proposed override will be fully  
7 funded by a continuation of a levy of taxes on the taxable property in the  
8 school district, the ballot shall contain the words "budget override  
9 continuation, yes" and "budget override continuation, no", and the voter  
10 shall signify the voter's desired choice. The ballot shall also contain the  
11 amount of the proposed continuation of the budget increase of the proposed  
12 budget over the alternate budget, a statement that the amount of the proposed  
13 increase will be based on a percentage of the school district's revenue  
14 control limit in future years, if applicable, as provided in subsection P of  
15 this section and the following statement:

16 Any budget increase continuation authorized by this  
17 election shall be entirely funded by a levy of taxes on the  
18 taxable property in this school district for the year for which  
19 adopted and for \_\_\_\_\_ subsequent years, shall not be realized  
20 from monies furnished by the state and shall not be subject to  
21 the limitation on taxes specified in article IX, section 18,  
22 Constitution of Arizona. Based on the current net assessed  
23 valuation used for secondary property tax purposes, to fund the  
24 proposed continuation of the increase in the school district's  
25 budget would require an estimated continuation of a tax rate of  
26 \_\_\_\_\_ dollar per one hundred dollars of net assessed  
27 valuation used for secondary property tax purposes and is in  
28 addition to the school district's tax rate that will be levied  
29 to fund the school district's revenue control limit allowed by  
30 law.

13 publish the deadline in a newspaper of general circulation in the
