49-1017. Powers of director; corrective actions

A. The director may take corrective action with respect to a release of a regulated substance that is petroleum into the environment from an underground storage tank if the director determines that action is necessary to protect human health, safety or the environment and any of the following conditions exist:

1. The department cannot locate, within ninety days or a shorter period necessary to protect human health or the environment, a person who is all of the following:
   (a) An owner or operator of the tank concerned.
   (b) Subject to the corrective action requirements of section 49-1005.
Senate Amendments to H.B. 2636

(c) Financially or technically capable of properly carrying out the corrective action required by section 49-1005. If the owner or operator and the department jointly determine that the owner or operator is not financially or technically able to carry out the corrective action and the owner or operator has demonstrated an inability to use an environmental contractor, the department and the owner may enter into a contract under which the department acts as manager of the corrective action on behalf of the owner or operator. The existence of a management contract with the department does not relieve the owner of any liability for costs that are not covered by section 49-1054, subsection A PAYABLE BY THE DEPARTMENT UNDER THIS CHAPTER.

2. Corrective action costs at a facility exceed the amount of coverage required by section 49-1006 and, considering the class or category of underground storage tank from which the release occurred, expenditures from the underground storage tank revolving fund are necessary to ensure effective corrective action.

3. The owner or operator has failed or refused to comply with an order of the director under section 49-1013 to take the corrective actions required by section 49-1005.

B. In determining whether to take a corrective action pursuant to subsection A of this section, the director shall consider and make written findings regarding all of the following factors:

1. The physical and chemical characteristics of the type of petroleum released, including its toxicity, persistence and potential for migration.

2. The hydrogeologic characteristics of the site where the underground storage tank is located and the surrounding area.

3. The proximity, quality and current and future uses of nearby surface water and groundwater.

4. The potential effects of residual contamination on nearby surface water and groundwater.

5. The degree of exposure.

6. THE NEED FOR FINANCIAL ASSISTANCE.
C. If EXCESS direct costs are incurred by the director for undertaking corrective action with respect to a release of a regulated substance that is petroleum, the owner and operator are liable to this state for these EXCESS direct costs, except for those amounts that are eligible for and within the coverage limits provided by section 49-1054 or those amounts that are not allocated to the owner or operator pursuant to subsection D of this section. Liability imposed pursuant to this subsection is strict. In FOR THE PURPOSES OF this subsection, "EXCESS direct costs" means the cost of the corrective actions, investigations, enforcement and litigation OTHER THAN THOSE AMOUNTS THAT ARE ELIGIBLE FOR REIMBURSEMENT AND THAT ARE WITHIN THE REIMBURSEMENT LIMITS PRESCRIBED IN SECTION 49-1054 AND THOSE AMOUNTS THAT ARE NOT ALLOCATED TO THE OWNER OR OPERATOR PURSUANT TO SUBSECTION D OF THIS SECTION.

D. If there is more than one responsible person, liability under this section shall be equitably allocated on a case-by-case basis according to section 49-1016, subsection F, and using the following factors as those factors are appropriate under the circumstances:

1. The duration and percentage of ownership or operation of the underground storage tank during a release of regulated substances from the tank.

2. The amount and nature of the regulated substances released.

3. The degree of care exercised by each person with respect to the regulated substances released.

4. The ability to distinguish between the respective releases of more than one responsible person.

5. Other factors that are appropriate under the circumstances.

E. The allocation of liability under this section shall be promptly determined by one or more mediators who shall be selected by the responsible persons within sixty days after the responsible persons are identified by the director. The director may select a mediator and convene a mediation upon ON the failure of the responsible persons to select one or more mediators. The mediator shall not have a conflict of interest with the responsible persons. A mediation convened by the director shall be held within sixty days of AFTER
the mediator being selected. The director shall provide notice to the responsible persons of the time and place for the mediation and the name of the mediator or mediators. This notice shall be provided at least forty-five days prior to the date scheduled for mediation. Costs of mediation shall be eligible for coverage under section 49-1054 PAYMENT and shall be allocated to participants in the mediation in the same proportion as the costs of corrective action. Nothing in this section shall excuse the obligations of an owner or operator to take timely and adequate action in response to a release of regulated substances as required in this chapter. Nothing in this section shall diminish the right of any person to bring an action against any other person as provided in section 49-1019 for contribution or reimbursement for the reasonable costs of corrective action that person has been allocated pursuant to this section.

F. The director may take a corrective action with respect to a release of a regulated substance that is not petroleum only as a remedial action subject to chapter 2, article 5 of this title, and the rules adopted pursuant to that article. If the director takes a corrective action for the release of a regulated substance that is not petroleum, all of the rights, duties and responsibilities of a person associated with the release shall be determined pursuant to that article.

G. AN OWNER, OPERATOR OR OTHER PERSON THAT MEETS THE REQUIREMENTS OF SECTION 49-1016, SUBSECTION C MAY REQUEST THAT THE DEPARTMENT CONDUCT CORRECTIVE ACTION UNDER THIS SECTION. SUBJECT TO THE AVAILABILITY OF MONIES ALLOCATED AND THE PRIORITY ASSIGNED TO THE SITE PURSUANT TO SUBSECTION B OF THIS SECTION, THE DEPARTMENT MAY CONDUCT THE CORRECTIVE ACTION. AN OWNER, OPERATOR OR OTHER PERSON THAT MAKES A REQUEST TO THE DEPARTMENT AS PRESCRIBED IN THIS SUBSECTION SHALL AGREE TO ASSIGN TO THE DEPARTMENT THE RIGHTS UNDER ANY INSURANCE AS PRESCRIBED IN SUBSECTION H OF THIS SECTION.

H. AN OWNER OR OPERATOR WHO SATISFIES FINANCIAL RESPONSIBILITY REQUIREMENTS WITH INSURANCE COVERAGE AND WHO RECEIVES THE BENEFITS OF PAYMENT FROM THE UNDERGROUND STORAGE TANK REVOLVING FUND FOR CORRECTIVE ACTION COSTS PURSUANT TO THIS SECTION SHALL ASSIGN TO THE DEPARTMENT THE RIGHTS NECESSARY
TO RECOVER THOSE PAYMENTS FROM THE OWNER OR OPERATOR'S INSURANCE COVERAGE. THE ASSIGNMENT OF RIGHTS SHALL EXTEND TO THE AMOUNT OF BENEFITS RECEIVED FROM THE UNDERGROUND STORAGE TANK REVOLVING FUND AND THE OWNER OR OPERATOR SHALL EXECUTE THE ASSIGNMENT ON WRITTEN REQUEST FROM THE DEPARTMENT.

I. A REQUEST FOR CORRECTIVE ACTION PURSUANT TO SUBSECTION G OF THIS SECTION SHALL BE ON A FORM PROVIDED BY THE DEPARTMENT AND SHALL CONTAIN SUFFICIENT INFORMATION RELATED TO THE SITE AND THE FACTORS PRESCRIBED IN SUBSECTION B OF THIS SECTION TO ALLOW THE DIRECTOR TO MAKE A DETERMINATION OF PRIORITY FOR THAT REQUEST.

Sec. 6. Section 49-1017.01, Arizona Revised Statutes, is amended to read:

49-1017.01. Settlement authority; participation; financial information; process; payment; notice

A. The director shall consider any offer by an owner or operator who is potentially liable for EXCESS direct costs incurred by the director pursuant to section 49-1017, subsection C, without regard to the extent of that owner's or operator's liability, if the owner or operator is unable to pay for the EXCESS direct costs. An owner or operator whose liability for EXCESS direct costs arose from a criminal act is not eligible to enter into a settlement agreement pursuant to this section. An owner's or operator's decision to enter into a settlement agreement pursuant to this section is not an admission in a judicial proceeding as to the fact or extent of that owner's or operator's liability with respect to releases or threatened releases that are covered by the settlement. An owner or operator who is a party to a settlement pursuant to this section is not required to participate in allocation proceedings pursuant to section 49-1017, subsections D and E. Any settlement approved by the department does not release the owner or operator from any responsibility or duty imposed pursuant to this chapter other than liability for EXCESS direct costs incurred pursuant to section 49-1017, subsection C.
B. Any settlement approved by the department does not increase the liability of any other owner or operator pursuant to this chapter and does not create any liability for the department or this state.

C. The director shall consider all of the following factors in considering an owner's or operator's ability to pay for the EXCESS direct costs:

1. The financial resources of the owner or operator, including available financial assurance mechanisms other than the assurance account UNDERGROUND STORAGE TANK REVOLVING FUND.

2. The amount of coverage available to the owner or operator from the assurance account UNDERGROUND STORAGE TANK REVOLVING FUND for the EXCESS direct costs. As a condition of settlement, the owner or operator shall apply to the assurance account UNDERGROUND STORAGE TANK REVOLVING FUND and any applicable grant program for coverage of the EXCESS direct costs before requesting settlement pursuant to this section.

3. The owner's or operator's ability to continue in business after payment of the owner's or operator's liability for EXCESS direct costs as defined in section 49-1017, subsection C.

4. Whether payment of the owner's or operator's liability for EXCESS direct costs as defined in section 49-1017, subsection C would require the owner or operator to seek protection under the federal bankruptcy law or render the owner or operator insolvent.

5. The financial resources of all concerns in which the owner or operator maintains ownership, control or management.

D. An owner or operator seeking settlement pursuant to subsection A of this section shall submit a letter requesting a financial hardship settlement and shall include the owner's or operator's tax returns and all schedules, financial statements, balance statements and other information concerning the owner's or operator's gross income and net worth for the five years immediately preceding the date of the application. Within ninety days after the receipt of the application, the director may require additional information to verify the owner's or operator's eligibility for settlement.
pursuant to subsection A of this section. The owner or operator may provide any additional information the owner or operator believes to be relevant to the application. The director shall keep confidential any financial information submitted by the owner or operator pursuant to this subsection. If the director or the attorney general disputes a claim of confidentiality, the director or the attorney general shall provide written notice that the claim is disputed to the owner or operator claiming the confidentiality. The information shall be made available to the public if the owner or operator claiming confidentiality does not file an action for declaratory relief in superior court within thirty days after receiving the notice.

E. The owner or operator shall cooperate with the director in providing reasonable access and information for the director to carry out the requirements of this section as a condition of the settlement.

F. If the director verifies that the owner or operator is unable to pay the EXCESS direct costs incurred by the director pursuant to section 49-1017, subsection C, the director shall enter into a settlement within ninety days after receipt of the application and any other information required pursuant to this section. The director shall allow the settlement amount to be paid over a period of time that does not exceed ten years. Settlement payments over a period of time are subject to the payment of interest at the rate of six per cent a year, except that payments are not subject to interest if the entire settlement amount is paid within five years. The owner or operator may file a petition with the director to modify the payment schedule on a showing of good cause that the payment schedule cannot be met.

G. The director may require that notice of the terms of the settlement agreement be provided to the public to allow for comment for a period of thirty days before the department enters into a settlement agreement. Any interested person may comment on the settlement agreement in writing to the director. The director may withdraw from a settlement agreement after considering the comments.
H. If the director determines that the owner or operator does not qualify for a settlement pursuant to this section, the director shall notify the owner or operator in writing within ninety days after the receipt of all information required pursuant to this section stating the reasons for ineligibility. The application for settlement is deemed denied if the director does not notify the owner or operator within ninety days of the director's receipt of all applicable information. A denial of a settlement application under this subsection constitutes an appealable agency action as defined in section 41-1092. In any administrative appeal hearing conducted pursuant to title 41, chapter 6, article 10, the documents submitted by the owner or operator pursuant to this section are not confidential. Any appeal is limited to the owner's or operator's eligibility for a financial hardship settlement pursuant to this section and the owner's or operator's ability to pay the EXCESS direct costs incurred by the director pursuant to section 49-1017, subsection C.

Sec. 7. Title 49, chapter 6, article 1, Arizona Revised Statutes, is amended by adding section 49-1017.02, to read:

49-1017.02. Powers of the director; noncorrective actions

A. SUBJECT TO THE AVAILABILITY OF MONIES IN THE UNDERGROUND STORAGE TANK REVOLVING FUND THAT ARE ALLOCATED BY THE DIRECTOR, AN OWNER, AN OPERATOR OR ANOTHER PERSON THAT MEETS THE REQUIREMENTS OF SECTION 49-1016, SUBSECTION C MAY REQUEST THAT THE DEPARTMENT CONDUCT ONE OR MORE OF THE FOLLOWING NONCORRECTIVE ACTIONS AT A SITE:

1. OBTAINING A BASELINE ASSESSMENT OF A TANK OR SITE AS PRESCRIBED IN SECTION 49-1052.

2. CONFIRMATION OF A SUSPECTED RELEASE AT A TANK OR SITE.

3. PERMANENT CLOSURE OF AN UNDERGROUND STORAGE TANK AS PRESCRIBED BY SECTION 49-1008.

B. IN DETERMINING THE PRIORITY FOR REQUESTS UNDER SUBSECTION A OF THIS SECTION, THE DIRECTOR MAY CONSIDER THE FOLLOWING FACTORS:

1. THE AGE, CONSTRUCTION AND OPERATIONAL HISTORY OF THE UNDERGROUND STORAGE TANK AT THE SITE.
2. THE HYDROGEOLOGIC CHARACTERISTICS OF THE SITE WHERE THE UNDERGROUND
STORAGE TANK IS LOCATED AND THE SURROUNDING AREA.
3. THE PROXIMITY, QUALITY AND CURRENT AND FUTURE USES OF NEARBY
SURFACE WATER AND GROUNDWATER.
4. THE POTENTIAL EFFECTS OF RESIDUAL CONTAMINATION TO NEARBY SURFACE
WATER AND GROUNDWATER.
5. THE DEGREE OF EXPOSURE, INCLUDING THE PHYSICAL AND CHEMICAL
CHARACTERISTICS OF THE TYPE OF PETROLEUM SOLD OR SUSPECTED TO HAVE BEEN
RELEASED, INCLUDING ITS TOXICITY, PERSISTENCE AND POTENTIAL FOR MIGRATION.
6. THE FINANCIAL ABILITY OF THE PERSON TO CONDUCT THE ACTION WITH THE
PERSON'S OWN MONIES.
C. A REQUEST FOR A NONCORRECTIVE ACTION UNDER THIS SECTION SHALL BE ON
A FORM PROVIDED BY THE DEPARTMENT AND SHALL CONTAIN SUFFICIENT INFORMATION
RELATED TO THE SITE AND THE FACTORS PRESCRIBED IN SUBSECTION B OF THIS
SECTION TO ALLOW THE DIRECTOR TO MAKE A DETERMINATION OF PRIORITY FOR THAT
REQUEST.
Sec. 8. Section 49-1018, Arizona Revised Statutes, is amended to read:
49-1018. Corrective action; enforcement; priority
The director shall give priority in undertaking state-led corrective
actions pursuant to section 49-1017 to releases of regulated substances from
underground storage tanks which THAT pose the greatest threat to human health
and the environment AND SHALL CONSIDER THE DEGREE TO WHICH FINANCIAL
ASSISTANCE FROM THE DEPARTMENT IS NECESSARY TO ENSURE THAT CORRECTIVE ACTIONS
WILL BE CONDUCTED.
Sec. 9. Section 49-1019, Arizona Revised Statutes, is amended to read:
49-1019. Release of regulated substance; causes of action;
limitation; liability
A. Any one of the following persons may bring an action in superior
court against a person who caused or contributed to the release of a
regulated substance from an underground storage tank to require that person
to reimburse one of the following persons for the reasonable costs of
corrective actions taken in response to the release:
1. An owner or operator of an underground storage tank or any other person who takes a corrective action pursuant to section 49-1005.

2. An owner or operator of an underground storage tank or any other person from whom costs are recovered by this state pursuant to section 49-1017 or 49-1017.01 THIS CHAPTER.

B. The person seeking reimbursement has the burden of demonstrating that the corrective action costs incurred were reasonable.

C. This article does not affect or modify the obligations or liability of a person, by reason of subrogation or otherwise, under any other provision of common law, federal law or the laws of this state, for damages, injury or loss resulting from a release of a regulated substance or for the costs of a corrective action, except that a person who receives compensation for the costs of a corrective action pursuant to this article is precluded from recovering compensation for the same corrective action costs pursuant to any other federal law or the laws of this state. A person who receives compensation for corrective action costs pursuant to federal law or the laws of this state is precluded from receiving compensation for the same corrective action costs as provided in this article.

D. Liability under this section shall be equitably allocated on a case-by-case basis in accordance with section 49-1017, subsection D. Any party authorized to bring an action pursuant to subsection A of this section and any party against whom an action is brought may have liability allocated through mediation in accordance with section 49-1017, subsection D or through the informal appeal process in accordance with section 49-1091.

E. The department may take corrective action for a release and recover EXCESS direct costs pursuant to section 49-1017 in proportion to the allocation made pursuant to subsection D of this section if an owner or an operator does not perform all necessary corrective actions and there is no other person to perform corrective actions pursuant to section 49-1052, subsection I 49-1016, SUBSECTION C. An owner or an operator is eligible for ninety per cent coverage from the assurance account for reasonable and necessary eligible costs above those for which the owner or operator is

exceeds the allocated share of liability.

Sec. 10. Section 49-1020, Arizona Revised Statutes, is amended to
read:

49-1020. Fees

Each owner and operator of an underground storage tank which is
subject to regulation under this chapter shall pay annually to the department
a fee of one hundred dollars for each tank. An owner or operator who sold or
relinquished legal, equitable or possessory interest in the property on or
before January 1, 1990 shall not be responsible to pay the fee prescribed by
this section. The director, with the approval of the attorney general, may
abate fee balances if the administration costs exceed the amount of the fees
due. The fees collected under this section shall be deposited, pursuant to
sections 35-146 and 35-147, in the regulatory account of the underground
storage tank revolving fund established in section 49-1015. The director
shall adopt rules to provide for the orderly imposition and collection of the
fees imposed by this section.

Sec. 11. Section 49-1022, Arizona Revised Statutes, is amended to
read:

49-1022. Regulated substance migration off site;
responsibility; corrective action; notice; appeal;
coverage

A. The director may undertake corrective action in response to a
release from an underground storage tank that migrates on or under a person's
property as the result of an occurrence at another property or that the
department determines is likely to migrate on or under a person's property,
if all of the following occur:

1. The person has authority to allow access to the property so that
corrective action may be taken on the person's property.

2. The owner or operator of the underground storage tank that is the
source of the release makes a written request that the department attempt to
obtain access to the property. As part of the written request, the owner or
operator shall demonstrate to the department the following before the department attempts to obtain access to the property:

(a) The owner or operator has sent and the person has received at least two written requests to allow the owner or operator to have access to the property at reasonable times and under reasonable conditions.

(b) The owner or operator has made an offer of reasonable compensation to the person.

(c) Contamination is likely to spread or increase in severity if access to the property is not obtained.

3. The person has received a written request from the department to have access to the property, at reasonable times and under reasonable conditions in a manner that does not constitute a taking as provided by law, to take corrective action with respect to only the release that has migrated on that person's property.

4. The person has refused to allow the owner or operator or the department to have access to the property or does not respond to the department within sixty days after receiving the request for access.

B. The department shall issue a notice describing the proposed corrective action to the owner or operator and the person on whose property the department will undertake corrective action if it elects to undertake corrective action pursuant to subsection A of this section. The owner or operator or the person on whose property the department undertakes corrective action may appeal pursuant to title 41, chapter 6, article 10, within thirty days of the notice or within thirty days from the performance of the corrective action. If, after an appeal, it is determined that the department failed to return the property to substantially the same condition the property was in before being accessed, the person on whose property the department undertakes the corrective action may be eligible for payment from the assurance account only to the extent the department failed to return the property to substantially the same condition the property was in before being accessed.
C. The department is eligible for coverage of corrective action costs incurred in obtaining access, performing corrective action pursuant to this section and returning the property to substantially the same condition the property was in before being accessed. The department shall not sue the person for any secondary contamination created by the access or corrective action.

E. If a release of a regulated substance has migrated on or under a person's property, the department shall relieve the owner or operator of the underground storage tank from responsibility from performing corrective action at the property where the release has migrated or where the department has determined it is likely to have migrated, if the owner or operator is unable to gain access to the property after complying with the provisions of subsection A, paragraph 2, subdivisions (a) and (b) of this section. Nothing in this section relieves the owner or operator from liability for completing the requirements of section 49-1005 relating to the owner's or operator's property or any other property to which the contamination may have migrated. The department may require that the owner or operator investigate any other properties potentially impacted by the release in order to complete the requirements of section 49-1005.

director affixed to a fill pipe of the underground storage tank pursuant to
subsection B of this section.

B. The director may issue a stop use order to the owner and operator
of the underground storage tank and affix a stop use tag that is easily
visible to the product deliverer on all fill pipes of the underground storage
tank to stop operation of the underground storage tank if either of the
following exist:

1. The director has determined that the underground storage tank is in
violation of section 49-1003 or 49-1009 or the rules adopted pursuant to
those sections, as applicable, and the continued operation of the underground

underground storage tank.

2. The director has determined that the underground storage tank is in
violation of section 49-1006, 49-1020 or 49-1031 or the rules adopted

received a stop use tag pursuant to subsection B of this section shall ensure
that no person removes or tampers with the stop use tag until the
requirements for return of the underground storage tank to operation pursuant
to subsection E of this section are met, and shall immediately empty the
underground storage tank and comply with the remaining temporary closure
requirements adopted under section 49-1008.

E. An owner or operator shall not bring an underground storage tank
that has received a stop use tag pursuant to subsection B of this section
back into operation until the owner or operator has demonstrated to the

sections, as applicable, and the owner or operator has received written

F. Upon issuance of a stop use order, the director shall notify product deliverers by posting on the department's website the name and location of a facility with an underground storage tank that has a stop use tag. The notice shall also specify which underground storage tank at the facility has a stop use tag.

G. The director shall remove the stop use notice from the department's website within five business days after determining that the requirements of subsection E of this section have been met.

H. The director may adopt rules to implement this section.

"Product deliverer" means a person, including an owner, operator or oil company, or a distributor as defined in section 28-5601, a supplier as defined in section 28-5601, a petroleum transportation company and any other entity that delivers, deposits or places a regulated substance into an underground storage tank.
   2. "Stop use tag" means a tag, device or mechanism that is prescribed by the director, that is designed to be affixed to a fill pipe of an underground storage tank and that clearly states and conveys that it is unlawful to deliver, deposit or place a regulated substance into the underground storage tank to which it is affixed.

Sec. 13. Section 49-1031, Arizona Revised Statutes, is amended to read:

   49-1031. Imposition of tax
   A. From and after July 1, 1990, there is imposed and the director shall collect an excise tax on the operation of underground storage tanks
regulated under this chapter measured by the quantity of regulated substances placed in a tank in any calendar year. The tax is levied at the rate of one cent per gallon of regulated substance. On or before December 15 each year the director shall recommend to the legislature any revision to the tax rate necessary to maintain the assurance account of the underground storage tank revolving fund at the level prescribed by section 49-1051.

B. For proper administration of this article, and to prevent the evasion of the tax imposed by this article, it shall be presumed until the contrary is established by competent proof under rules and procedures adopted by the director that all regulated substances which are motor vehicle fuel as defined in section 28-101, aviation fuel as defined in section 28-101 and diesel as defined in section 28-6001, subsection B and which are refined, manufactured, produced, compounded or blended in this state, or imported into this state, will be placed in an underground storage tank from which the fuel is dispensed to users who consume the fuel and do not further distribute it. Under this presumption, the owner and operator of an underground storage tank from which motor vehicle fuel, aviation fuel or diesel is dispensed and from which no further bulk distribution will be made, shall be considered to have paid the tax collected under title 28, chapter 16, article 6.

C. The tax imposed by this article does not apply to underground storage tanks operated by the United States or this state or agencies of the United States or this state or to any of the following substances placed in underground storage tanks:

1. Naphtha-type jet fuel or kerosene-type jet fuel.

2. Regulated substances as defined in section 49-1001, paragraph 16, subdivision (b), unless such regulated substances were placed in an underground storage tank prior to July 1, 1997, and the owner or operator of the underground storage tank has paid prior to July 1, 1997 all taxes imposed by this article applicable to such regulated substances. If the owner or operator has paid those taxes, the owner or operator may elect to continue to pay the tax imposed by this article regarding such regulated substances.
D. The owner and operator of an underground storage tank regulated under this chapter are jointly and severally liable for the tax, but the owner and operator may agree between themselves and file a notarized affidavit with the director designating either the owner or operator as primarily responsible for the tax under this article.

E. Any person who purchases motor vehicle fuel as defined in section 28-101, aviation fuel as defined in section 28-101, or diesel as defined in section 28-6001, subsection B for which the tax imposed by this section has been paid and which fuel has been placed in a tank which is not subject to the underground storage tank tax imposed by this section and from which no further bulk distribution of the fuel will be made, may claim a refund of the tax levied. Refunds shall be submitted on forms prescribed by the director and shall be supported by substantiation for the amount of the tax paid.

F. Any person eligible to claim a refund of the tax imposed by this section, including an assignee of a refund claim, may assign such claim to the person from whom the fuel was purchased, and the assignee of the claim may claim the refund allowed under subsection E of this section provided that the assignor of the claim certifies in writing to the assignee, on forms prescribed by the director, that the assignor relinquishes all interest in the refund and shall not also claim a refund from the director.

G. If a refund claim is assigned to a person who is required to make payments under title 28, chapter 16, article 6, the refund shall be taken into account in the manner provided in section 28-6005.

H. The director shall adopt temporary and permanent rules for administering the tax imposed by this article and specifying the forms of the return and of the certification provided for in sections 28-6003 and 28-6004. The temporary and permanent rules shall prescribe the forms for and manner in which refunds may be claimed and refund claims assigned pursuant to subsection F of this section, shall specify the circumstances in which fuel may be excluded from the quantity of fuel used to measure the tax pursuant to title 28, chapter 16, article 6, and shall prescribe the forms for and manner
which the certification provided in title 28, chapter 16, article 6 shall be made.

I. Title 41, chapter 6 shall not apply to the temporary rules adopted pursuant to this section. The temporary rules shall be filed with the secretary of state and shall be effective for a period of one hundred eighty days from the date of filing with the secretary of state. The temporary rules may be renewed twice in the same manner as they were adopted, may be amended at the time or times they are renewed, and shall be effective for a period of one hundred eighty days from the date the renewed temporary rules are filed with the secretary of state.

J. The permanent rules adopted pursuant to this section shall be adopted as provided in title 41, chapter 6.

A. An owner, an operator or the designated representative of either or a person that meets the requirements of section 49-1016, subsection C must follow the preapproval process pursuant to this section to be eligible for reimbursement from the underground storage tank revolving fund for corrective actions taken pursuant to section 49-1053, subsection A. Preapproval applications must include a detailed scope of work that conforms to the requirements of sections 49-1005 and 49-1053, a schedule for conducting corrective actions and a cost sheet. Beginning January 1, 2016, corrective actions and costs for activities that were completed before departmental approval of the scope of work are not eligible for reimbursement under section 49-1054. If the preapproved scope of work cannot be implemented as approved, the person seeking reimbursement shall submit a change notice to the department. To be eligible for reimbursement, a change notice must be approved by the department before implementation of the change notice.

C. While the application for preapproval is pending, the department may not take enforcement action or impose penalties against the owner, operator or designated representative who submitted the application for preapproval. The department may not consider the passage of time while the preapproval application is pending to be a basis for taking an enforcement action. For any corrective action submitted for preapproval pursuant to rule, the period of time for compliance with corrective actions associated with that preapproval begins to run from the date of preapproval of the corrective action.
D. On determination by the Department or its designated contractor that the application for preapproval is complete, the Department or its designated contractor shall determine whether the owner or operator was a small owner at the time of the application. For the purposes of this subsection, "small owner" means an owner that owns fewer than ten underground storage tank facilities in this state.

E. In processing the application for preapproval, the Department shall determine the corrective action priority of the release within ninety days after the receipt of the materials required by this section. The corrective action priority shall be based on all of the following:

1. The need for financial assistance, including the availability of coverage under insurance or other financial assurance mechanisms.

2. The extent to which a delay in reimbursement will affect the ability to conduct corrective actions.

3. The risk to human health and the environment.

4. The presence of preexisting contamination of groundwater by a hazardous substance as defined in section 49-281.

F. An owner, operator or person who meets the requirements of section 49-1016, subsection C may request reimbursement under section 49-1053. D. The scope of the baseline assessment shall address likely release areas and shall include a collection of sufficient information to allow for a determination of the current environmental condition of the property. Samples shall be collected in areas where contamination is most likely to have occurred and sample locations shall consider site-specific conditions, location of potential receptors and preexisting contamination. The baseline assessment must include the registered or certified professional's interpretation regarding confirmation of an unknown release and evaluation of potential risk for the purpose of prioritizing corrective actions.
