OVERVIEW

HB 2447 requires the Arizona Corporation Commission (ACC) to establish and maintain an online database for the filing of certain business documents, beginning January 1, 2017.

PROVISIONS

1. Requires the ACC to establish and maintain a database for the filing of certain documents.
2. Prohibits the ACC from charging a fee to any entity for information entered into the database.
3. Limits the database to the inclusion of documents filed for an entity with a known place of business located in a county with a population of greater than 800,000 persons.
4. Allows the ACC to input information regarding approval of the filings into the database within 60 days rather than publishing the information in a newspaper of general circulation in the county of the known place of business for three consecutive publications.
5. Requires the ACC to post the database on its website to allow the public to search for business information, including an entity's name, approval date and county of known place of business.
6. Stipulates the information must be maintained in the database for at least 90 days.
7. Makes technical and conforming changes.
8. Becomes effective on January 1, 2017.

CURRENT LAW

[Article 15](#) of the Arizona Constitution establishes the ACC. Within 60 days after the ACC approves the filing of certain business documents, a copy of the filing must be published. An affidavit evidencing the publication may be filed with the ACC.

Publish means to publish in a newspaper of general circulation in the county of the known place of business for three consecutive publications ([A.R.S. § 10-140](#)).

ADDITIONAL INFORMATION

According to the [Fiscal Note](#), the ACC can create the database with existing staff resources.

Counties with a population greater than 800,000 persons include: 1) Maricopa; and 2) Pima.
