

ARIZONA STATE SENATE
Fifty-Second Legislature, Second Regular Session

AMENDED
FACT SHEET FOR S.B. 1516

campaign finance amendments

Purpose

Repeals, reorganizes, reinserts and modifies campaign finance requirements. Contains requirements for enactment for initiatives and referendums (Proposition 105).

Background

Generally, political committees fall into three broad categories: candidate committees, political parties and political action committees (PACs). Within each of these categories, political committees are dedicated for specific functions, such as making contributions to candidates, supporting or opposing ballot measures or making independent expenditures. Certain committees may qualify for special status. For example, super PACs registered with the Secretary of State (SOS) may give contributions to candidates at a higher contribution limit. To qualify, the committee must have received \$10 contributions from 500 contributors in the two-year period before applying for the status. A committee with standing committee status has consolidated reporting requirements; the committee must file campaign finance reports with the SOS but is exempt from the filing requirements of other Arizona jurisdictions. To qualify, the committee must be active in more than one reporting jurisdiction for more than one year and pay an annual \$250 fee.

Generally, a *contribution* is any gift, loan, advance, deposit of money or anything of value made for the purpose of influencing an election. However, statute outlines exemptions to contributions, meaning some of the money, loans or in-kind goods and services do not have to be reported. A contribution does not include: 1) the value of services provided without compensation by a volunteer on behalf of a committee; 2) money or the value of anything directly or indirectly provided to defray the expense of an elected official meeting with constituents, or provided by the state or political subdivision to an elected official for communication with constituents, if the official is engaged in the duties of his office; 3) the use of real or personal property used on a regular basis by members of a community for noncommercial purposes, and the cost of invitations, food and beverages voluntarily provided by an individual in rendering voluntary personal services on the individual's residential premises or other property, to the extent that the cumulative value does not exceed \$100 in any single election; 4) any unreimbursed payment for travel expenses for a volunteer; 5) the payment by a political party for party operating expenses as outlined; 6) independent expenditures; 7) monies loaned by a bank made in accordance with applicable law in the ordinary course of business, as specified; 8) a gift, loan or deposit of anything of value to a national or state committee of a

political party specifically designated to defray any cost for the construction or purchase of an office facility not acquired for the purpose of influencing the election of a candidate in any particular election; 9) legal or accounting services if the only person paying is the regular employer of the individual and if the services are solely for the purpose of complying with campaign finance law; 10) the payment by a political party of the costs of campaign materials used by the party in connection with volunteer activities on behalf of any nominee or the payment of the costs of voter registration and get-out-the-vote activities as outlined; 11) transfers between political committees to distribute monies raised through a joint fundraising effort as specified; 12) an extension of credit for goods and services if the terms are substantially similar to extensions of credit to nonpolitical debtors and if the creditor makes a reasonable attempt to collect the debt, except debts that remain unsatisfied by the candidate after six months; and 13) interest or dividends earned on any bank accounts, deposits or other investments.

Similarly, there are exemptions from the definition of *expenditures*. An expenditure is any purchase, payment, distribution, loan, advance, deposit or gift of money or anything of value made by a person for the purpose of influencing an election in this state. However, an expenditure does not include: 1) a news story, commentary or editorial distributed through the facilities of any telecommunications system or periodical publication, unless the facilities are owned or controlled by a political committee, political party or candidate; 2) nonpartisan activity designed to encourage individuals to vote or register to vote; 3) the payment by a political party of the costs of preparation, display, mailing or other distribution incurred by the party with respect to any printed slate card, sample ballot or other printed listing of three or more candidates for any public office for which an election is held, except that this exception does not apply to costs with respect to a display of any listing of candidates made on any telecommunications system or in newspapers, magazines or similar types of general public political advertising; 4) the payment by a political party of the costs of campaign materials as specified used by the party in connection with volunteer activities on behalf of any nominee of the party or payment as outlined of the costs of get-out-the-vote activities; and 5) any deposit or other payment filed with the SOS or any similar officer to pay any portion of the cost of printing an argument in a publicity pamphlet advocating or opposing a ballot measure.

The fiscal impact to the state General Fund associated with this legislation is unknown.

Provisions

General

1. Repeals and reorganizes the campaign finance statutes.
2. Consolidates the different types of political committees into three types of committees: candidate committees, PACs and political parties.
3. Removes the concept of *exploratory committee*.
4. Defines *person* as an individual or a candidate, nominee, committee, corporation, limited liability company (LLC), labor organization, partnership, trust, association, joint venture, cooperative or unincorporated organization or association.

Committee Registration

5. Increases the contribution or expenditure threshold for requiring a candidate to register as a candidate committee from \$500 to \$1,000, in connection with that candidacy.
6. Increases the contribution or expenditure threshold for requiring an entity to register as a PAC from \$500 to \$1,000 in connection with any election during a calendar year.
7. Adds to the criteria requiring an entity to register as a PAC that the entity must be organized for the primary purpose of influencing the result of an election.
8. Defines *primary purpose* as an entity's predominant purpose. Specifies that an entity is not organized for the primary purpose of influencing an election if all of the following apply:
 - a) the entity has tax exempt status under section 501(a) of the Internal Revenue Code;
 - b) except for a religious organization, assembly or institution, the entity has properly filed a Form 1023 or Form 1024 with the Internal Revenue Service (IRS);
 - c) the entity remains in good standing with the IRS and Arizona Corporation Commission (ACC); and
 - d) the entity has properly filed a Form 990 with the IRS.
9. Establishes a rebuttable presumption that an entity is organized for the primary purpose of influencing the result of an election if the entity:
 - a) except for a religious organization, assembly or institution, claims tax exempt status but had not filed Forms 1023 or 1024 with the IRS before making a contribution or expenditure;
 - b) made a contribution or expenditure and at any time had its tax exempt status revoked by the IRS;
 - c) made a contribution or expenditure and at any time failed to file Form 990 with the IRS if required by law; or
 - d) at the time of making a contribution or expenditure was registered by the ACC but was not in good standing.
10. Specifies that committees are not subject to state income tax and not required to file income tax returns.
11. Requires the SOS to increase the threshold dollar amounts by \$100 in January of odd-numbered years.
12. Eliminates the requirement for a committee that intends to accept contributions or make expenditures below the threshold to file an exemption statement before it makes expenditures, accepts contributions, distributes campaign literature or circulates petitions.

Statement of Organization

13. Requires a committee to file a statement of organization with the filing officer within 10 days after qualifying as a committee. Currently, if a committee that has filed a \$500 threshold

exemption statement receives contributions or makes expenditures of more than \$500, the committee must file a statement of organization within 5 business days.

14. Modifies the statement of organization as follows:
 - a) requires the email address of the committee, chairperson, treasurer and sponsor;
 - b) requires the telephone number and website, if any, of the committee and sponsor;
 - c) removes the requirement for the sponsor to list the relationship and type;
 - d) allows the sponsor to list the sponsor's commonly known nickname; and
 - e) instead of a statement that the chairperson and treasurer have read all applicable laws relating to campaign finance and reporting, requires the statement to specify that they have read the filing officer's campaign finance and reporting guide, agree to comply with these laws and agree to accept all notifications and service of process via the email address provided by the committee.
15. Requires the committee to file an amended statement of organization within 10 days after any change, rather than within 5 business days.
16. Eliminates the requirement for a standing committee to include in its statement of organization a statement with the notarized signature of the chairman or treasurer declaring the committee's status as a standing committee. Removes the ability of the SOS to charge an annual \$250 fee.
17. Specifies that on filing a statement of organization, a PAC or political party may perform any lawful activity, including making contributions or expenditures or conducting issue advocacy without establishing a separate committee for each activity or specifying each activity in its statement of organization.
18. Permits the *best effort* of the treasurer or treasurer's agent to obtain the required contribution information to be by email, text message or private message through social media.

Recordkeeping

19. Requires committee bank accounts to be segregated as follows:
 - a) committee monies must be segregated in different accounts from personal monies;
 - b) contributions from individuals and committees must be segregated in different accounts from contributions from corporations, LLCs and labor organizations; and
 - c) contributions to a political party to defray operating expenses or support party-building activities must be segregated in different accounts from contributions used to support candidates.
20. Limits the identification of contributors of which the committee must keep record to contributors who contribute at least \$50 in the aggregate to the committee during the election cycle.
21. Deems a contribution made when tendered to the committee's possession.

22. Deems an expenditure or disbursement made when promised, obligated, contracted for or spent.
23. Specifies that a committee may accept a cash contribution.
24. Requires the committee to keep all records for two years following the end of the election cycle, rather than three years after filing of the finance report.
25. Requires a person that qualifies as a committee to report all contributions, expenditures and disbursements that occurred before qualifying as a committee and to maintain and produce records as prescribed.
26. Removes the requirement for the banks used by committees to be insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration.

Mega PAC Status

27. Renames committees commonly referred to as *super PACs* as *Mega PACs*.
28. Extends the period that a committee must receive the requisite number of \$10 contributions from two years to four years immediately before application to the SOS.

Contributions

29. Specifies that a person may make any contribution not otherwise prohibited by this article.
30. Modifies the exemptions from the definition of *contribution*. Specifies that the following are not contributions:
 - a) the value of an individual's volunteer services or expenses that are provided without compensation or reimbursement, including the individual's travel expenses; use of real or personal property; cost of invitations, food or beverages; use of email, internet activity or social media messages;
 - b) the costs incurred for covering or carrying a news story, commentary or editorial by a broadcasting station or cable television operator, an internet website, a newspaper or another periodical publication, including an internet-based or electronic publication, if the cost for the news story, commentary or editorial is not paid for by and the medium is not owned or under the control of a candidate or committee;
 - c) the payment by any person to defray the expense of an elected official meeting with constituents or attending an informational tour, conference, seminar or presentation, if the payor or the elected official does not attempt to influence the result of an election and the payment is reported if required pursuant to statutes regarding financial disclosure for public officers or regulation of lobbyists, or both;
 - d) the payment by a political party to support its nominee, including the printing or distribution of, or postage expenses for, voter guides, sample ballots, pins, bumper stickers, handbills, brochures, posters, yard signs and other similar materials distributed through the party; or coordinated political party expenditures;

- e) the payment by any person to defray a political party's operating expenses or party-building activities, including party staff and personnel; studies and reports; voter registration, recruitment, polling and turnout efforts; party conventions and meetings; and construction, purchase or lease of party buildings or facilities;
- f) the value of interest earned on the committee's deposits or investments;
- g) the value of transfers between committees to reimburse expenses and distribute monies raised through a joint fundraising effort, except that contributions shall be allocated as described in the fundraising solicitation and expenses shall be allocated in the same proportion as contributions;
- h) the value of payment of a committee's legal or accounting expenses by any person;
- i) the value of an extension of credit for goods and services on a committee's behalf by a creditor if the terms are substantially similar to extensions of credit to nonpolitical debtors that are of similar risk and size of obligation. The creditor must make a commercially reasonable attempt to collect the debt, except that if an extension of credit remains unsatisfied by the committee after six months the committee is deemed to have received a contribution but the creditor is not deemed to have made a contribution;
- j) the value of nonpartisan communications intended to encourage voter registration and turnout efforts;
- k) any payment to a filing officer for arguments in a publicity pamphlet;
- l) the payment by any entity for the costs of establishing, administering and soliciting contributions from its employees, members, executives, stockholders and retirees and their families to the entity's separate segregated fund;
- m) the payment by any entity for the costs of communicating with its or its subsidiaries' employees, members, executives, stockholders and retirees and their families about any subject, without regard to whether those communications are made in coordination with any candidate or candidate's agent;
- n) the value of allowing a candidate or a committee's representative to appear at any private residence or at the facilities of any entity to speak about the candidate's campaign or about a ballot measure, if the venue is furnished by the venue's owner, is not paid for by a third party and is not a sports stadium, coliseum, convention center, hotel ballroom, concert hall or other similar public arena;
- o) the costs of hosting a debate or candidates' forum, if at least two opposing candidates, with respect to any given office sought, or representatives of at least two opposing ballot measure campaigns, with respect to any measure on the ballot, are invited with the same or similar advance notice and method of invitation;
- p) the preparation and distribution of voter guides, subject to the prohibitions below;
- q) monies that are loaned by a financial institution in the ordinary course of business and not for the purpose of influencing the results of an election, except that the loan is deemed a pro rata contribution by any endorser or guarantor, other than the candidate's spouse; and
- r) the costs of publishing a book or producing a documentary, if the publication and production are for distribution to the general public through traditional distribution mechanisms or a fee is obtained for the purchase of the publication or viewing of the documentary.

31. Subjects the preparation and distribution of voter guides to the following:

- a) prohibits a featured candidate or ballot measure from receiving greater prominence or substantially more space in the voter guide than any other candidate or ballot measure; and
 - b) prohibits the publisher from including any message by that person that constitutes express advocacy.
32. Specifies that the exemptions do not imply that any transactions not specifically listed are contributions unless those transactions otherwise meet the definition of *contribution*.
 33. Maintains the current contribution limits, but removes the prohibition on a committee from accepting more than the limit.
 34. Specifies that in addition to individuals, candidate committees, PACs, partnerships, corporations, LLCs and labor organizations may make unlimited contributions to persons other than candidate committees.
 35. Permits an individual only to make contributions using personal monies.
 36. Allows a candidate committee to transfer unlimited contributions to any one or more other candidate committees for the same candidate without regard to the office sought under the following conditions:
 - a) both candidate committees must be registered with a filing officer in charge of a city, town, county or district elections for any one or more offices, including offices with different aforementioned filing officers, or both must be registered with the SOS for any one or more offices for which the SOS is the filing officer; and
 - b) contributions originally made to the transferring candidate committee are deemed to be contributions to the receiving candidate committee.
 37. Prohibits an individual's aggregate contributions to both candidate committees, as specified above, during the election cycle from exceeding the individual's contribution limit for that candidate.
 38. Prohibits a candidate committee from making contributions to another candidate's candidate committee.
 39. Prohibits a PAC or political party from contributing to a candidate committee using monies contributed by a corporation, LLC or labor organization.
 40. Prohibits a political party from contributing to candidate committees other than nominees.
 41. Stipulates that a political party may make unlimited contributions to persons other than candidate committees and nominees.
 42. Permits the sponsor to pay the administrative, personnel and fundraising expenses of its separate segregated fund, which are not deemed contributions. Current law specifies that the establishment, administration and solicitation of voluntary contributions to a separate segregated fund are not political contributions.

43. Permits a sponsor or its segregated fund to solicit contributions from the sponsor's or subsidiaries' employees, members, executives, stockholders, retirees and their families. Currently, such solicitation is limited to no more than two written solicitations per year from a non-stockholder or non-executive.
44. Allows a trade association to solicit contributions from its members' employees, subsidiaries and retirees.
45. Requires a partnership to provide the recipient committee written notice identifying the contributing partners and the amount attributed to each.
46. Prohibits a partnership from attributing any contribution to a partner that is a corporation, LLC or labor organization.
47. Specifies that partnership contributions need not be accompanied by the signature of each contributing partner.
48. Stipulates that a partnership may establish a separate segregated fund.

Expenditures

49. Allows a person to make any expenditure not otherwise prohibited by this article.
50. Specifies that the following are not expenditures:
 - a) the value of an individual's volunteer services or expenses that are provided without compensation or reimbursement, including the individual's travel expenses; use of real or personal property; cost of invitations, food or beverages; use of email, internet activity or social media messages;
 - b) the value of any news story, commentary or editorial by any broadcasting station, cable television operator, programmer or producer, newspaper, magazine, website or other periodical publication that is not owned or operated by a candidate, candidate's spouse or any committee;
 - c) the payment by any person to defray a political party's operating expenses or party-building activities, including party staff and personnel; studies and reports; voter registration, recruitment, polling and turnout efforts; party conventions and meetings; and construction, purchase or lease of party buildings or facilities;
 - d) the value of interest earned on the committee's deposits or investments;
 - e) the value of transfers between committees to reimburse expenses and distribute monies raised through a joint fundraising effort, except that contributions shall be allocated as described in the fundraising solicitation and expenses shall be allocated in the same proportion as contributions;
 - f) the value of payment of a committee's legal or accounting expenses;
 - g) the value of an extension of credit for goods and services on a committee's behalf by a creditor if the terms are substantially similar to extensions of credit to nonpolitical debtors that are of similar risk and size of obligation. The creditor must make a commercially reasonable attempt to collect the debt, except that if an extension of credit

- remains unsatisfied by the committee after six months the committee is deemed to have received a contribution but the creditor is not deemed to have made a contribution;
- h) the value of nonpartisan communications intended to encourage voter registration and turnout efforts;
 - i) any payment by a person that is not a committee to a filing officer for arguments in a publicity pamphlet;
 - j) any payment for legal or accounting services that are provided to a committee; and
 - k) the payment of costs of publishing a book or producing a documentary, if the publication and production are for distribution to the general public through traditional distribution mechanisms or a fee is obtained for the purchase of the publication or viewing of the documentary.
51. Specifies that the exemptions do not imply that any transactions not specifically listed are expenditures unless those transactions otherwise meet the definition of expenditure.
52. Stipulates that any person may make independent expenditures.
53. Specifies that an expenditure is not an independent expenditure if there is *actual* coordination. Current law specifies it is not independent if “there is any arrangement, coordination or direction” with respect to the candidate and the person making the expenditure.
54. Allows, instead of requires, the filing officer or enforcement officer to consider specified evidence of coordination in evaluating whether an expenditure is an independent expenditure. Specifies that the evidence is rebuttable.
55. Modifies such evidence. Instead of considering whether the person making the expenditure has received any form of compensation or reimbursement in the same election from the candidate, requires consideration of whether the candidate is or has been authorized to raise money or solicit contributions on behalf of the person making the expenditure in the same election cycle.
56. Deems an expenditure coordinated with a candidate, other than a coordinated party expenditure, an in-kind contribution to the candidate.
57. Removes the requirement for a corporation, LLC or labor organization that makes certain independent expenditures over specified thresholds to register and notify the appropriate filing officer within one day.

Disclosure Statements

58. Requires an advertisement or fundraising solicitation to include the words “paid for by” followed by the name of the person making the expenditure, rather than the name of the committee that appears on its statement or organization or \$500 exemption statement.
59. Maintains the requirement for a PAC to include the names of the three political committees making the largest contribution to the PAC making the expenditure, but specifies it is the three largest aggregate contributions that exceed \$20,000 during the election cycle, as

calculated at the time the advertisement was distributed for publication, display, delivery or broadcast. Removes the requirement to also include the telephone numbers.

60. Requires the literature or advertisement relating to a statewide statutory ballot measure to also include the following statement: *Pursuant to Proposition 105 (1998), this measure cannot be changed in the future if approved on the ballot except by a three-fourths vote of the Legislature and if the change furthers the purpose of the original ballot measure or except by referring the change to the ballot.*
61. Allows the disclosure to be at the beginning or at the end of the radio or video broadcast.
62. Exempts the advertisement from spoken disclosure if the written disclosure statement is displayed for the greater of one-sixth of the broadcast duration or four seconds.
63. Requires the disclosure for a billboard advertisement to be displayed in a height at least four percent of the vertical height of the sign or billboard.
64. Exempts the following from the disclosures:
 - a) social media messages, text messages or messages sent by a short message service;
 - b) advertisements placed as a paid link on a website, if the message is not more than 200 characters in length and the link directs the user to another website that complies with the disclosure requirements;
 - c) advertisements placed as a graphic or picture link, if the disclosure statements cannot be conveniently printed due to the size of the graphic or picture and the link directs the user to another website that complies with the disclosure requirements;
 - d) a solicitation of contributions by a separate segregated fund;
 - e) a communication by a tax-exempt organization solely to its members; and
 - f) a published book or documentary film or video.
65. Removes the separate disclosure requirements for political committees that make expenditures in connection with any literature or advertisement to support or oppose a ballot proposition. Current law requires disclosure of the four largest major funding sources over a particular threshold.

Campaign Finance Reports

66. Requires the SOS's instructions and procedures manual to prescribe the format for all reports and statements. Maintains the current reporting requirements.
67. Requires PACs and political parties to report contributions from and disbursements to corporations, LLCs and labor organizations, including identification of their file numbers issued by the ACC.
68. Requires campaign finance reports to list disbursements in excess of \$250 during the reporting period.
69. Requires the report to list expenditures to advocate:

- a) the passage or defeat of a ballot measure, including identification of the ballot measure, the serial number, election date, mode of advertising and distribution or publication date; and
 - b) issuance of a recall election order, including identification of the officer to be recalled, mode of advertising and distribution or publication date.
70. Requires a certification by the committee treasurer, issued under penalty of perjury, that the contents of the report are true and correct.
71. Requires a committee to report the identity of the person to whom a receipt or disbursement is earmarked.
72. Modifies the independent expenditure report as follows:
- a) requires an entity that makes independent expenditures in excess of \$1,000 during a reporting period, other than an individual or committee, to file an independent expenditure report with the filing officer for the applicable reporting period;
 - b) requires the report to identify the election date, mode of advertising and first date of publication, display, delivery or broadcast;
 - c) eliminates the requirement for the report to contain the name and address of any person to whom an independent expenditure was made; and the names, occupations, employers and amount contributed by each of the three contributors that contributed the most money within the preceding six months; and
 - d) removes the certification under penalty of perjury stating whether or not the claimed independent expenditure is made in cooperation, consultation or concert with or at the request or suggestion of any candidate or any campaign committee.
73. Eliminates the requirement for campaign committees and ballot measure committees to report contributions made from a single source less than 20 days before the election day if the contribution meets specified thresholds.
74. Removes *no activity* reports.

Reporting Periods

75. Modifies the reporting periods as follows, using 2016 as an example:

Current report periods:		
	Time Period Covered	Report Due Between
January 31 report	21 days after the date of the election in the preceding calendar year through December 31 of a nonelection year. November 25, 2014 through December 31, 2015	No later than January 31 of the following year. January 1, 2016 and February 1, 2016

Enforcement

76. Requires the filing officer, if a committee fails to file a timely report, to send a written notice by email within 5 days after the deadline, instead of by certified mail within 15 days.
77. Requires the notice to identify the late report, describe how fines accrue and identify methods of payment, rather than provide with reasonable particularity the nature of the failure and the penalties.
78. Removes the maximum \$450 late fee.
79. Suspends temporarily the committee's authority to operate in the jurisdiction on receipt of the notice, rather than within 30 days.
80. Requires the notice to state that failure to comply with all filing and payment requirements within 30 days will result in permanent suspension.
81. Deems the filing officer the sole public officer who is authorized to initiate an investigation into alleged violations of these provisions, including the alleged failure to register as a committee.

82. Requires the filing officer to limit an investigation to violations within the officer's jurisdiction.
83. Permits the filing officer to declare a conflict of interest and refer the investigation to any other filing officer in the state who agrees to accept the referral.
84. Requires the SOS to establish guidelines in the instructions and procedural manual that outline the procedures, timelines and other processes that apply to filing officers' investigations.
85. Requires the filing officer to refer the matter to the enforcement officer as follows:
 - a) the SOS must refer matters to the AG;
 - b) a county filing officer must notify the county attorney; and
 - c) a city or town filing officer must notify the city or town attorney.
86. Prohibits a filing officer, enforcement officer or any other public officer or employee from ordering a person to register as a committee before a reasonable cause determination is made.
87. Specifies that the officers listed above do not have audit or subpoena powers to compel the production of evidence or the attendance of witnesses concerning a potential campaign finance violation.
88. Permits a filing officer to request the voluntary production of evidence or attendance of witnesses in making a reasonable cause determination.
89. Allows the enforcement officer to do the following after receiving a referral from the filing officer:
 - a) conduct an investigation using the enforcement officer's subpoena powers, but prohibits the officer from compelling a person to file campaign finance reports unless the officer has determined that the person is a committee;
 - b) serve the alleged violator with a notice of violation; and
 - c) keep any information gathered by the enforcement officer in the course of the committee status investigation confidential until the final disposition of any enforcement order appeal.
90. Requires the notice, in addition to current requirements, to specify the fine or penalty imposed.
91. Requires the enforcement officer to impose a presumptive civil penalty equal to the value or amount of money that has been received, spent or promised in violation of these provisions, but allows the enforcement officer, after a finding of special circumstances, to impose a penalty up to three times the amount of the presumptive civil penalty, based on the severity, extent or willful nature of the alleged violation.
92. Specifies that if the notice of violation requires a person to file campaign finance reports, the reports are not required to be filed until the notice of violation has been upheld after any timely appeal.

93. Exempts the information gathered by the enforcement officer in the course of the committee status investigation from public records requirements.
94. Confers on the enforcement officer the sole and exclusive authority to initiate any applicable administrative or judicial proceedings to enforce an alleged violation that has been referred by the filing officer.
95. Removes the \$1,000 cap on the civil penalty.
96. Requires the enforcement officer to:
 - a) impose the penalty set forth in the notice if the alleged violator does not take corrective action within 20 days after the date of issuance of the notice of violation; and
 - b) provide formal notice that the imposition of the penalty is an appealable agency action.
 - c) removes the good cause defenses to an enforcement action.

Miscellaneous

97. Allows a committee to terminate if it has outstanding debts or obligations that are more than five years old and the creditors have agreed to discharge them.
98. Eliminates the ability for a committee to transfer its debts and obligations to a subsequent committee for that candidate.
99. Removes the requirement for the SOS to biennially adjust the contribution limits by the percentage change in the consumer price index and instead requires the SOS to increase them by \$100 in January of each odd-numbered year.
100. Requires the SOS to publish and make available to election officials, candidates, committees and the public the revised amounts of committee registration thresholds and contribution limits.
101. Removes a requirement related to independent expenditures made within 60 days before the election day.
102. Eliminates the statute that enumerates unlawful actions by corporations and labor organizations.
103. Removes statutes specifying that:
 - a) certain religious institutions do not have to register as committees;
 - b) it is illegal for a person to volunteer for expected compensation; and
 - c) simulating a government document in an attempt to influence the outcome of an election is prohibited.
104. Requires filing officers to provide the option for electronic filing and to make all statements and reports publicly available on the internet.

105. Permits filing officers to comply with the above requirement by opting into the SOS electronic filing system and paying a fee as determined by the SOS.
106. Removes the requirement for a committee to be designated as a standing committee that the committee must be active in more than one reporting jurisdiction for more than one year.
107. Deems petition signatures ineligible if the date on which the petitioner signed the petition is before the date that the serial number was assigned, rather than the date the statement of organization was filed.
108. Requires the publicity pamphlet to contain a statement in bold-faced type as follows: *Pursuant to Proposition 105 (1998), this measure cannot be changed in the future if approved on the ballot except by a three-fourths vote of the Legislature and if the change furthers the purpose of the original ballot measure or except by referring the change to the ballot.*
109. Eliminates the designation of signatures on recall petitions before the filing of the committee's statement of organization as void.
110. Increases the deadline to file nomination papers from 90 to 180 days before the primary election.
111. Prohibits a person from filing more than one nomination paper in a calendar year.
