DEMOCRATIC PRESS CONFERENCE ONLY SERVES TO DIVIDE THE STATE

STATE CAPITOL, PHOENIX (Friday, Jan. 02, 2015) – Majority Leader-elect Steve Montenegro released the following statement:

"On just the second day of the New Year, the race baiting wing of the Arizona Democratic Caucus has already engaged in a publicity stunt that serves no purpose other than to divide lawmakers and the public."

"Today's press conference could have been about ideas on how to improve the state's economy or balance our budget, instead, a select group of Democrats chose to further stir up controversy over a bill that does not exist. This seems more like political grandstanding than true concern for the state of Arizona."
