**FOR IMMEDIATE RELEASE**

## **Representative Anthony Kern Applauds President Trump Executive Order to Reverse Obama Climate Change Policies**

**STATE CAPITOL, PHOENIX** – Representative Anthony Kern (R-20) today applauded President Donald Trump for signing an [executive order](#) reversing President Obama's climate change policies and instead promoting energy independence and economic growth.

**“I applaud President Trump for taking this necessary action to unravel the destructive regulations put in place by the Obama administration, which have been a drag on business and energy independence in the U.S.,”** said Representative Kern. **“For far too long the coal industry has suffered as regulations weighed down its productivity, opportunities to expand, and even its ability to operate at full efficiency. This is a tremendous opportunity for Arizona and the United States to start a new energy revolution.”**
