FOR IMMEDIATE RELEASE

Senate Republicans Release Majority Program

(Phoenix, State Capitol) ---- Arizona Senate Majority Leader Kimberly Yee today released the 2017 Majority Program for Arizona Senate Republicans.

The Majority Program is a framework of goals and objectives within the Republican Caucus. Throughout the 53rd Legislative Session, Senators will be sponsoring bills that address the issues found in the document.

“The Republican Caucus is proud to unveil our new Senate Majority Program today. This platform highlights important public policies our members support to create greater opportunities and prosperity for our great State,” said Senator Yee.

Over the past several weeks, Senator Yee worked with individual Members of the Senate Republican Caucus to discuss legislation they plan to advance in the coming legislative session. This formed the principles included in the Senate Majority Program. The two-page document covers a broad range of important issues to Arizonans, including economic development and job growth, education, public safety and health care.
