WHAT IS THE REQUEST TO SPEAK PROGRAM?

The Request To Speak program (RTS) is designed to allow the public to register an opinion on bills listed on agendas and to request to speak on a bill in a committee. It replaces the old slips of paper previously used to sign in and let the committee chairperson know you want to speak to the committee. Under the old paper system you could only sign in to speak or register an opinion if you were physically at the capitol. The new RTS allows you to register from your home or office.

When the committee is in session, the committee members, and the public, will see a list of names of people who have registered an opinion, if they wish to speak or not, who they are representing, and comments they may leave in the comment box. This information is also available if a person searches past committee agendas.

Spk	Position	Name	Representing	Comments	Status
Yes	For	[REDACTED]	Self		[Icons]
If Necessary	For	[REDACTED]	AZ ASSN OF COMMUNITY MANAGERS (AACM)		[Icons]
No	For	[REDACTED]	Self		[Icons]

HOW TO CREATE AN RTS ACCOUNT

You are required to come to the capitol the first time you use the RTS system. When you come to the Capitol, you can create an account and sign in on one of the Kiosks in either the House or Senate (there is also a Kiosk available in the Tucson office).

If you create an account at home, you will only be able to use the Bill Status Inquiry application to track activity on a bill until you come to the capitol and sign in on one of the Kiosks here.

After the initial sign in at a Kiosk, you can sign in from home and request to speak, register an opinion, and leave a comment for the committee members.

The process for creating this account is very simple and requires minimum information. Click on Create An Account, fill in the requested information and then click on Create Account.
