WHAT IS THE REQUEST TO SPEAK PROGRAM?

The Request To Speak program (RTS) is designed to allow the public to register an opinion on bills listed on agendas and to request to speak on a bill in a committee. It replaces the old slips of paper previously used to sign in and let the committee chairperson know you want to speak to the committee. Under the old paper system, you could only sign in to speak or register an opinion if you were physically at the capitol. After the initial setup, at a kiosk, the RTS program allows you to participate from your home or office.

When the committee is in session, the committee members, and the public, will see a list of names of people who have registered an opinion, if you wish to speak or not, who you are representing, and comments you may leave in the comment box. This information is also available if a person searches past committee agendas.

Legislators will see your bill position throughout the process.

HOW TO CREATE AN RTS ACCOUNT

Constituents are required to come to the capitol the first time you use the RTS system. When you come to the Capitol, you can create an account and sign in on one of the Kiosks in either the House or Senate (there is also a Kiosk available in the Tucson office).

If you create an account at home, you will only be able to use the Bill Status Inquiry application to track activity on a bill, not register an opinion or create a request to speak until you come to the capitol and sign in on one of the Kiosks here. You only need to physically come to the capitol once. After that, everything can be done at home.
After the initial sign in at a Kiosk, you can sign in from home and request to speak, register an opinion, and leave a comment for the committee members.

The process for creating this account is very simple and requires minimal information. Click on Create An Account, fill in the requested information and then click on Create Account.
HOW TO REGISTER AS A LOBBYIST IN RTS

You can register as a lobbyist in RTS if you know the exact name and your lobbyist number as it is registered with the Secretary of State.

- Be sure you have an account on RTS.
- Sign into RTS.
- Click on your Name.
- Click on Account Management.
- Click on the Update Personal Information tab.
- Click on the Update Personal Information button.
- Click on "Yes" next to the question "Do you wish to identify yourself as a registered lobbyist in Arizona?"

**NOTE:** If you are one of several people working for a company that is registered as a lobbyist, you must enter YOUR number and the COMPANY'S name.

The RTS system will communicate with the State of Arizona system and find your information, verifying you are a lobbyist and provide a list of companies you represent.

You have two options:
1. Save the information if it is correct.
2. Start over if it is not correct.

**NOTE:** If you are certain you have entered the correct information and you are getting an incorrect list, you will need to contact the Secretary of State. RTS has no control over what is registered with the Secretary of State, it only communicates with that database to provide the information you need to designate yourself as a lobbyist in the RTS system.

VIEW A LIST OF YOUR REQUESTS TO SPEAK AND CURRENT BILL POSITIONS

When you first log into RTS, you will see a list of requests you have made and current bill positions, in this example, there is one bill under My Requests.

On the right side is the option to Update or Delete your requests to speak or current bill positions.

This position is called a current bill position.

In this window, you will be able to see what Agendas are scheduled. You can select both the House and Senate, just the Senate, or just the House. You can also select Standing or Interim committees.
