

**PROPOSITION \_\_\_\_**  
**[HCR 2003 - 2026]**

**interscholastic; intramural athletics; biological sex**

**ANALYSIS BY LEGISLATIVE COUNCIL**

**Legislative Council Staff Draft**

1            Proposition \_\_\_\_ would prohibit males from playing in female interscholastic and intramural  
2 sports based on the biological sex of the participating athletes as recorded at birth on the athletes'  
3 original birth certificates. This proposition would amend Arizona law to require public and private  
4 schools and athletic associations that sponsor an interscholastic or intramural athletic team or sport  
5 to expressly designate such teams and sports as "males", "men", "boys", "females", "women",  
6 "girls", "coeducational" or "mixed".

7            Proposition \_\_\_\_ would also:

8            1. Prohibit public schools, private schools, higher education institutions and athletic  
9 associations that provide and maintain private spaces, including restrooms, locker rooms and  
10 shower rooms, that are integral to athletic engagement from authorizing any individual to use a  
11 private space that is not designated for that individual's biological sex as recorded at birth on the  
12 individual's original birth certificate.

13           2. Expand who may sue and be sued for alleged violations of the law.

14           3. Provide that this proposition would not restrict any athlete's eligibility to participate on  
15 a team or in a sport that is aligned with the athlete's sex or that is designated as "coeducational" or  
16 "mixed".

17           4. Expand the applicability of the law from "student" to "athlete" and define the term  
18 "athlete" to include students and individuals who participate in any athletic team or sport.

19           5. Designate this proposition as the "Protect Girls' Sports in Arizona Act."
