RE: House Bill 2788: utility; resource plan; commission review

Speaker Montenegro,

Today, I vetoed House Bill 2788. Policies that lead to families and businesses benefiting from a responsible, reliable, and affordable energy grid is core to my vision of a 21st century clean energy economy in Arizona. While the current review process may benefit from updates, adjustments to the process should not bar updates that work against building an energy economy of the future.

Sincerely,

Katie Hobbs
Governor
State of Arizona
