MINUTES OF THE MEETING

JOINT COMMITTEE ON CAPITAL REVIEW

December 17, 2014

The Chairman called the meeting to order at 3:12 p.m., Wednesday, December 17, 2014 in House Hearing Room 1. The following were present:

Members:
- Senator Shooter, Vice-Chairman
- Senator Cajero Bedford
- Senator Griffin
- Senator McComish
- Senator Melvin
- Senator Pancrazi
- Senator Tovar

Representative Kavanagh, Chairman
Representative Alston
Representative Gray
Representative Sherwood

Absent:
- Representative Campbell
- Representative Forese
- Representative Gowan

APPROVAL OF MINUTES

Hearing no objections from the members of the Committee to the minutes of September 30, 2014, Chairman John Kavanagh stated that the minutes would stand approved.

Mr. Jon Stall, JLBC Staff, stated the State Lottery Commission is requesting review of its FY 2015 Building Renewal Allocation Plan. The JLBC Staff presented options to the Committee.

Eric Borg, Director of Operations, State Lottery Commission, responded to member questions.

Senator Shooter moved that the Committee give a favorable review to the FY 2015 Building Renewal Allocation Plan with the following provisions:

A. The Lottery Commission report on actual expenditures for the plan by June 30, 2015.

(Continued)
B. The agency request Committee review prior to expending monies for projects outside their current request.

The motion carried.

A. ARIZONA STATE UNIVERSITY (ASU) - Review of Sun Devil Stadium Renovations.

Mr. Art Smith, JLBC Staff, stated ASU is requesting review of $200.0 million in system revenue bond issuances over the next 2 years to fund the 3 phases of Sun Devil Stadium renovations. The Arizona Board of Regents (ABOR) has given conceptual approval of the project along with approving the issuance of a $60.0 million bond for Phase 1 of the project. The JLBC Staff presented options to the Committee.

Morgan Olson, Vice President and Chief Financial Officer, ASU, responded to member questions.

Senator Shooter moved that the Committee give a favorable review to the $60.0 million bond issuance (plus $5.7 million of gift revenue) for Phase 1 of the project with the following standard university financing provisions:

**Standard University Financing Provisions**
A. A favorable review by the Committee does not constitute endorsement of General Fund appropriations to offset any revenues that may be required for debt service, or any operations and maintenance costs when the project is complete.
B. ASU shall provide the final debt service schedules for the projects as soon as they are available.

The motion carried.

B. ARIZONA STATE UNIVERSITY (ASU) - Review of IT Infrastructure Projects.

Mr. Art Smith, JLBC Staff, stated ASU is requesting review of $20.0 million in system revenue bond issuances to fund the installation of high speed broadband in over 500 classrooms and study halls at all 3 of ASU’s campuses. The JLBC Staff presented options to the Committee.

Senator Shooter moved that the Committee give a favorable review to the $20.0 million in system revenue bond issuances to fund the installation of high speed broadband with the following standard university financing provisions:

**Standard University Financing Provisions**
A. A favorable review by the Committee does not constitute endorsement of General Fund appropriations to offset any revenues that may be required for debt service, or any operations and maintenance costs when the project is complete.
B. ASU shall provide the final debt service schedules for the projects as soon as they are available.

The motion carried.

Ms. Micaela Larkin, JLBC Staff, stated that ADC is requesting review of a reallocation of contingency monies from the previously reviewed FY 2014 and FY 2015 building renewal allocation plans. ADC is now proposing to allocate a total of $227,000 contingency monies to improvements to the wastewater treatment plant at Arizona State Prison Complex (ASPC)-Eyman, a telecommunications project at ASPC - Lewis, and inpatient care beds at ASPC-Tucson Rincon. The JLBC Staff presented options to the Committee.

(Continued)
Senator Shooter moved that the Committee give a favorable review to ADC’s reallocation of $227,000 contingency monies (shown below) with the provision that ADC shall report any change in the spending plan to the JLBC Staff, including reallocations between projects and non-emergency use of contingency monies. If there is significant change of scope in the reallocation reported by ADC, the JLBC Staff shall recommend ADC request Committee review of the reallocation. The motion carried.

DATE: March 19, 2015

TO: Senator Don Shooter, Chairman
Members, Joint Committee on Capital Review

FROM: Richard Stavneak, Director

SUBJECT: Adoption of Committee Rules and Regulations

The Committee will consider the attached rules and regulations for adoption at its March 26 meeting. The rules are the same as in the prior session except for conforming to statutory changes.

RS:Im
Attachment
JOINT COMMITTEE ON CAPITAL REVIEW
RULES AND REGULATIONS

RULE 1

NAME OF COMMITTEE AND METHOD OF APPOINTMENT

The name of the Committee is the Joint Committee on Capital Review, hereinafter referred to as the Committee, consisting of fourteen members designated or appointed as follows:

1. The Chairman of the Senate and House of Representatives Appropriations Committees.
2. The Majority and Minority Leaders of the Senate and House of Representatives.
3. Four members of the Senate and four members of the House of Representatives who are members of their Appropriations Committees and who are appointed to the Committee by the President of the Senate and the Speaker of the House of Representatives, respectively.

RULE 2

CHAIRMAN OF THE COMMITTEE

The Chairman of the Senate Appropriations Committee shall have a term as Chairman of the Joint Committee on Capital Review from the first day of the First Regular Session to the first day of the Second Regular Session of each legislature and the Chairman of the House of Representatives Appropriations Committee shall have a term as Chairman from the first day of the Second Regular Session to the first day of the next legislature's First Regular Session.

RULE 3

QUORUM

A majority of the members of the Committee shall constitute a quorum for the transaction of business.

RULE 4

MEETINGS OF THE COMMITTEE

The Committee shall meet as often as the members deem necessary.

RULE 5

COMMITTEE PROCEEDINGS

The Committee proceedings shall be conducted in accordance with Mason's Manual of Legislative Procedure, except as otherwise provided by these rules.
RULE 6

STATUTORY POWER AND DUTIES OF THE COMMITTEE

The Committee shall:

1. Develop and approve a uniform formula for computing annual building renewal funding needs and a uniform format for the collection of data for the formula.

2. Approve building systems for the purposes of computing and funding building renewal and for preparing capital improvement plans.

3. Review the state capital improvement plan and make recommendations to the Legislature concerning funding for land acquisition, capital projects and building renewal. The recommendations should give priority to funding fire and life safety projects.

4. Review the expenditure of all monies appropriated for land acquisition, capital projects and building renewal.

5. Review the scope, purpose and estimated cost of the project prior to the release of monies for construction of new capital projects.

6. Approve transfers within a budget unit of monies appropriated for land acquisition, capital projects or building renewal.

7. Review and approve the acquisition of real property or buildings by the Arizona Department of Administration and Arizona Department of Transportation.

8. Review the acquisition of real property or buildings by the Department of Economic Security.

9. APPROVE THE ACQUISITION OF REAL PROPERTY OR BUILDINGS BY THE DEPARTMENT OF CHILD SAFETY.

10. Determine the rental fee charged to state agencies for using space in a building leased to the state.

11. Approve expenditures from the Corrections Fund by the Director of the Department of Administration for major maintenance, construction, lease, purchase, renovation or conversion of Corrections facilities.

12. Review Arizona Board of Regents, Community College and Game and Fish bond projects.

15. Review School Facilities Board and school district lease-to-own projects.

15. The Committee shall have other duties and responsibilities as outlined in statute or determined by the Chairman, consistent with law.

RULE 7

STAFF

The Joint Legislative Budget Committee Staff shall provide staff assistance to the Committee as directed by the Committee.
RULE 8

AGENDA FOR MEETINGS

An agenda for each Committee Meeting shall be prepared by the Director, and, whenever possible, mailed or delivered to members of the Committee, not less than one week prior to the meeting. The Director must have at least three weeks prior notice for any state agency-requested items that appear on the agenda, unless the Chairman of the Committee approves of a later submission.

RULE 9

ORDER OF BUSINESS

The Order of Business at a committee meeting shall be determined by the Chairman of the Committee. It shall normally be as follows:

- Call to order and roll call
- Approval of minutes
- Director’s Remarks (if any)
- Review of capital projects
- Other Business - For Information Only
- Adjournment

RULE 10

ADOPTION AND AMENDMENT OF THE RULES AND REGULATIONS

These rules and regulations shall be adopted and may be amended by a majority vote of the Committee members.

JLBC Staff
2/9/15
E:\JCCR\Rules\JCCR RULE 020915.doc
DATE: March 19, 2015

TO: Senator Don Shooter, Chairman
Members, Joint Committee on Capital Review

THRU: Richard Stavneak, Director

FROM: Benjamin Beutler, Senior Fiscal Analyst

Request

Laws 2014, 2nd Special Session, Chapter 1 requires Committee review of the Department of Child Safety’s (DCS) and the Department of Economic Security’s (DES) plan for buildings where both departments reside. DCS and DES propose that DES retain ownership of the 7 joint occupancy buildings. The departments also propose amending their intergovernmental facility services agreement to ensure DCS’ continued right to use the joint occupancy buildings.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

Analysis

Chapter 1 requires DES to (1) convey ownership of the building located at 1717 West Jefferson Street in Phoenix to DCS; (2) transfer ownership of other land and buildings as deemed appropriate to DCS; and (3) submit a joint report with DCS for Committee review listing all land and buildings owned by DES in which DCS is present and their recommendation as to which agency should maintain or receive ownership. Chapter 1 also requires Committee review of the report and approval of any transfers of ownership.

Pursuant to the first requirement, ownership of the 1717 West Jefferson Street building has been transferred to DCS. During spring 2014, DCS planned on remodeling the building to use as its central office. Because the 1717 West Jefferson Street building would have required significant interior remodeling, DCS has since (Continued)
decided to lease private space for its central office at 3003 North Central Avenue. DCS plans to transfer ownership of the 1717 West Jefferson Street building to the Arizona Department of Administration for use as flexible office space, to be used temporarily as needed by any state agency. Other DCS relocation issues will be discussed in greater detail at the March 31, 2015 Joint Legislative Budget Committee meeting.

In accordance with the third requirement, the departments provided the list of joint occupancy buildings in Table 1. The departments propose that DES retain ownership of the 7 joint occupancy buildings. Since DES owns the buildings, it does not pay state rent. There are, however, costs to DES for operating the buildings, and DCS will be required to pay its proportional share of costs.

DCS and DES also propose that the current intergovernmental agreement between DCS and DES for facility services be amended with the following provisions:

- DES guarantees DCS its current space in each building, as long as desired. The allocation of space between the departments may be changed by mutual agreement should one agency vacate space and the remaining agency desire the vacated space. If DCS desires to reduce space in one of the locations and DES does not need the additional space, DCS agrees to provide a 6-month notice prior to vacating the space to allow DES to formulate a backfill plan.

- If one of the 7 joint occupancy buildings is sold, the proceeds of the sale will be divided between DCS and DES in proportion to the then current proportional occupancy.

RS/BB:kp
Mr. Richard Stavneak  
Director, Joint Legislative Budget Committee  
1717 West Adams  
Phoenix, Arizona 85007  

Dear Mr. Stavneak:  

Laws 2014, Chapter 1, Second Special Session, Section 161 requires, in part:  

By January 1, 2015, the department of economic security and the department of child safety shall submit a joint report to the joint committee on capital review listing all land and buildings owned by the department of economic security in which the department of child safety is present and their recommendation as to which agency should maintain or receive ownership. The joint committee on capital review shall review the report and approve any transfers of ownership.  

Pursuant to this requirement, please find below the complete listing of land and buildings that are titled to the Department of Economic Security (DES) and occupied by Department of Child Safety (DCS) staff.

</tbody>
</table>

* DES owns this building. The State Land Department owns the land the building is situated on.
In light of the proportional occupancy of the two departments in each building, the residual federal equity in some buildings, and the continued availability of DES' maintenance staff to maintain these buildings, it is the recommendation of both agencies that DES retain ownership of all seven of the noted buildings and that the current intergovernmental agreement between DES and DCS for facility services be amended to ensure DCS continues to benefit from the use of these buildings. Specifically:

1. In operation – the benefit of these properties to both agencies is the low cost of occupancy. Therefore, DES guarantees DCS its current space in each building, as long as desired. The allocation of space between the departments may be changed by mutual agreement should one agency vacate space and the remaining agency desire the vacated space. If DCS desires to reduce space in one of the noted locations and DES does not need the additional space, DCS agrees to provide a six month notice prior to vacating the space to allow DES to formulate a backfill plan.

2. In disposal – if a listed building is sold, the proceeds of the sale will be divided between DES and DCS in proportion to the then current proportional occupancy.

We believe this approach maintains the benefits of these properties for both departments without incurring additional costs or disruption for either department.

If you have any questions, please contact Barbara Neagle, Assistant Director, Division of Business and Finance, (602) 542-6508.

Sincerely,

James Hillyard
Deputy Director for Operations
Arizona Department of Economic Security

Eric Jorgensen
Deputy Director for Administration
Arizona Department of Child Safety

cc: Members of the Joint Committee on Capital Review
    John Arnold, Director, Governor’s Office of Strategic Planning and Budgeting
DATE: March 19, 2015
TO: Senator Don Shooter, Chairman
     Members, Joint Committee on Capital Review
THRU: Richard Stavneak, Director
FROM: Micaela Larkin, Fiscal Analyst
SUBJECT: Arizona Department of Corrections - Review of Revised FY 2014 Building Renewal Allocation and Revised FY 2015 Building Renewal Allocation Plans

Request

A.R.S. § 41-1252 requires Committee review of expenditure plans for building renewal monies.

JCCR has previously reviewed Arizona Department of Corrections' (ADC's) FY 2014 and FY 2015 Building Renewal plans, including contingency allocations. This memo addresses a reallocation of savings from FY 2014 monies for new projects, and a change in the FY 2015 building renewal spending plan.

ADC is now proposing to allocate a total of $1,702,500 savings from perimeter and locking upgrades made with the FY 2014 building renewal appropriation to other projects. ADC also proposes to allocate monies originally allotted in the FY 2015 building renewal plan for the conversion from evaporative cooling to air conditioning at APSC - Eyman to be used at ASPC - Tucson instead.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

The proposed expenditure plan is consistent with building renewal guidelines and appropriations.

Under either option, the JLBC Staff recommends the provision that ADC shall report any change in the spending plan to the JLBC Staff, including reallocations between projects and non-emergency use of contingency monies. If there is significant change of scope in the reallocation reported by ADC, the JLBC Staff shall recommend ADC request Committee review of the reallocation.

(Continued)
Analysis

Building renewal appropriations provide for the major maintenance and repair of state-owned buildings. The Committee favorably reviewed the FY 2014 Building Renewal Plan on August 20, 2013 and the FY 2015 Building Renewal Plan on June 19, 2014. On December 17, 2014, the Committee reviewed reallocation of contingency monies within the plans. Per the provisions agreed upon at the respective JCCR meetings, the department is now submitting further changes in the spending plans for Committee review.

Revised FY 2014 Building Renewal Allocation
Laws 2013, 1st Special Session, Chapter 8, appropriated $5.0 million to ADC from the Department of Corrections Building Renewal Fund in FY 2014. The Committee favorably reviewed the department’s proposal at its August 20, 2013, and subsequent use of contingency monies at the December 17, 2014 meeting.

The authorized spending for control replacement at ASPC - Douglas and for perimeter security upgrades at ASPC - Florence and ASPC - Tucson in the original FY 2014 building renewal plan were completed for $(1,415,000) less than the approved project budgets.

ADC is now requesting to reallocate the remaining project funds of $1.4 million for 5 additional projects. Of this amount, ADC proposes allocating:

- $500,000 for replacement of a generator at ASPC - Tucson Whetstone. Currently, if there are power failures, ADC would need to rent a generator.
- $486,000 for the replacement of the original underground natural gas lines that have reached the end of their service life at ASPC - Florence East.
- $229,000 for replacement of the main electrical switch gear, service entrance section, and distribution panels at ASPC - Florence. Installed in 1960, the electrical units distribute electrical power to the Central unit housing maximum custody prisoners, health units, and administrative offices.
- $100,000 for upgrading perimeter fencing at ASPC - Perryville Lumley.
- $100,000 for the replacement of rusted and eroded showers at ASPC - Perryville Lumley.

Table 1 below shows the proposed revisions to the FY 2014 Building Renewal Plan.

Revised FY 2015 Building Renewal Allocation
Laws 2014, Chapter 15 appropriated $8.4 million ($3.0 million from the General Fund and $5.4 million from Other Funds) to ADC for building renewal in FY 2015. The Committee favorably reviewed the department’s proposal at its June 19, 2014 meeting, and subsequent use of contingency monies at the December 17, 2014 meeting.

ADC is now requesting to reallocate $287,500 for the conversion from evaporative cooling to air conditioning at ASPC - Eyman Cook to be used as additional funds for the conversion already approved at ASPC - Tucson Manzanita. With this request, the conversion at Eyman Cook would not take place, and the additional funds would be used to complete the work at Tucson Manzanita.

$^\nu$ A new project proposed with the reallocation of project savings.
February 9, 2015

The Honorable Don Shooter, Chairman
Joint Committee on Capital Review
1716 West Adams
Phoenix, Arizona 85007

Dear Senator Shooter:

The Arizona Department of Corrections requests placement on the next meeting agenda of the Joint Committee on Capital Review to request authorization to reallocate remaining project funds from the AY 2014 and AY 2015 building renewal appropriations.

Authorized funding at three facility units for perimeter and lock upgrades are on schedule to be completed by $1,415,000 under the approved project budgets. The Department requests the use of these funds for five additional projects: (1) ASPC-Tucson Whetsone Unit replacement of failed generator; (2) ASPC-Florence East Unit replacement of deteriorated natural gas line; (3) ASPC-Florence replacement of malfunctioning electrical switch gear and distribution system; (4) ASPC-Perryville Lumley Unit perimeter security upgrade; and (5) ASPC-Perryville Lumley Unit shower upgrade. Additional detail about the requested changes to the building renewal reallocation and project details are included on the enclosures.

If you have any questions regarding any of the proposed items, please contact me at (602) 542-1160.

Sincerely,

Michael P. Kearns
Division Director

1. Laws 2012, Second Regular Session, Chapter 265 (SB 1524), Section 9 states that "Unless otherwise specified, the appropriations made in this act do not lapse until the purpose for which the appropriation was made has been accomplished or abandoned, or the appropriation stands for a full fiscal year without an expenditure or an encumbrance."

2. The AY 2014 Building Renewal Plan was approved by JCCR on August 20, 2013. The plan was subsequently revised and approved by JCCR on December 17, 2014, to add a Fiber Optic Cable Upgrade for ASPC-Lewis and a Wastewater Disinfection System Upgrade for ASPC-Eyman funded from the Contingency allocation.

Date Prepared: February 9, 2015
Arizona Department of Corrections  
FY 2014 Building Renewal Funds Reallocation

Due to favorable construction bids and project scope of work modifications, three of the FY 2014 ADC building renewal projects were delivered well below the project estimated budgets and have excess funds that are uncommitted. ADC requests to utilize the remaining funds from these three projects to fund five additional projects listed below.

**ASPC-Tucson Whetstone Unit Generator:**

The ASPC-Tucson Whetstone Unit generator suffered an engine failure which has taken the generator out of service. The Whetstone unit has a population of 1,250 inmates and currently is relying on extremely expensive contingency plans of renting a generator when there are power failures. The replacement of the generator is critical to the safe and secure operation of the unit as it provides emergency power for security and lighting systems in the event of a power failure.

**ASPC-Florence East Unit Natural Gas Line:**

The natural gas lines serving the ASPC-Florence East unit have deteriorated to the point of replacement. The gas lines throughout the unit have developed leaks and must be replaced. The original underground gas lines were installed in 1982 and have reached the end of their service life. The lines continue to leak and present a hazard to inmates and staff. The complex has started replacing the worst section of these lines with their limited budget but a complete replacement of the entire underground system is required.

**ASPC-Florence Complex Electrical Switch Gear:**

The main electrical switch gear, service entrance section and distribution panels at ASPC-Florence are experiencing electrical short circuits and circuit failures and have reached the end of their service life. These units were originally installed in 1960 and distribute electrical power the Central unit which houses maximum custody inmates, multiple health units and administrative offices. The upgrade to these critical electrical systems is needed to provide continual power to the Central unit at the complex.

**ASPC-Perryville Lumley Unit Perimeter Fence:**

ASPC-Perryville Lumley Unit which houses maximum custody inmates and was constructed in 1981 is in need of a perimeter fence upgrade. This unit houses maximum custody female inmates, including death row, and its current perimeter fence system is in need of an upgrade to a double perimeter fence system. The addition of an additional perimeter fence will boost security and provide an additional resource to prevent escapes and protect the public.

Date Prepared: February 9, 2015
ASPC-Perryville Lumley Unit Showers: $100,000
The ASPC-Perryville Lumley Unit showers which were constructed in 1981 have reached the end of their service life and are in need of renovation. This unit houses maximum custody female inmates, including death row. Original construction method of masonry block and metal doors and frames have eroded and rusted to an extent as to render some of the showers unusable. The reduced number of available showers puts a strain on both staff and inmates in so far as scheduling and managing the inmates' ability to shower.

Available funding for reallocation came from the following projects:

ASPC-Florence South Unit Perimeter Upgrade: ($360,000)
The original scope of work called for a ported cable detection system and several fences to be relocated. It was determined through an engineering study conducted by Norment that a ported cable system would not function properly due to the close proximity of the two perimeter fences to each. A fence mounted detection system was installed at a reduced cost. Previously fence modifications were changed to a lesser scope of work than was originally planned for the project.

ASPC-Tucson Cimarron Unit Lock Upgrades: ($545,000)
The original scope of work and estimates were based on completing two similar projects at the Cimarron Unit. Housing Unit 4 did not have as many doors and lock issues that needed to be corrected during the project as previous units.

ASPC-Douglas CDU Control Panel Replacement: ($510,000)
The project was originally estimated with funding to correct structural issues with the building settling and causing doors to bind. Engineering confirmed during the project that the building had settled at some point but no future settling was anticipated and only minor structural issues needed to be corrected.

THRU: Richard Stavneak, Director

FROM: Steve Grunig, Senior Fiscal Analyst

SUBJECT: Arizona Exposition and State Fair Board - Review of FY 2015 Capital Improvement Expenditures

Request

Pursuant to A.R.S. § 41-1252 the Arizona Exposition and State Fair Board requests Committee review of the scope, purpose and estimated cost of $285,000 for capital improvements. The FY 2015 Capital Outlay Bill (Laws 2014, Chapter 15) appropriated $1,000,000 from the Arizona Exposition and State Fair Fund to the Arizona Exposition and State Fair Board for capital improvements. In June 2014, the Committee gave a favorable review to the Arizona Exposition and State Fair Board’s $731,000 expenditure plan for 9 capital projects. One of these projects has been completed for $100,000 less than the original estimate, leaving $369,000 currently available from the agency’s FY 2015 Capital Outlay Bill appropriation. The Arizona Exposition and State Fair Board is requesting Committee review of 4 capital projects with a total cost of $285,000 in FY 2015.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

Analysis

Background

The Arizona Exposition and State Fair Board requests the Committee review the following 4 projects:
1. Home Arts Building Fire Alarm System
   The State Fire Marshal's Office has determined that fire safety improvements are required. These include installation of pull station alarms, audible horns and visual flashers. Estimated project cost is $110,000.

2. Coliseum Emergency Generator
   The 50-year-old emergency generator supporting the Coliseum is no longer reliable and needs to be replaced. In September 2014, the existing system failed and required emergency repairs prior to the State Fair in October 2014. Estimated project cost is $75,000.

3. Coliseum Boiler
   The original Coliseum design (50 years ago) included 2 water boilers for heating. Since 2011, one of these heating boilers has been inoperative. In order to maintain availability of heating, a new replacement boiler will be installed, while the older system will remain for contingencies. Estimated project cost is $50,000.

4. Home Arts Evaporative Coolers
   Five evaporative coolers in the Home Arts Building (in excess of 20 years old) have become unreliable and need to be replaced. Estimated project cost is $50,000.

RS/SG:kp
February 9, 2015

The Honorable Don Shooter
Joint Committee on Capital Review
Arizona Senate
1700 W. Washington, Room 200
Phoenix, AZ 85007

Re: Request for Placement on Joint Committee on Capital Review Agenda

Dear Senator Shooter:

The Arizona Exposition and State Fair (AESF) respectfully request a favorable review for the expenditure of monies on the following capital improvements or building renewal projects:

1. Home Arts Building Fire Alarm System  $110,000
2. Coliseum Emergency Generator  $75,000
3. Coliseum Boiler  $50,000
4. Home Arts Evaporative Coolers  $50,000

A brief description of the projects is as follows:

1. **Home Arts Building Fire Alarm System**
   New detection and audible warning systems are being required by the State Fire Marshal. Project includes installation of pull station alarms, audible horns and visual flashers. This project is being sought to comply with fire safety requirements and public protection.

2. **Coliseum Emergency Generator**
   Design and replacement of the emergency generator supporting the Coliseum. The emergency power generator in the Coliseum is 50 years old and is beginning to fail. During the Storms in September 2014, the system failed and required emergency repairs or alternate provisions before the Coliseum could be occupied for the State Fair in October. This project is being sought to comply with fire safety requirements and public protection.

3. **Coliseum Boiler**
   Design and replace a heating boiler in the Coliseum. The Coliseum was heated by two (2) 6,000,000 BTU water boilers. The boilers are original to the building
and are 50 years old. In 2011, one boiler was deemed beyond its useful life and unrepairable. The State Boiler Inspector tagged the boiler as inoperable. The remaining boiler is temperamental and has been supported with parts from the decommissioned boiler. When renting the Coliseum during the winter, availability of heating is generally a condition and concern. A single boiler of this size is capable of heating the Coliseum; the use or availability of two allows for contingency issues in event of a failure. The current boiler still in service would be retained as the secondary heating source. This project is being sought as a business continuity need, an opportunity for energy efficiency and to allow rental opportunities within the building.

4. **Home Arts Evaporative Coolers**
   Replace five evaporative coolers used to moisturize and circulate air in the building. The current coolers are in excess of 20 years old, require continual maintenance and are undependable. This project is being sought to improve the rental opportunities of the building and improve the guest experience.

Costs of the above projects are based on contracted services and estimates for in-house construction, as possible. AESF will utilize ADOA General Services to identify the most expedient and fiscally responsible process to accomplish these projects, whether through bid, state contracts or in-house labor. ADOA General Services will also be sought to administer these constructions projects as appropriate.

If you have any questions or require additional information concerning the requests, please contact me at 602-252-6771.

Sincerely,

[Signature]

Wanell Costello

SUBJECT: Arizona Game and Fish Department - Review of FY 2014 Building Renewal Allocation Plan

Request

A.R.S. § 41-1252 requires Committee review of expenditure plans for building renewal monies. The Arizona Game and Fish Department (AGFD) requests the Committee review its FY 2014 Building Renewal Allocation Plan for $297,100. The FY 2014 Capital Outlay Bill (Laws 2013, 1st Special Session, Chapter 8) appropriated a total of $547,600 from the Game and Fish Fund for building renewal. The bill specified the appropriation in FY 2014 is available through the end of FY 2015.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

The proposed building renewal expenditure plan is consistent with building renewal guidelines and appropriations.

Analysis

Building renewal appropriations provide for the major maintenance and repair of state-owned buildings. A total of $547,600 is appropriated to AGFD for building renewal in FY 2014.

AGFD expects to allocate $297,100 between 4 projects: $166,100 for the Tucson Regional Office remodel, $35,000 for the Tonto Creek Hatchery Septic System renovation, $52,200 for an AGFD State Headquarters Major Maintenance Fund deposit, and $43,800 for preventative maintenance.

(Continued)
Tucson Regional Office Project
AGFD has identified concerns related to the outdated design and layout of the Tucson Regional office that affect employee safety, customer service, and compliance with the Americans with Disabilities Act. The remodel includes installing new walls, flooring, work stations, customer service counters, and rolling security shutters. The cost to remodel 1,120 square feet is $148 per square foot.

Tonto Creek Fish Hatchery Project
The Tonto Creek Fish Hatchery sees increased recreational use in the summer and has an inadequate septic/leach field system. The system serves 2 public buildings and 1 public restroom facility and the septic system fails during peak use of the restroom in the summer and when the ground gets saturated with snow in the winter. AGFD plans to construct an independent septic system for 1 building and renovate and expand the capacity of the current system for a total cost of $35,000. This includes $5,000 for engineering and permitting, $18,000 for the new septic system, and $12,000 for renovating and expanding the current system.

Major Maintenance Fund Deposit
AGFD committed to depositing a portion of its annual building renewal allocation into a sinking fund as part of the lease-purchase agreement for the AGFD Headquarters facility. This deposit is expected to be $52,200 for FY 2014. The fund covers future capital expenses associated with major cyclic maintenance and includes administration building roof maintenance, interior floors and walls replacement and painting, building systems upgrades, HVAC replacement, and asphalt maintenance along a 25-year schedule.

Preventative Maintenance
A.R.S § 41-793.01 allows AGFD to allocate up to 8% of building renewal appropriations for routine preventative maintenance. The $43,800 allocation includes preventative maintenance and testing of the following systems: HVAC systems, building systems pavement, back-up power generator systems, fire detection alarm and suppression systems, sewer lift stations, and fire and potable water system backflow protection.

January 30, 2015

Representative Justin Olson, Chairman
Joint Committee on Capital Review
Arizona House of Representatives
Capitol Complex
1700 W. Washington
Phoenix, AZ 85007-2890

Re: Request for Placement on Joint Committee on Capital Review Agenda

Honorable Representative Olson:

The Arizona Game and Fish Department respectfully requests to be on the next scheduled agenda of the Joint Committee on Capital Review to review the following:

1. The Arizona Game and Fish Building Renewal Expenditure Plan (FY14 Appropriated Funds)

The following information for this review is attached:

- Arizona Game and Fish Building Renewal Expenditure Plan

Sincerely,

Larry D. Voyles
Director
Arizona Game and Fish Building Renewal Expenditure Plan – FY15

Project: Tucson Regional Office Security and ADA Upgrades
Objectives: Improve employee security; improve customer service functionality

Need: The Department’s Region 5 (Tucson) staff has identified several significant concerns related to the aged design and layout of their business office and front lobby that effect employee safety, customer service and efficiency, compliance with ADA guidelines and ensuring compliance with appropriate internal controls related to cash handling. The Tucson office is one of the busiest of the Department’s six Regional Offices, yet has the smallest lobby, service counter and business office area. The office has had no significant upgrades since 1997. Specific concerns are as follows:

Security

- Tucson has a history of political demonstration and activism that has presented a security threat to the facility and personnel
- Current workstations are situated in a way that impedes lobby surveillance; customers may go unnoticed, increasing wait times and providing opportunity for theft or vandalism
- The partition between the front lobby and customer service representatives is inadequate to protect employees. The height of the counter is low and could easily be jumped by an assailant. The close approximation to customers creates a situation where a customer can reach across and grab the employee
- The swing gate that provides employee access is difficult to keep closed and is lower than the counter; this is an inadequate barrier
- Renovation will enhance the security of accountable inventory

Functionality

- Currently there are only three cash registers of which two are fully functional. This is inadequate to keep up with peak demand periods resulting in excessive wait times for customers. The lobby is small and can only accommodate a few customers at a time, further exacerbating the problem
- During peak business demand, lines form and extend into the parking lot creating an unsafe situation for customers and employees
- There is only a “makeshift” ADA customer service station that is not fully compliant. The main lobby entry door is problematic in it requires excessive pull pressure.
- Access to regulatory information, Department brochures and interactive opportunity is very limited
- Lobby appearance is dated and unappealing affecting the customers’ experience and perception of the Department
- Due to limited availability of functional workstations, compliance with Department accounting policy is challenging; compliance with internal control policies is difficult as multiple customer service representatives must access the same cash drawer

Solution: The remodel will focus on improved security and ADA accessibility. With the exception of the new ADA station, three new customer service bays will be standing height and will reduce exposure to the business office area. Security shutters will be installed for off-hours security. Passage from the lobby to the business office will be through an access controlled doorway. Additionally, the design will provide added waiting and browsing space for visitors with special consideration for disabled customers. The additional space will be added to the lobby by removing two volunteer stations and a partition wall in the business area and moving
the customer service counter back from the lobby. The new configuration will include new entry doors with an ADA compliant power door operator.

**TOTAL ESTIMATE:** $166,123

Impact of Not Approving this Request: AGFD is committed to providing a safe work environment to its employees while presenting a positive image at its Regional facilities, as well as superior customer service. Continued deferred maintenance will result in dilapidated facilities, poor customer experience, and in some cases, health and safety implications.

Project: Tonto Creek Hatchery Septic System Remediation
Objectives: RemEDIATE health concerns; maintain facilities for on-station staff and visiting public

Need: The Tonto Creek Hatchery is a popular destination spot for summer travelers in the rim country. Currently there are two buildings and a public restroom facility on a single septic/leach field system. The leach field currently fails during high public use of the restroom or when the ground becomes saturated from snow in the winter.

Solution: The system is under designed for the wastewater that is being generated. The plan is to construct an independent septic system for the most northerly building and renovate and expand the capacity of the current system.

**TOTAL ESTIMATE:** $35,000
Arizona Game and Fish State Headquarters – Major Maintenance Fund

**Background:** As part of the lease purchase agreement for the AGFD Headquarters facility, the Department committed to depositing a portion of its annual building renewal allocation into a sinking fund established through an indenture agreement with Wells Fargo Corporate Trust. This fund will cover future capital expenses associated with major cyclic maintenance items based on the following:

- Administration Building Roof Maintenance – Foam Roof Sealant every 7 years; new roof in year 25
- Interior Floors, Walls – Replace carpet flooring every 7 years; paint interior walls every 5 years; other flooring every 10 – 15 years
- Building Systems - Assumes ongoing upgrades to lighting, HVAC (energy management), telecommunication and information systems; security/access control system; fire detection and alarm system
- HVAC – Anticipated replacement of chiller in year 25; air handler unit replacements in years 20 -25; independent heat pump systems every 12 years
- Asphalt Maintenance – Crack seal every 3 years; seal coat parking lots every 5 years; slurry seal main entry road every 5 years; mill and overlay parking lot and main entry road in year 20

**Estimated Annual Sinking Fund Requirement:** $52,230

    Members, Joint Committee on Capital Review

THRU: Richard Stavneak, Director

FROM: Benjamin Beutler, Senior Fiscal Analyst

SUBJECT: Arizona Department of Transportation - Review of De-Icer Buildings Project

Request

A.R.S. § 41-1252 requires Committee review of expenditure plans for capital projects with costs greater than $250,000. The Arizona Department of Transportation (ADOT) is requesting Committee review of $2,280,000 from the State Highway Fund for the construction of 5 de-icer buildings.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

The cost projections are consistent with the low bid and are within the proposed budget for the project.

Under either option, the JLBC Staff recommends the provision that ADOT report any project reallocations above $100,000.

Analysis

The FY 2015 Capital Outlay Bill appropriated $2,280,000 from the State Highway Fund in FY 2015 to the department to construct 5 new buildings to house de-icer chemicals, bulk sand, and cinders used during winter months to de-ice highways.

(Continued)
ADOT estimates a total cost of $2,280,000 to construct new de-icer buildings at 5 locations (Camp Verde, Fredonia, Kayenta, St. John, and Three Way), as shown in the following table:

<table>
<thead>
<tr>
<th></th>
<th>Estimated Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>5 De-Icer Buildings</td>
<td>$2,212,600</td>
</tr>
<tr>
<td>Contingency</td>
<td>67,400</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>$2,280,000</strong></td>
</tr>
</tbody>
</table>

ADOT’s estimated cost for the 5 proposed locations averages $456,000 per location. This is the same cost per location as favorably reviewed by the Committee on April 8, 2014, the last time the Committee reviewed these types of projects. The $456,000 per location is consistent with the low bid and is within the proposed budget for the project.

The new de-icer buildings would replace existing outside storage, and would help ADOT comply with an environmental agreement with the Arizona Department of Environmental Quality regarding storm water/waste water.

RS/BB:kp
March 19, 2015

The Honorable Don Shooter
Chairman
Joint Committee on Capital Review
1716 West Adams St.
Phoenix, AZ  85007

Dear Senator Shooter:

We respectfully request an agenda item be placed on the next meeting of the JCCR for review of projects related to ADOT’s FY2015 Capital Outlay Appropriation.

ADOT was appropriated $2,280,000 for the construction of de-icer material storage buildings as part of a comprehensive containment designed to keep chemicals and materials from entering and contaminating the state’s water system. Funds will be used to build two (2) 60 ft. x 80 ft. and three (3) 60 ft. x 60 ft. membrane-covered, steel-frame buildings at the following maintenance yards: Camp Verde, Fredonia, Kayenta, St. Johns, and Three Way.

The current bid amount is $2,212,577 with the remaining $67,423 to be used for contingency.

We appreciate your consideration and approval of this request. If you have any questions or need additional information, please contact Melissa Wynn, ADOT Budget Director, at 602-712-8981.

Sincerely,

John S. Halikowski

Enclosure

APPROVED BY: ____________________________  DATE: ____________________________
DATE: March 19, 2015

TO: Senator Don Shooter, Chairman
    Members, Joint Committee on Capital Review

THRU: Richard Stavneak, Director

FROM: Rebecca Perrera, Fiscal Analyst

SUBJECT: Arizona Department of Administration - Consider Recommending FY 2015 Partial Rent Exemptions

Request

A.R.S. § 41-792.01D authorizes the Director of the Arizona Department of Administration (ADOA), on recommendation from the Joint Committee on Capital Review, to grant a full or partial exemption from the payment of state-owned rental fees if the agency has vacated its space. ADOA requests the Committee recommend partial rent exemptions for ADOA, the Department of Public Safety (DPS), and the Registrar of Contractors (ROC) totaling $100,100 and a corresponding $20,000 increase for the Governor’s Office of Faith and Community Partnerships in FY 2015.

Recommendation

The JLBC Staff recommends that the Committee recommend the proposed partial rent exemption totaling $80,100 in FY 2015 for ADOA and DPS. The JLBC Staff also recommends that the Committee recommend the proposed $20,000 partial rent exemption for ROC and the corresponding rent payment to the Governor’s Office of Faith and Community Partnerships in FY 2015.

Analysis

ADOA and DPS at 1937 West Jefferson Street
The FY 2015 Budget Procedures BRB (Laws 2014, Chapter 14) allowed ADOA to use funds appropriated in FY 2015 for building renewal for demolition. In November 2014, ADOA completed the demolition of 3 deteriorated and vacant state-owned buildings located at 1937 West Jefferson Street. The vacant buildings housed the former ADOA Child Development Center and the DPS Capital Policy Emergency Operations Center. Although these buildings were vacant, ADOA was appropriated $114,600 and DPS was appropriated $22,700 for Capital Outlay Stabilization Fund (COSF) rent in FY 2015. ADOA requests a prorata rent exemption for $66,900 for ADOA and $13,200 for DPS, which reflects an exemption for 7 months of the fiscal year as the building was demolished in November.

(Continued)
ROC and the Governor's Office at 1700 West Washington
The ROC was appropriated $448,800 for its FY 2015 occupancy at 1700 West Washington. Beginning in November 2014, ADOA reallocated approximately 2,290 square feet of ROC office space to the Governor's Office of Faith and Community Partnerships. ADOA will bill the Governor's Office of Faith and Community Partnerships for the FY 2015 pro rata share of the COSF rent.

December 18, 2014

The Honorable John Kavanagh, Chairman
Joint Committee on Capital Review (JCCR)
Arizona House of Representatives
1700 West Washington Street
Phoenix, Arizona  85007

The Honorable Don Shooter, Vice-Chairman
Joint Committee on Capital Review (JCCR)
Arizona State Senate
1700 West Washington Street
Phoenix, Arizona  85007

Dear Representative Kavanagh and Senator Shooter:

The Arizona Department of Administration (ADOA) requests the JCCR favorably review our recommendation of a partial Capital Outlay Stabilization Fund (COSF) rent exemption for the ADOA Human Resources Division (HRD) and the Arizona Department of Public Safety (DPS). A.R.S. § 41-791(D) provides that the ADOA Director, on recommendation of the JCCR, may authorize a whole or partial exemption of COSF rent if the agency does not occupy or vacates space after the beginning of the fiscal year. Agencies that occupy State-owned buildings shall pay the higher of the amount reported by Joint Legislative Budget Committee (JLBC) Staff or the pro rata share based on actual occupancy.

In November 2014, ADOA completed the demolition of three aging and deteriorating vacant State-owned buildings located at 1937 West Jefferson Street in Phoenix, Arizona. The buildings included the former ADOA Child Development Center (CDC) and two modular buildings, one previously occupied by the DPS Capitol Police Emergency Operations Center (EOC). ADOA closed the CDC in FY 2009 subsequent to budget reductions and DPS closed the EOC in FY 2012; however, since then both agencies are appropriated COSF rents and continue to pay ADOA for the vacant buildings.
The Honorable John Kavanagh  
The Honorable Don Shooter  
December 18, 2014  
Page 2 of 2

For FY 2015 ADOA HRD was appropriated $114,600 and DPS was appropriated $22,700 for COSF rent. ADOA requests JCCR favorably review the following FY 2015 seven (7) months (December 2014 – June 2015) pro rata rent exemptions:

- ADOA HRD: $66,900  
- DPS: $13,200

If you have any questions regarding the proposed COSF rent exemptions, please contact William Hernandez, Assistant Director, ADOA General Services Division (GSD), at 602-364-2872.

Sincerely,

[Signature]

Kathy Peckardt  
Interim Director

The Honorable Justin Olson, Vice-Chairman
Joint Committee on Capital Review (JCCR)
Arizona House of Representatives
1700 West Washington Street
Phoenix, Arizona 85007

Dear Senator Shooter and Representative Olson:

The Arizona Department of Administration (ADOA) requests the JCCR favorably review our recommendation of a partial Capital Outlay Stabilization Fund (COSF) rent exemption for the Arizona Registrar of Contractors (ROC) of $20,000. A.R.S. § 41-791(D) provides that the ADOA Director, on recommendation of the JCCR, may authorize a whole or partial exemption of COSF rent if the agency does not occupy or vacates space after the beginning of the fiscal year. Agencies that occupy State-owned buildings shall pay the higher of the amount reported by Joint Legislative Budget Committee (JLBC) Staff or the pro rata share based on actual occupancy.

The ROC was appropriated $448,800 for its FY 2015 occupancy of the State-owned space at 1700 West Washington, Phoenix, Arizona. Beginning November 2014 ADOA reallocated approximately 2,293 Rentable Square Feet (RSF) of ROC office space to the Governor’s Office of Faith and Community Partnerships. ADOA will bill the Governor’s Office of Faith and Community Partnerships for the FY 2015 pro rata share ($20,000) of COSF rent.

If you have any questions regarding the proposed COSF rent exemption, please contact William Hernandez, Assistant Director, ADOA General Services Division (GSD), at 602-364-2872.

Sincerely,

Kathy Peckardt
Interim Director
