1/ A rollover represents a deferral of the payment from the year in which the obligation was incurred to the next fiscal year. For example, the payment of \$272.7 million of K-12 expenditures was deferred (or "rolled over") from FY 2008 to FY 2009.

2/ The FY 2020 budget advance appropriates \$30.0 million from the General Fund in FY 2022 to eliminate the K-12 rollover for school districts with a student count of less than 1,350. School districts with a student count of less than 600 have been exempt since FY 2013.
