(TEXT OF BILL BEGINS ON NEXT PAGE)
Be it enacted by the Legislature of the State of Arizona:

Section 1. Section 15-213.01, Arizona Revised Statutes, is amended to read:

15-213.01. Procurement practices; guaranteed energy cost savings contracts; definitions

A. Notwithstanding section 15-213, subsection A, a school district may contract for the procurement of a guaranteed energy cost savings contract with a qualified provider through a competitive sealed proposal process as provided by the procurement practices adopted by the state board of education. To the extent the qualified provider subcontracts with contractors who will be involved in any construction associated with the guaranteed energy cost savings contract, the qualified provider must follow the provisions of section 41-2533 in selecting these contractors.

B. A school district may enter into a guaranteed energy cost savings contract with a qualified provider if it determines that the amount it would spend on the energy cost savings measures recommended in the proposal would not exceed the amount to be saved in energy and operational costs over the expected life of the energy cost savings measures implemented or within twenty-five years, whichever is shorter, after the date installation or implementation is complete, if the recommendations in the proposal are followed. THE SCHOOL DISTRICT SHALL RETAIN THE COST SAVINGS ACHIEVED BY A GUARANTEED ENERGY COST SAVING CONTRACT, AND THESE COST SAVINGS MAY BE USED TO PAY FOR THE CONTRACT AND PROJECT IMPLEMENTATION. A SCHOOL DISTRICT SHALL NOT USE EXCESS UTILITIES MONIES FOR THE CONTRACT OR FOR PROJECT IMPLEMENTATION.

C. The school district shall use objective criteria in selecting the qualified provider, including the cost of the contract, the energy and operational cost savings, the net projected energy savings, the quality of the technical approach, the quality of the project management plan, the financial solvency of the qualified provider and the experience of the qualified provider with projects of similar size and scope. The school district shall set forth each criterion with its respective numerical weighting in the request for proposal.

D. In selecting a contractor to perform any construction work related to performing the guaranteed energy cost savings contract, the qualified provider may develop and use a prequalification process for contractors wishing to bid on this work. These prequalifications may require the contractor to demonstrate that the contractor is adequately bonded to perform the work and that the contractor has not failed to perform on a prior job. The qualified provider may use performance specifications in soliciting bids from contractors.

E. An in-depth feasibility study shall be performed by the selected qualified provider in order to establish the exact scope of the guaranteed energy cost savings contract, the fixed cost savings guarantee amount and the methodology for determining actual savings. This report shall be reviewed and approved by the school district prior to BEFORE the actual installation
of any equipment. The qualified provider shall transmit a copy of the approved in-depth feasibility study to the superintendent of public instruction SCHOOL FACILITIES BOARD AND THE DEPARTMENT OF COMMERCE ENERGY OFFICE.

F. The guaranteed energy COST savings contract shall require that a qualified provider perform an energy audit of the facility or facilities one year after the energy cost savings measures are installed or implemented and every three years thereafter for the length of the contract. The qualified provider shall transmit a copy of the audit to the superintendent of public instruction. The qualified provider shall pay the cost of the audit. In determining whether the projected energy savings calculations have been met, the energy or operational cost savings shall be computed by comparing the energy baseline before installation or implementation of the energy cost savings measures with the energy consumed and operational costs avoided after installation or implementation of the energy cost savings measures. The qualified provider and the school district may agree to make modifications to the energy baseline only for any of the following:

2. Changes in the number of days in the utility billing cycle.
3. Changes in the square footage of the facility.
4. Changes in the operational schedule of the facility.
5. Changes in facility temperature.
6. Significant changes in the weather.
7. Significant changes in the amount of equipment or lighting utilized in the facility.

B. SIGNIFICANT CHANGES IN THE NATURE OR INTENSITY OF ENERGY USE SUCH AS THE CHANGE OF CLASSROOM SPACE TO LABORATORY SPACE.

G. The information to develop the energy baseline shall be derived from actual energy measurements or shall be calculated from energy measurements at the facility where energy cost savings measures are to be installed or implemented. The measurements shall be taken in the year preceding the installation or implementation of energy cost savings measures.

H. When submitting a proposal for the installation of equipment, the qualified provider shall include information on the projected energy savings associated with each proposed energy cost savings measure.

I. A school district, or two or more school districts, may enter into an installment payment contract or lease-purchase agreement with a qualified provider for the purchase and installation or implementation of energy cost savings measures. The guaranteed energy cost savings contract may provide for payments over a period of not more than the expected life of the energy cost savings measures implemented or twenty-five years, whichever is shorter. The contract shall provide that all payments, except obligations on termination of the contract before its expiration, shall be made over time.

J. The guaranteed energy cost savings contract shall include a written guarantee of the qualified provider that either the energy or operational
costs savings, or both, will meet or exceed the costs of the energy cost savings measures over the expected life of the energy cost savings measures implemented or within twenty-five years, whichever is shorter. The qualified provider shall:

1. FOR THE FIRST THREE YEARS OF SAVINGS, PREPARE A MEASUREMENT AND VERIFICATION REPORT ON AN ANNUAL BASIS IN ADDITION TO AN ANNUAL RECONCILIATION OF SAVINGS.

2. Reimburse the school district for any shortfall of guaranteed energy cost savings on an annual basis.

K. The school district may obtain any required financing as part of the original competitive sealed proposal process FROM THE QUALIFIED PROVIDER OR A THIRD-PARTY FINANCING INSTITUTION.

L. A qualified provider that is awarded the contract shall give a sufficient bond to the school district for its faithful performance of the equipment installment.

M. When selecting subcontractors to perform construction work, the qualified provider is required to make public information in the subcontractor's bids only if the qualified provider is awarded the guaranteed energy cost savings contract by the school district.

N. FOR ALL PROJECTS CARRIED OUT UNDER THIS SECTION, THE DISTRICT SHALL REPORT TO THE DEPARTMENT OF COMMERCE ENERGY OFFICE AND THE SCHOOL FACILITIES BOARD:

1. THE NAME OF THE PROJECT.
2. THE QUALIFIED PROVIDER.
3. THE TOTAL COST OF THE PROJECT.
4. THE EXPECTED ENERGY AND COST SAVINGS.

O. FOR ALL PROJECTS CARRIED OUT UNDER THIS SECTION, THE DISTRICT SHALL REPORT TO THE SCHOOL FACILITIES BOARD, BY OCTOBER 15 EACH YEAR, THE ACTUAL ENERGY AND COST SAVINGS.

P. This section does not apply to the construction of new buildings.

Q. A SCHOOL DISTRICT MAY UTILIZE A SIMPLIFIED ENERGY PERFORMANCE CONTRACT FOR PROJECTS LESS THAN FIVE HUNDRED THOUSAND DOLLARS. SIMPLIFIED ENERGY PERFORMANCE CONTRACTS ARE NOT REQUIRED TO INCLUDE AN ENERGY SAVINGS GUARANTEE AND SHALL COMPLY WITH ALL REQUIREMENTS IN THIS SECTION EXCEPT FOR THE REQUIREMENTS THAT ARE SPECIFICALLY RELATED TO THE ENERGY SAVINGS GUARANTEE AND THE MEASUREMENT AND VERIFICATION OF THE GUARANTEED SAVINGS.

The contract shall provide that all payments, except obligations on termination of the contract before its expiration, shall be made over time.

J. The guaranteed energy cost savings contract shall include a written guarantee of the qualified provider that either the energy or operational costs savings, or both, will meet or exceed the costs of the energy cost savings measures implemented or within twenty-five years, whichever is shorter. The qualified provider shall:

Any expenditure for travel and subsistence pursuant to this paragraph shall be as provided in title 38, chapter 4, article 2. The designated post of duty referred to in section 38-621 shall be construed, for school district governing board members, to be the member's actual place of residence, as opposed to the school district office or the school district boundaries. Such expenditures shall be a charge against the budgeted school district funds. The governing board of a school district shall prescribe procedures and amounts for reimbursement of
lodging and subsistence expenses. Reimbursement amounts shall not exceed the
maximum amounts established pursuant to section 38-624, subsection C.

6. Construct or provide in rural districts housing facilities for
teachers and other school employees which the board determines are necessary
for the operation of the school.

or lease of the property will not affect the normal operations of a school
within the school district.

8. Annually budget and expend funds for membership in an association
of school districts within this state.

9. Enter into leases or lease-purchase agreements for school buildings
or grounds, or both, as lessor or as lessee, for periods of less than five

except that authorization by the school district electors in an election is
not required if one of the following requirements is met:

(a) The market value of the school property is less than fifty
thousand dollars OR THE PROPERTY IS PROCURED THROUGH AN ENERGY PERFORMANCE
CONTRACT, WHICH AMONG OTHER ITEMS INCLUDES A RENEWABLE ENERGY POWER SERVICE
AGREEMENT, OR A SIMPLIFIED ENERGY PERFORMANCE CONTRACT PURSUANT TO SECTION

(c) The transaction involves the sale of improved or unimproved
property pursuant to an agreement with the school facilities board in which
the school district agrees to sell the improved or unimproved property and
transfer the proceeds of the sale to the school facilities board in exchange
for monies from the school facilities board for the acquisition of a more
suitable school site. For a sale of property acquired by a school district
prior to July 9, 1998, a school district shall transfer to the school
facilities board that portion of the proceeds that equals the cost of the

11. Review the decision of a teacher to promote a pupil to a grade or
retain a pupil in a grade in a common school or to pass or fail a pupil in a
course in high school. The pupil has the burden of proof to overturn the
decision of a teacher to promote, retain, pass or fail the pupil. In order
to sustain the burden of proof, the pupil shall demonstrate to the governing
board that the pupil has mastered the academic standards adopted by the state
board of education pursuant to sections 15-701 and 15-701.01. If the
governing board overturns the decision of a teacher pursuant to this
paragraph, the governing board shall adopt a written finding that the pupil
has mastered the academic standards. Notwithstanding title 38, chapter 3,
article 3.1, the governing board shall review the decision of a teacher to
promote a pupil to a grade or retain a pupil in a grade in a common school or
to pass or fail a pupil in a course in high school in executive session
unless a parent or legal guardian of the pupil or the pupil, if emancipated,
disagrees that the review should be conducted in executive session and then
the review shall be conducted in an open meeting. If the review is conducted
in executive session, the board shall notify the teacher of the date, time
and place of the review and shall allow the teacher to be present at the
review. If the teacher is not present at the review, the board shall consult
with the teacher before making its decision. Any request, including the
written request as provided in section 15-341, the written evidence presented
at the review and the written record of the review, including the decision of
the governing board to accept or reject the teacher's decision, shall be
retained by the governing board as part of its permanent records.

technology program improvement services for the high schools, subject to
approval by the state board of education. The governing board may contract
for the provision of career and technical, vocational and technology
education as provided in section 15-789.

administrator's duties without pay for a period of time of not to exceed ten
school days, if the board determines that suspension is warranted pursuant to
section 15-341, subsection A, paragraphs 23 and 24.
16. Dedicate school property within an incorporated city or town to
such city or town or within a county to that county for use as a public
right-of-way if both of the following apply:
   (a) Pursuant to an ordinance adopted by such city, town or county,
there will be conferred upon the school district privileges and benefits
which may include benefits related to zoning.
   (b) The dedication will not affect the normal operation of any school
within the district.
17. Enter into option agreements for the purchase of school sites.
18. Donate surplus or outdated learning materials to nonprofit
community organizations where the governing board determines that the
anticipated cost of selling the learning materials equals or exceeds the
estimated market value of the materials.
19. Prescribe policies for the assessment of reasonable fees for
students to use district-provided parking facilities. The fees are to be
applied by the district solely against costs incurred in operating or
securing the parking facilities. Any policy adopted by the governing board
pursuant to this paragraph shall include a fee waiver provision in
appropriate cases of need or economic hardship.
20. Establish alternative educational programs that are consistent with
the laws of this state to educate pupils, including pupils who have been
reassigned pursuant to section 15-841, subsection E or F.
21. Require a period of silence to be observed at the commencement of
the first class of the day in the schools. If a governing board chooses to
require a period of silence to be observed, the teacher in charge of the room
in which the first class is held shall announce that a period of silence not
to exceed one minute in duration will be observed for meditation, and during
that time no activities shall take place and silence shall be maintained.
22. Require students to wear uniforms.
23. Exchange unimproved property or improved property, including school
sites, where the governing board determines that the improved property is
unnecessary for the continued operation of the school district without
requesting authorization by a vote of the school district electors if the
1 governing board determines that the exchange is necessary to protect the
2 health, safety or welfare of pupils or when the governing board determines
3 that the exchange is based on sound business principles for either:
4   (a) Unimproved or improved property of equal or greater value.
5   (b) Unimproved property that the owner contracts to improve if the
6 value of the property ultimately received by the school district is of equal
7 or greater value.
8
24. For common and high school pupils, assess reasonable fees for
9 optional extracurricular activities and programs conducted when the common or
10 high school is not in session, except that no fees shall be charged for
11 pupils' access to or use of computers or related materials. For high school
12 pupils, the governing board may assess reasonable fees for fine arts and
13 vocational education courses and for optional services, equipment and
14 materials offered to the pupils beyond those required to successfully
15 complete the basic requirements of any other course, except that no fees
16 shall be charged for pupils' access to or use of computers or related
17 materials. Fees assessed pursuant to this paragraph shall be adopted at a
18 public meeting after notice has been given to all parents of pupils enrolled
19 at schools in the district and shall not exceed the actual costs of the
20 activities, programs, services, equipment or materials. The governing board
21 shall authorize principals to waive the assessment of all or part of a fee
22 assessed pursuant to this paragraph if it creates an economic hardship for a
23 pupil. For the purposes of this paragraph, "extracurricular activity" means
24 any optional, noncredit, educational or recreational activity which
25 supplements the education program of the school, whether offered before,
26 during or after regular school hours.
27
28 25. Notwithstanding section 15-341, subsection A, paragraphs 8 and 10,
29 construct school buildings and purchase or lease school sites, without a vote
30 of the school district electors, if the buildings and sites are totally
31 funded from one or more of the following:
32   (a) Monies in the unrestricted capital outlay fund, except that the
33 estimated cost shall not exceed two hundred fifty thousand dollars for a
34 district that utilizes provisions of section 15-949.
35   (b) Monies distributed from the school facilities board established by
37   (c) Monies specifically donated for the purpose of constructing school
38 buildings.
39 Nothing in this paragraph shall be construed to eliminate the requirement for
40 an election to raise revenues for a capital outlay override pursuant to
41 section 15-481 or a bond election pursuant to section 15-491.
42
43 26. Conduct a background investigation that includes a fingerprint
44 check conducted pursuant to section 41-1750, subsection G for certificated
45 personnel and personnel who are not paid employees of the school district, as
46 a condition of employment. A school district may release the results of a
background check to another school district for employment purposes. The school district may charge the costs of fingerprint checks to its fingerprinted employee, except that the school district may not charge the costs of fingerprint checks for personnel who are not paid employees of the school district.

27. Sell advertising space on the exterior of school buses as follows:
   (a) Advertisements shall be age appropriate and not contain promotion of any substance that is illegal for minors such as alcohol, tobacco and drugs or gambling. Advertisements shall comply with the state sex education policy of abstinence.
   (b) Advertising approved by the governing board may appear only on the sides of the bus in the following areas:
       (i) The signs shall be below the seat level rub rail and not extend above the bottom of the side windows.
       (ii) The signs shall be at least three inches from any required lettering, lamp, wheel well or reflector behind the service door or stop signal arm.
       (iii) The signs shall not extend from the body of the bus so as to allow a handhold or present a danger to pedestrians.
       (iv) The signs shall not interfere with the operation of any door or window.
       (v) The signs shall not be placed on any emergency doors.
   (c) Establish a school bus advertisement fund that is comprised of revenues from the sale of advertising space on school buses. The monies in a school bus advertisement fund are not subject to reversion and shall be used for the following purposes:
       (i) To comply with the energy conservation measures prescribed in section 15-349 in school districts that are in area A as defined in section 49-541, and any remaining monies shall be used to purchase alternative fuel support vehicles and any other pupil related costs as determined by the governing board.
       (ii) For any pupil related costs as determined by the governing board in school districts not subject to the provisions of item (i) of this subdivision.

28. Assess reasonable damage deposits to pupils in grades seven through twelve for the use of textbooks, musical instruments, band uniforms or other equipment required for academic courses. The governing board shall adopt policies on any damage deposits assessed pursuant to this paragraph at a public meeting called for this purpose after providing notice to all parents of pupils in grades seven through twelve in the school district. Principals of individual schools within the district may waive the damage deposit requirement for any textbook or other item if the payment of the damage deposit would create an economic hardship for the pupil. The school district shall return the full amount of the damage deposit for any textbook or other
item if the pupil returns the textbook or other item in reasonably good
condition within the time period prescribed by the governing board. For the
purposes of this paragraph, "in reasonably good condition" means the textbook
or other item is in the same or a similar condition as it was when the pupil
received it, plus ordinary wear and tear.

29. Notwithstanding section 15-1105, expend surplus monies in the civic
center school fund for maintenance and operations or unrestricted capital
outlay, if sufficient monies are available in the fund after meeting the
needs of programs established pursuant to section 15-1105.

30. Notwithstanding section 15-1143, expend surplus monies in the
community school program fund for maintenance and operations or unrestricted
capital outlay, if sufficient monies are available in the fund after meeting
the needs of programs established pursuant to section 15-1142.

31. Adopt guidelines for standardization of the format of the school
report cards required by section 15-746 for schools within the district.

enforcement officer interviews a pupil on school grounds. Policies adopted
pursuant to this paragraph shall not impede a peace officer from the
performance of the peace officer's duties. If the school district governing
board adopts a policy that requires parental notification:

(a) The policy may provide reasonable exceptions to the parental
notification requirement.

(b) The policy shall set forth whether and under what circumstances a
parent may be present when a law enforcement officer interviews the pupil,
including reasonable exceptions to the circumstances under which a parent may
be present when a law enforcement officer interviews the pupil, and shall
specify a reasonable maximum time after a parent is notified that an
interview of a pupil by a law enforcement officer may be delayed to allow the
parent to be present.

33. Enter into voluntary partnerships with any party to finance with
funds other than school district funds and cooperatively design school
facilities that comply with the adequacy standards prescribed in section
15-2011 and the square footage per pupil requirements pursuant to section
15-2041, subsection D, paragraph 3, subdivision (b). The design plans and
location of any such school facility shall be submitted to the school
facilities board for approval pursuant to section 15-2041, subsection 0. If
the school facilities board approves the design plans and location of any
such school facility, the party in partnership with the school district may
cause to be constructed and the district may begin operating the school
facility before monies are distributed from the school facilities board
pursuant to section 15-2041. Monies distributed from the new school
facilities fund to a school district in a partnership with another party to
finance and design the school facility shall be paid to the school district
pursuant to section 15-2041. The school district shall reimburse the party
in partnership with the school district from the monies paid to the school
district pursuant to section 15-2041, in accordance with the voluntary partnership agreement. Before the school facilities board distributes any monies pursuant to this subsection, the school district shall demonstrate to the school facilities board that the facilities to be funded pursuant to section 15-2041, subsection O meet the minimum adequacy standards prescribed in section 15-2011. If the cost to construct the school facility exceeds the amount that the school district receives from the new school facilities fund, the partnership agreement between the school district and the other party shall specify that, except as otherwise provided by the other party, any such excess costs shall be the responsibility of the school district. The school district governing board shall adopt a resolution in a public meeting that AN analysis has been conducted on the prospective effects of the decision to operate a new school with existing monies from the school district's maintenance and operations budget and how this decision may affect other schools in the school district. If a school district acquires land by donation at an appropriate school site approved by the school facilities board and a school facility is financed and built on the land pursuant to this paragraph, the school facilities board shall distribute an amount equal to twenty per cent of the fair market value of the land that can be used for academic purposes. The school district shall place the monies in the unrestricted capital outlay fund and increase the unrestricted capital budget limit by the amount of the monies placed in the fund. Monies distributed under this paragraph shall be distributed from the new school facilities fund pursuant to section 15-2041. If a school district acquires land by donation at an appropriate school site approved by the school facilities board and a school facility is financed and built on the land pursuant to this paragraph, the school district shall not receive monies from the school facilities board for the donation of real property pursuant to section 15-2041, subsection F. It is unlawful for:

(a) A county, city or town to require as a condition of any land use approval that a landowner or landowners that entered into a partnership pursuant to this paragraph provide any contribution, donation or gift, other than a site donation, to a school district. This subdivision only applies to the property in the voluntary partnership agreement pursuant to this paragraph.

(b) A county, city or town to require as a condition of any land use approval that the landowner or landowners located within the geographic boundaries of the school subject to the voluntary partnership pursuant to this paragraph provide any donation or gift to the school district except as provided in the voluntary partnership agreement pursuant to this paragraph.

(c) A community facilities district established pursuant to title 48, chapter 4, article 6 to be used for reimbursement of financing the construction of a school pursuant to this paragraph.

(d) For A school district to enter into an agreement pursuant to this paragraph with any party other than a master planned community party. Any
land area consisting of at least three hundred twenty acres that is the
subject of a development agreement with a county, city or town entered into
pursuant to section 9-500.05 or 11-1101 shall be deemed to be a master
planned community. For the purposes of this subdivision, "master planned
community" means a land area consisting of at least three hundred twenty
acres, which may be noncontiguous, that is the subject of a zoning ordinance
approved by the governing body of the county, city or town in which the land
is located that establishes the use of the land area as a planned area
development or district, planned community development or district, planned
unit development or district or other land use category or district that is
recognized in the local ordinance of such county, city or town and that
specifies the use of such land is for a master planned development.

   purpose and receive reimbursement. Any expenditure for travel and
   subsistence pursuant to this paragraph shall be as provided in title 38,
   chapter 4, article 2. The designated post of duty referred to in section
   38-621 shall be construed, for school district governing board members, to be
   the member's actual place of residence, as opposed to the school district
   office or the school district boundaries. Such expenditures shall be a
   charge against the budgeted school district funds. The governing board of a
   school district shall prescribe procedures and amounts for reimbursement of
   lodging and subsistence expenses. Reimbursement amounts shall not exceed the
   maximum amounts established pursuant to section 38-624, subsection C.
6. Construct or provide in rural districts housing facilities for
teachers and other school employees which the board determines are necessary
for the operation of the school.
7. Sell or lease to the state, a county, a city or a tribal government
   agency any school property required for a public purpose, provided the sale
   or lease of the property will not affect the normal operations of a school
   within the school district.
8. Annually budget and expend funds for membership in an association
   of school districts within this state.

   (b) The buildings and sites are completely funded with monies distributed by the school facilities board.

   (c) The transaction involves the sale of improved or unimproved property pursuant to an agreement with the school facilities board in which the school district agrees to sell the improved or unimproved property and transfer the proceeds of the sale to the school facilities board in exchange for monies from the school facilities board for the acquisition of a more suitable school site. For a sale of property acquired by a school district prior to July 9, 1998, a school district shall transfer to the school facilities board that portion of the proceeds that equals the cost of the acquisition of a more suitable school site. If there are any remaining proceeds after the transfer of monies to the school facilities board, a school district shall only use those remaining proceeds for future land purchases approved by the school facilities board, or for capital improvements not funded by the school facilities board for any existing or future facility.

   (d) The transaction involves the sale of improved or unimproved property pursuant to a formally adopted plan and the school district uses the proceeds of this sale to purchase other property that will be used for similar purposes as the property that was originally sold, provided that the sale proceeds of the improved or unimproved property are used within two years after the date of the original sale to purchase the replacement property. If the sale proceeds of the improved or unimproved property are not used within two years after the date of the original sale to purchase replacement property, the sale proceeds shall be used towards payment of any outstanding bonded indebtedness. If any sale proceeds remain after paying for outstanding bonded indebtedness, or if the district has no outstanding bonded indebtedness, sale proceeds shall be used to reduce the district's

(i) The school district is the sole owner of the improved or unimproved property that the school district intends to sell.

(ii) The school district did not purchase the improved or unimproved property that the school district intends to sell with monies that were distributed pursuant to chapter 16 of this title.

(iii) The transaction does not violate section 15-341, subsection G.

11. Review the decision of a teacher to promote a pupil to a grade or retain a pupil in a grade in a common school or to pass or fail a pupil in a course in high school. The pupil has the burden of proof to overturn the decision of a teacher to promote, retain, pass or fail the pupil. In order to sustain the burden of proof, the pupil shall demonstrate to the governing board that the pupil has mastered the academic standards adopted by the state board of education pursuant to sections 15-701 and 15-701.01. If the governing board overturns the decision of a teacher pursuant to this paragraph, the governing board shall adopt a written finding that the pupil has mastered the academic standards. Notwithstanding title 38, chapter 3, article 3.1, the governing board shall review the decision of a teacher to promote a pupil to a grade or retain a pupil in a grade in a common school or to pass or fail a pupil in a course in high school in executive session unless a parent or legal guardian of the pupil or the pupil, if emancipated, disagrees that the review should be conducted in executive session and then the review shall be conducted in an open meeting. If the review is conducted in executive session, the board shall notify the teacher of the date, time and place of the review and shall allow the teacher to be present at the review. If the teacher is not present at the review, the board shall consult with the teacher before making its decision. Any request, including the written request as provided in section 15-341, the written evidence presented at the review and the written record of the review, including the decision of the governing board to accept or reject the teacher's decision, shall be retained by the governing board as part of its permanent records.

(b) The dedication will not affect the normal operation of any school within the district.

18. Donate surplus or outdated learning materials to nonprofit community organizations where the governing board determines that the anticipated cost of selling the learning materials equals or exceeds the estimated market value of the materials.

19. Prescribe policies for the assessment of reasonable fees for students to use district-provided parking facilities. 21. Require a period of silence to be observed at the commencement of the first class of the day in the schools. (a) Unimproved or improved property of equal or greater value.

(b) Unimproved property that the owner contracts to improve if the value of the property ultimately received by the school district is of equal or greater value.

The governing board shall authorize principals to waive the assessment of all or part of a fee assessed pursuant to this paragraph if it creates an economic hardship for a pupil. For the purposes of this paragraph, "extracurricular activity" means any optional, noncredit, educational or recreational activity which supplements the education program of the school, whether offered before, during or after regular school hours.

25. Notwithstanding section 15-341, subsection A, paragraphs 8 and 10, construct school buildings and purchase or lease school sites, without a vote of the school district electors, if the buildings and sites are totally funded from one or more of the following:

   (b) Monies distributed from the school facilities board established by section 15-2001.
   (c) Monies specifically donated for the purpose of constructing school buildings.
Nothing in this paragraph shall be construed to eliminate the requirement for an election to raise revenues for a capital outlay override pursuant to section 15-481 or a bond election pursuant to section 15-491.

26. Conduct a background investigation that includes a fingerprint check conducted pursuant to section 41-1750, subsection G for certificated personnel and personnel who are not paid employees of the school district, as a condition of employment. A school district may release the results of a background check to another school district for employment purposes. (i) To comply with the energy conservation measures prescribed in section 15-349 in school districts that are in area A as defined in section 49-541, and any remaining monies shall be used to purchase alternative fuel support vehicles and any other pupil related costs as determined by the governing board.

(ii) For any pupil related costs as determined by the governing board in school districts not subject to item (i) of this subdivision.

28. Assess reasonable damage deposits to pupils in grades seven through twelve for the use of textbooks, musical instruments, band uniforms or other equipment required for academic courses. The governing board shall adopt policies on any damage deposits assessed pursuant to this paragraph at a public meeting called for this purpose after providing notice to all parents of pupils in grades seven through twelve in the school district. Principals of individual schools within the district may waive the damage deposit requirement for any textbook or other item if the payment of the damage deposit would create an economic hardship for the pupil. The school district shall return the full amount of the damage deposit for any textbook or other item if the pupil returns the textbook or other item in reasonably good condition within the time period prescribed by the governing board. report cards required by section 15-746 for schools within the district.

32. Adopt policies that require parental notification when a law
enforcement officer interviews a pupil on school grounds. Policies adopted

performance of the peace officer's duties. If the school district governing
board adopts a policy that requires parental notification:

   (a) The policy may provide reasonable exceptions to the parental
   notification requirement.

   (b) The policy shall set forth whether and under what circumstances a
   parent may be present when a law enforcement officer interviews the pupil,

funds other than school district funds and cooperatively design school
facilities that comply with the adequacy standards prescribed in section
15-2011 and the square footage per pupil requirements pursuant to section
15-2041, subsection D, paragraph 3, subdivision (b). The design plans and
location of any such school facility shall be submitted to the school
facilities board for approval pursuant to section 15-2041, subsection 0. If
the school facilities board approves the design plans and location of any
such school facility, the party in partnership with the school district may
cause to be constructed and the district may begin operating the school
facility before monies are distributed from the school facilities board
pursuant to section 15-2041. Monies distributed from the new school
facilities fund to a school district in a partnership with another party to
finance and design the school facility shall be paid to the school district
pursuant to section 15-2041. The school district shall reimburse the party
in partnership with the school district from the monies paid to the school
district pursuant to section 15-2041, in accordance with the voluntary
partnership agreement. Before the school facilities board distributes any
monies pursuant to this subsection, the school district shall demonstrate to
the school facilities board that the facilities to be funded pursuant to
section 15-2041, subsection 0 meet the minimum adequacy standards prescribed
in section 15-2011. If the cost to construct the school facility exceeds the
amount that the school district receives from the new school facilities fund,
the partnership agreement between the school district and the other party shall specify that, except as otherwise provided by the other party, any such excess costs shall be the responsibility of the school district. The school district governing board shall adopt a resolution in a public meeting that an analysis has been conducted on the prospective effects of the decision to operate a new school with existing monies from the school district's maintenance and operations budget and how this decision may affect other schools in the school district. If a school district acquires land by donation at an appropriate school site approved by the school facilities board and a school facility is financed and built on the land pursuant to this paragraph, the school facilities board shall distribute an amount equal to twenty per cent of the fair market value of the land that can be used for academic purposes. The school district shall place the monies in the unrestricted capital outlay fund and increase the unrestricted capital budget limit by the amount of the monies placed in the fund. Monies distributed under this paragraph shall be distributed from the new school facilities fund pursuant to section 15-2041. If a school district acquires land by donation at an appropriate school site approved by the school facilities board and a school facility is financed and built on the land pursuant to this paragraph, the school district shall not receive monies from the school facilities board for the donation of real property pursuant to section 15-2041, subsection F. It is unlawful for:

(a) A county, city or town to require as a condition of any land use approval that a landowner or landowners that entered into a partnership pursuant to this paragraph provide any contribution, donation or gift, other than a site donation, to a school district. This subdivision only applies to the property in the voluntary partnership agreement pursuant to this paragraph.

(b) A county, city or town to require as a condition of any land use approval that the landowner or landowners located within the geographic boundaries of the school subject to the voluntary partnership pursuant to this paragraph provide any donation or gift to the school district except as provided in the voluntary partnership agreement pursuant to this paragraph.

development or district, planned community development or district, planned
unit development or district or other land use category or district that is
recognized in the local ordinance of such county, city or town and that
specifies the use of such land is for a master planned development.

Sec. 5. Title 15, chapter 9, article 1, Arizona Revised Statutes, is
amended by adding section 15-910.02, to read:

15-910.02. Energy and water savings accounts

A. Each school district may establish an energy and water savings
account that consists of a designated pool of capital investment monies to
fund energy or water saving projects in school facilities. A school district
may deposit in the account monies from one or more companies that provide
utility, energy or water services to the school district pursuant to
contracts that are executed between the companies and the school district and
that are designed to save energy or water in school facilities. A school
district may use monies in the energy and water savings account for payments
under a performance contract entered into pursuant to section 15-213 or
15-213.01.

B. The auditor general and the department of education shall prescribe
the appropriate designation of the energy and water savings accounts in the
uniform system of financial records and shall prescribe reporting
requirements on the appropriate budget forms and annual financial report
forms.

C. Monies deposited in an energy and water savings account shall be
used as a designated pool of capital investment monies to pay for the
incremental cost of energy or water savings measures in school facilities
that are owned or operated by the school district. Any contract entered into
pursuant to this section shall contain an agreement between the qualified
provider or utility, energy or water services company and the school district
that each party has performed a reasonable investigation to determine that
the measures contemplated by the contract will result in stated energy or
water savings. Contract terms may extend the period of the capital
investment repayment schedule prescribed in subsection G of this section up
to the expected life of the energy or water savings measures, or twenty-five
years, whichever is shorter.

D. Expenditures from an energy and water savings account shall be used
only for the following:

1. Projects or measures pursuant to a contract pursuant to this
section that save energy or water in school facilities that are owned or
operated by the school district. Monies may be used pursuant to this
paragraph to provide technical assistance regarding energy or water savings
to school districts by a qualified provider or a utility, energy or water
services company.

2. The repayment to the qualified provider or utility, energy or water
services company of capital investment monies deposited in the account plus
REASONABLE CARRYING CHARGES PURSUANT TO THE TERMS OF THE CONTRACT.
REASONABLE CARRYING CHARGES FOR INVESTOR OWNED UTILITIES WILL BE THE MOST
RECENT AUTHORIZED RATE OF RETURN APPROVED BY THE ARIZONA CORPORATION
COMMISSION.

E. SCHOOL DISTRICTS SHALL PROCURE ENERGY OR WATER SAVINGS MEASURES OR
SERVICES WITH MONIES DISTRIBUTED FROM THE ENERGY AND WATER SAVINGS ACCOUNTS.

F. BEFORE THE IMPLEMENTATION OF THE ENERGY OR WATER SAVINGS MEASURES
OR SERVICES, THE QUALIFIED PROVIDER OR UTILITY, ENERGY OR WATER SERVICES
COMPANY SHALL COMPUTE, AND THE SCHOOL DISTRICT SHALL REVIEW AND APPROVE, THE
ESTIMATED AMOUNT OF THE ENERGY OR WATER SAVINGS AND THE ASSOCIATED IMPACT ON
ENERGY OR WATER COSTS TO BE ACHIEVED BY THE SCHOOL DISTRICT ON AN ANNUAL AND
MONTHLY BASIS OVER THE EXPECTED LIFE OF THE MEASURES AND SHALL INCLUDE THESE
ESTIMATES IN THE CONTRACT. THE QUALIFIED PROVIDER OR UTILITY, ENERGY OR
WATER SERVICES COMPANY AND THE SCHOOL DISTRICT SHALL UPDATE THE ANNUAL AND
MONTHLY ENERGY OR WATER SAVINGS AND ASSOCIATED COST IMPACT ESTIMATES ANNUALLY
BASED ON ACTUAL EXPERIENCE.

G. BEFORE THE IMPLEMENTATION OF THE ENERGY OR WATER SAVINGS MEASURES
OR SERVICES, THE QUALIFIED PROVIDER OR UTILITY, ENERGY OR WATER SERVICES
COMPANY AND THE SCHOOL DISTRICT SHALL JOINTLY DEVELOP A SCHEDULE OF MONTHLY
PAYMENTS FOR REPAYMENT OF THE CAPITAL INVESTMENT MONIES TO THE QUALIFIED
PROVIDER OR UTILITY, ENERGY OR WATER SERVICES COMPANY. THE REPAYMENT
SCHEDULE SHALL RESULT IN LOWER ENERGY OR WATER COSTS, WHICH SHALL INCLUDE THE
COST OF THE INSTALLED ENERGY OR WATER SAVINGS MEASURES FOR THE SCHOOL
DISTRICT OVER THE LIFE OF THE INSTALLED MEASURES THAT THE SCHOOL DISTRICT
WOULD HAVE EXPERIENCED WITHOUT THE INSTALLATION OF THE MEASURES. THE
REPAYMENT SCHEDULE SHALL BE INCLUDED IN THE CONTRACT.

H. THE SCHOOL DISTRICT SHALL TRANSFER ON A MONTHLY BASIS THE AMOUNT OF
THE MONTHLY PAYMENT PRESCRIBED PURSUANT TO SUBSECTION G OF THIS SECTION TO
THE ENERGY AND WATER SAVINGS ACCOUNT FROM THE MAINTENANCE AND OPERATION
PORTION OF THE SCHOOL DISTRICT’S BUDGET TO REPAY ANY UNPAID BALANCE OF THE
CAPITAL INVESTMENT PREVIOUSLY DEPOSITED IN THE ENERGY AND WATER SAVINGS
ACCOUNT FROM THE QUALIFIED PROVIDER OR UTILITY, ENERGY OR WATER SERVICES
COMPANY PLUS A REASONABLE CARRYING CHARGE. FOR THE PERIOD OF TIME THAT THE
COMPANY’S CAPITAL INVESTMENT MONIES AND REASONABLE CARRYING CHARGE REMAIN

Commercial refrigerators, freezers and refrigerator freezers shall meet the requirements of section 1605.3 of the California Code of Regulations, title 20: division 2, chapter 4, article 4, in effect on the effective date of this article AUGUST 12, 2005, except that pulldown refrigerators with transparent doors shall meet a requirement five per cent less stringent than shown in the California regulations.

5. Illuminated exit signs shall have an input power demand of five watts or less per illuminated face and shall either have a power factor of at least 0.70 or meet the power factor product specification of the energy star program requirements, whichever is higher.

6. Large packaged air conditioning equipment shall meet a minimum energy efficiency ratio of 10.0 for air conditioning without an integrated heating component or with electric resistance heating integrated into the unit, 9.8 for air conditioning with heating other than electric resistance integrated into the unit, 9.5 for air conditioning heat pumps without an integrated heating component or with electric resistance heating integrated into the unit and 9.3 for air conditioning heat pump equipment with heating other than electric resistance integrated into the unit. Large packaged air conditioning heat pumps shall meet a minimum coefficient of performance in the heating mode of 3.2 measured at a high temperature rating of forty-seven degrees Fahrenheit.

7. THROUGH DECEMBER 31, 2010, low voltage dry type distribution transformers shall meet the class 1 efficiency levels for low voltage distribution transformers specified in table 4-2 of the guide for determining energy efficiency for distribution transformers, published by the national electrical manufacturers association (NEMA standard TP-1-2002), in effect on the effective date of this article AUGUST 12, 2005.

8. Metal halide lamp fixtures designed to be operated with lamps rated greater than or equal to one hundred fifty watts but less than or equal to five hundred watts shall not contain a probe start metal halide lamp ballast.

9. Single voltage external AC to DC power supplies shall meet the tier one energy efficiency requirements of section 1605.3 of the California Code of Regulations, title 20: division 2, chapter 4, article 4, in effect on the effective date of this article AUGUST 12, 2005. socket and cause the torchiere to draw more than one hundred ninety watts when operated at full brightness.

11. Traffic signal modules shall meet the product specification of the energy star program requirements for traffic signals developed by the United States environmental protection agency that took effect in February 2001, shall have a power factor of at least 0.90 and shall be installed with compatible, electrically connected signal control interface devices and conflict monitoring systems.

12. Unit heaters shall be equipped with an intermittent ignition device and shall have either power venting or an automatic flue damper.

B. BEGINNING JANUARY 1, 2012, THE FOLLOWING STANDARDS APPLY:

1. PORTABLE ELECTRIC SPAS SHALL NOT HAVE A NORMALIZED STANDBY POWER GREATER THAN FIVE TIMES THE SPA'S FILL VOLUME IN GALLONS RAISED TO THE TWO-THIRDS POWER.

2. RESIDENTIAL POOL PUMPS AND RESIDENTIAL POOL PUMP MOTORS SHALL COMPLY WITH BOTH OF THE FOLLOWING:
   (a) MOTORS SHALL NOT BE SPLIT-PHASE OR CAPACITOR START-INDUCTION RUN TYPE MOTORS, EXCEPT FOR THE FOLLOWING:
      (i) THE LOW-SPEED SECTION OF TWO-SPEED MOTORS MAY BE CAPACITOR START-INDUCTION RUN TYPE.
      (ii) FORTY-EIGHT-FRAME MOTORS DESIGNED FOR USE WITH ABOVE-GROUND POOLS ARE EXEMPT FROM THIS REQUIREMENT.
   (b) MOTORS WITH A TOTAL HORSEPOWER CAPACITY OF ONE OR MORE SHALL HAVE THE CAPABILITY OF OPERATING AT TWO OR MORE SPEEDS WITH A LOW SPEED HAVING A ROTATION RATE THAT IS NO MORE THAN ONE-HALF OF THE MOTOR'S MAXIMUM ROTATION RATE AND SHALL BE OPERATED WITH A PUMP CONTROL WITH THE CAPABILITY OF OPERATING THE PUMP AT TWO OR MORE SPEEDS. RESIDENTIAL POOL PUMP MOTOR CONTROLS THAT ARE SOLD FOR USE WITH A TWO OR MORE SPEED MOTOR SHALL HAVE A DEFAULT CIRCULATION SPEED SETTING NO MORE THAN ONE-HALF OF THE MOTOR'S MAXIMUM ROTATION RATE. ANY HIGH SPEED OVERRIDE CAPABILITY SHALL BE FOR A TEMPORARY PERIOD NOT TO EXCEED ONE TWENTY-FOUR HOUR CYCLE WITHOUT RESETTING TO THE DEFAULT SETTING.
