24 The Legislature finds that:

25 1. The tenth amendment to the Constitution of the United States
26 guarantees to the states and their citizens all powers not granted to the
27 federal government elsewhere in the Constitution and reserves to this state
28 and the citizens of this state certain powers as they were understood at the
29 time this state was admitted to statehood in 1912.

30 2. The ninth amendment to the Constitution of the United States
31 guarantees to the people rights not enumerated in the Constitution, including
32 rights as they were understood at the time this state was admitted to
33 statehood in 1912.

34 3. The guaranty of those powers and rights is a matter of contract
35 between this state, the citizens of this state and the United States as of
36 the time that the compact with the United States was agreed to and adopted by
37 this state and the United States in 1912.

38 4. The regulation of intrastate commerce is vested in the states under
39 article I, section 8, Constitution of the United States, and the ninth and
40 tenth amendments to the Constitution of the United States.
