Nothing in this paragraph shall be construed to require school districts to increase total compensation for superintendents. Unless the school district governing board votes to implement an alternative procedure at a public meeting called for this purpose, the performance pay portion of the superintendent's total annual compensation shall be determined as follows:

(a) Twenty-five per cent of the performance pay shall be determined based on the percentage of academic gain determined by the department of education of pupils who are enrolled in the school district compared to the academic gain achieved by the highest ranking of the fifty largest school districts in this state. For the purposes of this subdivision, the department of education shall determine academic gain by the academic growth achieved by each pupil who has been enrolled at the same school in a school district for at least five consecutive months measured against that pupil's academic results in the 2008-2009 school year. For the purposes of this subdivision, of the fifty largest school districts in this state, the school district with pupils who demonstrate the highest statewide percentage of overall academic gain measured against academic results for the 2008-2009 school year shall be assigned a score of 100 and the school district with pupils who demonstrate the lowest statewide percentage of overall academic gain measured against academic results for the 2008-2009 school year shall be assigned a score of 0.

(b) Twenty-five per cent of the performance pay shall be determined by the percentage of parents of pupils who are enrolled at the school district who assign a letter grade of "A" to the school on a survey of parental satisfaction with the school district. The parental satisfaction survey shall be administered and scored by an independent entity that is selected by the governing board and that demonstrates sufficient expertise and experience to accurately measure the results of the survey. The parental satisfaction survey shall use standard random sampling procedures and provide anonymity and confidentiality to each parent who participates in the survey. The letter grade scale used on the parental satisfaction survey shall direct parents to assign one of the following letter grades:

(i) A letter grade of "A" if the school district is excellent.
(ii) A letter grade of "B" if the school district is above average.
(iii) A letter grade of "C" if the school district is average.

The teacher satisfaction survey shall be administered and scored by an independent entity that is selected by the governing board and that demonstrates sufficient expertise and experience to accurately measure the results of the survey. The teacher satisfaction survey shall use standard random sampling procedures and provide anonymity and confidentiality to each teacher who participates in the survey. The letter grade scale used on the teacher satisfaction survey shall direct teachers to assign one of the following letter grades:

(i) A letter grade of "A" if the school district is excellent.
(ii) A letter grade of "B" if the school district is above average.
(iii) A letter grade of "C" if the school district is average.
(iv) A letter grade of "D" if the school district is below average.
(v) A letter grade of "F" if the school district is a failure.

(d) Twenty-five per cent of the performance pay shall be determined by other criteria selected by the governing board.

C. If any school district acquires real or personal property, whether by purchase, exchange, condemnation, gift or otherwise, the governing board shall pay to the county treasurer any taxes on the property that were unpaid as of the date of acquisition, including penalties and interest. The lien for unpaid delinquent taxes, penalties and interest on property acquired by a school district:

1. Is not abated, extinguished, discharged or merged in the title to the property.
2. Is enforceable in the same manner as other delinquent tax liens.

D. The governing board may not locate a school on property that is less than one-fourth mile from agricultural land regulated pursuant to section 3-365, except that the owner of the agricultural land may agree to comply with the buffer zone requirements of section 3-365. If the owner agrees in writing to comply with the buffer zone requirements and records the agreement in the office of the county recorder as a restrictive covenant running with the title to the land, the school district may locate a school within the affected buffer zone. The agreement may include any stipulations regarding the school, including conditions for future expansion of the school and changes in the operational status of the school that will result in a breach of the agreement.

E. A school district, its governing board members, its school council members and its employees are immune from civil liability for the consequences of adoption and implementation of policies and procedures
pursuant to subsection A of this section and section 15-342. This waiver
does not apply if the school district, its governing board members, its
school council members or its employees are guilty of gross negligence or
intentional misconduct.

F. A governing board may delegate in writing to a superintendent,
principal or head teacher the authority to prescribe procedures that are
consistent with the governing board's policies.

G. Notwithstanding any other provision of this title, a school
district governing board shall not take any action that would result in a
reduction of pupil square footage unless the governing board notifies the
school facilities board established by section 15-2001 of the proposed action
and receives written approval from the school facilities board to take the
action. A reduction includes an increase in administrative space that
results in a reduction of pupil square footage or sale of school sites or
buildings, or both. A reduction includes a reconfiguration of grades that
results in a reduction of pupil square footage of any grade level. This
subsection does not apply to temporary reconfiguration of grades to
accommodate new school construction if the temporary reconfiguration does not
exceed one year. The sale of equipment that results in a reduction that
falls below the equipment requirements prescribed in section 15-2011,
subsection B is subject to commensurate withholding of school district
capital outlay revenue limit monies pursuant to the direction of the school
facilities board. Except as provided in section 15-342, paragraph 10,
proceeds from the sale of school sites, buildings or other equipment shall be
deposited in the school plant fund as provided in section 15-1102.

H. Subsections C through G of this section apply to a county board of
supervisors and a county school superintendent when operating and
administering an accommodation school.
