The executive director is eligible to receive compensation set by the commission within the range determined pursuant to section 38-611.

Sec. 84. Section 36-2903.01, Arizona Revised Statutes, is amended to read:

36-2903.01. Additional powers and duties; report
A. The director of the Arizona health care cost containment system administration may adopt rules that provide that the system may withhold or forfeit payments to be made to a noncontracting provider by the system if the noncontracting provider fails to comply with this article, the provider agreement or rules that are adopted pursuant to this article and that relate to the specific services rendered for which a claim for payment is made.

B. The director shall:
1. Prescribe uniform forms to be used by all contractors. The rules shall require a written and signed application by the applicant or an applicant's authorized representative, or, if the person is incompetent or incapacitated, a family member or a person acting responsibly for the applicant may obtain a signature or a reasonable facsimile and file the application as prescribed by the administration.
2. Enter into an interagency agreement with the department to establish a streamlined eligibility process to determine the eligibility of all persons defined pursuant to section 36-2901, paragraph 6, subdivision (a). At the administration's option, the interagency agreement may allow the administration to determine the eligibility of certain persons, including those defined pursuant to section 36-2901, paragraph 6, subdivision (a).
3. Enter into an intergovernmental agreement with the department to:
   (a) Establish an expedited eligibility and enrollment process for all persons who are hospitalized at the time of application.
   (b) Establish performance measures and incentives for the department.
(c) Establish the process for management evaluation reviews that the administration shall perform to evaluate the eligibility determination functions performed by the department.

(d) Establish eligibility quality control reviews by the administration.

(e) Require the department to adopt rules, consistent with the rules adopted by the administration for a hearing process, that applicants or members may use for appeals of eligibility determinations or redeterminations.

(f) Establish the department's responsibility to place sufficient eligibility workers at federally qualified health centers to screen for eligibility and at hospital sites and level one trauma centers to ensure that persons seeking hospital services are screened on a timely basis for eligibility for the system, including a process to ensure that applications for the system can be accepted on a twenty-four hour basis, seven days a week.

(g) Withhold payments based on the allowable sanctions for errors in eligibility determinations or redeterminations or failure to meet performance measures required by the intergovernmental agreement.

(h) Recoup from the department all federal fiscal sanctions that result from the department's inaccurate eligibility determinations. The director may offset all or part of a sanction if the department submits a corrective action plan and a strategy to remedy the error.

4. By rule establish a procedure and time frames for the intake of grievances and requests for hearings, for the continuation of benefits and services during the appeal process and for a grievance process at the contractor level. Notwithstanding sections 41-1092.02, 41-1092.03 and 41-1092.05, the administration shall develop rules to establish the procedure and time frame for the informal resolution of grievances and appeals. A grievance that is not related to a claim for payment of system covered services shall be filed in writing with and received by the administration or the prepaid capitated provider or program contractor not later than sixty days after the date of the adverse action, decision or policy implementation being grieved. A grievance that is related to a claim for payment of system covered services must be filed in writing and received by the administration or the prepaid capitated provider or program contractor within twelve months after the date of service, within twelve months after the date that eligibility is posted or within sixty days after the date of the denial of a timely claim submission, whichever is later. A grievance for the denial of a claim for reimbursement of services may contest the validity of any adverse action, decision, policy implementation or rule that related to or resulted in the full or partial denial of the claim. A policy implementation may be subject to a grievance procedure, but it may not be appealed for a hearing. The administration is not required to participate in a mandatory settlement conference if it is not a real party in interest. In any proceeding before the administration, including a grievance or hearing, persons may represent
themselves or be represented by a duly authorized agent who is not charging a fee. A legal entity may be represented by an officer, partner or employee who is specifically authorized by the legal entity to represent it in the particular proceeding.

5. Apply for and accept federal funds available under title XIX of the social security act (P.L. 89-97; 79 Stat. 344; 42 United States Code section 1396 (1980)) in support of the system. The application made by the director pursuant to this paragraph shall be designed to qualify for federal funding primarily on a prepaid capitated basis. Such funds may be used only for the support of persons defined as eligible pursuant to title XIX of the social security act or the approved section 1115 waiver.

6. At least thirty days before the implementation of a policy or a change to an existing policy relating to reimbursement, provide notice to interested parties. Parties interested in receiving notification of policy changes shall submit a written request for notification to the administration.

7. In addition to the cost sharing requirements specified in subsection D, paragraph 4 of this section:
   (a) Charge monthly premiums up to the maximum amount allowed by federal law to all populations of eligible persons who may be charged.
   (b) Implement this paragraph to the extent permitted under the federal deficit reduction act of 2005 and other federal laws, subject to the approval of federal waiver authority and to the extent that any changes in the cost sharing requirements under this paragraph would permit this state to receive any enhanced federal matching rate.

C. The director is authorized to apply for any federal funds available for the support of programs to investigate and prosecute violations arising from the administration and operation of the system. Available state funds appropriated for the administration and operation of the system may be used as matching funds to secure federal funds pursuant to this subsection.

D. The director may adopt rules or procedures to do the following:
   1. Authorize advance payments based on estimated liability to a contractor or a noncontracting provider after the contractor or noncontracting provider has submitted a claim for services and before the claim is ultimately resolved. The rules shall specify that any advance payment shall be conditioned on the execution before payment of a contract with the contractor or noncontracting provider that requires the administration to retain a specified percentage, which shall be at least twenty per cent, of the claimed amount as security and that requires repayment to the administration if the administration makes any overpayment.
   2. Defer liability, in whole or in part, of contractors for care provided to members who are hospitalized on the date of enrollment or under other circumstances. Payment shall be on a capped fee-for-service basis for services other than hospital services and at the rate established pursuant to subsection G or H of this section for hospital services or at the rate paid by the health plan, whichever is less.
3. Deputize, in writing, any qualified officer or employee in the administration to perform any act that the director by law is empowered to do or charged with the responsibility of doing, including the authority to issue final administrative decisions pursuant to section 41-1092.08.

4. Notwithstanding any other law, require persons eligible pursuant to section 36-2901, paragraph 6, subdivision (a), section 36-2931 and section 36-2981, paragraph 6 to be financially responsible for any cost sharing requirements established in a state plan or a section 1115 waiver and approved by the centers for medicare and medicaid services. Cost sharing requirements may include copayments, coinsurance, deductibles, enrollment fees and monthly premiums for enrolled members, including households with children enrolled in the Arizona long-term care system.

E. The director shall adopt rules that further specify the medical care and hospital services that are covered by the system pursuant to section 36-2907.

F. In addition to the rules otherwise specified in this article, the director may adopt necessary rules pursuant to title 41, chapter 6 to carry out this article. Rules adopted by the director pursuant to this subsection shall consider the differences between rural and urban conditions on the delivery of hospitalization and medical care.

G. For inpatient hospital admissions and all outpatient hospital services before March 1, 1993, the administration shall reimburse a hospital's adjusted billed charges according to the following procedures:

1. The director shall adopt rules that, for services rendered from and after September 30, 1985 until October 1, 1986, define "adjusted billed charges" as that reimbursement level that has the effect of holding constant whichever of the following is applicable:
   (a) The schedule of rates and charges for a hospital in effect on April 1, 1984 as filed pursuant to chapter 4, article 3 of this title.
   (b) The schedule of rates and charges for a hospital that became effective after May 31, 1984 but before July 2, 1984, if the hospital's previous rate schedule became effective before April 30, 1983.
   (c) The schedule of rates and charges for a hospital that became effective after May 31, 1984 but before July 2, 1984, limited to five per cent over the hospital's previous rate schedule, and if the hospital's previous rate schedule became effective on or after April 30, 1983 but before October 1, 1983.

For the purposes of this paragraph, "constant" means equal to or lower than.

2. The director shall adopt rules that, for services rendered from and after September 30, 1986, define "adjusted billed charges" as that reimbursement level that has the effect of increasing by four per cent a hospital's reimbursement level in effect on October 1, 1985 as prescribed in paragraph 1 of this subsection. Beginning January 1, 1991, the Arizona health care cost containment system administration shall define "adjusted billed charges" as the reimbursement level determined pursuant to this section, increased by two and one-half per cent.
3. In no event shall a hospital's adjusted billed charges exceed the hospital's schedule of rates and charges filed with the department of health services and in effect pursuant to chapter 4, article 3 of this title.

4. For services rendered the administration shall not pay a hospital's adjusted billed charges in excess of the following:

   (a) If the hospital's bill is paid within thirty days of the date the bill was received, eighty-five per cent of the adjusted billed charges.

   (b) If the hospital's bill is paid any time after thirty days but within sixty days of the date the bill was received, ninety-five per cent of the adjusted billed charges.

   (c) If the hospital's bill is paid any time after sixty days of the date the bill was received, one hundred per cent of the adjusted billed charges.

5. The director shall define by rule the method of determining when a hospital bill will be considered received and when a hospital's billed charges will be considered paid. Payment received by a hospital from the administration pursuant to this subsection or from a contractor either by contract or pursuant to section 36-2904, subsection I shall be considered payment of the hospital bill in full, except that a hospital may collect any unpaid portion of its bill from other third party payors or in situations covered by title 33, chapter 7, article 3.

H. For inpatient hospital admissions and outpatient hospital services on and after March 1, 1993 the administration shall adopt rules for the reimbursement of hospitals according to the following procedures:

1. For inpatient hospital stays, the administration shall use a prospective tiered per diem methodology, using hospital peer groups if analysis shows that cost differences can be attributed to independently definable features that hospitals within a peer group share. In peer grouping the administration may consider such factors as length of stay differences and labor market variations. If there are no cost differences, the administration shall implement a stop loss-stop gain or similar mechanism. Any stop loss-stop gain or similar mechanism shall ensure that the tiered per diem rates assigned to a hospital do not represent less than ninety per cent of its 1990 base year costs or more than one hundred ten per cent of its 1990 base year costs, adjusted by an audit factor, during the period of March 1, 1993 through September 30, 1994. The tiered per diem rates set for hospitals shall represent no less than eighty-seven and one-half per cent or more than one hundred twelve and one-half per cent of its 1990 base year costs, adjusted by an audit factor, from October 1, 1994 through September 30, 1995 and no less than eighty-five per cent or more than one hundred fifteen per cent of its 1990 base year costs, adjusted by an audit factor, from October 1, 1995 through September 30, 1996. For the periods after September 30, 1996 no stop loss-stop gain or similar mechanisms shall be in effect. An adjustment in the stop loss-stop gain percentage may be made to ensure that total payments do not increase as a result of this provision. If peer groups are used the administration shall establish
initial peer group designations for each hospital before implementation of
the per diem system. The administration may also use a negotiated rate
methodology. The tiered per diem methodology may include separate
consideration for specialty hospitals that limit their provision of services
to specific patient populations, such as rehabilitative patients or children.
The initial per diem rates shall be based on hospital claims and encounter
data for dates of service November 1, 1990 through October 31, 1991 and
processed through May of 1992.

2. For rates effective on October 1, 1994, and annually thereafter,
the administration shall adjust tiered per diem payments for inpatient
hospital care by the data resources incorporated market basket index for
prospective payment system hospitals. For rates effective beginning on
October 1, 1999, the administration shall adjust payments to reflect changes
in length of stay for the maternity and nursery tiers.

3. Through June 30, 2004, for outpatient hospital services, the
administration shall reimburse a hospital by applying a hospital specific
outpatient cost-to-charge ratio to the covered charges. Beginning on July 1,
2004 through June 30, 2005, the administration shall reimburse a hospital by
applying a hospital specific outpatient cost-to-charge ratio to covered
charges. If the hospital increases its charges for outpatient services filed
with the Arizona department of health services pursuant to chapter 4, article
3 of this title, by more than 4.7 per cent for dates of service effective on
or after July 1, 2004, the hospital specific cost-to-charge ratio will be
reduced by the amount that it exceeds 4.7 per cent. If charges exceed 4.7
per cent, the effective date of the increased charges will be the effective
date of the adjusted Arizona health care cost containment system
cost-to-charge ratio. The administration shall develop the methodology for a
capped fee-for-service schedule and a statewide cost-to-charge ratio. Any
covered outpatient service not included in the capped fee-for-service
schedule shall be reimbursed by applying the statewide cost-to-charge ratio
that is based on the services not included in the capped fee-for-service
schedule. Beginning on July 1, 2005, the administration shall reimburse
clean claims with dates of service on or after July 1, 2005, based on the
capped fee-for-service schedule or the statewide cost-to-charge ratio
established pursuant to this paragraph. The administration may make
additional adjustments to the outpatient hospital rates established pursuant
to this section based on other factors, including the number of beds in the
hospital, specialty services available to patients and the geographic
location of the hospital.

4. Except if submitted under an electronic claims submission system, a
hospital bill is considered received for purposes of this paragraph on
initial receipt of the legible, error-free claim form by the administration
if the claim includes the following error-free documentation in legible form:
   (a) An admission face sheet.
   (b) An itemized statement.
   (c) An admission history and physical.
(d) A discharge summary or an interim summary if the claim is split.
(e) An emergency record, if admission was through the emergency room.
(f) Operative reports, if applicable.
(g) A labor and delivery room report, if applicable.

Payment received by a hospital from the administration pursuant to this subsection or from a contractor either by contract or pursuant to section 36-2904, subsection I is considered payment by the administration or the contractor of the administration's or contractor's liability for the hospital bill. A hospital may collect any unpaid portion of its bill from other third party payors or in situations covered by title 33, chapter 7, article 3.

5. For services rendered on and after October 1, 1997, the administration shall pay a hospital's rate established according to this section subject to the following:
   (a) If the hospital's bill is paid within thirty days of the date the bill was received, the administration shall pay ninety-nine per cent of the rate.
   (b) If the hospital's bill is paid after thirty days but within sixty days of the date the bill was received, the administration shall pay one hundred per cent of the rate.
   (c) If the hospital's bill is paid any time after sixty days of the date the bill was received, the administration shall pay one hundred per cent of the rate plus a fee of one per cent per month for each month or portion of a month following the sixtieth day of receipt of the bill until the date of payment.

6. In developing the reimbursement methodology, if a review of the reports filed by a hospital pursuant to section 36-125.04 indicates that further investigation is considered necessary to verify the accuracy of the information in the reports, the administration may examine the hospital's records and accounts related to the reporting requirements of section 36-125.04. The administration shall bear the cost incurred in connection with this examination unless the administration finds that the records examined are significantly deficient or incorrect, in which case the administration may charge the cost of the investigation to the hospital examined.

7. Except for privileged medical information, the administration shall make available for public inspection the cost and charge data and the calculations used by the administration to determine payments under the tiered per diem system, provided that individual hospitals are not identified by name. The administration shall make the data and calculations available for public inspection during regular business hours and shall provide copies of the data and calculations to individuals requesting such copies within thirty days of receipt of a written request. The administration may charge a reasonable fee for the provision of the data or information.

8. The prospective tiered per diem payment methodology for inpatient hospital services shall include a mechanism for the prospective payment of inpatient hospital capital related costs. The capital payment shall include
hospital specific and statewide average amounts. For tiered per diem rates
beginning on October 1, 1999, the capital related cost component is frozen at
the blended rate of forty per cent of the hospital specific capital cost and
sixty per cent of the statewide average capital cost in effect as of
January 1, 1999 and as further adjusted by the calculation of tier rates for
maternity and nursery as prescribed by law. The administration shall adjust
the capital related cost component by the data resources incorporated market
basket index for prospective payment system hospitals.

9. For graduate medical education programs:
   (a) Beginning September 30, 1997, the administration shall establish a
   separate graduate medical education program to reimburse hospitals that had
   graduate medical education programs that were approved by the administration
   as of October 1, 1999. The administration shall separately account for
   monies for the graduate medical education program based on the total
   reimbursement for graduate medical education reimbursed to hospitals by the
   system in federal fiscal year 1995-1996 pursuant to the tiered per diem
   methodology specified in this section. The graduate medical education
   program reimbursement shall be adjusted annually by the increase or decrease
   in the index published by the global insight hospital market basket index for
   prospective hospital reimbursement. Subject to legislative appropriation, on
   an annual basis, each qualified hospital shall receive a single payment from
   the graduate medical education program that is equal to the same percentage
   of graduate medical education reimbursement that was paid by the system in
   federal fiscal year 1995-1996. Any reimbursement for graduate medical
   education made by the administration shall not be subject to future
   settlements or appeals by the hospitals to the administration. The monies
   available under this subdivision shall not exceed the fiscal year 2005-2006
   appropriation adjusted annually by the increase or decrease in the index
   published by the global insight hospital market basket index for prospective
   hospital reimbursement, except for monies distributed for expansions pursuant
to subdivision (b) of this paragraph.

   (b) The monies available for graduate medical education programs
   pursuant to this subdivision shall not exceed the fiscal year 2006-2007
   appropriation adjusted annually by the increase or decrease in the index
   published by the global insight hospital market basket index for prospective
   hospital reimbursement. Graduate medical education programs eligible for
   such reimbursement are not precluded from receiving reimbursement for funding
   under subdivision (c) of this paragraph. Beginning July 1, 2006, the
   administration shall distribute any monies appropriated for graduate medical
   education above the amount prescribed in subdivision (a) of this paragraph in
   the following order or priority:

   (i) For the direct costs to support the expansion of graduate medical
   education programs established before July 1, 2006 at hospitals that do not
   receive payments pursuant to subdivision (a) of this paragraph. These
   programs must be approved by the administration.
(ii) For the direct costs to support the expansion of graduate medical education programs established on or before October 1, 1999. These programs must be approved by the administration.

(c) The administration shall distribute to hospitals any monies appropriated for graduate medical education above the amount prescribed in subdivisions (a) and (b) of this paragraph for the following purposes:

(i) For the direct costs of graduate medical education programs established or expanded on or after July 1, 2006. These programs must be approved by the administration.

(ii) For a portion of additional indirect graduate medical education costs for programs that are located in a county with a population of less than five hundred thousand persons at the time the residency position was created or for a residency position that includes a rotation in a county with a population of less than five hundred thousand persons at the time the residency position was established. These programs must be approved by the administration.

(d) The administration shall develop, by rule, the formula by which the monies are distributed.

(e) Each graduate medical education program that receives funding pursuant to subdivision (b) or (c) of this paragraph shall identify and report to the administration the number of new residency positions created by the funding provided in this paragraph, including positions in rural areas. The program shall also report information related to the number of funded residency positions that resulted in physicians locating their practice in this state. The administration shall report to the joint legislative budget committee by February 1 of each year on the number of new residency positions as reported by the graduate medical education programs.

(f) Local, county and tribal governments and any university under the jurisdiction of the Arizona board of regents may provide monies in addition to any state general fund monies appropriated for graduate medical education in order to qualify for additional matching federal monies for providers, programs or positions in a specific locality and costs incurred pursuant to a specific contract between the administration and providers or other entities to provide graduate medical education services as an administrative activity. Payments by the administration pursuant to this subdivision may be limited to those providers designated by the funding entity and may be based on any methodology deemed appropriate by the administration, including replacing any payments that might otherwise have been paid pursuant to subdivision (a), (b) or (c) of this paragraph had sufficient state general fund monies or other monies been appropriated to fully fund those payments. These programs, positions, payment methodologies and administrative graduate medical education services must be approved by the administration and the centers for medicare and medicaid services. The administration shall report to the president of the senate, the speaker of the house of representatives and the director of the joint legislative budget committee on or before July 1 of each year on the amount of money contributed and number of residency
positions funded by local, county and tribal governments, including the
amount of federal matching monies used.

(g) Any funds appropriated but not allocated by the administration for
subdivision (b) or (c) of this paragraph may be reallocated if funding for
either subdivision is insufficient to cover appropriate graduate medical
education costs.

10. Notwithstanding section 41-1005, subsection A, paragraph 9, the
administration shall adopt rules pursuant to title 41, chapter 6 establishing
the methodology for determining the prospective tiered per diem payments.

11. For inpatient hospital services rendered on or after October 1,
2011, the prospective tiered per diem payment rates are permanently reset to
the amounts payable for those services as of September 30, 2011 pursuant to
this subsection.

I. The director may adopt rules that specify enrollment procedures,
including notice to contractors of enrollment. The rules may provide for
varying time limits for enrollment in different situations. The
administration shall specify in contract when a person who has been
determined eligible will be enrolled with that contractor and the date on
which the contractor will be financially responsible for health and medical
services to the person.

J. The administration may make direct payments to hospitals for
hospitalization and medical care provided to a member in accordance with this
article and rules. The director may adopt rules to establish the procedures
by which the administration shall pay hospitals pursuant to this subsection
if a contractor fails to make timely payment to a hospital. Such payment
shall be at a level determined pursuant to section 36-2904, subsection H
or I. The director may withhold payment due to a contractor in the amount of
any payment made directly to a hospital by the administration on behalf of a
contractor pursuant to this subsection.

K. The director shall establish a special unit within the
administration for the purpose of monitoring the third party payment
collections required by contractors and noncontracting providers pursuant to
section 36-2903, subsection B, paragraph 10 and subsection F and section
36-2915, subsection E. The director shall determine by rule:

1. The type of third party payments to be monitored pursuant to this
subsection.

2. The percentage of third party payments that is collected by a
contractor or noncontracting provider and that the contractor or
noncontracting provider may keep and the percentage of such payments that the
contractor or noncontracting provider may be required to pay to the
administration. Contractors and noncontracting providers must pay to the
administration one hundred per cent of all third party payments that are
collected and that duplicate administration fee-for-service payments. A
contractor that contracts with the administration pursuant to section
36-2904, subsection A may be entitled to retain a percentage of third party
payments if the payments collected and retained by a contractor are reflected
in reduced capitation rates. A contractor may be required to pay the
administration a percentage of third party payments that are collected by a
contractor and that are not reflected in reduced capitation rates.

L. The administration shall establish procedures to apply to the
following if a provider that has a contract with a contractor or
noncontracting provider seeks to collect from an individual or financially
responsible relative or representative a claim that exceeds the amount that
is reimbursed or should be reimbursed by the system:

1. On written notice from the administration or oral or written notice
from a member that a claim for covered services may be in violation of this
section, the provider that has a contract with a contractor or noncontracting
provider shall investigate the inquiry and verify whether the person was
eligible for services at the time that covered services were provided. If
the claim was paid or should have been paid by the system, the provider that
has a contract with a contractor or noncontracting provider shall not
continue billing the member.

2. If the claim was paid or should have been paid by the system and
the disputed claim has been referred for collection to a collection agency or
referred to a credit reporting bureau, the provider that has a contract with
a contractor or noncontracting provider shall:

   (a) Notify the collection agency and request that all attempts to
       collect this specific charge be terminated immediately.

   (b) Advise all credit reporting bureaus that the reported delinquency
       was in error and request that the affected credit report be corrected to
       remove any notation about this specific delinquency.

   (c) Notify the administration and the member that the request for
       payment was in error and that the collection agency and credit reporting
       bureaus have been notified.

3. If the administration determines that a provider that has a
contract with a contractor or noncontracting provider has billed a member for
charges that were paid or should have been paid by the administration, the
administration shall send written notification by certified mail or other
service with proof of delivery to the provider that has a contract with a
contractor or noncontracting provider stating that this billing is in
violation of federal and state law. If, twenty-one days or more after
receiving the notification, a provider that has a contract with a contractor
or noncontracting provider knowingly continues billing a member for charges
that were paid or should have been paid by the system, the administration may
assess a civil penalty in an amount equal to three times the amount of the
billing and reduce payment to the provider that has a contract with a
contractor or noncontracting provider accordingly. Receipt of delivery
signed by the addressee or the addressee's employee is prima facie evidence
of knowledge. Civil penalties collected pursuant to this subsection shall be
deposited in the state general fund. Section 36-2918, subsections C, D and
F, relating to the imposition, collection and enforcement of civil penalties,
apply to civil penalties imposed pursuant to this paragraph.
M. The administration may conduct postpayment review of all claims paid by the administration and may recoup any monies erroneously paid. If at any time the administration receives written notification from federal authorities of any change or difference in the actual or estimated amount of federal funds available for disproportionate share payments from the amount reflected in the legislative appropriation for such purposes, the administration shall provide written notification of such change or difference to the president and the minority leader of the senate, the speaker and the minority leader of the house of representatives, the director of the joint legislative budget committee, the legislative committee of reference and any hospital trade association within this state, within three working days not including weekends after receipt of the notice of the change or difference. In calculating disproportionate share payments as prescribed in this section, the administration may use either a methodology based on claims and encounter data that is submitted to the administration by contractors or a methodology based on data that is reported to the administration by private hospitals and state operated institutions for mental disease. The selected methodology applies to all private hospitals and state operated institutions for mental disease qualifying for disproportionate share payments. For the purposes of this subsection, "disproportionate share payment" means a payment to a hospital that serves a disproportionate share of low-income patients as described by 42 United States Code section 1396r-4.

Q. Notwithstanding any law to the contrary, the administration may receive confidential adoption information to determine whether an adopted child should be terminated from the system.

make them available for public inspection within twenty-four hours after the
meeting. The board shall review the minutes of each conference call meeting
and shall ratify all legal actions taken during each conference call meeting
at the next scheduled meeting of the board.

The current system consists of rules and regulations adopted many years ago that served a valuable purpose at the time, but now actually makes it difficult to manage the workforce effectively. The new personnel system pursuant to this act is intended to support this state's ability to attract, hire and retain high-performing employees.

B. For the purpose of amending rules pertaining to the administration of hearings and the review of appeals pursuant to section 41-782, Arizona Revised Statutes, as amended by this act, until October 31, 2012 the state
personnel board is exempt from the rule making requirements of title 41, chapter 6, Arizona Revised Statutes. The board shall provide public notice and an opportunity for public comment on proposed rules at least thirty days before rules are adopted or amended pursuant to this section.

C. For the purpose of adopting rules pertaining to the administration of hearings and the review of appeals pursuant to section 41-1830.12, Arizona Revised Statutes, as amended by this act, and section 41-1830.16, Arizona Revised Statutes, as added by this act, until October 31, 2012 the law enforcement merit system council is exempt from the rule making requirements of title 41, chapter 6, Arizona Revised Statutes. The council shall provide public notice and an opportunity for public comment on proposed rules at least thirty days before rules are adopted pursuant to this section.

D. This section is effective retroactively to from and after April 30, 2012.

Sec. 171. Severability

If a provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

Sec. 172. Effective date

This act becomes effective from and after September 28, 2012.
