7 with a qualified provider through a competitive sealed proposal process as
8 provided by the procurement practices adopted by the state board of
9 education.

10 B. A school district may enter into a guaranteed energy cost savings
11 contract with a qualified provider if it determines that the amount it would
12 spend on the energy cost savings measures recommended in the proposal would
13 not exceed the amount to be saved in energy and operational costs over the
14 expected life of the energy cost savings measures implemented or within
15 twenty-five years, whichever is shorter, after the date installation or
16 implementation is complete, if the recommendations in the proposal are
17 followed. The school district shall retain the cost savings achieved by a

22 qualified provider, including the cost of the contract, the energy and
23 operational cost savings, the net projected energy savings, the quality of
24 the technical approach, the quality of the project management plan, the
25 financial solvency of the qualified provider and the experience of the
26 qualified provider with projects of similar size and scope. The school
27 district shall set forth each criterion with its respective numerical
28 weighting in the request for proposal.

33 contractor is adequately bonded to perform the work and that the contractor
34 has not failed to perform on a prior job.

35 E. A study shall be performed by the selected qualified provider in
36 order to establish the exact scope of the guaranteed energy cost savings
37 contract, the fixed cost savings guarantee amount and the methodology for
38 determining actual savings. This report shall be reviewed and approved by
39 the school district before the actual installation of any equipment. The
40 qualified provider shall transmit a copy of the approved study to the school
41 facilities board and the ~~department of commerce~~ GOVERNOR'S energy office.

42 F. The guaranteed energy cost savings contract shall require that, in
43 determining whether the projected energy savings calculations have been met,
44 the energy or operational cost savings shall be computed by comparing the
45 energy baseline before installation or implementation of the energy cost

1 savings measures with the energy consumed and operational costs avoided after
2 installation or implementation of the energy cost savings measures. The
3 qualified provider and the school district may agree to make modifications to
4 the energy baseline only for any of the following:

13 8. Significant changes in the nature or intensity of energy use such
14 as the change of classroom space to laboratory space.

15 G. The information to develop the energy baseline shall be derived
16 from actual energy measurements or shall be calculated from energy
17 measurements at the facility where energy cost savings measures are to be
18 installed or implemented. The measurements shall be taken in the year
19 preceding the installation or implementation of energy cost savings measures.

20 H. When submitting a proposal for the installation of equipment, the
21 qualified provider shall include information on the projected energy savings
22 associated with each proposed energy cost savings measure.

23 I. A school district, or two or more school districts, may enter into
24 an installment payment contract or lease-purchase agreement with a qualified
25 provider for the purchase and installation or implementation of energy cost
26 savings measures. The guaranteed energy cost savings contract may provide
27 for payments over a period of not more than the expected life of the energy
28 cost savings measures implemented or twenty-five years, whichever is shorter.
29 The contract shall provide that all payments, except obligations on
30 termination of the contract before its expiration, shall be made over time.

31 J. The guaranteed energy cost savings contract shall include a written
32 guarantee of the qualified provider that either the energy or operational
33 costs savings, or both, will meet or exceed the costs of the energy cost
34 savings measures over the expected life of the energy cost savings measures
35 implemented or within twenty-five years, whichever is shorter. The qualified
36 provider shall:

37 1. For the first three years of savings, prepare a measurement and
38 verification report on an annual basis in addition to an annual
39 reconciliation of savings.

40 2. Reimburse the school district for any shortfall of guaranteed
41 energy cost savings on an annual basis.

42 K. The school district may obtain any required financing as part of
43 the original competitive sealed proposal process from the qualified provider
44 or a third-party financing institution.

1 L. A qualified provider that is awarded the contract shall give a
2 sufficient bond to the school district for its faithful performance of the
3 equipment installment.

4 M. The qualified provider is required to make public information in
5 the subcontractor's bids only if the qualified provider is awarded the
6 guaranteed energy cost savings contract by the school district.

7 N. For all projects carried out under this section, the district shall
8 report to the ~~department of commerce~~ GOVERNOR'S energy office and the school
9 facilities board:

- 10 1. The name of the project.

15 report to the school facilities board, by October 15 each year, the actual
16 energy and cost savings.

17 P. This section does not apply to the construction of new buildings.

18 Q. A school district may utilize a simplified energy performance
19 contract for projects less than five hundred thousand dollars. Simplified
20 energy performance contracts are not required to include an energy savings
21 guarantee and shall comply with all requirements in this section except for

7 satisfies all of the criteria provided in subsection A of this section and
8 shall establish the process by which the department qualifies and preapproves
9 a company for motion picture production tax incentives. This process shall
10 preapprove a company for motion picture production tax incentives based on
11 priority placement established by the date that such motion picture
12 production company filed its initial application for qualification with the
13 department.

14 E. The department of commerce may conduct a site visit to verify that
15 production has begun. Within ninety days after the department preapproves

43 its application.

44 G. The preapproved amount applies against the dollar limit prescribed
45 by subsection J of this section for the year in which the application was

1 submitted regardless of whether the initial preapproval period extends into
2 the following year or years. Before the expiration of the initial
3 preapproval or requalification period, a company may voluntarily relinquish
4 unused credit amounts.

5 H. The department of commerce shall reallocate the amount of credits
6 that is voluntarily relinquished under subsection G of this section, that
7 lapses under subsection F of this section or that lapses under subsection O
8 of this section. The reallocation shall be to other motion picture
9 production companies that applied in the original credit year based on
10 priority placement. The amount of the reallocated credits shall continue to
11 apply against the dollar limit of the original credit year regardless of the
12 year in which the reallocation occurs. If for any year an unused balance
13 occurs in the income tax credits authorized under the dollar limit prescribed
14 by subsection J of this section:

15 1. The balance shall be allocated to motion picture production
16 companies that successfully appeal the denial of approval under this section
17 or section 41-1517.01. Any amount of income tax credits due to successful
18 appeals that are not paid from an unused balance in any year shall be paid
19 against the dollar limit allowed by subsection J of this section in the
20 following year.

21 2. Any remaining unused balance shall be reallocated for the purposes
22 of this section in the following year.

23 I. Beginning with the tax credits allocated for 2006 pursuant to
24 subsection J of this section, an approved credit offsets tax liability for
25 the taxable year for which the credit was originally allocated or any
26 subsequent taxable year within the applicable carryforward period pursuant to
27 section 43-1075, subsection G or section 43-1163, subsection G. The credits

10 reaches the minimum expenditure threshold requirements of subsection A,
11 paragraph 1 of this section.

12 3. In lieu of a script under subsection C, paragraph 9 of this
13 section, the applicant must submit a synopsis or storyboard that:

22 business days.

23 5. Expenses incurred before the date of submission of a completed
24 application under subsection C of this section do not qualify as production
25 costs.

26 6. The department shall allocate the income tax credit incentives
27 based on priority placement established by the date that the company files
28 its application and based on the percentage of estimated total expenditures
29 in this state allowed as a credit under section 43-1075 or 43-1163.

30 7. Within sixty days after applying with the department under
31 subsection C of this section, a company that is preapproved for a specific
32 production must notify and provide documentation of expenditures to the
33 department of the total amount of eligible production costs associated with
34 the production.

35 8. The company is not eligible for income tax credit incentives until
36 the company's eligible production expenditures reach two hundred fifty
37 thousand dollars in a period of twelve consecutive months. When the company
38 reaches that threshold, the company may apply to the department for approval
39 of the income tax credit incentives pursuant to subsection 0 of this
40 section. Applications for approval of income tax credit incentives may not
41 be submitted by the same company more frequently than once a calendar month.

42 9. Notwithstanding any other provision of this section, the department
43 of commerce shall adopt rules and prescribe forms and procedures as necessary
44 for the purposes of this subsection.

1 L. Except for applications with respect to commercial advertisement
2 and music video production under subsection K of this section, after October
3 31 of each year, if the department has preapproved the maximum calendar year
4 tax credit amount pursuant to subsection J of this section, the department
5 may accept initial applications for the next calendar year. The preapproval
6 of any application pursuant to this subsection shall not be effective prior
7 to the first business day of the following calendar year. The department may
8 accept initial applications with respect to commercial advertisement and
9 music video production under subsection K of this section only during the
10 calendar year in which the credits would be allotted.

11 M. Subject to subsection O of this section, the department of commerce
12 shall deny an application submitted on completion of the production pursuant
13 to subsection O of this section if it determines that:

14 1. The motion picture production company does not meet all of the
15 established criteria provided in subsection A of this section.

17 obscene pictorial publication under title 12, chapter 7, article 1.1.

18 3. The production depicts sexual activity as defined in title 13,
19 chapter 35.

21 commercial sexual exploitation of a minor under title 13, chapter 35.1.

22 N. On a determination by the department of commerce that a motion
23 picture production company qualifies for motion picture production tax
24 incentives, the department shall issue the company a written letter of
25 qualification and transmit a copy of the letter to the department of revenue.
26 Beginning from and after December 31, 2007, a letter of qualification is
27 effective for twenty-four consecutive months as stated in the letter.

28 O. Upon completion of the motion picture production, a motion picture
29 production company that qualifies for the motion picture tax incentives shall
30 apply to the department in writing for approval of income tax credits, submit
31 a viewable copy of the motion picture, except as provided in subsection P of
32 this section, and certify the total amount of eligible production costs
33 associated with the project incurred from and after December 31, 2005. From
34 and after June 30, 2006, the department shall provide approval to a motion
35 picture production company that it has met the eligibility requirements of
36 this section and shall notify the department of revenue that the motion
37 picture production company may claim the tax credits pursuant to sections
38 43-1075 and 43-1163. If the eligible production costs actually spent are
39 less than the amount preapproved for income tax credits, the preapproved
40 amount not incurred lapses and does not apply against the dollar limit
41 prescribed by subsection J of this section for that year.

42 P. A motion picture production company may apply for postapproval of
43 the production under subsection O of this section before a viewable copy of
44 the production is available. To do so, the company must submit with its
45 application a letter of credit, payable to the department of revenue,

1 providing that within two business days after the issuer receives a written
2 determination from the department of commerce that the production fails to
3 qualify for the tax credits the issuer will pay to the department of revenue
4 the full face value of the income tax credits in the application. If the
5 department of revenue draws on the letter of credit, the monies shall be
6 transferred to and held in an interest bearing account pending the final
7 outcome of an appeal, if any. The letter of credit may be released on the
8 determination by the department of commerce that the completed production
9 qualifies for the tax credits.

10 Q. If a preapproved motion picture production company fails to
11 undertake production, as described in subsection F of this section, and also
12 fails to voluntarily relinquish the unused credit amounts for reallocation by
13 the department as provided by subsection G of this section within the
14 ninety-day period, the company and all persons signing the application for
15 preapproval are disqualified from receiving, or participating in any motion
16 picture production company that applies for or receives, tax incentives
17 pursuant to this section for three years after the original application.

18 R. The department of commerce, with the cooperation of the department
19 of revenue, shall adopt rules and publish and prescribe forms and procedures
20 as necessary to effectuate the purposes of this section.

21 S. Any information gathered from motion picture production companies
22 for the purposes of this section, or applicants for infrastructure incentives
23 for the purposes of section 41-1517.01, shall be considered confidential

28 infrastructure applicant and the amount of income tax credits preapproved for
29 each production and infrastructure project.

30 2. The amount of credits approved with respect to each production.

31 T. The department of commerce shall:

32 1. Keep annual records of the information provided on applications for
33 motion picture production tax incentives. These records shall reflect a
34 percentage comparison of the annual amount of monies exempted or credited to
35 qualifying motion picture production companies to the estimated amount of
36 monies spent on in-state production costs by motion picture production
37 companies.

38 2. Maintain annual data on growth in Arizona-based motion picture
39 industry companies and motion picture industry employment and wages.

40 3. Not later than April 30 of each year, prepare and publish a report
41 summarizing the information collected pursuant to this subsection. The
42 department shall make copies of the annual report available to the public on
43 request.

44 U. Subject to annual legislative authorization, the amount of three
45 hundred thirty seven thousand seven hundred dollars from the dollar amount of

1 income tax credits under subsection J of this section is allocated each year
2 to the department of commerce for up to six full-time equivalent positions
3 dedicated solely for the purposes of this section and section 41-1517.01. If
4 the income tax credits terminate pursuant to subsection A of this section and
5 section 41-1517.01, subsection A, the authorization under this subsection and
6 any positions dedicated for those purposes also terminate.

42 42-1118.

43 4. The refund is subject to setoff under section 42-1122.

44 the credit only if the applicant knew or should have known at any time before
45 the certification that the representation was false.

1 2. A bioscience enterprise or a business that maintains its principal
2 place of business in a rural county in this state, the department of revenue
3 shall decrease the amount of the credit that would have been allowed only if
4 the applicant knew or should have known at any time before the certification
5 that the representation was false.

4 employment position for the next taxable year.

5 (e) The employee has not been previously employed by the taxpayer
6 within twelve months before the current date of hire.

7 4. The employer shall provide health insurance coverage for employees

16 (ii) At least forty per cent of the premium or membership cost in the

45 on the claimant's income, or if there are no state income taxes due on the

1 claimant's income, the amount of the claim not used as an offset against
2 income taxes may be carried forward as a tax credit against subsequent years'

4 provided the business maintains its certification under section 41-1516.

5 H. Co-owners of a business, including partners in a partnership and
6 shareholders of an S corporation as defined in section 1361 of the internal
7 revenue code, may each claim only the pro rata share of the credit allowed

16 credits or changes ownership through reorganization, stock purchase or
17 merger, the new taxpayer may claim the second or third year credits if it
18 meets the other eligibility requirements of this section. Credits for which
19 a taxpayer qualified before the changes described in this subsection are
20 terminated and lost at the time the changes are implemented.

21 J. If, within five taxable years after first receiving a credit
22 pursuant to this section, the certification of qualification of a business is
23 terminated or revoked under section 41-1516 other than for reasons beyond the
24 control of the business as determined by the ~~department of commerce~~ ARIZONA
25 COMMERCE AUTHORITY, the credits allowed the business pursuant to this section
26 are subject to recapture pursuant to this subsection. This subsection
27 applies only in the case of the termination or revocation of a certification
28 of qualification. This subsection does not apply if, in any taxable year, a
29 taxpayer otherwise does not qualify for or fails to claim the credit under
30 this section. The recapture of credits under this subsection is computed by
31 increasing the amount of taxes imposed in the year following the year in
32 which the qualification of the business was terminated or revoked by an
33 amount determined by multiplying the full amount of all credits previously
34 allowed under this section by a percentage determined as follows:

35 1. If the initial credit under this section was allowed for the
36 taxable year immediately preceding the taxable year in which the
37 certification of qualification of a business is terminated or revoked, one

40 years before the taxable year in which the certification of qualification of

42 3. If the initial credit under this section was allowed three taxable
43 years before the taxable year in which the certification of qualification of
44 a business is terminated or revoked, sixty per cent.

2 years before the taxable year in which the certification of qualification of
3 a business is terminated or revoked, forty per cent.

4 5. If the initial credit under this section was allowed five taxable
5 years before the taxable year in which the certification of qualification of
6 a business is terminated or revoked, twenty per cent.

7 Sec. 100. Section 43-1077, Arizona Revised Statutes, is amended to
8 read:

9 43-1077. Credit for employment by qualified defense contractor

10 A. A credit is allowed against the taxes imposed by this title for:

15 2. Net increases in private commercial employment during the taxable
16 year, as computed under subsection E of this section, by a qualified defense
17 contractor who is certified by the ~~department of commerce~~ ARIZONA COMMERCE
18 AUTHORITY under section 41-1508 due to full-time equivalent employee
19 positions transferred during the taxable year by the taxpayer from
20 exclusively defense related activities to employment by the taxpayer in
21 exclusively private commercial activities.

22 B. The amount of the credit is a dollar amount allowed for each
23 full-time equivalent employee position created, determined as follows:

24 1st year	\$2,500
25 2nd year	\$2,000
26 3rd year	\$1,500
27 4th year	\$1,000
28 5th year	\$ 500

29 C. If the allowable tax credit exceeds the taxes otherwise due under
30 this title on the claimant's income, or if there are no taxes due under this
31 title, the taxpayer may carry the amount of the claim not used to offset the
32 taxes under this title forward until taxable years beginning from and after
33 December 31, 2011 as a credit against subsequent years' income tax liability,
34 regardless of continuing certification as a qualified defense contractor.

35 D. The net increase in employment under defense related contracts
36 shall be determined as follows:

37 1. Establish an employment baseline for the taxpayer based on a
38 multiyear forecast of employment on United States department of defense
39 contracts that was submitted to the department of defense before June 1,
40 1992. The annual average employment forecast for the first year the taxpayer
41 qualified is the baseline. If the taxpayer did not make such a forecast
42 before June 1, 1992, the baseline is the average annual employment as
43 reported to the department of economic security during the preceding taxable
44 year. If a taxpayer qualifies in the same year it relocates into this state,
45 the taxpayer's baseline is zero.

1 ARIZONA COMMERCE AUTHORITY under section 41-1508, on property in this state

5 1. Multiply the amount paid as taxes on property classified as class
6 one, paragraphs 12 and 13 pursuant to section 42-12001 in this state during
7 the taxable year by a percentage based on net new defense related employment,
8 determined by subtracting the employment baseline determined pursuant to
9 section 43-1077, subsection D, paragraph 1, from average annual employment as
10 reported to the department of economic security for the taxable year, as
11 follows:

<u>New employment</u>	<u>Credit percentage</u>
More than 900	40%
601 - 900	30%
301 - 600	20%
1 - 300	10%

17 2. Multiply the amount determined under paragraph 1 of this subsection
18 by a percentage determined by dividing the taxpayer's total gross income from
19 United States department of defense contracts apportioned to this state by
20 the taxpayer's total gross income from all sources apportioned to this state.

21 C. If the allowable tax credit exceeds the taxes otherwise due under
22 this title on the claimant's income, or if there are no taxes due under this
23 title, the taxpayer may carry the amount of the claim not used to offset the
24 taxes under this title forward until taxable years beginning from and after
25 December 31, 2011 as a credit against subsequent years' income tax liability,
26 regardless of continuing certification as a qualified defense contractor.

27 D. The credit allowed by this section is in lieu of a deduction for
28 property taxes under section 43-1042 with respect to the same taxes paid.

29 E. Co-owners of a business, including partners in a partnership and
30 shareholders of an S corporation, as defined in section 1361 of the internal
31 revenue code, may each claim only the pro rata share of the credit allowed
32 under this section based on the ownership interest. The total of the credits
33 allowed all such owners may not exceed the amount that would have been
34 allowed for a sole owner of the business.

43 manufacturing, assembling or fabricating aviation or aerospace products. The
44 amount of the credit is a dollar amount allowed for each new employee,
45 determined as follows:

1 1. With respect to each employee other than a dislocated military base
2 employee:

3 1st year of employment	\$ 500
4 2nd year of employment	\$1,000
5 3rd year of employment	\$1,500
6 4th year of employment	\$2,000
7 5th year of employment	\$2,500

8 2. With respect to each dislocated military base employee:

10 2nd year of employment	\$1,500
11 3rd year of employment	\$2,000
12 4th year of employment	\$2,500
13 5th year of employment	\$3,000

14 B. If the allowable tax credit exceeds the taxes otherwise due under
15 this title on the claimant's income, or if there are no taxes due under this
16 title, the amount of the claim not used to offset the taxes under this title
17 may be carried forward as a credit against subsequent years' income tax
18 liability for the period, not to exceed five taxable years, if the business
19 remains in the military reuse zone.

20 C. The net increase in the number of employees for purposes of this
21 section shall be determined by comparing the taxpayer's average employment in
22 the military reuse zone during the taxable year with the taxpayer's previous
23 year's fourth quarter employment in the zone, based on the taxpayer's report
24 to the department of economic security for unemployment insurance purposes
25 but considering only employment in the zone.

27 shareholders of an S corporation, as defined in section 1361 of the internal
28 revenue code, may each claim only the pro rata share of the credit allowed
29 under this section based on the ownership interest. The total of the credits
30 allowed all such owners may not exceed the amount that would have been
31 allowed for a sole owner of the business.

32 E. A credit is not allowed under this section with respect to an
33 employee whose place of employment is relocated by the taxpayer from a
34 location in this state to the military reuse zone, unless the employee is
35 engaged in aviation or aerospace services or in manufacturing, assembling or
36 fabricating aviation or aerospace products and the taxpayer maintains at
37 least the same number of employees in this state but outside the zone.

38 F. A taxpayer who claims a credit under section 43-1074, 43-1077 or
39 43-1083.01 may not claim a credit under this section with respect to the same
40 employees.

41 G. For the purposes of this section, "dislocated military base
42 employee" means a civilian who previously had permanent full-time civilian
43 employment on the military facility as of the date the closure of the
44 facility was finally determined under federal law, as certified by the
45 ~~department of commerce~~ ARIZONA COMMERCE AUTHORITY.

4 A. For taxable years beginning from and after December 31, 2009
5 through December 31, 2014, a credit is allowed against the taxes imposed by
6 this title for qualified investment and employment in expanding or locating
7 qualified renewable energy operations in this state. To qualify for the
8 credit, the taxpayer must invest in renewable energy manufacturing, or in new
9 regional, national or global renewable energy business headquarters, in this
10 state and produce new full-time employment positions where the job duties are
11 performed at the location of the qualifying investment. The taxpayer must
12 meet the employee compensation and employee health benefit requirements
13 prescribed by section 41-1511.

14 B. The amount of the credit is computed as follows:

15 1. Ten per cent of the taxpayer's total capital investment in projects
16 meeting the following minimum employment requirements:

17 (a) For qualifying renewable energy manufacturing operations, at least
18 one and one-half new full-time employment positions for each five hundred
19 thousand dollar increment of capital investment.

20 (b) For qualifying renewable energy business headquarters, at least
21 one new full-time employment position for each two hundred thousand dollar
22 increment of capital investment.

23 2. For other qualifying renewable energy investment, ten per cent of
24 the amount computed as follows:

25 (a) Five hundred thousand dollars for each one and one-half new
26 full-time employment positions in new renewable energy manufacturing
27 operations.

28 (b) Two hundred thousand dollars for each new full-time employment
29 position at a new renewable energy business headquarters.

30 (c) The amount of credit under this paragraph shall not exceed ten per
31 cent of the amount of the taxpayer's total capital investment.

32 3. The amount of the credit shall not exceed the postapproval amount
33 determined by the ~~department of commerce~~ ARIZONA COMMERCE AUTHORITY under
34 section 41-1511, subsection P.

35 4. The credit amount computed under paragraph 1 or 2 of this
36 subsection is apportioned, and the taxpayer shall claim the credit in five
37 equal annual installments in each of five consecutive taxable years.

38 C. To claim the credit the taxpayer must:

39 1. Conduct a business that qualifies under section 41-1511.

40 2. Receive preapproval and postapproval from the ~~department of~~
41 ~~commerce~~ ARIZONA COMMERCE AUTHORITY pursuant to section 41-1511.

42 3. Submit a copy of a current and valid certification of qualification
43 issued to the taxpayer by the ~~department of commerce~~ ARIZONA COMMERCE

2 been employed at the qualifying facility for at least ninety days during the
3 taxable year in a permanent full-time employment position of at least one
4 thousand seven hundred fifty hours per year. An employee who is hired during
5 the last ninety days of the taxable year shall be considered a new employee
6 during the next taxable year. To be counted for the purposes of the credit
7 during the first taxable year of employment, the employee must not have been
8 previously employed by the taxpayer within twelve months before the current
9 date of hire. The terms of employment must comply in all cases with the
10 requirements of section 41-1511 and certification by the ~~department of~~
11 ~~commerce~~ ARIZONA COMMERCE AUTHORITY.

12 E. Co-owners of a business, including partners in a partnership,
13 members of a limited liability company and shareholders of an S corporation,
14 as defined in section 1361 of the internal revenue code, may each claim only
15 the pro rata share of the credit allowed under this section based on the
16 ownership interest. The total of the credits allowed all owners of the
17 business may not exceed the amount that would have been allowed for a sole
18 owner of the business.

19 F. If the allowable tax credit for a taxable year exceeds the income
20 taxes otherwise due on the claimant's income, or if there are no state income
21 taxes due on the claimant's income, the amount of the claim not used as an
22 offset against income taxes shall be paid to the taxpayer in the same manner
23 as a refund under section 42-1118. Refunds made pursuant to this subsection
24 are subject to setoff under section 42-1122. If the department determines
25 that a refund is incorrect or invalid, the excess refund may be treated as a

28 taxable years after first receiving a credit pursuant to this section, the
29 certification of qualification of a business is terminated or revoked under
30 section 41-1511, other than for reasons beyond the control of the business as
31 determined by the ~~department of commerce~~ ARIZONA COMMERCE AUTHORITY, the
32 taxpayer is disqualified from credits under this section in subsequent
33 taxable years. On a determination that the taxpayer has committed fraud or
34 relocated outside of this state within five taxable years of first receiving
35 a credit pursuant to this section, the credits allowed the taxpayer in all
36 taxable years pursuant to this section are subject to recapture pursuant to
37 this subsection. This subsection applies only in the case of the termination
38 or revocation of a certification of qualification under section
39 41-1511. This subsection does not apply if, in any taxable year, a taxpayer
40 otherwise does not qualify for or fails to claim the credit under this
41 section. The recapture of credits is computed by increasing the amount of
42 taxes imposed in the year following the year of termination or revocation by
43 the full amount of all credits previously allowed under this section.

1 H. A taxpayer who claims a credit under section 43-1074, 43-1077 or
2 43-1079 may not claim a credit under this section with respect to the same
3 full-time employment positions.

4 I. The department of revenue shall adopt rules and prescribe forms and
5 procedures as necessary for the purposes of this section. The department of
6 revenue and the ~~department of commerce~~ ARIZONA COMMERCE AUTHORITY shall
7 collaborate in adopting rules as necessary to avoid duplication and
8 contradictory requirements while accomplishing the intent and purposes of
9 this section.

10 J. For the purposes of this section, renewable energy operations are

12 that are used or useful in manufacturing renewable energy equipment for the
13 generation, storage, testing and research and development, transmission or
14 distribution of electricity from renewable resources, including specialized
15 crates necessary to package the renewable energy equipment manufactured at
16 the facility.

24 offer by county as computed annually by the department of economic security
25 research administration division.

26 (d) The employee must have been employed for at least ninety days
27 during the first taxable year. An employee who is hired during the last
28 ninety days of the taxable year shall be considered a new employee during the
29 next taxable year. A qualified employment position that is filled during the
30 last ninety days of the taxable year is considered to be a new qualified
31 employment position for the next taxable year.

32 (e) The employee has not been previously employed by the taxpayer
33 within twelve months before the current date of hire.

34 4. The employer shall provide health insurance coverage for employees

44 fourth year the taxpayer claims a credit under this section. If the taxpayer
45 is self-insured, the taxpayer must pay at least forty per cent of a

1 predetermined fixed cost per employee for an insurance program that is
2 payable whether or not the employee has filed claims.

3 (iii) At least fifty per cent of the premium or membership cost of the
4 insurance program in the fifth and each subsequent year the taxpayer claims a
5 credit under this section. If the taxpayer is self-insured, the taxpayer
6 must pay at least fifty per cent of a predetermined fixed cost per employee
7 for an insurance program that is payable whether or not the employee has

16 the lesser of the total number of filled qualified employment positions
17 created during the taxable year or the difference between the average number

19 full-time employees during the immediately preceding taxable year. The net
20 increase in the number of qualified employment positions computed under this
21 subsection may not exceed two hundred qualified employment positions per

23 F. A taxpayer who claims a credit under section 43-1161, 43-1165 or
24 43-1167 may not claim a credit under this section with respect to the same
25 employees.

26 G. If the allowable tax credit exceeds the income taxes otherwise due
27 on the claimant's income, or if there are no state income taxes due on the
28 claimant's income, the amount of the claim not used as an offset against
29 income taxes may be carried forward as a tax credit against subsequent years'
30 income tax liability for the period not to exceed five taxable years,
31 provided the business maintains its certification under section 41-1516.

32 H. Co-owners of a business, including partners in a partnership, may
33 each claim only the pro rata share of the credit allowed under this section
34 based on the ownership interest. The total of the credits allowed all such
35 owners of the business may not exceed the amount that would have been allowed
36 for a sole owner of the business.

37 I. If a qualified business changes ownership through reorganization,
38 stock purchase or merger, the new taxpayer may claim first year credits only
39 for one or more qualified employment positions that it created and filled
40 with an eligible employee after the purchase or reorganization was
41 complete. If a person purchases a business that had qualified for first or
42 second year credits or changes ownership through reorganization, stock
43 purchase or merger, the new taxpayer may claim the second or third year
44 credits if it meets the other eligibility requirements of this section.

4 pursuant to this section, the certification of qualification of a business is
5 terminated or revoked under section 41-1516 other than for reasons beyond the
6 control of the business as determined by the ~~department of commerce~~ ARIZONA

8 are subject to recapture pursuant to this subsection. This subsection
9 applies only in the case of the termination or revocation of a certification
10 of qualification. This subsection does not apply if, in any taxable year, a
11 taxpayer otherwise does not qualify for or fails to claim the credit under
12 this section. The recapture of credits under this subsection is computed by
13 increasing the amount of taxes imposed in the year following the year in
14 which the qualification of the business was terminated or revoked by an
15 amount determined by multiplying the full amount of all credits previously
16 allowed under this section by a percentage determined as follows:

17 1. If the initial credit under this section was allowed for the
18 taxable year immediately preceding the taxable year in which the
19 certification of qualification of a business is terminated or revoked, one

25 years before the taxable year in which the certification of qualification of
26 a business is terminated or revoked, sixty per cent.

27 4. If the initial credit under this section was allowed four taxable
28 years before the taxable year in which the certification of qualification of
29 a business is terminated or revoked, forty per cent.

30 5. If the initial credit under this section was allowed five taxable
31 years before the taxable year in which the certification of qualification of
32 a business is terminated or revoked, twenty per cent.

- 5 one and one-half new full-time employment positions for each five hundred
- 6 thousand dollar increment of capital investment.
- 7 (b) For qualifying renewable energy business headquarters, at least
- 8 one new full-time employment position for each two hundred thousand dollar
- 9 increment of capital investment.
- 10 2. For other qualifying renewable energy investment, ten per cent of
- 11 the amount computed as follows:
- 12 (a) Five hundred thousand dollars for each one and one-half new
- 13 full-time employment positions in new renewable energy manufacturing
- 14 operations.
- 15 (b) Two hundred thousand dollars for each new full-time employment
- 16 position at a new renewable energy business headquarters.
- 17 (c) The amount of credit under this paragraph shall not exceed ten per
- 18 cent of the amount of the taxpayer's total capital investment.
- 19 3. The amount of the credit shall not exceed the postapproval amount
- 20 determined by the ~~department of commerce~~ ARIZONA COMMERCE AUTHORITY under
- 21 section 41-1511, subsection P.
- 22 4. The credit amount computed under paragraph 1 or 2 of this
- 23 subsection is apportioned, and the taxpayer shall claim the credit in five
- 24 equal annual installments in each of five consecutive taxable years.
- 25 C. To claim the credit the taxpayer must:
- 26 1. Conduct a business that qualifies under section 41-1511.
- 27 2. Receive preapproval and postapproval from the ~~department of~~
- 28 ~~commerce~~ ARIZONA COMMERCE AUTHORITY pursuant to section 41-1511.
- 29 3. Submit a copy of a current and valid certification of qualification
- 30 issued to the taxpayer by the ~~department of commerce~~ ARIZONA COMMERCE
- 31 AUTHORITY.
- 32 D. To be counted for the purposes of the credit, an employee must have
- 33 been employed at the qualifying facility for at least ninety days during the
- 34 taxable year in a permanent full-time employment position of at least one
- 35 thousand seven hundred fifty hours per year. An employee who is hired during
- 36 the last ninety days of the taxable year shall be considered a new employee
- 37 during the next taxable year. To be counted for the purposes of the credit
- 38 during the first taxable year of employment, the employee must not have been
- 39 previously employed by the taxpayer within twelve months before the current
- 40 date of hire. The terms of employment must comply in all cases with the
- 41 requirements of section 41-1511 and certification by the ~~department of~~
- 42 ~~commerce~~ ARIZONA COMMERCE AUTHORITY.
- 43 E. Co-owners of a business, including corporate partners in a
- 44 partnership and members of a limited liability company, may each claim only
- 45 the pro rata share of the credit allowed under this section based on the

1 ownership interest. The total of the credits allowed all owners of the
2 business may not exceed the amount that would have been allowed for a sole
3 owner of the business.

4 F. If the allowable tax credit for a taxable year exceeds the income
5 taxes otherwise due on the claimant's income, or if there are no state income
6 taxes due on the claimant's income, the amount of the claim not used as an
7 offset against income taxes shall be paid to the taxpayer in the same manner
8 as a refund under section 42-1118. Refunds made pursuant to this subsection
9 are subject to setoff under section 42-1122. If the department determines
10 that a refund is incorrect or invalid, the excess refund may be treated as a
11 tax deficiency pursuant to section 42-1108.

12 G. Except as provided by subsection H of this section, if, within five
13 taxable years after first receiving a credit pursuant to this section, the
14 certification of qualification of a business is terminated or revoked under
15 section 41-1511, other than for reasons beyond the control of the business as
16 determined by the ~~department of commerce~~ ARIZONA COMMERCE AUTHORITY, the
17 taxpayer is disqualified from credits under this section in subsequent
18 taxable years. On a determination that the taxpayer has committed fraud or
19 relocated outside of this state within five taxable years of first receiving
20 a credit pursuant to this section, the credits allowed the taxpayer in all
21 taxable years pursuant to this section are subject to recapture pursuant to
22 this subsection. This subsection applies only in the case of the termination
23 or revocation of a certification of qualification under section
24 41-1511. This subsection does not apply if, in any taxable year, a taxpayer
25 otherwise does not qualify for or fails to claim the credit under this
26 section. The recapture of credits is computed by increasing the amount of
27 taxes imposed in the year following the year of termination or revocation by
28 the full amount of all credits previously allowed under this section.

29 H. A taxpayer who claims a credit under section 43-1161, 43-1165 or
30 43-1167 may not claim a credit under this section with respect to the same
31 full-time employment positions.

32 I. The department of revenue shall adopt rules and prescribe forms and
33 procedures as necessary for the purposes of this section. The department of
34 revenue and the ~~department of commerce~~ ARIZONA COMMERCE AUTHORITY shall
35 collaborate in adopting rules as necessary to avoid duplication and
36 contradictory requirements while accomplishing the intent and purposes of
37 this section.

38 J. For the purposes of this section, renewable energy operations are
39 limited to manufacturers of, and headquarters for, systems and components
40 that are used or useful in manufacturing renewable energy equipment for the
41 generation, storage, testing and research and development, transmission or
42 distribution of electricity from renewable resources, including specialized
43 crates necessary to package the renewable energy equipment manufactured at
44 the facility.

1 Sec. 110. Section 43-1165, Arizona Revised Statutes, is amended to
2 read:

3 43-1165. Credit for employment by qualified defense contractor

4 A. A credit is allowed against the taxes imposed by this title for:

5 1. Net increases in employment under United States department of
6 defense contracts during the taxable year, as computed under subsection D of
7 this section, by a qualified defense contractor that is certified by the
8 ~~department of commerce~~ ARIZONA COMMERCE AUTHORITY under section 41-1508.

9 2. Net increases in private commercial employment during the taxable
10 year, as computed under subsection E of this section, by a qualified defense
11 contractor that is certified by the ~~department of commerce~~ ARIZONA COMMERCE
12 AUTHORITY under section 41-1508 due to full-time equivalent employee
13 positions transferred during the taxable year by the taxpayer from
14 exclusively defense related activities to employment by the taxpayer in
15 exclusively private commercial activities.

16 B. The amount of the credit is a dollar amount allowed for each
17 full-time equivalent employee position created, determined as follows:

18 1st year	\$2,500
19 2nd year	\$2,000
20 3rd year	\$1,500
21 4th year	\$1,000
22 5th year	\$ 500

23 C. If the allowable tax credit exceeds the taxes otherwise due under
24 this title on the claimant's income, or if there are no taxes due under this
25 title, the taxpayer may carry the amount of the claim not used to offset the
26 taxes under this title forward until taxable years beginning from and after
27 December 31, 2011 as a credit against subsequent years' income tax liability,
28 regardless of continuing certification as a qualified defense contractor.

29 D. The net increase in employment under defense related contracts
30 shall be determined as follows:

31 1. Establish an employment baseline for the taxpayer based on a
32 multiyear forecast of employment on United States department of defense
33 contracts that was submitted to the department of defense before June 1,
34 1992. The annual average employment forecast for the first year the taxpayer
35 qualified is the baseline. If the taxpayer did not make such a forecast
36 before June 1, 1992, the baseline is the average annual employment as
37 reported to the department of economic security during the preceding taxable
38 year. If a taxpayer qualifies in the same year it relocates into this state,
39 the taxpayer's baseline is zero.

40 2. For the first year of the credit, the taxpayer's net increase in
41 average employment is the increase in employment reported to the department
42 of economic security for the taxable year over the employment baseline.

43 3. For each succeeding year of the credit, the taxpayer's net increase
44 in average employment is the increase in employment reported to the

1 department of economic security for the taxable year over the preceding
2 taxable year's average employment.

3 E. In computing the amount of credit allowed under subsection A,
4 paragraph 2 of this section, the taxpayer shall:

5 1. Prorate employment during the taxable year according to the date of
6 transfer from defense to private commercial activities or the date of
7 transfer from private commercial activities to defense.

8 2. Compute and subtract an amount pursuant to subsection B of this
9 section for full-time equivalent employee positions that were transferred
10 during the taxable year by the taxpayer from exclusively private commercial
11 activities to exclusively defense related activities.

12 F. The taxpayer shall account for qualifying full-time equivalent
13 employee positions on a first-in first-out basis. If a decrease in
14 qualifying employment occurs, the taxpayer shall subtract the decrease from
15 the earliest qualifying positions.

16 G. A credit is not allowed under both subsection A, paragraphs 1 and 2
17 of this section with respect to the same employee position. A full-time
18 equivalent employee position may be considered for purposes of computing the
19 credit under either subsection A, paragraph 1 or 2 of this section, but not
20 both.

21 H. A credit is not allowed under this section with respect to
22 employment that was transferred from an outside contractor in this state to
23 in-house employment by the taxpayer solely for purposes of qualifying for the
24 credit.

25 I. A taxpayer that claims a credit under section 43-1161, 43-1164.01
26 or 43-1167 may not claim a credit under this section with respect to the same
27 employee positions.

28 J. Co-owners of a business, including corporate partners in a
29 partnership, may each claim only the pro rata share of the credit allowed
30 under this section based on the ownership interest. The total of the credits
31 allowed all such owners may not exceed the amount that would have been
32 allowed for a sole owner of the business.

33 Sec. 111. Section 43-1166, Arizona Revised Statutes, is amended to
34 read:

35 43-1166. Credit for property taxes paid by qualified defense
36 contractor

37 A. A credit is allowed against the taxes imposed by this title equal
38 to a portion of the amount paid as taxes during the taxable year by a
39 qualified defense contractor that is certified by the ~~department of commerce~~
40 ARIZONA COMMERCE AUTHORITY under section 41-1508 on property in this state
41 that is classified as class one, paragraphs 12 and 13 pursuant to section
42 42-12001.

43 B. The amount of the credit is determined as follows:

44 1. Multiply the amount paid as taxes on property classified as class
45 one, paragraphs 12 and 13 pursuant to section 42-12001 in this state during

1 the taxable year by a percentage based on net new defense related employment,
2 determined by subtracting the employment baseline determined pursuant to
3 section 43-1165, subsection D, paragraph 1 from average annual employment as
4 reported to the department of economic security for the taxable year, as
5 follows:

<u>New employment</u>	<u>Credit percentage</u>
6 More than 900	40%
7 601 - 900	30%
8 301 - 600	20%
9 1 - 300	10%

10
11 2. Multiply the amount determined under paragraph 1 of this subsection
12 by a percentage determined by dividing the taxpayer's total gross income from
13 United States department of defense contracts apportioned to this state by
14 the taxpayer's total gross income from all sources apportioned to this state.

15 C. If the allowable tax credit exceeds the taxes otherwise due under
16 this title on the claimant's income, or if there are no taxes due under this
17 title, the taxpayer may carry the amount of the claim not used to offset the
18 taxes under this title forward until taxable years beginning from and after
19 December 31, 2011 as a credit against subsequent years' income tax liability,
20 regardless of continuing certification as a qualified defense contractor.

21 D. Co-owners of a business, including corporate partners in a
22 partnership, may each claim only the pro rata share of the credit allowed
23 under this section based on the ownership interest. The total of the credits
24 allowed all such owners may not exceed the amount that would have been
25 allowed for a sole owner of the business.

26 Sec. 112. Section 43-1167, Arizona Revised Statutes, is amended to
27 read:

28 43-1167. Credit for increased employment in military reuse
29 zones: definition

30 A. A credit is allowed against the taxes imposed by this title for net
31 increases in employment by the taxpayer of full-time employees working in a
32 military reuse zone, established under title 41, chapter 10, article 3, and
33 who are primarily engaged in providing aviation or aerospace services or in
34 manufacturing, assembling or fabricating aviation or aerospace products. The
35 amount of the credit is a dollar amount allowed for each new employee,
36 determined as follows:

37 1. With respect to each employee other than a dislocated military base
38 employee:

39 1st year of employment	\$ 500
40 2nd year of employment	\$1,000
41 3rd year of employment	\$1,500
42 4th year of employment	\$2,000
43 5th year of employment	\$2,500

44 2. With respect to each dislocated military base employee:

45 1st year of employment	\$1,000
---------------------------	---------

1	2nd year of employment	\$1,500
2	3rd year of employment	\$2,000
3	4th year of employment	\$2,500
4	5th year of employment	\$3,000

5 B. If the allowable tax credit exceeds the taxes otherwise due under
6 this title on the claimant's income, or if there are no taxes due under this
7 title, the amount of the claim not used to offset the taxes under this title
8 may be carried forward as a credit against subsequent years' income tax
9 liability for the period, not to exceed five taxable years, if the business
10 remains in the military reuse zone.

11 C. The net increase in the number of employees for purposes of this
12 section shall be determined by comparing the taxpayer's average employment in
13 the military reuse zone during the taxable year with the taxpayer's previous
14 year's fourth quarter employment in the zone, based on the taxpayer's report
15 to the department of economic security for unemployment insurance purposes
16 but considering only employment in the zone.

17 D. Co-owners of a business, including corporate partners in a
18 partnership, may each claim only the pro rata share of the credit allowed
19 under this section based on the ownership interest. The total of the credits
20 allowed all such owners may not exceed the amount that would have been
21 allowed for a sole owner of the business.

22 E. A credit is not allowed under this section with respect to an
23 employee whose place of employment is relocated by the taxpayer from a
24 location in this state to the military reuse zone unless the employee is
25 engaged in aviation or aerospace services or in manufacturing, assembling or
26 fabricating aviation or aerospace products and the taxpayer maintains at
27 least the same number of employees in this state but outside the zone.

28 F. A taxpayer who claims a credit under section 43-1161, 43-1164.01 or
29 43-1165 may not claim a credit under this section with respect to the same
30 employees.

31 G. For the purposes of this section, "dislocated military base
32 employee" means a civilian who previously had permanent full-time civilian
33 employment on the military facility as of the date the closure of the
34 facility was finally determined under federal law, as certified by the
35 ~~department of commerce~~ ARIZONA COMMERCE AUTHORITY.

36 Sec. 113. Section 43-1168, Arizona Revised Statutes, as amended by
37 Laws 2010, chapter 289, section 6 and chapter 312, section 7, is amended to
38 read:

39 43-1168. Credit for increased research activities

40 A. A credit is allowed against the taxes imposed by this title in an
41 amount determined pursuant to section 41 of the internal revenue code, except
42 that:

- 43 1. The amount of the credit is computed as follows:
44 (a) Add:

1 (i) The excess, if any, of the qualified research expenses for the
2 taxable year over the base amount as defined in section 41(c) of the internal
3 revenue code.

4 (ii) The basic research payments determined under section 41(e)(1)(A)
5 of the internal revenue code.

6 (b) If the sum computed under subdivision (a) is two million five
7 hundred thousand dollars or less, the credit is equal to twenty-four per cent
8 of that amount.

9 (c) If the sum computed under subdivision (a) is over two million five
10 hundred thousand dollars, the credit is equal to six hundred thousand dollars
11 plus fifteen per cent of any amount exceeding two million five hundred
12 thousand dollars, except that:

13 (i) For taxable years beginning from and after December 31, 2000
14 through December 31, 2001, the credit shall not exceed one million five
15 hundred thousand dollars.

16 (ii) For taxable years beginning from and after December 31, 2001
17 through December 31, 2002, the credit shall not exceed two million five
18 hundred thousand dollars.

19 (d) FOR TAXABLE YEARS BEGINNING FROM AND AFTER DECEMBER 31, 2011, AN
20 ADDITIONAL CREDIT AMOUNT IS ALLOWED IF THE TAXPAYER MADE BASIC RESEARCH
21 PAYMENTS DURING THE TAXABLE YEAR TO A UNIVERSITY UNDER THE JURISDICTION OF
22 THE ARIZONA BOARD OF REGENTS. THE ADDITIONAL CREDIT AMOUNT IS EQUAL TO TEN
23 PER CENT OF THE BASIC RESEARCH PAYMENTS THAT CONSTITUTE EXCESS EXPENSES FOR
24 THE TAXABLE YEAR OVER THE BASE AMOUNT. THE DEPARTMENT SHALL NOT ALLOW CREDIT
25 AMOUNTS UNDER THIS SUBDIVISION AND SECTION 43-1074.01, SUBSECTION A,
26 PARAGRAPH 1, SUBDIVISION (c) THAT EXCEED, IN THE AGGREGATE, A COMBINED TOTAL
27 OF TEN MILLION DOLLARS IN ANY CALENDAR YEAR. SUBJECT TO THAT LIMIT, ON
28 APPLICATION BY THE TAXPAYER, THE DEPARTMENT SHALL PREAPPROVE CREDIT AMOUNTS
29 UNDER THIS SUBDIVISION AND SECTION 43-1074.01, SUBSECTION A, PARAGRAPH 1,
30 SUBDIVISION (c) BASED ON PRIORITY PLACEMENT ESTABLISHED BY THE DATE THAT THE
31 TAXPAYER FILED THE APPLICATION. NOTWITHSTANDING SUBSECTIONS B AND D OF THIS
32 SECTION, ANY AMOUNT OF THE ADDITIONAL CREDIT UNDER THIS SUBDIVISION THAT
33 EXCEEDS THE TAXES OTHERWISE DUE UNDER THIS TITLE IS NOT REFUNDABLE, BUT MAY
34 BE CARRIED FORWARD TO THE NEXT FIVE CONSECUTIVE TAXABLE YEARS.

35 2. Qualified research includes only research conducted in this state
36 including research conducted at a university in this state and paid for by
37 the taxpayer.

38 3. If two or more taxpayers, including corporate partners in a
39 partnership, share in the eligible expenses, each taxpayer is eligible to
40 receive a proportionate share of the credit.

41 4. The credit under this section applies only to expenses incurred
42 from and after December 31, 1993.

43 5. The termination provisions of section 41 of the internal revenue
44 code do not apply.

1 B. Except as provided by subsection D of this section, if the
2 allowable credit under this section exceeds the taxes otherwise due under
3 this title on the claimant's income, or if there are no taxes due under this
4 title, the amount of the credit not used to offset taxes may be carried
5 forward to the next fifteen consecutive taxable years. The amount of credit
6 carryforward from taxable years beginning from and after December 31, 2000
7 through December 31, 2002 that may be used under this subsection in any
8 taxable year may not exceed the taxpayer's tax liability under this title or
9 five hundred thousand dollars, whichever is less, minus the credit under this
10 section for the current taxable year's qualified research expenses. The
11 amount of credit carryforward from taxable years beginning from and after
12 December 31, 2002 that may be used under this subsection in any taxable year
13 may not exceed the taxpayer's tax liability under this title minus the credit
14 under this section for the current taxable year's qualified research
15 expenses. A taxpayer that carries forward any amount of credit under this
16 subsection may not thereafter claim a refund of any amount of the credit
17 under subsection D of this section.

18 C. If a taxpayer has qualified research expenses that are carried
19 forward from taxable years beginning before January 1, 2001, the amount of
20 the expenses carried forward shall be converted to a credit carryforward by
21 multiplying the amount of the qualified expenses carried forward by twenty
22 per cent. A credit carryforward determined under this subsection may be
23 carried forward to not more than fifteen years from the year in which the
24 expenses were incurred. The amount of credit carryforward from taxable years
25 beginning before January 1, 2001 that may be used under this subsection in
26 any taxable year may not exceed the taxpayer's tax liability under this title
27 or five hundred thousand dollars, whichever is less, minus the credit under
28 this section for the current taxable year's qualified research expenses. The
29 total amount of credit carryforward from taxable years beginning before
30 January 1, 2003 that may be used in any taxable year under subsection B and
31 this subsection may not exceed the taxpayer's tax liability under this title
32 or five hundred thousand dollars, whichever is less, minus the credit under
33 this section for the current taxable year's qualified research expenses.

34 D. For taxable years beginning from and after December 31, 2009, if a
35 taxpayer who claims a credit under this section employs fewer than one
36 hundred fifty persons in the taxpayer's trade or business and if the
37 allowable credit under this section exceeds the taxes otherwise due under
38 this title on the claimant's income, or if there are no taxes due under this
39 title, in lieu of carrying the excess amount of credit forward to subsequent
40 taxable years under subsection B of this section, the taxpayer may elect to
41 receive a refund as follows:

42 1. The taxpayer must apply to the department of commerce for
43 qualification for the refund pursuant to section 41-1507 and submit a copy of
44 the department of commerce's certificate of qualification to the department
45 of revenue with the taxpayer's income tax return.

1 2. The amount of the refund is limited to seventy-five per cent of the
2 amount by which the allowable credit under this section exceeds the
3 taxpayer's tax liability under this title for the taxable year. The
4 remainder of the excess amount of the credit is waived.

5 3. The refund shall be paid in the manner prescribed by section
6 42-1118.

7 4. The refund is subject to setoff under section 42-1122.

8 5. If the department determines that a credit refunded pursuant to
9 this subsection is incorrect or invalid, the excess credit issued may be
10 treated as a tax deficiency pursuant to section 42-1108.

11 E. A taxpayer that claims a credit for increased research and
12 development activity under this section shall not claim a credit under
13 section 43-1164.02 for the same expenses.

14 Sec. 114. Section 43-1168, Arizona Revised Statutes, as amended by
15 Laws 2010, chapter 289, section 7 and chapter 312, section 8, is amended to
16 read:

17 43-1168. Credit for increased research activity

18 A. A credit is allowed against the taxes imposed by this title in an
19 amount determined pursuant to section 41 of the internal revenue code, except
20 that:

21 1. The amount of the credit is computed as follows:

22 (a) Add:

23 (i) The excess, if any, of the qualified research expenses for the
24 taxable year over the base amount as defined in section 41(c) of the internal
25 revenue code.

26 (ii) The basic research payments determined under section 41(e)(1)(A)
27 of the internal revenue code.

28 (b) If the sum computed under subdivision (a) is two million five
29 hundred thousand dollars or less, the credit is equal to twenty per cent of
30 that amount.

31 (c) If the sum computed under subdivision (a) is over two million five
32 hundred thousand dollars, the credit is equal to five hundred thousand
33 dollars plus eleven per cent of any amount exceeding two million five hundred
34 thousand dollars, except that:

35 (i) For taxable years beginning from and after December 31, 2000
36 through December 31, 2001, the credit shall not exceed one million five
37 hundred thousand dollars.

38 (ii) For taxable years beginning from and after December 31, 2001
39 through December 31, 2002, the credit shall not exceed two million five
40 hundred thousand dollars.

41 (d) **FOR TAXABLE YEARS BEGINNING FROM AND AFTER DECEMBER 31, 2011, AN
42 ADDITIONAL CREDIT AMOUNT IS ALLOWED IF THE TAXPAYER MADE BASIC RESEARCH
43 PAYMENTS DURING THE TAXABLE YEAR TO A UNIVERSITY UNDER THE JURISDICTION OF
44 THE ARIZONA BOARD OF REGENTS. THE ADDITIONAL CREDIT AMOUNT IS EQUAL TO TEN
45 PER CENT OF THE BASIC RESEARCH PAYMENTS THAT CONSTITUTE EXCESS EXPENSES FOR**

1 THE TAXABLE YEAR OVER THE BASE AMOUNT. THE DEPARTMENT SHALL NOT ALLOW CREDIT
2 AMOUNTS UNDER THIS SUBDIVISION AND SECTION 43-1074.01, SUBSECTION A,
3 PARAGRAPH 1, SUBDIVISION (c) THAT EXCEED, IN THE AGGREGATE, A COMBINED TOTAL
4 OF TEN MILLION DOLLARS IN ANY CALENDAR YEAR. SUBJECT TO THAT LIMIT, ON
5 APPLICATION BY THE TAXPAYER, THE DEPARTMENT SHALL PREAPPROVE CREDIT AMOUNTS
6 UNDER THIS SUBDIVISION AND SECTION 43-1074.01, SUBSECTION A, PARAGRAPH 1,
7 SUBDIVISION (c) BASED ON PRIORITY PLACEMENT ESTABLISHED BY THE DATE THAT THE
8 TAXPAYER FILED THE APPLICATION. NOTWITHSTANDING SUBSECTIONS B AND D OF THIS
9 SECTION, ANY AMOUNT OF THE ADDITIONAL CREDIT UNDER THIS SUBDIVISION THAT
10 EXCEEDS THE TAXES OTHERWISE DUE UNDER THIS TITLE IS NOT REFUNDABLE, BUT MAY
11 BE CARRIED FORWARD TO THE NEXT FIVE CONSECUTIVE TAXABLE YEARS.

12 2. Qualified research includes only research conducted in this state
13 including research conducted at a university in this state and paid for by
14 the taxpayer.

15 3. If two or more taxpayers, including corporate partners in a
16 partnership, share in the eligible expenses, each taxpayer is eligible to
17 receive a proportionate share of the credit.

18 4. The credit under this section applies only to expenses incurred
19 from and after December 31, 1993.

20 5. The termination provisions of section 41 of the internal revenue
21 code do not apply.

22 B. Except as provided by subsection D of this section, if the
23 allowable credit under this section exceeds the taxes otherwise due under
24 this title on the claimant's income, or if there are no taxes due under this
25 title, the amount of the credit not used to offset taxes may be carried
26 forward to the next fifteen consecutive taxable years. The amount of credit
27 carryforward from taxable years beginning from and after December 31, 2000
28 through December 31, 2002 that may be used under this subsection in any
29 taxable year may not exceed the taxpayer's tax liability under this title or
30 five hundred thousand dollars, whichever is less, minus the credit under this
31 section for the current taxable year's qualified research expenses. The
32 amount of credit carryforward from taxable years beginning from and after
33 December 31, 2002 that may be used under this subsection in any taxable year
34 may not exceed the taxpayer's tax liability under this title minus the credit
35 under this section for the current taxable year's qualified research
36 expenses. A taxpayer that carries forward any amount of credit under this
37 subsection may not thereafter claim a refund of any amount of the credit
38 under subsection D of this section.

39 C. If a taxpayer has qualified research expenses that are carried
40 forward from taxable years beginning before January 1, 2001, the amount of
41 the expenses carried forward shall be converted to a credit carryforward by
42 multiplying the amount of the qualified expenses carried forward by twenty
43 per cent. A credit carryforward determined under this subsection may be
44 carried forward to not more than fifteen years from the year in which the
45 expenses were incurred. The amount of credit carryforward from taxable years

1 beginning before January 1, 2001 that may be used under this subsection in
2 any taxable year may not exceed the taxpayer's tax liability under this title
