No particular prize in a lottery game may be paid more than once, and in the event of a binding determination that more than one person is entitled to a particular prize, the sole remedy of the claimants is the award to each of them of an equal portion of the single prize.

15-213.01. Procurement practices; guaranteed energy cost savings contracts; definitions

A. Notwithstanding section 15-213, subsection A, a school district may contract for the procurement of a guaranteed energy cost savings contract with a qualified provider through a competitive sealed proposal process as provided by the procurement practices adopted by the state board of education.

B. A school district may enter into a guaranteed energy cost savings contract with a qualified provider if it determines that the amount it would spend on the energy cost savings measures recommended in the proposal would not exceed the amount to be saved in energy and operational costs over the expected life of the energy cost savings measures implemented or within twenty-five years, whichever is shorter, after the date installation or implementation is complete, if the recommendations in the proposal are followed. The school district shall retain the cost savings achieved by a guaranteed energy cost saving contract, and these cost savings may be used to pay for the contract and project implementation. A school district shall not use excess utilities monies for the contract or for project implementation.

C. The school district shall use objective criteria in selecting the qualified provider, including the cost of the contract, the energy and operational cost savings, the net projected energy savings, the quality of the technical approach, the quality of the project management plan, the financial solvency of the qualified provider and the experience of the qualified provider with projects of similar size and scope. The school district shall set forth each criterion with its respective numerical weighting in the request for proposal.

D. In selecting a contractor to perform any construction work related to performing the guaranteed energy cost savings contract, the qualified provider may develop and use a prequalification process for contractors. These prequalifications may require the contractor to demonstrate that the contractor is adequately bonded to perform the work and that the contractor has not failed to perform on a prior job.

E. A study shall be performed by the selected qualified provider in order to establish the exact scope of the guaranteed energy cost savings contract, the fixed cost savings guarantee amount and the methodology for determining actual savings. This report shall be reviewed and approved by the school district before the actual installation of any equipment. The qualified provider shall transmit a copy of the approved study to the school facilities board and the department of commerce GOVERNOR'S energy office.

F. The guaranteed energy cost savings contract shall require that, in determining whether the projected energy savings calculations have been met, the energy or operational cost savings shall be computed by comparing the energy baseline before installation or implementation of the energy cost savings measures recommended in the proposal to the energy and operational costs after installation or implementation. The school district shall retain the cost savings achieved by a guaranteed energy cost saving contract, and these cost savings may be used to pay for the contract and project implementation. A school district shall not use excess utilities monies for the contract or for project implementation.

G. The school district shall use objective criteria in selecting the qualified provider, including the cost of the contract, the energy and operational cost savings, the net projected energy savings, the quality of the technical approach, the quality of the project management plan, the financial solvency of the qualified provider and the experience of the qualified provider with projects of similar size and scope. The school district shall set forth each criterion with its respective numerical weighting in the request for proposal.

H. In selecting a contractor to perform any construction work related to the guaranteed energy cost savings contract, the qualified provider may develop and use a prequalification process for contractors. These prequalifications may require the contractor to demonstrate that the contractor is adequately bonded to perform the work and that the contractor has not failed to perform on a prior job.

I. A study shall be performed by the selected qualified provider in order to establish the exact scope of the guaranteed energy cost savings contract, the fixed cost savings guarantee amount and the methodology for determining actual savings. This report shall be reviewed and approved by the school district before the actual installation of any equipment. The qualified provider shall transmit a copy of the approved study to the school facilities board and the department of commerce GOVERNOR'S energy office.

J. The guaranteed energy cost savings contract shall require that, in determining whether the projected energy savings calculations have been met, the energy or operational cost savings shall be computed by comparing the energy baseline before installation or implementation of the energy cost savings measures recommended in the proposal to the energy and operational costs after installation or implementation. The school district shall retain the cost savings achieved by a guaranteed energy cost saving contract, and these cost savings may be used to pay for the contract and project implementation. A school district shall not use excess utilities monies for the contract or for project implementation.

K. The school district shall use objective criteria in selecting the qualified provider, including the cost of the contract, the energy and operational cost savings, the net projected energy savings, the quality of the technical approach, the quality of the project management plan, the financial solvency of the qualified provider and the experience of the qualified provider with projects of similar size and scope. The school district shall set forth each criterion with its respective numerical weighting in the request for proposal.

L. In selecting a contractor to perform any construction work related to the guaranteed energy cost savings contract, the qualified provider may develop and use a prequalification process for contractors. These prequalifications may require the contractor to demonstrate that the contractor is adequately bonded to perform the work and that the contractor has not failed to perform on a prior job.

M. A study shall be performed by the selected qualified provider in order to establish the exact scope of the guaranteed energy cost savings contract, the fixed cost savings guarantee amount and the methodology for determining actual savings. This report shall be reviewed and approved by the school district before the actual installation of any equipment. The qualified provider shall transmit a copy of the approved study to the school facilities board and the department of commerce GOVERNOR'S energy office.

N. The guaranteed energy cost savings contract shall require that, in determining whether the projected energy savings calculations have been met, the energy or operational cost savings shall be computed by comparing the energy baseline before installation or implementation of the energy cost savings measures recommended in the proposal to the energy and operational costs after installation or implementation. The school district shall retain the cost savings achieved by a guaranteed energy cost saving contract, and these cost savings may be used to pay for the contract and project implementation. A school district shall not use excess utilities monies for the contract or for project implementation.
savings measures with the energy consumed and operational costs avoided after installation or implementation of the energy cost savings measures. The qualified provider and the school district may agree to make modifications to the energy baseline only for any of the following:

4. Changes in the operational schedule of the facility.
5. Changes in facility temperature.
6. Significant changes in the weather.
7. Significant changes in the amount of equipment or lighting utilized in the facility.
8. Significant changes in the nature or intensity of energy use such as the change of classroom space to laboratory space.

G. The information to develop the energy baseline shall be derived from actual energy measurements or shall be calculated from energy measurements at the facility where energy cost savings measures are to be installed or implemented. The measurements shall be taken in the year preceding the installation or implementation of energy cost savings measures.

H. When submitting a proposal for the installation of equipment, the qualified provider shall include information on the projected energy savings associated with each proposed energy cost savings measure.

I. A school district, or two or more school districts, may enter into an installment payment contract or lease-purchase agreement with a qualified provider for the purchase and installation or implementation of energy cost savings measures. The guaranteed energy cost savings contract may provide for payments over a period of not more than the expected life of the energy cost savings measures implemented or twenty-five years, whichever is shorter. The contract shall provide that all payments, except obligations on termination of the contract before its expiration, shall be made over time.

J. The guaranteed energy cost savings contract shall include a written guarantee of the qualified provider that either the energy or operational costs savings, or both, will meet or exceed the costs of the energy cost savings measures over the expected life of the energy cost savings measures implemented or within twenty-five years, whichever is shorter. The qualified provider shall:

1. For the first three years of savings, prepare a measurement and verification report on an annual basis in addition to an annual reconciliation of savings.
2. Reimburse the school district for any shortfall of guaranteed energy cost savings on an annual basis.

K. The school district may obtain any required financing as part of the original competitive sealed proposal process from the qualified provider or a third-party financing institution.
L. A qualified provider that is awarded the contract shall give a sufficient bond to the school district for its faithful performance of the equipment installment.

M. The qualified provider is required to make public information in the subcontractor's bids only if the qualified provider is awarded the guaranteed energy cost savings contract by the school district.

N. For all projects carried out under this section, the district shall report to the department of commerce GOVERNOR'S energy office and the school facilities board:
   1. The name of the project.
   2. The qualified provider.
   3. The total cost of the project.
   4. The expected energy and cost savings.

O. For all projects carried out under this section, the district shall report to the school facilities board, by October 15 each year, the actual energy and cost savings.

P. This section does not apply to the construction of new buildings.

Q. A school district may utilize a simplified energy performance contract for projects less than five hundred thousand dollars. Simplified energy performance contracts are not required to include an energy savings guarantee and shall comply with all requirements in this section except for the requirements that are specifically related to the energy savings guarantee and the measurement and verification of the guaranteed savings.

1. For a high school district or for a common school district within a high school district which does not offer instruction in high school subjects as provided in section 15-447:
   (a) Determine the qualifying tax rate pursuant to section 41-1276 for the school district.

   (a) Determine the qualifying tax rate pursuant to section 41-1276 for the school district.
   (b) Determine the following percentage of the tax rate determined in subdivision (a) of this paragraph:

C. The clerk of the board of supervisors shall report to the department of revenue not later than the Friday following the third Monday in August of each year the amount by school district of additional state aid for education and the data used for computing the amount as provided in subsection B of this section. The department of revenue shall verify all of the amounts and report to the county board of supervisors not later than August 30 of each year the property tax rate or rates which shall be used for property tax reduction as provided in subsection E of this section.

D. The board of supervisors shall reduce the property tax rate or rates that would be levied in lieu of the provisions of this section by the school district or districts on the assessed valuation used for primary property taxes of the residential property in the school district or districts by the rate or rates selected in subsection B, paragraph 1, subdivision (c) and paragraph 2, subdivision (c) of this section. The excess of the reduction in property taxes for a parcel of property resulting from the reduction in the property tax rate pursuant to this subsection over the amounts listed in this subsection shall be deducted from the amount of additional state aid for education. For those properties that qualify for property tax exemptions pursuant to article IX, sections 2, 2.1 and 2.2, Constitution of Arizona, eligibility for the credit is determined on the basis of the limited property value that corresponds to the taxable assessed value after reduction for the applicable exemption. If the board of supervisors determines that such a situation exists, the board shall apply a credit against the primary property taxes due from each such parcel in the amount in excess of article IX, section 18, Constitution of Arizona. Such excess amounts shall also be additional state aid for education for the school district or districts in which such parcel of property is located.

F. The clerk of the board of supervisors shall report to the department of revenue not later than September 5 of each year the amount by school district of additional state aid for education and the data used for computing the amount as provided in subsection B of this section. The additional state aid for education provided in this section shall be apportioned as provided in section 15-973.

For the purposes of this subsection, "cooperative apartment corporation" means a corporation:
1. Having only one class of outstanding stock.

2. All of the stockholders of which are entitled, solely by reason of their ownership of stock in the corporation, to occupy for dwelling purposes apartments in a building owned or leased by such corporation and who are not entitled, either conditionally or unconditionally, except upon a complete or partial liquidation of the corporation, to receive any distribution not out of earnings and profits of the corporation.

3. Eighty per cent or more of the gross income of which is derived from tenant-stockholders. For the purposes of this paragraph, "gross income" means gross income as defined by the United States internal revenue code, as defined in section 43-105.

J. The total amount of state monies that may be spent in any fiscal year for state aid for education in this section shall not exceed the amount appropriated or authorized by section 35-173 for that purpose. This section shall not be construed to impose a duty on an officer, agent or employee of this state to discharge a responsibility or to create any right in a person or group if the discharge or right would require an expenditure of state monies in excess of the expenditure authorized by legislative appropriation for that specific purpose.

K. For the purposes of this section:

2. "Residential property" includes all owner occupied real property and improvements to the property and all owner occupied mobile homes that are used for residential purposes as the owner's primary residence and classified as class three property pursuant to section 42-12003.

E. An applicant may separately apply and qualify with respect to investments for:

1. Renewable energy operations in separate locations.
2. Separate expansions of a renewable energy operation.

F. To determine the amount of income tax credit to be preapproved to a qualifying applicant, the department AUTHORITY shall use one of the following computations:

1. Ten per cent of the amount the applicant has projected in total qualifying investment in renewable energy operation OPERATIONS meeting the following minimum employment requirements:
   (a) For renewable energy manufacturing operations, at least one and one-half new full-time employment positions projected by the applicant for each five hundred thousand dollar increment of capital investment.
   (b) For renewable energy business headquarters, at least one new full-time employment position projected by the applicant for each two hundred thousand dollar increment of capital investment.

2. For other qualifying renewable energy investment, ten per cent of the amount computed as follows:
   (a) Five hundred thousand dollars for each one and one-half new full-time employment positions projected by the applicant in new renewable energy manufacturing operations.
   (b) Two hundred thousand dollars for each new full-time employment position projected by the applicant at a new renewable energy business headquarters.

G. Beginning with income tax credits allocated for 2010, an approved income tax credit:

1. Must be claimed on a timely filed original income tax return, including extensions.
2. Must be claimed in five equal installments as provided in section 43-1083.01 or 43-1164.01.
H. The department AUTHORITY shall establish a process for qualifying
and preapproving applicants for the tax incentives. The department AUTHORITY
shall not preapprove an applicant as qualifying for tax incentives under this
section after December 31, 2014. Preapproval is based on:

1. Priority placement established by the date that the applicant files
   its initial application with the department.
2. The availability of income tax credit capacity under the dollar
   limit prescribed by subsection J of this section.

I. Within thirty days after receiving a complete and correct
application, the department AUTHORITY shall review the application to
determine whether the applicant satisfies all of the criteria prescribed by
this section and either preapprove the project as qualifying for the purposes
of the tax incentives or provide reasons for its denial. The department of
commerce AUTHORITY shall send copies of the preapproval to the department of
revenue and the applicable county assessor.

J. The department AUTHORITY shall not preapprove income tax credits
exceeding seventy million dollars in any calendar year, except as provided by
this subsection and subsection K of this section. A preapproved amount
applies against the dollar limit for the year in which the application was
submitted regardless of whether the initial preapproval period extends into
the following year or years. If, at the end of any year, an unused balance
occurs under the dollar limit prescribed by this subsection:

1. The balance shall be allocated to renewable energy businesses that
   successfully appeal the denial of approval under this section. Any amount of
   income tax credits due to successful appeals that are not paid from an unused
   balance at the end of any year shall be paid against the dollar limit in the
   following year.
2. Any remaining unused balance shall be reallocated for the purposes
   of this section in the following year.

K. The department AUTHORITY shall reallocate the amount of income tax
credits that are voluntarily relinquished under subsection L of this section,
that lapse under subsection M of this section or that lapse under subsection
P of this section. The reallocation shall be to other renewable energy
businesses that applied in the original credit year based on priority
placement. Once reallocated, the amount of the credit applies against the
dollar limit of the original credit year regardless of the year in which the
reallocation occurs.

L. A taxpayer may voluntarily relinquish unused credit amounts.

M. Preapproval under this section lapses, the application is void and
the amount of the preapproved income tax credits does not apply against the
dollar limit prescribed by subsection J of this section if, within twelve
months after preapproval, the renewable energy business fails to provide to
the department AUTHORITY documentation of its expenditure of two hundred
fifty thousand dollars in qualifying investment or, if the period over which
the qualifying investment will be made exceeds twelve months, documentation
of additional expenditures as required in this subsection for each twelve
month period.

N. Beginning in 2010, after October 31 of each year, if the department
AUTHORITY has preapproved the maximum calendar year income tax credit amount
pursuant to subsection J of this section, the department AUTHORITY may accept
initial applications for the next calendar year, but the preapproval of any
application pursuant to this subsection shall not be effective before the
first business day of the following calendar year.

O. Before an applicant applies for postapproval under subsection P of
this section, the applicant must enter into a written managed review
agreement with the director CHIEF EXECUTIVE OFFICER OF THE AUTHORITY that
establishes the requirements of a managed review to be conducted under this
subsection at the applicant's expense. The managed review must be conducted
by a certified public accountant who is selected by the applicant, who is
licensed in this state and who is approved by the director CHIEF EXECUTIVE
OFFICER. The certified public accountant and the firm the certified public
accountant is affiliated with shall not regularly perform services for the
applicant or its affiliates. The managed review shall include an analysis of
the applicant's invoices, checks, accounting records and other documents and
information to verify its base investment and other requirements prescribed
by section 42-12006, 43-1083.01 or 43-1164.01 to confirm the amount of credit
or property tax incentive. The certified public accountant shall furnish
written findings of the managed review to the director CHIEF EXECUTIVE
OFFICER. The director CHIEF EXECUTIVE OFFICER shall review the findings and
may examine records and perform other reviews that the director CHIEF
EXECUTIVE OFFICER considers necessary to verify that the managed review
substantially conforms to the terms of the managed review agreement. The
director CHIEF EXECUTIVE OFFICER shall accept or reject the findings of the
managed review. If the director CHIEF EXECUTIVE OFFICER rejects all or part
of the managed review, the director CHIEF EXECUTIVE OFFICER shall provide
written reasons for the rejection.

P. When the renewable energy operation begins operations, a renewable
energy business that was preapproved for income tax credits under this
section shall apply to the department AUTHORITY in writing for postapproval
of the credits and submit documentation certifying the total amount and dates
of the qualifying investments and identifying the fixed capital assets
associated with the renewable energy operation incurred from and after
September 30, 2009 through the date of application for postapproval. From
and after December 31, 2009, the department AUTHORITY shall provide
postapproval to a renewable energy business that it has met the eligibility
requirements of this section and shall notify the department of revenue that
the renewable energy business may claim the tax credits pursuant to section
43-1083.01 or 43-1164.01. If the amount of qualifying investment actually
spent is less than the amount preapproved for income tax credits, the
preapproved amount not incurred lapses and does not apply against the dollar
limit prescribed by subsection J of this section for that year. The department AUTHORITY shall not allow a credit under section 43-1083.01 or 43-1164.01 that exceeds the amount of the postapproval for the project under this subsection. For the purposes of this subsection, "begins operations" means:

1. A headquarters facility opens for public business.
2. A manufacturing facility begins producing commercial quantities of usable products.

Q. The department of commerce AUTHORITY may rescind the business' postapproval if the business no longer meets the terms and conditions required for qualifying for the tax incentives. The department AUTHORITY may give special consideration, or allow temporary exemption from recapture of tax benefits, in the case of extraordinary hardship due to factors beyond the control of the qualifying business.

R. If the department of commerce AUTHORITY rescinds an applicant's preapproval or postapproval under subsection Q of this section, it shall notify the department of revenue and the county assessor of the action and the conditions of noncompliance. If the department of revenue obtains information indicating a possible failure to qualify and comply, it shall provide that information to the department of commerce AUTHORITY. The department of revenue may require the business to file appropriate amended tax returns reflecting any recapture of income tax credits under section 43-1083.01 or 43-1164.01.

S. Preapproval and postapproval of a business for the purposes of tax incentives under this section do not constitute or imply compliance with any other provision of law or any regulatory rule, order, procedure, permit or other measure required by law. To maintain qualification for tax incentives under this section, a business must separately comply with all environmental, employment and other regulatory measures.

T. For five years after postapproval for tax incentives under this section, in any action involving the liquidation of the business assets or relocation out of state, this state claims the position of a secured creditor of the business in the amount of income tax credits and property tax incentives the business received pursuant to section 42-12006, 43-1083.01 or 43-1164.01.

U. Any information gathered from a renewable energy business for the purposes of this section is considered to be confidential taxpayer information and shall be disclosed only as provided in section 42-2003, subsection B, paragraph 12, except that the department AUTHORITY shall publish the following information in its annual report:

1. The name of each renewable energy business and the amount of income tax credits preapproved for each qualifying investment.
2. The amount of credits postapproved with respect to each qualifying investment.

V. The department AUTHORITY shall:
1. Keep annual records of the information provided on applications for renewable energy businesses. These records shall reflect a percentage comparison of the annual amount of monies exempted or credited to qualifying renewable energy businesses to the estimated amount of monies spent in this state in the form of qualifying investments.

2. Maintain annual data on growth in this state of renewable energy businesses and industry employment and wages.

3. Not later than April 30 of each year, prepare and publish a report summarizing the information collected pursuant to this subsection. The department of commerce shall make copies of the annual report available to the public on request.

W. The department of commerce shall adopt rules and prescribe forms and procedures as necessary for the purposes of this section. The department of commerce and the department of revenue shall collaborate in adopting rules as necessary to avoid duplication and inconsistencies while accomplishing the intent and purposes of this section.

10. "Renewable energy resource" means a resource that is replaced by natural and assisted processes at a rate that is comparable to or faster than the rate of natural depletion and consumption by humans.

occurs in the income tax credits authorized under the dollar limit prescribed
by subsection J of this section:

the taxable year for which the credit was originally allocated or any
subsequent taxable year within the applicable carryforward period pursuant to
section 43-1075, subsection G or section 43-1163, subsection G. The credits
must be claimed on a timely filed original income tax return, including
extensions.

7. Within sixty days after applying with the department under subsection C of this section, a company that is preapproved for a specific production must notify and provide documentation of expenditures to the department of the total amount of eligible production costs associated with the production.

8. The company is not eligible for income tax credit incentives until the company's eligible production expenditures reach two hundred fifty thousand dollars in a period of twelve consecutive months. When the company reaches that threshold, the company may apply to the department for approval of the income tax credit incentives pursuant to subsection O of this section. Applications for approval of income tax credit incentives may not be submitted by the same company more frequently than once a calendar month.

9. Notwithstanding any other provision of this section, the department of commerce shall adopt rules and prescribe forms and procedures as necessary for the purposes of this subsection.
L. Except for applications with respect to commercial advertisement and music video production under subsection K of this section, after October 31 of each year, if the department has preapproved the maximum calendar year tax credit amount pursuant to subsection J of this section, the department may accept initial applications for the next calendar year. The preapproval of any application pursuant to this subsection shall not be effective prior to the first business day of the following calendar year. The department may accept initial applications with respect to commercial advertisement and music video production under subsection K of this section only during the calendar year in which the credits would be allotted.

M. Subject to subsection O of this section, the department of commerce shall deny an application submitted on completion of the production pursuant to subsection O of this section if it determines that:

1. The motion picture production company does not meet all of the established criteria provided in subsection A of this section.
2. The production would constitute an obscene motion picture film or obscene pictorial publication under title 12, chapter 7, article 1.1.
3. The production depicts sexual activity as defined in title 13, chapter 35.
4. The production would constitute sexual exploitation of a minor or commercial sexual exploitation of a minor under title 13, chapter 35.1.

N. On a determination by the department of commerce that a motion picture production company qualifies for motion picture production tax incentives, the department shall issue the company a written letter of qualification and transmit a copy of the letter to the department of revenue. Beginning from and after December 31, 2007, a letter of qualification is effective for twenty-four consecutive months as stated in the letter.

O. Upon completion of the motion picture production, a motion picture production company that qualifies for the motion picture tax incentives shall apply to the department in writing for approval of income tax credits, submit a viewable copy of the motion picture, except as provided in subsection P of this section, and certify the total amount of eligible production costs associated with the project incurred from and after December 31, 2005. If the eligible production costs actually spent are less than the amount preapproved for income tax credits, the preapproved amount not incurred lapses and does not apply against the dollar limit prescribed by subsection J of this section for that year.

P. A motion picture production company may apply for postapproval of the production under subsection O of this section before a viewable copy of the production is available. To do so, the company must submit with its application a letter of credit, payable to the department of revenue,
providing that within two business days after the issuer receives a written
determination from the department of commerce that the production fails to
qualify for the tax credits the issuer will pay to the department of revenue
the full face value of the income tax credits in the application. If the
department of revenue draws on the letter of credit, the monies shall be
transferred to and held in an interest bearing account pending the final
outcome of an appeal, if any. The letter of credit may be released on the
determination by the department of commerce that the completed production
qualifies for the tax credits.

Q. If a preapproved motion picture production company fails to
undertake production, as described in subsection F of this section, and also
fails to voluntarily relinquish the unused credit amounts for reallocation by
the department as provided by subsection G of this section within the
ninety-day period, the company and all persons signing the application for
preapproval are disqualified from receiving, or participating in any motion
picture production company that applies for or receives, tax incentives
pursuant to this section for three years after the original application.

R. The department of commerce, with the cooperation of the department
of revenue, shall adopt rules and publish and prescribe forms and procedures
as necessary to effectuate the purposes of this section.

S. Any information gathered from motion picture production companies
for the purposes of this section, or applicants for infrastructure incentives

each production and infrastructure project.

2. The amount of credits approved with respect to each production.

T. The department of commerce shall:

1. Keep annual records of the information provided on applications for

qualifying motion picture production companies to the estimated amount of
monies spent on in-state production costs by motion picture production
companies.

2. Maintain annual data on growth in Arizona-based motion picture
industry companies and motion picture industry employment and wages.

A. Beginning July 1, 2006, the department of commerce THE ARIZONA COMMERCE AUTHORITY shall receive and evaluate applications that are submitted by qualified investors to receive a tax credit pursuant to section 43-1074.02 for qualified investments made in a qualified small business and certify to the department of revenue the names, amounts and other relevant information relating to the applicants.

B. To be eligible for a tax credit pursuant to this section and section 43-1074.02, a qualified investor shall file an application with the department of commerce AUTHORITY within thirty days after making a qualified investment. The application, on a form prescribed by the department of commerce AUTHORITY, shall include:

2. The name and federal employer identification number of the qualified small business that received a qualified investment made by the applicant.

3. The date the qualified investment was made.

4. Any additional information that the department of commerce AUTHORITY requires.

C. As part of the application, the applicant and the qualified small business that receives the investment shall each provide written authorization pursuant to section 42-2003 designating the department of commerce AUTHORITY as eligible to receive tax information from the department of revenue for the purpose of determining if any misrepresentations exist on the application. The authorization shall limit disclosure to income tax information for the latest two years for which returns were filed with the department of revenue preceding the date the application is filed and for all tax years through the year in which the investment was made for which a return was not filed as of the date of the application. The applicant shall also provide in the written authorization income tax information for all tax years in which the applicant could claim or carry forward the credit pursuant to this section, but limited to the tax years in which the applicant actually claims a credit or carries forward a credit on a return filed with the department of revenue. An applicant who has an individual ownership interest as a co-owner of a business who may be entitled to a pro rata share of the credit pursuant to section 43-1074.02, subsection E shall provide a written
authorization with content similar to the authorization, and in the same manner as, any other applicant is required to provide.

D. The department of commerce AUTHORITY shall review and make a determination with respect to each application within ninety days after receiving the application. The department of commerce AUTHORITY may request additional information from the applicant in order to make an informed decision regarding the eligibility of the qualified investor or qualified small business.

E. Subject to subsection F of this section, the department of commerce AUTHORITY shall authorize tax credits for each qualified investor who makes a qualified investment in a qualified small business. The amount of the credit shall be:

1. If the qualified investment is made in a qualified small business that maintains its principal place of business in a rural county of this state or is a bioscience enterprise, twelve per cent of the amount of the investment per year for the first and second taxable years after the investment is made and eleven per cent of the amount of the investment for the third taxable year after the year in which the investment is made.

2. If the qualified investment is made in a qualified small business other than a business described in paragraph 1 of this subsection, ten per cent of the amount of the investment for each of the three taxable years after the year in which the investment is made.

F. The department of commerce AUTHORITY shall not authorize tax credits under this section after June 30, 2016. The department of commerce AUTHORITY shall not certify tax credits under this section exceeding twenty million dollars. Tax credits that expire after certification or that are otherwise not timely used by the qualified investor for whom they were originally authorized shall be included in the twenty million dollar limitation. If qualifying applications exceed twenty million dollars, the department of commerce AUTHORITY shall authorize credits in the order of the date and time that the applications are received by the department of commerce AUTHORITY, as evidenced by the time and date stamped on the application when received by the department AUTHORITY. All applications shall be filed in person at the department of commerce ARIZONA COMMERCE AUTHORITY. If an application is received that, if authorized, would require the department of commerce AUTHORITY to exceed the twenty million dollar limit, the department of commerce AUTHORITY shall only grant the applicant the remaining amount of tax credits that would not exceed the twenty million dollar limit. After the department of commerce AUTHORITY authorizes twenty million dollars in tax credits, the department of commerce AUTHORITY shall deny any subsequent applications that are received. The department of commerce AUTHORITY shall certify to the qualified investor and to the department of revenue the amount of the tax credit that is authorized for purposes of section 43-1074.02 for each taxable year described in subsection E of this section.
G. The total of all qualified investments in any calendar year by a qualified investor and its affiliates in qualified small businesses that are eligible for a tax credit pursuant to this section and section 43-1074.02 shall not exceed two hundred fifty thousand dollars. The maximum amount of qualified investments in a single qualified small business for which the department of commerce AUTHORITY may authorize tax credits under this section shall not exceed an aggregate of two million dollars in investments for all taxable years. If applications for tax credits are received for investments that exceed the limits prescribed by this subsection for any qualified small business, the department of commerce AUTHORITY shall authorize credits in the order of the date and time that the applications are received by the department of commerce AUTHORITY. If an application is received that, if authorized, would require the department of commerce AUTHORITY to authorize tax credits for any investment in a qualified small business that would cause the total qualified investments in the business to exceed the limits prescribed by this subsection, the department of commerce AUTHORITY shall only grant the applicant the remaining amount of tax credits that would not exceed the limits prescribed by this subsection.

H. The qualified investor shall file a return claiming the tax credit with the department of revenue for application against income tax pursuant to section 43-1074.02 by the due date of the return, including extensions, for the tax year in which the credit is available. If the qualified investor fails to timely file a return claiming the credit for a taxable year, the credit expires for that taxable year and there shall be no carryforward of the expired credit. If a qualified investor includes co-owners of a business who qualify for individual pro rata shares of the credit pursuant to section 43-1074.02, subsection E, each individual owner shall file a return claiming the tax credit with the department of revenue by the due date of the return, including extensions, for the tax year in which the credit is available. If an individual co-owner fails to timely file a return claiming the credit for a taxable year, the credit expires for that taxable year and there shall be no carryforward of the expired credit. Credits that expire or that otherwise are not timely used by the qualified investor or by the individual co-owner of a business for whom the credits were originally authorized shall not be reissued.

I. On receiving an application for a tax credit from a qualified investor, or a written request for certification as a qualified small business from a corporation, limited liability company, partnership or other business entity, the department of commerce AUTHORITY shall determine whether the corporation, limited liability company, partnership or other business entity that is named in the application or written request is a qualified small business. The department of commerce AUTHORITY shall determine if the business is a bioscience enterprise and if the business maintains its principal place of business in a rural county in this state. After determining the qualifications, the department of commerce AUTHORITY shall
certify the qualified small business as being eligible to receive qualified investments for purposes of this section. The certification is valid for one year, but the department of commerce AUTHORITY may revoke the certification at any time or refuse to renew the certification if the business fails to maintain the required qualifications. If a qualified small business fails to maintain the qualifications, the business shall notify the department of commerce AUTHORITY within five business days of failing to meet the qualifications. The department of commerce AUTHORITY shall revoke the certification of the business and may assess a penalty against the business entity equal to the amount of the tax credits authorized after the business failed to meet the qualifications. The penalty shall be deposited into the state general fund. If the certification is revoked or expires, subsequent investments in the business do not qualify for a tax credit pursuant to this section and section 43-1074.02. All tax credits that are issued before any expiration or revocation of the certification shall remain valid. Any application for a tax credit shall not be denied on the basis of the expiration or revocation of the certification if the investment was made before the date of the expiration or revocation.

J. The department of commerce AUTHORITY shall provide to the department of revenue necessary information required to administer this section and section 43-1074.02. If the department of commerce AUTHORITY subsequently discovers that an applicant who received a tax credit misrepresented information on the application, the department of commerce AUTHORITY shall immediately notify the department of revenue and provide the department of revenue all information that relates to that applicant. If the department of revenue determines that there has been a misrepresentation on the application, the department of revenue shall deny the credit if the misrepresentation relates to whether the applicant was a qualified investor or made a qualified investment. If the misrepresentation relates to whether the investment was made to:

1. A qualified small business, the department of revenue shall deny the credit only if the applicant knew or should have known at any time before the certification that the representation was false.

2. A bioscience enterprise or a business that maintains its principal place of business in a rural county in this state, the department of revenue shall decrease the amount of the credit that would have been allowed under subsection E, paragraph 1 of this section to the amount allowed under subsection E, paragraph 2 of this section only if the applicant knew or should have known at any time before the certification that the representation was false.

taxable years under subsection B of this section, the taxpayer may elect to
receive a refund as follows:

1. The taxpayer must apply to the department of commerce for
qualification for the refund pursuant to section 41-1507 and submit a copy of
the department of commerce's certificate of qualification to the department
of revenue with the taxpayer's income tax return.

2. The amount of the refund is limited to seventy-five per cent of the
amount by which the allowable credit under this section exceeds the
taxpayer's tax liability under this title for the taxable year. The
remainder of the excess amount of the credit is waived.
3. The refund shall be paid in the manner prescribed by section 42-1118.

4. The refund is subject to setoff under section 42-1122.

5. If the department determines that a credit refunded pursuant to this subsection is incorrect or invalid, the excess credit issued may be treated as a tax deficiency pursuant to section 42-1108.

D. A taxpayer that claims a credit for increased research and development activity under this section shall not claim a credit under section 43-1085.01 for the same expenses.

Sec. 98. Section 43-1074.02, Arizona Revised Statutes, is amended to read:

43-1074.02. Credit for investment in qualified small businesses

A. For taxable years beginning from and after December 31, 2006 through December 31, 2019, a credit is allowed against the taxes imposed by this title for investment made after June 30, 2006 in qualified small businesses. The amount of the credit is the amount determined and authorized by the department of commerce ARIZONA COMMERCE AUTHORITY as provided by section 41-1518.

B. To claim the credit under this section, the taxpayer shall attach to its tax return a copy of the department of commerce ARIZONA COMMERCE AUTHORITY certification provided pursuant to section 41-1518. No credit is allowed under this section unless the taxpayer provides the certification.

C. The basis of any investment with respect to which the taxpayer has claimed a credit under this section shall be reduced by the amount of the credit claimed with respect to that investment.

D. If the allowable tax credit exceeds the taxes due under this title on the claimant’s income, or if there are no taxes due under this title, the amount of the claim not used to offset the taxes under this title may be carried forward to the next three consecutive taxable years as a credit against subsequent years' income tax liability.

E. Individuals who are co-owners of a business, including partners in a partnership and shareholders of an S corporation as defined in section 1361 of the internal revenue code, may each claim only their individual pro rata shares of the credit allowed under this section based on their ownership interests. The total of the credits allowed all such owners may not exceed the amount that would have been allowed a sole owner.

F. If the department of revenue determines that there has been a misrepresentation on an application submitted to the department of commerce ARIZONA COMMERCE AUTHORITY under section 41-1518, the department of revenue shall deny the credit if the misrepresentation relates to whether the applicant was a qualified investor or made a qualified investment. If the misrepresentation relates to whether the investment was made to:

1. A qualified small business, the department of revenue shall deny the credit only if the applicant knew or should have known at any time before the certification that the representation was false.
2. A bioscience enterprise or a business that maintains its principal place of business in a rural county in this state, the department of revenue shall decrease the amount of the credit that would have been allowed only if the applicant knew or should have known at any time before the certification that the representation was false.

Sec. 99. Section 43-1076, Arizona Revised Statutes, is amended to read:

43-1076. Credit for employment by a healthy forest enterprise

A. For taxable years beginning from and after December 31, 2004 through December 31, 2014, a credit is allowed against the taxes imposed by this title for net increases in qualified employment positions by a qualified business that is certified by the department of commerce ARIZONA COMMERCE AUTHORITY as a healthy forest enterprise pursuant to section 41-1516.

B. Subject to subsection E of this section, the amount of the credit is equal to:

1. One-fourth of the taxable wages paid to an employee in a qualified employment position, not to exceed five hundred dollars per qualified employment position, in the first year or partial year of employment.

2. One-third of the taxable wages paid to an employee in a qualified employment position, not to exceed one thousand dollars per qualified employment position, in the second year of continuous employment.

3. One-half of the taxable wages paid to an employee in a qualified employment position, not to exceed one thousand five hundred dollars per qualified employment position, in the third year of continuous employment.

C. To qualify for a credit under this section:

1. The business must employ at least three new full-time employees in qualified employment positions in the first taxable year in which the credit is claimed.

2. All of the employees with respect to whom a credit is claimed must reside in this state on the date of hire.

3. A qualified employment position must meet all of the following requirements:
   (a) The position must be full-time employment for a minimum of one thousand five hundred fifty hours per year, unless a shorter period of employment is due to forest closures or weather conditions beyond the taxpayer's control.
   (b) The job duties must primarily involve or directly support the harvesting, transporting or the initial processing of qualifying forest products removed from qualifying projects as defined in section 41-1516 into a product having commercial value.
   (c) The employer must pay compensation at least equal to the wage offer by county as computed annually by the department of economic security research administration division.
   (d) The employee must have been employed for at least ninety days during the first taxable year. An employee who is hired during the last
ninety days of the taxable year shall be considered a new employee during the next taxable year. A qualified employment position that is filled during the last ninety days of the taxable year is considered to be a new qualified employment position for the next taxable year.

(e) The employee has not been previously employed by the taxpayer within twelve months before the current date of hire.

4. The employer shall provide health insurance coverage for employees as follows:

(a) The employer shall pay:

(i) At least twenty-five per cent of the premium or membership cost of the insurance program in the third year the taxpayer claims a credit under this section. If the taxpayer is self-insured, the taxpayer must pay at least twenty-five per cent of a predetermined fixed cost per employee for an insurance program that is payable whether or not the employee has filed claims.

(ii) At least forty per cent of the premium or membership cost in the fourth year the taxpayer claims a credit under this section. If the taxpayer is self-insured, the taxpayer must pay at least forty per cent of a predetermined fixed cost per employee for an insurance program that is payable whether or not the employee has filed claims.

(iii) At least fifty per cent of the premium or membership cost of the insurance program in the fifth and each subsequent year the taxpayer claims a credit under this section. If the taxpayer is self-insured, the taxpayer must pay at least fifty per cent of a predetermined fixed cost per employee for an insurance program that is payable whether or not the employee has filed claims.

(b) An employer shall not reduce the amount of health insurance coverage provided to employees before certification by the ARIZONA COMMERCE AUTHORITY.

D. A credit is allowed for employment in the second and third year only for qualified employment positions for which a credit was allowed and claimed by the taxpayer on the original first and second year tax returns.

E. The net increase in the number of qualified employment positions is the lesser of the total number of filled qualified employment positions created during the taxable year or the difference between the average number of full-time employees in the current taxable year and the average number of full-time employees during the immediately preceding taxable year. The net increase in the number of qualified employment positions computed under this subsection may not exceed two hundred qualified employment positions per taxpayer each year.

F. A taxpayer who claims a credit under section 43-1074, 43-1077 or 43-1079 may not claim a credit under this section with respect to the same employees.

G. If the allowable tax credit exceeds the income taxes otherwise due on the claimant’s income, or if there are no state income taxes due on the
claimant's income, the amount of the claim not used as an offset against income taxes may be carried forward as a tax credit against subsequent years' income tax liability for the period not to exceed five taxable years, provided the business maintains its certification under section 41-1516.

H. Co-owners of a business, including partners in a partnership and shareholders of an S corporation as defined in section 1361 of the internal revenue code, may each claim only the pro rata share of the credit allowed under this section based on the ownership interest. The total of the credits allowed all such owners of the business may not exceed the amount that would have been allowed for a sole owner of the business.

I. If a qualified business changes ownership through reorganization, stock purchase or merger, the new taxpayer may claim first year credits only for one or more qualified employment positions that it created and filled with an eligible employee after the purchase or reorganization was complete. If a person purchases a business that had qualified for first or second year credits or changes ownership through reorganization, stock purchase or merger, the new taxpayer may claim the second or third year credits if it meets the other eligibility requirements of this section. Credits for which a taxpayer qualified before the changes described in this subsection are terminated and lost at the time the changes are implemented.

J. If, within five taxable years after first receiving a credit pursuant to this section, the certification of qualification of a business is terminated or revoked under section 41-1516 other than for reasons beyond the control of the business as determined by the department of commerce ARIZONA COMMERCE AUTHORITY, the credits allowed the business pursuant to this section are subject to recapture pursuant to this subsection. This subsection applies only in the case of the termination or revocation of a certification of qualification. This subsection does not apply if, in any taxable year, a taxpayer otherwise does not qualify for or fails to claim the credit under this section. The recapture of credits under this subsection is computed by increasing the amount of taxes imposed in the year following the year in which the qualification of the business was terminated or revoked by an amount determined by multiplying the full amount of all credits previously allowed under this section by a percentage determined as follows:

1. If the initial credit under this section was allowed for the taxable year immediately preceding the taxable year in which the certification of qualification of a business is terminated or revoked, one hundred per cent.

2. If the initial credit under this section was allowed two taxable years before the taxable year in which the certification of qualification of a business is terminated or revoked, eighty per cent.

3. If the initial credit under this section was allowed three taxable years before the taxable year in which the certification of qualification of a business is terminated or revoked, sixty per cent.
4. If the initial credit under this section was allowed four taxable years before the taxable year in which the certification of qualification of a business is terminated or revoked, forty per cent.

5. If the initial credit under this section was allowed five taxable years before the taxable year in which the certification of qualification of a business is terminated or revoked, twenty per cent.

Sec. 100. Section 43-1077, Arizona Revised Statutes, is amended to read:

43-1077. Credit for employment by qualified defense contractor

A. A credit is allowed against the taxes imposed by this title for:

1. Net increases in employment under United States department of defense contracts during the taxable year, as computed under subsection D of this section, by a qualified defense contractor who is certified by the department of commerce ARIZONA COMMERCE AUTHORITY under section 41-1508.

2. Net increases in private commercial employment during the taxable year, as computed under subsection E of this section, by a qualified defense contractor who is certified by the department of commerce ARIZONA COMMERCE AUTHORITY under section 41-1508 due to full-time equivalent employee positions transferred during the taxable year by the taxpayer from exclusively defense related activities to employment by the taxpayer in exclusively private commercial activities.

B. The amount of the credit is a dollar amount allowed for each full-time equivalent employee position created, determined as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st year</td>
<td>$2,500</td>
</tr>
<tr>
<td>2nd year</td>
<td>$2,000</td>
</tr>
<tr>
<td>3rd year</td>
<td>$1,500</td>
</tr>
<tr>
<td>4th year</td>
<td>$1,000</td>
</tr>
<tr>
<td>5th year</td>
<td>$500</td>
</tr>
</tbody>
</table>

C. If the allowable tax credit exceeds the taxes otherwise due under this title on the claimant's income, or if there are no taxes due under this title, the taxpayer may carry the amount of the claim not used to offset the taxes under this title forward until taxable years beginning from and after December 31, 2011 as a credit against subsequent years' income tax liability, regardless of continuing certification as a qualified defense contractor.

D. The net increase in employment under defense related contracts shall be determined as follows:

1. Establish an employment baseline for the taxpayer based on a multiyear forecast of employment on United States department of defense contracts that was submitted to the department of defense before June 1, 1992. The annual average employment forecast for the first year the taxpayer qualified is the baseline. If the taxpayer did not make such a forecast before June 1, 1992, the baseline is the average annual employment as reported to the department of economic security during the preceding taxable year. If a taxpayer qualifies in the same year it relocates into this state, the taxpayer's baseline is zero.
2. For the first year of the credit, the taxpayer’s net increase in average employment is the increase in employment reported to the department of economic security for the taxable year over the employment baseline.

3. For each succeeding year of the credit, the taxpayer's net increase in average employment is the increase in employment reported to the department of economic security for the taxable year over the preceding taxable year's average employment.

E. In computing the amount of credit allowed under subsection A, paragraph 2 of this section, the taxpayer shall:
   1. Prorate employment during the taxable year according to the date of transfer from defense to private commercial activities or the date of transfer from private commercial activities to defense.
   2. Compute and subtract an amount pursuant to subsection B of this section for full-time equivalent employee positions that were transferred during the taxable year by the taxpayer from exclusively private commercial activities to exclusively defense related activities.

F. The taxpayer shall account for qualifying full-time equivalent employee positions on a first-in first-out basis. If a decrease in qualifying employment occurs, the taxpayer shall subtract the decrease from the earliest qualifying positions.

G. A credit is not allowed under both subsection A, paragraphs 1 and 2 of this section with respect to the same employee position. A full-time equivalent employee position may be considered for purposes of computing the credit under either subsection A, paragraph 1 or 2 of this section, but not both.

H. A credit is not allowed under this section with respect to employment that was transferred from an outside contractor in this state to in-house employment by the taxpayer solely for purposes of qualifying for the credit.

I. A taxpayer who claims a credit under section 43-1074, 43-1079 or 43-1083.01 may not claim a credit under this section with respect to the same employee positions.

J. Co-owners of a business, including partners in a partnership and shareholders of an S corporation, as defined in section 1361 of the internal revenue code, may each claim only the pro rata share of the credit allowed under this section based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

Sec. 101. Section 43-1078, Arizona Revised Statutes, is amended to read:

43-1078. Credit for property taxes paid by qualified defense contractor

A. A credit is allowed against the taxes imposed by this title equal to a portion of the amount paid as taxes during the taxable year by a qualified defense contractor that is certified by the department of commerce
ARIZONA COMMERCE AUTHORITY under section 41-1508, on property in this state that is classified as class one, paragraphs 12 and 13 pursuant to section 42-12001.

B. The amount of the credit is determined as follows:
   1. Multiply the amount paid as taxes on property classified as class one, paragraphs 12 and 13 pursuant to section 42-12001 in this state during the taxable year by a percentage based on net new defense related employment, determined by subtracting the employment baseline determined pursuant to section 43-1077, subsection D, paragraph 1, from average annual employment as reported to the department of economic security for the taxable year, as follows:
   
<table>
<thead>
<tr>
<th>New employment</th>
<th>Credit percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>More than 900</td>
<td>40%</td>
</tr>
<tr>
<td>601 - 900</td>
<td>30%</td>
</tr>
<tr>
<td>301 - 600</td>
<td>20%</td>
</tr>
<tr>
<td>1 - 300</td>
<td>10%</td>
</tr>
</tbody>
</table>

   2. Multiply the amount determined under paragraph 1 of this subsection by a percentage determined by dividing the taxpayer's total gross income from United States department of defense contracts apportioned to this state by the taxpayer's total gross income from all sources apportioned to this state.

C. If the allowable tax credit exceeds the taxes otherwise due under this title on the claimant's income, or if there are no taxes due under this title, the taxpayer may carry the amount of the claim not used to offset the taxes under this title forward until taxable years beginning from and after December 31, 2011 as a credit against subsequent years' income tax liability, regardless of continuing certification as a qualified defense contractor.

D. The credit allowed by this section is in lieu of a deduction for property taxes under section 43-1042 with respect to the same taxes paid.

E. Co-owners of a business, including partners in a partnership and shareholders of an S corporation, as defined in section 1361 of the internal revenue code, may each claim only the pro rata share of the credit allowed under this section based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

Sec. 102. Section 43-1079, Arizona Revised Statutes, is amended to read:

43-1079. Credit for increased employment in military reuse zones; definition

A. A credit is allowed against the taxes imposed by this title for net increases in employment by the taxpayer of full-time employees working in a military reuse zone, established under title 41, chapter 10, article 3, and who are primarily engaged in providing aviation or aerospace services or in manufacturing, assembling or fabricating aviation or aerospace products. The amount of the credit is a dollar amount allowed for each new employee, determined as follows:
1. With respect to each employee other than a dislocated military base employee:

   1st year of employment $500
   2nd year of employment $1,000
   3rd year of employment $1,500
   4th year of employment $2,000
   5th year of employment $2,500

2. With respect to each dislocated military base employee:

   2nd year of employment $1,500
   3rd year of employment $2,000
   4th year of employment $2,500
   5th year of employment $3,000

B. If the allowable tax credit exceeds the taxes otherwise due under this title on the claimant's income, or if there are no taxes due under this title, the amount of the claim not used to offset the taxes under this title may be carried forward as a credit against subsequent years' income tax liability for the period, not to exceed five taxable years, if the business remains in the military reuse zone.

C. The net increase in the number of employees for purposes of this section shall be determined by comparing the taxpayer's average employment in the military reuse zone during the taxable year with the taxpayer's previous year's fourth quarter employment in the zone, based on the taxpayer's report to the department of economic security for unemployment insurance purposes but considering only employment in the zone.

D. Co-owners of a business, including partners in a partnership and shareholders of an S corporation, as defined in section 1361 of the internal revenue code, may each claim only the pro rata share of the credit allowed under this section based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

E. A credit is not allowed under this section with respect to an employee whose place of employment is relocated by the taxpayer from a location in this state to the military reuse zone, unless the employee is engaged in aviation or aerospace services or in manufacturing, assembling or fabricating aviation or aerospace products and the taxpayer maintains at least the same number of employees in this state but outside the zone.

F. A taxpayer who claims a credit under section 43-1074, 43-1077 or 43-1083.01 may not claim a credit under this section with respect to the same employees.

G. For the purposes of this section, "dislocated military base employee" means a civilian who previously had permanent full-time civilian employment on the military facility as of the date the closure of the facility was finally determined under federal law, as certified by the department of commerce ARIZONA COMMERCE AUTHORITY.
Sec. 103. Section 43-1083.01, Arizona Revised Statutes, is amended to read:

43-1083.01. Credit for renewable energy industry

A. For taxable years beginning from and after December 31, 2009 through December 31, 2014, a credit is allowed against the taxes imposed by this title for qualified investment and employment in expanding or locating qualified renewable energy operations in this state. To qualify for the credit, the taxpayer must invest in renewable energy manufacturing, or in new regional, national or global renewable energy business headquarters, in this state and produce new full-time employment positions where the job duties are performed at the location of the qualifying investment. The taxpayer must meet the employee compensation and employee health benefit requirements prescribed by section 41-1511.

B. The amount of the credit is computed as follows:

1. Ten per cent of the taxpayer’s total capital investment in projects meeting the following minimum employment requirements:
   (a) For qualifying renewable energy manufacturing operations, at least one and one-half new full-time employment positions for each five hundred thousand dollar increment of capital investment.
   (b) For qualifying renewable energy business headquarters, at least one new full-time employment position for each two hundred thousand dollar increment of capital investment.

2. For other qualifying renewable energy investment, ten per cent of the amount computed as follows:
   (a) Five hundred thousand dollars for each one and one-half new full-time employment positions in new renewable energy manufacturing operations.
   (b) Two hundred thousand dollars for each new full-time employment position at a new renewable energy business headquarters.
   (c) The amount of credit under this paragraph shall not exceed ten per cent of the amount of the taxpayer’s total capital investment.

3. The amount of the credit shall not exceed the postapproval amount determined by the department of commerce ARIZONA COMMERCE AUTHORITY under section 41-1511, subsection P.

4. The credit amount computed under paragraph 1 or 2 of this subsection is apportioned, and the taxpayer shall claim the credit in five equal annual installments in each of five consecutive taxable years.

C. To claim the credit the taxpayer must:

1. Conduct a business that qualifies under section 41-1511.
2. Receive preapproval and postapproval from the department of commerce ARIZONA COMMERCE AUTHORITY pursuant to section 41-1511.
3. Submit a copy of a current and valid certification of qualification issued to the taxpayer by the department of commerce ARIZONA COMMERCE AUTHORITY.
D. To be counted for the purposes of the credit, an employee must have been employed at the qualifying facility for at least ninety days during the taxable year in a permanent full-time employment position of at least one thousand seven hundred fifty hours per year. An employee who is hired during the last ninety days of the taxable year shall be considered a new employee during the next taxable year. To be counted for the purposes of the credit during the first taxable year of employment, the employee must not have been previously employed by the taxpayer within twelve months before the current date of hire. The terms of employment must comply in all cases with the requirements of section 41-1511 and certification by the department of commerce ARIZONA COMMERCE AUTHORITY.

E. Co-owners of a business, including partners in a partnership, members of a limited liability company and shareholders of an S corporation, as defined in section 1361 of the internal revenue code, may each claim only the pro rata share of the credit allowed under this section based on the ownership interest. The total of the credits allowed all owners of the business may not exceed the amount that would have been allowed for a sole owner of the business.

F. If the allowable tax credit for a taxable year exceeds the income taxes otherwise due on the claimant's income, or if there are no state income taxes due on the claimant's income, the amount of the claim not used as an offset against income taxes shall be paid to the taxpayer in the same manner as a refund under section 42-1118. Refunds made pursuant to this subsection are subject to setoff under section 42-1122. If the department determines that a refund is incorrect or invalid, the excess refund may be treated as a tax deficiency pursuant to section 42-1108.

G. Except as provided by subsection H of this section, if, within five taxable years after first receiving a credit pursuant to this section, the certification of qualification of a business is terminated or revoked under section 41-1511, other than for reasons beyond the control of the business as determined by the department of commerce ARIZONA COMMERCE AUTHORITY, the taxpayer is disqualified from credits under this section in subsequent taxable years. On a determination that the taxpayer has committed fraud or relocated outside of this state within five taxable years of first receiving a credit pursuant to this section, the credits allowed the taxpayer in all taxable years pursuant to this section are subject to recapture pursuant to this subsection. This subsection applies only in the case of the termination or revocation of a certification of qualification under section 41-1511. This subsection does not apply if, in any taxable year, a taxpayer otherwise does not qualify for or fails to claim the credit under this section. The recapture of credits is computed by increasing the amount of taxes imposed in the year following the year of termination or revocation by the full amount of all credits previously allowed under this section.
H. A taxpayer who claims a credit under section 43-1074, 43-1077 or 43-1079 may not claim a credit under this section with respect to the same full-time employment positions.

I. The department of revenue shall adopt rules and prescribe forms and procedures as necessary for the purposes of this section. The department of revenue and the department of commerce ARIZONA COMMERCE AUTHORITY shall collaborate in adopting rules as necessary to avoid duplication and contradictory requirements while accomplishing the intent and purposes of this section.

J. For the purposes of this section, renewable energy operations are limited to manufacturers of, and headquarters for, systems and components that are used or useful in manufacturing renewable energy equipment for the generation, storage, testing and research and development, transmission or distribution of electricity from renewable resources, including specialized crates necessary to package the renewable energy equipment manufactured at the facility.

the United States department of transportation uniform system of accounts and 
reports for large certificated air carriers (14 Code of Federal Regulations 
part 241).

Sec. 107. Title 43, chapter 11, article 6, Arizona Revised Statutes, 
is amended by adding section 43-1161, to read:

43-1161. Credit for new employment

A. A CREDIT IS ALLOWED AGAINST THE TAXES IMPOSED BY THIS TITLE FOR NET 
INCREASES IN FULL-TIME EMPLOYEES HIRED IN QUALIFIED EMPLOYMENT POSITIONS AS 
CERTIFIED BY THE ARIZONA COMMERCE AUTHORITY PURSUANT TO SECTION 41-1525.

B. SUBJECT TO SUBSECTION E OF THIS SECTION, THE AMOUNT OF THE CREDIT 
IS EQUAL TO THREE THOUSAND DOLLARS FOR EACH FULL-TIME EMPLOYEE HIRED FOR THE 
FULL TAXABLE YEAR IN A QUALIFIED EMPLOYMENT POSITION IN EACH OF THE FIRST 
THREE YEARS OF EMPLOYMENT, BUT NOT MORE THAN FOUR HUNDRED EMPLOYEES IN ANY 
TAXABLE YEAR.

C. TO QUALIFY FOR A CREDIT UNDER THIS SECTION, THE TAXPAYER AND THE 
EMPLOYMENT POSITIONS MUST MEET THE REQUIREMENTS PRESCRIBED BY SECTION 
41-1525.

D. A CREDIT IS ALLOWED FOR EMPLOYMENT IN THE SECOND AND THIRD YEAR 
ONLY FOR QUALIFIED EMPLOYMENT POSITIONS FOR WHICH A CREDIT WAS CLAIMED AND 
ALLOWED IN THE FIRST YEAR.

E. THE NET INCREASE IN THE NUMBER OF QUALIFIED EMPLOYMENT POSITIONS IS 
THE LESSER OF THE TOTAL NUMBER OF FILLED QUALIFIED EMPLOYMENT POSITIONS 
CREATED DURING THE TAXABLE YEAR OR THE DIFFERENCE BETWEEN THE AVERAGE NUMBER 
of full-time employees in the current tax year and the average number of 
full-time employees during the immediately preceding taxable year. The net 
increase in the number of qualified employment positions computed under this 
subsection may not exceed four hundred qualified employment positions per 
taxpayer each year.
F. A TAXPAYER WHO CLAIMS A CREDIT UNDER SECTION 43-1164.01, 43-1165 OR 43-1167 SHALL NOT CLAIM A CREDIT UNDER THIS SECTION WITH RESPECT TO THE SAME EMPLOYMENT POSITIONS.

G. IF THE ALLOWABLE TAX CREDIT EXCEEDS THE INCOME TAXES OTHERWISE DUE ON THE CLAIMANT’S INCOME, OR IF THERE ARE NO STATE INCOME TAXES DUE ON THE CLAIMANT’S INCOME, THE AMOUNT OF THE CLAIM NOT USED AS AN OFFSET AGAINST THE INCOME TAXES MAY BE CARRIED FORWARD AS A TAX CREDIT AGAINST SUBSEQUENT YEARS’ INCOME TAX LIABILITY FOR A PERIOD NOT EXCEEDING FIVE TAXABLE YEARS.

H. CO-OWNERS OF A BUSINESS, INCLUDING CORPORATE PARTNERS IN A PARTNERSHIP, MAY EACH CLAIM ONLY THE PRO RATA SHARE OF THE CREDIT ALLOWED UNDER THIS SECTION BASED ON THE OWNERSHIP INTEREST. THE TOTAL OF THE CREDITS ALLOWED ALL SUCH OWNERS OF THE BUSINESS MAY NOT EXCEED THE AMOUNT THAT WOULD HAVE BEEN ALLOWED FOR A SOLE OWNER OF THE BUSINESS.

I. IF THE BUSINESS IS SOLD OR CHANGES OWNERSHIP THROUGH REORGANIZATION, STOCK PURCHASE OR MERGER, THE NEW TAXPAYER MAY CLAIM FIRST YEAR CREDITS ONLY FOR THE QUALIFIED EMPLOYMENT POSITIONS THAT IT CREATED AND FILLED WITH AN ELIGIBLE EMPLOYEE AFTER THE PURCHASE OR REORGANIZATION WAS COMPLETE. IF A PERSON PURCHASES A TAXPAYER THAT HAD QUALIFIED FOR FIRST OR SECOND YEAR CREDITS OR CHANGES OWNERSHIP THROUGH REORGANIZATION, STOCK PURCHASE OR MERGER, THE NEW TAXPAYER MAY CLAIM THE SECOND OR THIRD YEAR CREDITS IF IT MEETS OTHER ELIGIBILITY REQUIREMENTS OF THIS SECTION. CREDITS FOR WHICH A TAXPAYER QUALIFIED BEFORE THE CHANGES DESCRIBED IN THIS SUBSECTION ARE TERMINATED AND LOST AT THE TIME THE CHANGES ARE IMPLEMENTED.

J. A FAILURE TO TIMELY REPORT AND CERTIFY TO THE ARIZONA COMMERCE AUTHORITY THE INFORMATION PRESCRIBED BY SECTION 41-1525, SUBSECTION D, AND IN THE MANNER PRESCRIBED BY SECTION 41-1525, SUBSECTION E DISQUALIFIES THE TAXPAYER FROM THE CREDIT UNDER THIS SECTION. THE DEPARTMENT SHALL REQUIRE WRITTEN EVIDENCE OF THE TIMELY REPORT TO THE ARIZONA COMMERCE AUTHORITY.

K. A TAX CREDIT UNDER THIS SECTION IS SUBJECT TO RECOVERY FOR A VIOLATION DESCRIBED IN SECTION 41-1525, SUBSECTION G.

Sec. 108. Section 43-1162, Arizona Revised Statutes, is amended to read:

43-1162. Credit for employment by a healthy forest enterprise
A. For taxable years beginning from and after December 31, 2004 through December 31, 2014, a credit is allowed against the taxes imposed by this title for net increases in qualified employment positions by a qualified business that is certified by the department of commerce as a healthy forest enterprise pursuant to section 41-1516.

B. Subject to subsection E of this section, the amount of the credit is equal to:

1. One-fourth of the taxable wages paid to an employee in a qualified employment position, not to exceed five hundred dollars per qualified employment position, in the first year or partial year of employment.
2. One-third of the taxable wages paid to an employee in a qualified employment position, not to exceed one thousand dollars per qualified employment position, in the second year of continuous employment.

3. One-half of the taxable wages paid to an employee in a qualified employment position, not to exceed one thousand five hundred dollars per qualified employment position, in the third year of continuous employment.

C. To qualify for a credit under this section:

1. The business must employ at least three new full-time employees in qualified employment positions in the first taxable year in which the credit is claimed.

2. All of the employees with respect to whom a credit is claimed must reside in this state on the date of hire.

3. A qualified employment position must meet all of the following requirements:

   (a) The position must be full-time employment for a minimum of one thousand five hundred fifty hours per year, unless a shorter period of employment is due to forest closures or weather conditions beyond the taxpayer's control.

   (b) The job duties must primarily involve or directly support the harvesting, transporting or the initial processing of qualifying forest products removed from qualifying projects as defined in section 41-1516 into a product having commercial value.

   (c) The employer must pay compensation at least equal to the wage offer by county as computed annually by the department of economic security research administration division.

   (d) The employee must have been employed for at least ninety days during the first taxable year. An employee who is hired during the last ninety days of the taxable year shall be considered a new employee during the next taxable year. A qualified employment position that is filled during the last ninety days of the taxable year is considered to be a new qualified employment position for the next taxable year.

   (e) The employee has not been previously employed by the taxpayer within twelve months before the current date of hire.

4. The employer shall provide health insurance coverage for employees as follows:

   (a) The employer shall pay:

      (i) At least twenty-five per cent of the premium or membership cost of the insurance program in the third year the taxpayer claims a credit under this section. If the taxpayer is self-insured, the taxpayer must pay at least twenty-five per cent of a predetermined fixed cost per employee for an insurance program that is payable whether or not the employee has filed claims.

      (ii) At least forty per cent of the premium or membership cost in the fourth year the taxpayer claims a credit under this section. If the taxpayer is self-insured, the taxpayer must pay at least forty per cent of a
predetermined fixed cost per employee for an insurance program that is payable whether or not the employee has filed claims.

(iii) At least fifty per cent of the premium or membership cost of the insurance program in the fifth and each subsequent year the taxpayer claims a credit under this section. If the taxpayer is self-insured, the taxpayer must pay at least fifty per cent of a predetermined fixed cost per employee for an insurance program that is payable whether or not the employee has filed claims.

(b) An employer shall not reduce the amount of health insurance coverage provided to employees before certification by the department of commerce ARIZONA COMMERCE AUTHORITY.

D. A credit is allowed for employment in the second and third year only for qualified employment positions for which a credit was allowed and claimed by the taxpayer on the original first and second year tax returns.

E. The net increase in the number of qualified employment positions is the lesser of the total number of filled qualified employment positions created during the taxable year or the difference between the average number of full-time employees in the current taxable year and the average number of full-time employees during the immediately preceding taxable year. The net increase in the number of qualified employment positions computed under this subsection may not exceed two hundred qualified employment positions per taxpayer each year.

F. A taxpayer who claims a credit under section 43-1161, 43-1165 or 43-1167 may not claim a credit under this section with respect to the same employees.

G. If the allowable tax credit exceeds the income taxes otherwise due on the claimant’s income, or if there are no state income taxes due on the claimant’s income, the amount of the claim not used as an offset against income taxes may be carried forward as a tax credit against subsequent years' income tax liability for the period not to exceed five taxable years, provided the business maintains its certification under section 41-1516.

H. Co-owners of a business, including partners in a partnership, may each claim only the pro rata share of the credit allowed under this section based on the ownership interest. The total of the credits allowed all such owners of the business may not exceed the amount that would have been allowed for a sole owner of the business.

I. If a qualified business changes ownership through reorganization, stock purchase or merger, the new taxpayer may claim first year credits only for one or more qualified employment positions that it created and filled with an eligible employee after the purchase or reorganization was complete. If a person purchases a business that had qualified for first or second year credits or changes ownership through reorganization, stock purchase or merger, the new taxpayer may claim the second or third year credits if it meets the other eligibility requirements of this section.
Credits for which a taxpayer qualified before the changes described in this subsection are terminated and lost at the time the changes are implemented. J. If, within five taxable years after first receiving a credit pursuant to this section, the certification of qualification of a business is terminated or revoked under section 41-1516 other than for reasons beyond the control of the business as determined by the department of commerce ARIZONA COMMERCE AUTHORITY, the credits allowed the business pursuant to this section are subject to recapture pursuant to this subsection. This subsection applies only in the case of the termination or revocation of a certification of qualification. This subsection does not apply if, in any taxable year, a taxpayer otherwise does not qualify for or fails to claim the credit under this section. The recapture of credits under this subsection is computed by increasing the amount of taxes imposed in the year following the year in which the qualification of the business was terminated or revoked by an amount determined by multiplying the full amount of all credits previously allowed under this section by a percentage determined as follows:

1. If the initial credit under this section was allowed for the taxable year immediately preceding the taxable year in which the certification of qualification of a business is terminated or revoked, one hundred per cent.

2. If the initial credit under this section was allowed two taxable years before the taxable year in which the certification of qualification of a business is terminated or revoked, eighty per cent.

3. If the initial credit under this section was allowed three taxable years before the taxable year in which the certification of qualification of a business is terminated or revoked, sixty per cent.

4. If the initial credit under this section was allowed four taxable years before the taxable year in which the certification of qualification of a business is terminated or revoked, forty per cent.

5. If the initial credit under this section was allowed five taxable years before the taxable year in which the certification of qualification of a business is terminated or revoked, twenty per cent.

Sec. 109. Section 43-1164.01, Arizona Revised Statutes, is amended to read:

43-1164.01. **Credit for renewable energy industry**

A. For taxable years beginning from and after December 31, 2009 through December 31, 2014, a credit is allowed against the taxes imposed by this title for qualified investment and employment in expanding or locating qualified renewable energy operations in this state. To qualify for the credit, the taxpayer must invest in renewable energy manufacturing, or in new regional, national or global renewable energy business headquarters, in this state and produce new full-time employment positions where the job duties are performed at the location of the qualifying investment. The taxpayer must meet the employee compensation and employee health benefit requirements prescribed by section 41-1511.
B. The amount of the credit is computed as follows:

1. Ten per cent of the taxpayer’s total capital investment in projects meeting the following minimum employment requirements:
   (a) For qualifying renewable energy manufacturing operations, at least one and one-half new full-time employment positions for each five hundred thousand dollar increment of capital investment.
   (b) For qualifying renewable energy business headquarters, at least one new full-time employment position for each two hundred thousand dollar increment of capital investment.

2. For other qualifying renewable energy investment, ten per cent of the amount computed as follows:
   (a) Five hundred thousand dollars for each one and one-half new full-time employment positions in new renewable energy manufacturing operations.
   (b) Two hundred thousand dollars for each new full-time employment position at a new renewable energy business headquarters.
   (c) The amount of the credit under this paragraph shall not exceed ten per cent of the amount of the taxpayer’s total capital investment.

3. The amount of the credit shall not exceed the postapproval amount determined by the department of commerce ARIZONA COMMERCE AUTHORITY under section 41-1511, subsection P.

4. The credit amount computed under paragraph 1 or 2 of this subsection is apportioned, and the taxpayer shall claim the credit in five equal annual installments in each of five consecutive taxable years.

C. To claim the credit the taxpayer must:

1. Conduct a business that qualifies under section 41-1511.

2. Receive preapproval and postapproval from the department of commerce ARIZONA COMMERCE AUTHORITY pursuant to section 41-1511.

3. Submit a copy of a current and valid certification of qualification issued to the taxpayer by the department of commerce ARIZONA COMMERCE AUTHORITY.

D. To be counted for the purposes of the credit, an employee must have been employed at the qualifying facility for at least ninety days during the taxable year in a permanent full-time employment position of at least one thousand seven hundred fifty hours per year. An employee who is hired during the last ninety days of the taxable year shall be considered a new employee during the next taxable year. To be counted for the purposes of the credit during the first taxable year of employment, the employee must not have been previously employed by the taxpayer within twelve months before the current date of hire. The terms of employment must comply in all cases with the requirements of section 41-1511 and certification by the department of commerce ARIZONA COMMERCE AUTHORITY.

E. Co-owners of a business, including corporate partners in a partnership and members of a limited liability company, may each claim only the pro rata share of the credit allowed under this section based on the
ownership interest. The total of the credits allowed all owners of the
business may not exceed the amount that would have been allowed for a sole
owner of the business.

F. If the allowable tax credit for a taxable year exceeds the income
taxes otherwise due on the claimant’s income, or if there are no state income
taxes due on the claimant’s income, the amount of the claim not used as an
offset against income taxes shall be paid to the taxpayer in the same manner
as a refund under section 42-1118. Refunds made pursuant to this subsection
are subject to setoff under section 42-1122. If the department determines
that a refund is incorrect or invalid, the excess refund may be treated as a
tax deficiency pursuant to section 42-1108.

G. Except as provided by subsection H of this section, if, within five
taxable years after first receiving a credit pursuant to this section, the
certification of qualification of a business is terminated or revoked under
section 41-1511, other than for reasons beyond the control of the business as
determined by the department of commerce ARIZONA COMMERCE AUTHORITY, the
taxpayer is disqualified from credits under this section in subsequent
taxable years. On a determination that the taxpayer has committed fraud or
relocated outside of this state within five taxable years of first receiving
a credit pursuant to this section, the credits allowed the taxpayer in all
taxable years pursuant to this section are subject to recapture pursuant to
this subsection. This subsection applies only in the case of the termination
or revocation of a certification of qualification under section
41-1511. This subsection does not apply if, in any taxable year, a taxpayer
otherwise does not qualify for or fails to claim the credit under this
section. The recapture of credits is computed by increasing the amount of
taxes imposed in the year following the year of termination or revocation by
the full amount of all credits previously allowed under this section.

H. A taxpayer who claims a credit under section 43-1161, 43-1165 or
43-1167 may not claim a credit under this section with respect to the same
full-time employment positions.

I. The department of revenue shall adopt rules and prescribe forms and
procedures as necessary for the purposes of this section. The department of
revenue and the department of commerce ARIZONA COMMERCE AUTHORITY shall
collaborate in adopting rules as necessary to avoid duplication and
contradictory requirements while accomplishing the intent and purposes of
this section.

J. For the purposes of this section, renewable energy operations are
limited to manufacturers of, and headquarters for, systems and components
that are used or useful in manufacturing renewable energy equipment for the
generation, storage, testing and research and development, transmission or
distribution of electricity from renewable resources, including specialized
crates necessary to package the renewable energy equipment manufactured at
the facility.
Sec. 110. Section 43-1165, Arizona Revised Statutes, is amended to read:

43-1165. Credit for employment by qualified defense contractor

A. A credit is allowed against the taxes imposed by this title for:

1. Net increases in employment under United States department of defense contracts during the taxable year, as computed under subsection D of this section, by a qualified defense contractor that is certified by the department of commerce ARIZONA COMMERCE AUTHORITY under section 41-1508.

2. Net increases in private commercial employment during the taxable year, as computed under subsection E of this section, by a qualified defense contractor that is certified by the department of commerce ARIZONA COMMERCE AUTHORITY under section 41-1508 due to full-time equivalent employee positions transferred during the taxable year by the taxpayer from exclusively defense related activities to employment by the taxpayer in exclusively private commercial activities.

B. The amount of the credit is a dollar amount allowed for each full-time equivalent employee position created, determined as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st year</td>
<td>$2,500</td>
</tr>
<tr>
<td>2nd year</td>
<td>$2,000</td>
</tr>
<tr>
<td>3rd year</td>
<td>$1,500</td>
</tr>
<tr>
<td>4th year</td>
<td>$1,000</td>
</tr>
<tr>
<td>5th year</td>
<td>$  500</td>
</tr>
</tbody>
</table>

C. If the allowable tax credit exceeds the taxes otherwise due under this title, the taxpayer may carry the amount of the claim not used to offset the taxes under this title forward until taxable years beginning from and after December 31, 2011 as a credit against subsequent years' income tax liability, regardless of continuing certification as a qualified defense contractor.

D. The net increase in employment under defense related contracts shall be determined as follows:

1. Establish an employment baseline for the taxpayer based on a multiyear forecast of employment on United States department of defense contracts that was submitted to the department of defense before June 1, 1992. The annual average employment forecast for the first year the taxpayer qualified is the baseline. If the taxpayer did not make such a forecast before June 1, 1992, the baseline is the average annual employment as reported to the department of economic security during the preceding taxable year. If a taxpayer qualifies in the same year it relocates into this state, the taxpayer's baseline is zero.

2. For the first year of the credit, the taxpayer's net increase in average employment is the increase in employment reported to the department of economic security for the taxable year over the employment baseline.

3. For each succeeding year of the credit, the taxpayer's net increase in average employment is the increase in employment reported to the
department of economic security for the taxable year over the preceding taxable year's average employment.

E. In computing the amount of credit allowed under subsection A, paragraph 2 of this section, the taxpayer shall:

1. Prorate employment during the taxable year according to the date of transfer from defense to private commercial activities or the date of transfer from private commercial activities to defense.

2. Compute and subtract an amount pursuant to subsection B of this section for full-time equivalent employee positions that were transferred during the taxable year by the taxpayer from exclusively private commercial activities to exclusively defense related activities.

F. The taxpayer shall account for qualifying full-time equivalent employee positions on a first-in first-out basis. If a decrease in qualifying employment occurs, the taxpayer shall subtract the decrease from the earliest qualifying positions.

G. A credit is not allowed under both subsection A, paragraphs 1 and 2 of this section with respect to the same employee position. A full-time equivalent employee position may be considered for purposes of computing the credit under either subsection A, paragraph 1 or 2 of this section, but not both.

H. A credit is not allowed under this section with respect to employment that was transferred from an outside contractor in this state to in-house employment by the taxpayer solely for purposes of qualifying for the credit.

I. A taxpayer that claims a credit under section 43-1161, 43-1164.01 or 43-1167 may not claim a credit under this section with respect to the same employee positions.

J. Co-owners of a business, including corporate partners in a partnership, may each claim only the pro rata share of the credit allowed under this section based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

Sec. 111. Section 43-1166, Arizona Revised Statutes, is amended to read:

43-1166. Credit for property taxes paid by qualified defense contractor

A. A credit is allowed against the taxes imposed by this title equal to a portion of the amount paid as taxes during the taxable year by a qualified defense contractor that is certified by the ARIZONA COMMERCE AUTHORITY under section 41-1508 on property in this state that is classified as class one, paragraphs 12 and 13 pursuant to section 42-12001.

B. The amount of the credit is determined as follows:

1. Multiply the amount paid as taxes on property classified as class one, paragraphs 12 and 13 pursuant to section 42-12001 in this state during
the taxable year by a percentage based on net new defense related employment, determined by subtracting the employment baseline determined pursuant to section 43-1165, subsection D, paragraph 1 from average annual employment as reported to the department of economic security for the taxable year, as follows:

<table>
<thead>
<tr>
<th>New employment</th>
<th>Credit percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>More than 900</td>
<td>40%</td>
</tr>
<tr>
<td>601 - 900</td>
<td>30%</td>
</tr>
<tr>
<td>301 - 600</td>
<td>20%</td>
</tr>
<tr>
<td>1 - 300</td>
<td>10%</td>
</tr>
</tbody>
</table>

2. Multiply the amount determined under paragraph 1 of this subsection by a percentage determined by dividing the taxpayer's total gross income from United States department of defense contracts apportioned to this state by the taxpayer's total gross income from all sources apportioned to this state.

C. If the allowable tax credit exceeds the taxes otherwise due under this title on the claimant's income, or if there are no taxes due under this title, the taxpayer may carry the amount of the claim not used to offset the taxes under this title forward until taxable years beginning from and after December 31, 2011 as a credit against subsequent years' income tax liability, regardless of continuing certification as a qualified defense contractor.

D. Co-owners of a business, including corporate partners in a partnership, may each claim only the pro rata share of the credit allowed under this section based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

Sec. 112. Section 43-1167, Arizona Revised Statutes, is amended to read:

43-1167. Credit for increased employment in military reuse zones; definition

A. A credit is allowed against the taxes imposed by this title for net increases in employment by the taxpayer of full-time employees working in a military reuse zone, established under title 41, chapter 10, article 3, and who are primarily engaged in providing aviation or aerospace services or in manufacturing, assembling or fabricating aviation or aerospace products. The amount of the credit is a dollar amount allowed for each new employee, determined as follows:

1. With respect to each employee other than a dislocated military base employee:
   - 1st year of employment: $500
   - 2nd year of employment: $1,000
   - 3rd year of employment: $1,500
   - 4th year of employment: $2,000
   - 5th year of employment: $2,500

2. With respect to each dislocated military base employee:
   - 1st year of employment: $1,000
2nd year of employment $1,500
3rd year of employment $2,000
4th year of employment $2,500
5th year of employment $3,000

B. If the allowable tax credit exceeds the taxes otherwise due under this title on the claimant's income, or if there are no taxes due under this title, the amount of the claim not used to offset the taxes under this title may be carried forward as a credit against subsequent years' income tax liability for the period, not to exceed five taxable years, if the business remains in the military reuse zone.

C. The net increase in the number of employees for purposes of this section shall be determined by comparing the taxpayer's average employment in the military reuse zone during the taxable year with the taxpayer's previous year's fourth quarter employment in the zone, based on the taxpayer's report to the department of economic security for unemployment insurance purposes but considering only employment in the zone.

D. Co-owners of a business, including corporate partners in a partnership, may each claim only the pro rata share of the credit allowed under this section based on the ownership interest. The total of the credits allowed all such owners may not exceed the amount that would have been allowed for a sole owner of the business.

E. A credit is not allowed under this section with respect to an employee whose place of employment is relocated by the taxpayer from a location in this state to the military reuse zone unless the employee is engaged in aviation or aerospace services or in manufacturing, assembling or fabricating aviation or aerospace products and the taxpayer maintains at least the same number of employees in this state but outside the zone.

F. A taxpayer who claims a credit under section 43-1161, 43-1164.01 or 43-1165 may not claim a credit under this section with respect to the same employees.

G. For the purposes of this section, "dislocated military base employee" means a civilian who previously had permanent full-time civilian employment on the military facility as of the date the closure of the facility was finally determined under federal law, as certified by the department of commerce ARIZONA COMMERCE AUTHORITY.

Sec. 113. Section 43-1168, Arizona Revised Statutes, as amended by Laws 2010, chapter 289, section 6 and chapter 312, section 7, is amended to read:

43-1168. Credit for increased research activities

A. A credit is allowed against the taxes imposed by this title in an amount determined pursuant to section 41 of the internal revenue code, except that:

1. The amount of the credit is computed as follows:

(a) Add:
(i) The excess, if any, of the qualified research expenses for the taxable year over the base amount as defined in section 41(c) of the internal revenue code.

(ii) The basic research payments determined under section 41(e)(1)(A) of the internal revenue code.

(b) If the sum computed under subdivision (a) is two million five hundred thousand dollars or less, the credit is equal to twenty-four per cent of that amount.

(c) If the sum computed under subdivision (a) is over two million five hundred thousand dollars, the credit is equal to six hundred thousand dollars plus fifteen per cent of any amount exceeding two million five hundred thousand dollars, except that:

(i) For taxable years beginning from and after December 31, 2000 through December 31, 2001, the credit shall not exceed one million five hundred thousand dollars.

(ii) For taxable years beginning from and after December 31, 2001 through December 31, 2002, the credit shall not exceed two million five hundred thousand dollars.

(d) FOR TAXABLE YEARS BEGINNING FROM AND AFTER DECEMBER 31, 2011, AN ADDITIONAL CREDIT AMOUNT IS ALLOWED IF THE TAXPAYER MADE BASIC RESEARCH PAYMENTS DURING THE TAXABLE YEAR TO A UNIVERSITY UNDER THE JURISDICTION OF THE ARIZONA BOARD OF REGENTS. THE ADDITIONAL CREDIT AMOUNT IS EQUAL TO TEN PER CENT OF THE BASIC RESEARCH PAYMENTS THAT CONSTITUTE EXCESS EXPENSES FOR THE TAXABLE YEAR OVER THE BASE AMOUNT. THE DEPARTMENT SHALL NOT ALLOW CREDIT AMOUNTS UNDER THIS SUBDIVISION AND SECTION 43-1074.01, SUBSECTION A, PARAGRAPH 1, SUBDIVISION (c) THAT EXCEED, IN THE AGGREGATE, A COMBINED TOTAL OF TEN MILLION DOLLARS IN ANY CALENDAR YEAR. SUBJECT TO THAT LIMIT, ON APPLICATION BY THE TAXPAYER, THE DEPARTMENT SHALL PREAPPROVE CREDIT AMOUNTS UNDER THIS SUBDIVISION AND SECTION 43-1074.01, SUBSECTION A, PARAGRAPH 1, SUBDIVISION (c) BASED ON PRIORITY PLACEMENT ESTABLISHED BY THE DATE THAT THE TAXPAYER FILED THE APPLICATION. NOTWITHSTANDING SUBSECTIONS B AND D OF THIS SECTION, ANY AMOUNT OF THE ADDITIONAL CREDIT UNDER THIS SUBDIVISION THAT EXCEEDS THE TAXES OTHERWISE DUE UNDER THIS TITLE IS NOT REFUNDABLE, BUT MAY BE CARRIED FORWARD TO THE NEXT FIVE CONSECUTIVE TAXABLE YEARS.

2. Qualified research includes only research conducted in this state including research conducted at a university in this state and paid for by the taxpayer.

3. If two or more taxpayers, including corporate partners in a partnership, share in the eligible expenses, each taxpayer is eligible to receive a proportionate share of the credit.

4. The credit under this section applies only to expenses incurred from and after December 31, 1993.

5. The termination provisions of section 41 of the internal revenue code do not apply.
B. Except as provided by subsection D of this section, if the allowable credit under this section exceeds the taxes otherwise due under this title on the claimant's income, or if there are no taxes due under this title, the amount of the credit not used to offset taxes may be carried forward to the next fifteen consecutive taxable years. The amount of credit carryforward from taxable years beginning from and after December 31, 2000 through December 31, 2002 that may be used under this subsection in any taxable year may not exceed the taxpayer's tax liability under this title or five hundred thousand dollars, whichever is less, minus the credit under this section for the current taxable year's qualified research expenses. The amount of credit carryforward from taxable years beginning from and after December 31, 2002 that may be used under this subsection in any taxable year may not exceed the taxpayer's tax liability under this title minus the credit under this section for the current taxable year's qualified research expenses. A taxpayer that carries forward any amount of credit under this subsection may not thereafter claim a refund of any amount of the credit under subsection D of this section.

C. If a taxpayer has qualified research expenses that are carried forward from taxable years beginning before January 1, 2001, the amount of the expenses carried forward shall be converted to a credit carryforward by multiplying the amount of the qualified expenses carried forward by twenty per cent. A credit carryforward determined under this subsection may be carried forward to not more than fifteen years from the year in which the expenses were incurred. The amount of credit carryforward from taxable years beginning before January 1, 2001 that may be used under this subsection in any taxable year may not exceed the taxpayer's tax liability under this title or five hundred thousand dollars, whichever is less, minus the credit under this section for the current taxable year's qualified research expenses. The total amount of credit carryforward from taxable years beginning before January 1, 2003 that may be used in any taxable year under subsection B and this subsection may not exceed the taxpayer's tax liability under this title or five hundred thousand dollars, whichever is less, minus the credit under this section for the current taxable year's qualified research expenses.

D. For taxable years beginning from and after December 31, 2009, if a taxpayer who claims a credit under this section employs fewer than one hundred fifty persons in the taxpayer's trade or business and if the allowable credit under this section exceeds the taxes otherwise due under this title on the claimant's income, or if there are no taxes due under this title, in lieu of carrying the excess amount of credit forward to subsequent taxable years under subsection B of this section, the taxpayer may elect to receive a refund as follows:
