COMMITTEE ON APPROPRIATIONS

HOUSE OF REPRESENTATIVES AMENDMENTS TO S.B. 1069

(Reference to Senate engrossed bill)

1 Strike everything after the enacting clause and insert:
2 "Section 1.  Section 36-449.02, Arizona Revised Statutes, is amended to
3 read:
4 36-449.02.  Abortion clinics; licensure requirements; rules; inspections
5  
6 A. Beginning on April 1, 2000, an abortion clinic shall meet the same
7 licensure requirements as prescribed in article 2 of this chapter for health
8 care institutions.
9  
10 B. An abortion clinic that holds an unclassified health care facility
11 license issued before the effective date of this article AUGUST 6, 1999 may
12 retain that classification until April 1, 2000 subject to compliance with all
13 laws that relate to unclassified health care facilities.
14  
15 C. Beginning on April 1, 2000, abortion clinics shall comply with
16 department requirements for abortion clinics and department rules that govern
17 abortion clinics.
18  
19 D. IF THE DIRECTOR DETERMINES THAT THERE IS REASONABLE CAUSE TO
20 BELIEVE AN ABORTION CLINIC IS NOT ADHERING TO THE LICENSING REQUIREMENTS OF
21 THIS ARTICLE OR ANY OTHER LAW OR REGULATION CONCERNING ABORTION, THE DIRECTOR
22 AND ANY DUTY DESIGNATED EMPLOYEE OR AGENT OF THE DIRECTOR, INCLUDING COUNTY
23 HEALTH REPRESENTATIVES AND COUNTY OR MUNICIPAL FIRE INSPECTORS, CONSISTENT
24 WITH STANDARD MEDICAL PRACTICES, MAY ENTER ON AND INTO THE PREMISES OF THE
25 ABORTION CLINIC THAT IS LICENSED OR REQUIRED TO BE LICENSED PURSUANT TO THIS
26 CHAPTER DURING REGULAR BUSINESS HOURS OF THE ABORTION CLINIC TO DETERMINE
27 COMPLIANCE WITH THIS CHAPTER, RULES ADOPTED PURSUANT TO THIS CHAPTER, LOCAL
28 FIRE ORDINANCES OR RULES AND ANY OTHER LAW OR REGULATION RELATING TO
29 ABORTION.
30  
31 E. AN APPLICATION FOR LICENSURE PURSUANT TO THIS CHAPTER CONSTITUTES
32 PERMISSION FOR, AND COMPLETE ACQUIESCENCE IN, AN ENTRY OR INSPECTION OF THE
33 PREMISES DURING THE PENDENCY OF THE APPLICATION AND, IF LICENSED, DURING THE
34 TERM OF THE LICENSE.
35  
36 F. IF AN INSPECTION CONDUCTED PURSUANT TO THIS SECTION REVEALS THAT AN
37 ABORTION CLINIC IS NOT ADHERING TO THE LICENSING REQUIREMENTS PRESCRIBED
PURSUANT TO THIS CHAPTER OR ANY OTHER LAW OR REGULATION CONCERNING ABORTION, THE DIRECTOR MAY TAKE ACTION AUTHORIZED BY THIS CHAPTER.

G. AN ABORTION CLINIC WHOSE LICENSE HAS BEEN SUSPENDED OR REVOKED PURSUANT TO THIS ARTICLE OR SECTION 36-424 IS SUBJECT TO INSPECTION ON APPLICATION FOR RELICENSE OR REINSTATEMENT OF THE LICENSE.

Sec. 2. Section 36-2161, Arizona Revised Statutes, is amended to read:

A.Abortions; reporting requirements

A. A hospital or facility in this state where abortions are performed must submit to the department of health services on a form prescribed by the department a report of each abortion performed in the hospital or facility. The report shall not identify the individual patient by name but must include the following information:

1. The name and address of the facility where the abortion was performed.
2. The type of facility where the abortion was performed.
3. The county where the abortion was performed.
4. WHETHER THE HOSPITAL OR FACILITY PROVIDES HEALTH CARE SERVICES TO PERSONS WHO ARE ENROLLED MEMBERS PURSUANT TO CHAPTER 29 OF THIS TITLE.

5. The woman's age.
6. The woman's educational background by highest grade completed and, if applicable, level of college completed.
7. The county and state in which the woman resides.
8. The woman's race and ethnicity.
9. The woman's marital status.
10. The number of prior pregnancies and prior abortions of the woman.
11. The number of previous spontaneous terminations of pregnancy of the woman.
12. The gestational age of the unborn child at the time of the abortion.
13. The reason for the abortion, including whether the abortion is elective or due to maternal or fetal health considerations.
14. The type of procedure performed or prescribed and the date of the abortion.
Any preexisting medical conditions of the woman that would complicate pregnancy and any known medical complication that resulted from the abortion.

The basis for any medical judgment that a medical emergency existed that excused the physician from compliance with the requirements of this chapter.

The physician's statement if required pursuant to section 36-2301.01.

If applicable, the weight of the aborted fetus for any abortion performed pursuant to section 36-2301.01.

B. The report must be signed by the physician who performed the abortion or, if a health professional other than a physician is authorized by law to prescribe or administer abortion medication, the signature and title of the person who prescribed or administered the abortion medication. The form may be signed electronically and shall indicate that the person who signs the report is attesting that the information in the report is correct to the best of the person's knowledge. The hospital or facility must transmit the report to the department within fifteen days after the last day of each reporting month.

C. Any report filed pursuant to this section shall be filed electronically at an internet website that is designated by the department unless the person required to file the report applies for a waiver from electronic reporting by submitting a written request to the department.

Sec. 3. Section 36-2903.01, Arizona Revised Statutes, is amended to read:

36-2903.01. Additional powers and duties; report

A. The director of the Arizona health care cost containment system administration may adopt rules that provide that the system may withhold or forfeit payments to be made to a noncontracting provider by the system if the noncontracting provider fails to comply with this article, the provider agreement or rules that are adopted pursuant to this article and that relate to the specific services rendered for which a claim for payment is made.

B. The director shall:

1. Prescribe uniform forms to be used by all contractors. The rules shall require a written and signed application by the applicant or an applicant's authorized representative, or, if the person is incompetent or
incapacitated, a family member or a person acting responsibly for the applicant may obtain a signature or a reasonable facsimile and file the application as prescribed by the administration.

2. Enter into an interagency agreement with the department to establish a streamlined eligibility process to determine the eligibility of all persons defined pursuant to section 36-2901, paragraph 6, subdivision (a). At the administration's option, the interagency agreement may allow the administration to determine the eligibility of certain persons, including those defined pursuant to section 36-2901, paragraph 6, subdivision (a).

3. Enter into an intergovernmental agreement with the department to:
   (a) Establish an expedited eligibility and enrollment process for all persons who are hospitalized at the time of application.
   (b) Establish performance measures and incentives for the department.
   (c) Establish the process for management evaluation reviews that the administration shall perform to evaluate the eligibility determination functions performed by the department.
   (d) Establish eligibility quality control reviews by the administration.
   (e) Require the department to adopt rules, consistent with the rules adopted by the administration for a hearing process, that applicants or members may use for appeals of eligibility determinations or redeterminations.
   (f) Establish the department's responsibility to place sufficient eligibility workers at federally qualified health centers to screen for eligibility and at hospital sites and level one trauma centers to ensure that persons seeking hospital services are screened on a timely basis for eligibility for the system, including a process to ensure that applications for the system can be accepted on a twenty-four hour basis, seven days a week.
   (g) Withhold payments based on the allowable sanctions for errors in eligibility determinations or redeterminations or failure to meet performance measures required by the intergovernmental agreement.
   (h) Recoup from the department all federal fiscal sanctions that result from the department's inaccurate eligibility determinations. The
director may offset all or part of a sanction if the department submits a corrective action plan and a strategy to remedy the error.

4. By rule establish a procedure and time frames for the intake of grievances and requests for hearings, for the continuation of benefits and services during the appeal process and for a grievance process at the contractor level. Notwithstanding sections 41-1092.02, 41-1092.03 and 41-1092.05, the administration shall develop rules to establish the procedure and time frame for the informal resolution of grievances and appeals. A grievance that is not related to a claim for payment of system covered services shall be filed in writing with and received by the administration or the prepaid capitated provider or program contractor not later than sixty days after the date of the adverse action, decision or policy implementation being grieved. A grievance that is related to a claim for payment of system covered services must be filed in writing and received by the administration or the prepaid capitated provider or program contractor within twelve months after the date of service, within twelve months after the date that eligibility is posted or within sixty days after the date of the denial of a timely claim submission, whichever is later. A grievance for the denial of a claim for reimbursement of services may contest the validity of any adverse action, decision, policy implementation or rule that related to or resulted in the full or partial denial of the claim. A policy implementation may be subject to a grievance procedure, but it may not be appealed for a hearing. The administration is not required to participate in a mandatory settlement conference if it is not a real party in interest. In any proceeding before the administration, including a grievance or hearing, persons may represent themselves or be represented by a duly authorized agent who is not charging a fee. A legal entity may be represented by an officer, partner or employee who is specifically authorized by the legal entity to represent it in the particular proceeding.

5. Apply for and accept federal funds available under title XIX of the social security act (P.L. 89-97; 79 Stat. 344; 42 United States Code section 1396 (1980)) in support of the system. The application made by the director pursuant to this paragraph shall be designed to qualify for federal funding primarily on a prepaid capitated basis. Such funds may be used only for the support of persons defined as eligible pursuant to title XIX of the social security act or the approved section 1115 waiver.
6. At least thirty days before the implementation of a policy or a change to an existing policy relating to reimbursement, provide notice to interested parties. Parties interested in receiving notification of policy changes shall submit a written request for notification to the administration.

7. In addition to the cost sharing requirements specified in subsection D, paragraph 4 of this section:
   (a) Charge monthly premiums up to the maximum amount allowed by federal law to all populations of eligible persons who may be charged.
   (b) Implement this paragraph to the extent permitted under the federal deficit reduction act of 2005 and other federal laws, subject to the approval of federal waiver authority and to the extent that any changes in the cost sharing requirements under this paragraph would permit this state to receive any enhanced federal matching rate.

C. The director is authorized to apply for any federal funds available for the support of programs to investigate and prosecute violations arising from the administration and operation of the system. Available state funds appropriated for the administration and operation of the system may be used as matching funds to secure federal funds pursuant to this subsection.

D. The director may adopt rules or procedures to do the following:
   1. Authorize advance payments based on estimated liability to a contractor or a noncontracting provider after the contractor or noncontracting provider has submitted a claim for services and before the claim is ultimately resolved. The rules shall specify that any advance payment shall be conditioned on the execution before payment of a contract with the contractor or noncontracting provider that requires the administration to retain a specified percentage, which shall be at least twenty per cent, of the claimed amount as security and that requires repayment to the administration if the administration makes any overpayment.
   2. Defer liability, in whole or in part, of contractors for care provided to members who are hospitalized on the date of enrollment or under other circumstances. Payment shall be on a capped fee-for-service basis for services other than hospital services and at the rate established pursuant to subsection G of this section for hospital services or at the rate paid by the health plan, whichever is less.
3. Deputize, in writing, any qualified officer or employee in the administration to perform any act that the director by law is empowered to do or charged with the responsibility of doing, including the authority to issue final administrative decisions pursuant to section 41-1092.08.

4. Notwithstanding any other law, require persons eligible pursuant to section 36-2901, paragraph 6, subdivision (a), section 36-2931 and section 36-2981, paragraph 6 to be financially responsible for any cost sharing requirements established in a state plan or a section 1115 waiver and approved by the centers for medicare and medicaid services. Cost sharing requirements may include copayments, coinsurance, deductibles, enrollment fees and monthly premiums for enrolled members, including households with children enrolled in the Arizona long-term care system.

E. The director shall adopt rules that further specify the medical care and hospital services that are covered by the system pursuant to section 36-2907.

F. In addition to the rules otherwise specified in this article, the director may adopt necessary rules pursuant to title 41, chapter 6 to carry out this article. Rules adopted by the director pursuant to this subsection shall consider the differences between rural and urban conditions on the delivery of hospitalization and medical care.

G. For inpatient hospital admissions and outpatient hospital services on and after March 1, 1993, the administration shall adopt rules for the reimbursement of hospitals according to the following procedures:

1. For inpatient hospital stays from March 1, 1993 through September 30, 2013, the administration shall use a prospective tiered per diem methodology, using hospital peer groups if analysis shows that cost differences can be attributed to independently definable features that hospitals within a peer group share. In peer grouping the administration may consider such factors as length of stay differences and labor market variations. If there are no cost differences, the administration shall implement a stop loss-stop gain or similar mechanism. Any stop loss-stop gain or similar mechanism shall ensure that the tiered per diem rates assigned to a hospital do not represent less than ninety per cent of its 1990 base year costs or more than one hundred ten per cent of its 1990 base year costs, adjusted by an audit factor, during the period of March 1, 1993 through September 30, 1994. The tiered per diem rates set for hospitals
shall represent no less than eighty-seven and one-half per cent or more than one hundred twelve and one-half per cent of its 1990 base year costs, adjusted by an audit factor, from October 1, 1994 through September 30, 1995 and no less than eighty-five per cent or more than one hundred fifteen per cent of its 1990 base year costs, adjusted by an audit factor, from October 1, 1995 through September 30, 1996. For the periods after September 30, 1996 no stop loss-stop gain or similar mechanisms shall be in effect. An adjustment in the stop loss-stop gain percentage may be made to ensure that total payments do not increase as a result of this provision. If peer groups are used, the administration shall establish initial peer group designations for each hospital before implementation of the per diem system. The administration may also use a negotiated rate methodology. The tiered per diem methodology may include separate consideration for specialty hospitals that limit their provision of services to specific patient populations, such as rehabilitative patients or children. The initial per diem rates shall be based on hospital claims and encounter data for dates of service November 1, 1990 through October 31, 1991 and processed through May of 1992.

2. For rates effective on October 1, 1994, and annually through September 30, 2011, the administration shall adjust tiered per diem payments for inpatient hospital care by the data resources incorporated market basket index for prospective payment system hospitals. For rates effective beginning on October 1, 1999, the administration shall adjust payments to reflect changes in length of stay for the maternity and nursery tiers.

3. Through June 30, 2004, for outpatient hospital services, the administration shall reimburse a hospital by applying a hospital specific outpatient cost-to-charge ratio to the covered charges. Beginning on July 1, 2004 through June 30, 2005, the administration shall reimburse a hospital by applying a hospital specific outpatient cost-to-charge ratio to covered charges. If the hospital increases its charges for outpatient services filed with the Arizona department of health services pursuant to chapter 4, article 3 of this title, by more than 4.7 per cent for dates of service effective on or after July 1, 2004, the hospital specific cost-to-charge ratio will be reduced by the amount that it exceeds 4.7 per cent. If charges exceed 4.7 per cent, the effective date of the increased charges will be the effective date of the adjusted Arizona health care cost containment system cost-to-charge ratio. The administration shall develop the methodology for a
capped fee-for-service schedule and a statewide cost-to-charge ratio. Any
covered outpatient service not included in the capped fee-for-service
schedule shall be reimbursed by applying the statewide cost-to-charge ratio
that is based on the services not included in the capped fee-for-service
schedule. Beginning on July 1, 2005, the administration shall reimburse
clean claims with dates of service on or after July 1, 2005, based on the
capped fee-for-service schedule or the statewide cost-to-charge ratio
established pursuant to this paragraph. The administration may make
additional adjustments to the outpatient hospital rates established pursuant
to this section based on other factors, including the number of beds in the
hospital, specialty services available to patients and the geographic
location of the hospital.

4. Except if submitted under an electronic claims submission system, a
hospital bill is considered received for purposes of this paragraph on
initial receipt of the legible, error-free claim form by the administration
if the claim includes the following error-free documentation in legible form:
   (a) An admission face sheet.
   (b) An itemized statement.
   (c) An admission history and physical.
   (d) A discharge summary or an interim summary if the claim is split.
   (e) An emergency record, if admission was through the emergency room.
   (f) Operative reports, if applicable.
   (g) A labor and delivery room report, if applicable.

Payment received by a hospital from the administration pursuant to this
subsection or from a contractor either by contract or pursuant to section
36-2904, subsection I is considered payment by the administration or the
contractor of the administration's or contractor's liability for the hospital
bill. A hospital may collect any unpaid portion of its bill from other
third-party payors or in situations covered by title 33, chapter 7, article 3.

5. For services rendered on and after October 1, 1997, the
administration shall pay a hospital's rate established according to this
section subject to the following:
   (a) If the hospital's bill is paid within thirty days of the date the
bill was received, the administration shall pay ninety-nine per cent of the
rate.
(b) If the hospital's bill is paid after thirty days but within sixty
days of the date the bill was received, the administration shall pay one
hundred per cent of the rate.

(c) If the hospital's bill is paid any time after sixty days of the
date the bill was received, the administration shall pay one hundred per cent
of the rate plus a fee of one per cent per month for each month or portion of
a month following the sixtieth day of receipt of the bill until the date of
payment.

6. In developing the reimbursement methodology, if a review of the
reports filed by a hospital pursuant to section 36-125.04 indicates that
further investigation is considered necessary to verify the accuracy of the
information in the reports, the administration may examine the hospital's
records and accounts related to the reporting requirements of section
36-125.04. The administration shall bear the cost incurred in connection
with this examination unless the administration finds that the records
examined are significantly deficient or incorrect, in which case the
administration may charge the cost of the investigation to the hospital
examined.

7. Except for privileged medical information, the administration shall
make available for public inspection the cost and charge data and the
calculations used by the administration to determine payments under the
tiered per diem system, provided that individual hospitals are not identified
by name. The administration shall make the data and calculations available
for public inspection during regular business hours and shall provide copies
of the data and calculations to individuals requesting such copies within
thirty days of receipt of a written request. The administration may charge a
reasonable fee for the provision of the data or information.

8. The prospective tiered per diem payment methodology for inpatient
hospital services shall include a mechanism for the prospective payment of
inpatient hospital capital related costs. The capital payment shall include
hospital specific and statewide average amounts. For tiered per diem rates
beginning on October 1, 1999, the capital related cost component is frozen at
the blended rate of forty per cent of the hospital specific capital cost and
sixty per cent of the statewide average capital cost in effect as of
January 1, 1999 and as further adjusted by the calculation of tier rates for
maternity and nursery as prescribed by law. Through September 30, 2011, the
administration shall adjust the capital related cost component by the data
resources incorporated market basket index for prospective payment system
hospitals.

9. For graduate medical education programs:
   (a) Beginning September 30, 1997, the administration shall establish a
       separate graduate medical education program to reimburse hospitals that had
       graduate medical education programs that were approved by the administration
       as of October 1, 1999. The administration shall separately account for
       monies for the graduate medical education program based on the total
       reimbursement for graduate medical education reimbursed to hospitals by the
       system in federal fiscal year 1995-1996 pursuant to the tiered per diem
       methodology specified in this section. The graduate medical education
       program reimbursement shall be adjusted annually by the increase or decrease
       in the index published by the global insight hospital market basket index for
       prospective hospital reimbursement. Subject to legislative appropriation, on
       an annual basis, each qualified hospital shall receive a single payment from
       the graduate medical education program that is equal to the same percentage
       of graduate medical education reimbursement that was paid by the system in
       federal fiscal year 1995-1996. Any reimbursement for graduate medical
       education made by the administration shall not be subject to future
       settlements or appeals by the hospitals to the administration. The monies
       available under this subdivision shall not exceed the fiscal year 2005-2006
       appropriation adjusted annually by the increase or decrease in the index
       published by the global insight hospital market basket index for prospective
       hospital reimbursement, except for monies distributed for expansions pursuant
       to subdivision (b) of this paragraph.
   (b) The monies available for graduate medical education programs
       pursuant to this subdivision shall not exceed the fiscal year 2006-2007
       appropriation adjusted annually by the increase or decrease in the index
       published by the global insight hospital market basket index for prospective
       hospital reimbursement. Graduate medical education programs eligible for
       such reimbursement are not precluded from receiving reimbursement for funding
       under subdivision (c) of this paragraph. Beginning July 1, 2006, the
       administration shall distribute any monies appropriated for graduate medical
       education above the amount prescribed in subdivision (a) of this paragraph in
       the following order or priority:
(i) For the direct costs to support the expansion of graduate medical education programs established before July 1, 2006 at hospitals that do not receive payments pursuant to subdivision (a) of this paragraph. These programs must be approved by the administration.

(ii) For the direct costs to support the expansion of graduate medical education programs established on or before October 1, 1999. These programs must be approved by the administration.

(c) The administration shall distribute to hospitals any monies appropriated for graduate medical education above the amount prescribed in subdivisions (a) and (b) of this paragraph for the following purposes:

(i) For the direct costs of graduate medical education programs established or expanded on or after July 1, 2006. These programs must be approved by the administration.

(ii) For a portion of additional indirect graduate medical education costs for programs that are located in a county with a population of less than five hundred thousand persons at the time the residency position was created or for a residency position that includes a rotation in a county with a population of less than five hundred thousand persons at the time the residency position was established. These programs must be approved by the administration.

(d) The administration shall develop, by rule, the formula by which the monies are distributed.

(e) Each graduate medical education program that receives funding pursuant to subdivision (b) or (c) of this paragraph shall identify and report to the administration the number of new residency positions created by the funding provided in this paragraph, including positions in rural areas. The program shall also report information related to the number of funded residency positions that resulted in physicians locating their practice in this state. The administration shall report to the joint legislative budget committee by February 1 of each year on the number of new residency positions as reported by the graduate medical education programs.

(f) Local, county and tribal governments and any university under the jurisdiction of the Arizona board of regents may provide monies in addition to any state general fund monies appropriated for graduate medical education in order to qualify for additional matching federal monies for providers, programs or positions in a specific locality and costs incurred pursuant to a
specific contract between the administration and providers or other entities
to provide graduate medical education services as an administrative activity.
Payments by the administration pursuant to this subdivision may be limited to
those providers designated by the funding entity and may be based on any
methodology deemed appropriate by the administration, including replacing any
payments that might otherwise have been paid pursuant to subdivision (a), (b)
or (c) of this paragraph had sufficient state general fund monies or other
monies been appropriated to fully fund those payments. These programs,
positions, payment methodologies and administrative graduate medical
education services must be approved by the administration and the centers for
medicare and medicaid services. The administration shall report to the
president of the senate, the speaker of the house of representatives and the
director of the joint legislative budget committee on or before July 1 of
each year on the amount of money contributed and number of residency
positions funded by local, county and tribal governments, including the
amount of federal matching monies used.

(g) Any funds appropriated but not allocated by the administration for
subdivision (b) or (c) of this paragraph may be reallocated if funding for
either subdivision is insufficient to cover appropriate graduate medical
education costs.

10. Notwithstanding section 41-1005, subsection A, paragraph 9, the
administration shall adopt rules pursuant to title 41, chapter 6 establishing
the methodology for determining the prospective tiered per diem payments that
are in effect through September 30, 2013.

11. For inpatient hospital services rendered on or after October 1,
2011, the prospective tiered per diem payment rates are permanently reset to
the amounts payable for those services as of September 30, 2011 pursuant to
this subsection.

12. The administration shall obtain legislative approval before
adopting a hospital reimbursement methodology consistent with title XIX of
the social security act for inpatient dates of service on and after October
1, 2013.

H. The director may adopt rules that specify enrollment procedures,
including notice to contractors of enrollment. The rules may provide for
varying time limits for enrollment in different situations. The
administration shall specify in contract when a person who has been
determined eligible will be enrolled with that contractor and the date on which the contractor will be financially responsible for health and medical services to the person.

I. The administration may make direct payments to hospitals for hospitalization and medical care provided to a member in accordance with this article and rules. The director may adopt rules to establish the procedures by which the administration shall pay hospitals pursuant to this subsection if a contractor fails to make timely payment to a hospital. Such payment shall be at a level determined pursuant to section 36-2904, subsection H or I. The director may withhold payment due to a contractor in the amount of any payment made directly to a hospital by the administration on behalf of a contractor pursuant to this subsection.

J. The director shall establish a special unit within the administration for the purpose of monitoring the third-party payment collections required by contractors and noncontracting providers pursuant to section 36-2903, subsection B, paragraph 10 and subsection F and section 36-2915, subsection E. The director shall determine by rule:

1. The type of third-party payments to be monitored pursuant to this subsection.

2. The percentage of third-party payments that is collected by a contractor or noncontracting provider and that the contractor or noncontracting provider may keep and the percentage of such payments that the contractor or noncontracting provider may be required to pay to the administration. Contractors and noncontracting providers must pay to the administration one hundred per cent of all third-party payments that are collected and that duplicate administration fee-for-service payments. A contractor that contracts with the administration pursuant to section 36-2904, subsection A may be entitled to retain a percentage of third-party payments if the payments collected and retained by a contractor are reflected in reduced capitation rates. A contractor may be required to pay the administration a percentage of third-party payments that are collected by a contractor and that are not reflected in reduced capitation rates.

K. The administration shall establish procedures to apply to the following if a provider that has a contract with a contractor or noncontracting provider seeks to collect from an individual or financially
responsible relative or representative a claim that exceeds the amount that
is reimbursed or should be reimbursed by the system:

1. On written notice from the administration or oral or written notice
from a member that a claim for covered services may be in violation of this
section, the provider that has a contract with a contractor or noncontracting
provider shall investigate the inquiry and verify whether the person was
eligible for services at the time that covered services were provided. If
the claim was paid or should have been paid by the system, the provider that
has a contract with a contractor or noncontracting provider shall not
continue billing the member.

2. If the claim was paid or should have been paid by the system and
the disputed claim has been referred for collection to a collection agency or
referred to a credit reporting bureau, the provider that has a contract with
a contractor or noncontracting provider shall:
   (a) Notify the collection agency and request that all attempts to
       collect this specific charge be terminated immediately.
   (b) Advise all credit reporting bureaus that the reported delinquency
       was in error and request that the affected credit report be corrected to
       remove any notation about this specific delinquency.
   (c) Notify the administration and the member that the request for
       payment was in error and that the collection agency and credit reporting
       bureaus have been notified.

3. If the administration determines that a provider that has a
contract with a contractor or noncontracting provider has billed a member for
charges that were paid or should have been paid by the administration, the
administration shall send written notification by certified mail or other
service with proof of delivery to the provider that has a contract with a
contractor or noncontracting provider stating that this billing is in
violation of federal and state law. If, twenty-one days or more after
receiving the notification, a provider that has a contract with a contractor
or noncontracting provider knowingly continues billing a member for charges
that were paid or should have been paid by the system, the administration may
assess a civil penalty in an amount equal to three times the amount of the
billing and reduce payment to the provider that has a contract with a
contractor or noncontracting provider accordingly. Receipt of delivery
signed by the addressee or the addressee's employee is prima facie evidence
of knowledge. Civil penalties collected pursuant to this subsection shall be
deposited in the state general fund. Section 36-2918, subsections C, D and
F, relating to the imposition, collection and enforcement of civil penalties,
apply to civil penalties imposed pursuant to this paragraph.

L. The administration may conduct postpayment review of all claims
paid by the administration and may recoup any monies erroneously paid. The
director may adopt rules that specify procedures for conducting postpayment
review. A contractor may conduct a postpayment review of all claims paid by
the contractor and may recoup monies that are erroneously paid.

M. Subject to title 41, chapter 4, article 4, the director or the
director's designee may employ and supervise personnel necessary to assist
the director in performing the functions of the administration.

N. The administration may contract with contractors for obstetrical
care who are eligible to provide services under title XIX of the social
security act.

O. Notwithstanding any other law, on federal approval the
administration may make disproportionate share payments to private hospitals,
county operated hospitals, including hospitals owned or leased by a special
health care district, and state operated institutions for mental disease
beginning October 1, 1991 in accordance with federal law and subject to
legislative appropriation. If at any time the administration receives
written notification from federal authorities of any change or difference in
the actual or estimated amount of federal funds available for
disproportionate share payments from the amount reflected in the legislative
appropriation for such purposes, the administration shall provide written
notification of such change or difference to the president and the minority
leader of the senate, the speaker and the minority leader of the house of
representatives, the director of the joint legislative budget committee, the
legislative committee of reference and any hospital trade association within
this state, within three working days not including weekends after receipt of
the notice of the change or difference. In calculating disproportionate
share payments as prescribed in this section, the administration may use
either a methodology based on claims and encounter data that is submitted to
the administration from contractors or a methodology based on data that is
reported to the administration by private hospitals and state operated
institutions for mental disease. The selected methodology applies to all
private hospitals and state operated institutions for mental disease qualifying for disproportionate share payments. For the purposes of this subsection, "disproportionate share payment" means a payment to a hospital that serves a disproportionate share of low-income patients as described by 42 United States Code section 1396r-4.

P. Notwithstanding any law to the contrary, the administration may receive confidential adoption information to determine whether an adopted child should be terminated from the system.

Q. The adoption agency or the adoption attorney shall notify the administration within thirty days after an eligible person receiving services has placed that person's child for adoption.

R. If the administration implements an electronic claims submission system, it may adopt procedures pursuant to subsection G of this section requiring documentation different than prescribed under subsection G, paragraph 4 of this section.

S. In addition to any requirements adopted pursuant to subsection D, paragraph 4 of this section, notwithstanding any other law, subject to approval by the centers for medicare and medicaid services, beginning July 1, 2011, members eligible pursuant to section 36-2901, paragraph 6, subdivision (a), section 36-2931 and section 36-2981, paragraph 6 shall pay the following:

1. A monthly premium of fifteen dollars, except that the total monthly premium for an entire household shall not exceed sixty dollars.
2. A copayment of five dollars for each physician office visit.
3. A copayment of ten dollars for each urgent care visit.
4. A copayment of thirty dollars for each emergency department visit.

T. THE ADMINISTRATION SHALL REQUIRE THAT ALL CONTRACTORS AND NONCONTRACTING PROVIDERS NOT PERFORM NONFEDERALLY QUALIFIED ABORTIONS ON CURRENTLY ENROLLED MEMBERS TO WHOM THEY PROVIDE OTHER SERVICES COVERED UNDER THIS CHAPTER. THIS REQUIREMENT DOES NOT APPLY TO CONTRACTORS AND NONCONTRACTING PROVIDERS THAT ONLY PERFORM ABORTIONS TO CURRENTLY ENROLLED MEMBERS THROUGH AN AFFILIATED ENTITY THAT IS SEPARATE FROM THE ENTITY THAT PROVIDES SERVICES PURSUANT TO THIS CHAPTER. FOR THE PURPOSES OF THIS SUBSECTION, "NONFEDERALLY QUALIFIED ABORTION" MEANS AN ABORTION THAT DOES NOT MEET THE REQUIREMENTS FOR FEDERAL REIMBURSEMENT UNDER TITLE XIX OF THE SOCIAL SECURITY ACT.
Sec. 4. Title 36, chapter 29, article 1, Arizona Revised Statutes, is amended by adding section 36-2903.08, to read:

36-2903.08. Abortions; public funding; prohibition; definition

A. EXCEPT AS REQUIRED BY FEDERAL LAW OR STATE LAW, MONIES EXPENDED PURSUANT TO THIS CHAPTER SHALL NOT BE USED TO PERFORM, ASSIST WITH OR ENCOURAGE AN ABORTION, TO DIRECTLY OR INDIRECTLY SUBSIDIZE ABORTION SERVICES OR ADMINISTRATIVE EXPENSES RELATING TO ABORTIONS OR TO REFER FOR ABORTIONS.

B. SUBJECT TO THE AVAILABILITY OF MONIES, THE ADMINISTRATION SHALL CONDUCT FINANCIAL AUDITS AS NECESSARY TO ENSURE COMPLIANCE WITH THIS SECTION.

C. NOTWITHSTANDING SUBSECTION A OF THIS SECTION, NONDIRECTIVE COUNSELING RELATING TO PREGNANCY MAY BE PROVIDED.

D. THIS SECTION DOES NOT REQUIRE AN AGENCY RECEIVING FEDERAL MONIES PURSUANT TO TITLE X OF THE PUBLIC HEALTH SERVICE ACT (42 UNITED STATES CODE SECTIONS 300 THROUGH 300a-8) TO REFRAIN FROM PERFORMING ANY SERVICE REQUIRED PURSUANT TO TITLE X, REGULATIONS ADOPTED PURSUANT TO TITLE X OR THE TITLE X PROGRAM GUIDELINES FOR PROJECT GRANTS FOR FAMILY PLANNING SERVICES AS PUBLISHED BY THE UNITED STATES DEPARTMENT OF HEALTH AND HUMAN SERVICES IN ORDER TO REMAIN ELIGIBLE TO RECEIVE TITLE X MONIES.

E. FOR THE PURPOSES OF THIS SECTION, "ADMINISTRATIVE EXPENSES" INCLUDES RENT, EMPLOYEE SALARIES, UTILITIES AND SIMILAR OVERHEAD COSTS.

Sec. 5. Legislative findings

A. Concerning section 36-449.02, Arizona Revised Statutes, as amended by this act, the legislature finds that abortion clinics are closely regulated health care entities. The legislature further finds that the authority of the director of the department of health services to inspect abortion clinics is essential for maintaining adequate health and safety standards. The same public health considerations that apply to the inspection of other health care institutions pursuant to section 36-424, Arizona Revised Statutes, supported by a determination of reasonable cause, also apply to abortion clinics.

B. Concerning section 36-2903.01, Arizona Revised Statutes, as amended by this act, the legislature finds that this state has a significant interest in ensuring that public monies are not used to facilitate a relationship with a contractor or noncontracting provider that results in the provision of an abortion procedure by the contractor or noncontracting provider that is not otherwise covered under title 36, chapter 29, Arizona Revised Statutes. This
state interest is advanced by limiting the provision of such abortion
procedures to entities that are separate from any entity that provides
services under title 36, chapter 29, Arizona Revised Statutes. Rust v.
Sanchez, 403 F.3d 324 (5th Cir. 2005); Planned Parenthood of Mid-Missouri &
E. Kansas, Inc. v. Dempsey, 167 F.3d 458 (8th Cir. 1999).

Sec. 6. Severability

If a provision of this act or its application to any person or
circumstance is held invalid, the invalidity does not affect other provisions
or applications of the act that can be given effect without the invalid
provision or application, and to this end the provisions of this act are
severable.

Sec. 7. Exemption from rule making

For the purposes of implementing the provisions of this act, the
department of health services is exempt from the rule making requirements of
title 41, chapter 6, Arizona Revised Statutes, for one year after the
effective date of this act."

Amend title to conform

and, as so amended, it do pass
