**Behavioral health**

It is the intent of the legislature that the percentage attributable to administration/profit for the regional behavioral health authority in Maricopa county is nine percent of the overall capitation rate.
The department of health services shall report to the joint legislative budget committee on or before December 31, 2015, and June 30, 2016 on the progress in implementing the Arnold v. Sarn lawsuit settlement. The report shall include at a minimum the department's progress toward meeting all criteria specified in the 2014 joint stipulation, including the development and estimated cost of additional behavioral health service capacity in Maricopa county as follows: supported housing services for 1,200 class members, supported employment services for 750 class members, 8 assertive community treatment teams and consumer operated services for 1,500 class members. The department shall also report the amounts, by fund source, it plans to use to pay for expanded services.

The amounts included in the proposition 204 administration and medicaid behavioral health - proposition 204 line items include all available sources of funding consistent with section 36-2901.01, subsection B, Arizona Revised Statutes.

The department shall report to the joint legislative budget committee on or before March 1 of each year on preliminary actuarial estimates of the capitation rate changes for the following fiscal year along with the reasons for the estimated changes. For any actuarial estimates that include a range, the total range from minimum to maximum may not be more than two percent. Before implementation of any changes in capitation rates for any behavioral health line items, the department of health services shall report its expenditure plan for review by the joint legislative budget committee. Before the department implements any changes in policy affecting the amount, sufficiency, duration and scope of health care services and who may provide services, the department shall prepare a fiscal impact analysis on the potential effects of this change on the following year's capitation rates. If the fiscal analysis demonstrates that these changes will result in additional state costs of $500,000 or more for a given fiscal year, the department shall submit the policy changes for review by the joint legislative budget committee.

On or before January 6, 2016, the department of health services shall report to the director of the joint legislative budget committee the total amount of medicaid reconciliation payments and penalties received on or before that date since July 1, 2015. On June 30, 2016, the department shall report the same information for all of fiscal year 2015-2016.

Departmentwide
On or before November 1 of each year, the department of health services shall report to the joint legislative budget committee the revenues, expenditures and ending balances of the department's intergovernmental/interagency service agreements fund from the previous, current and subsequent fiscal years.
The department of health services shall electronically forward a monthly report comparing total expenditures for the month and year-to-date as compared to prior year totals to the president of the senate, the speaker of the house of representatives, the chairpersons of the senate and house of representatives appropriations committees and the director of the joint legislative budget committee on or before the thirtieth of the following month. The report shall include an estimate of potential shortfalls in programs, potential federal and other monies, such as the statewide assessment for indirect costs, that may be available to offset these shortfalls, and a plan, if necessary, for eliminating any shortfall without a supplemental appropriation and total expenditure authority of the month and year-to-date for federally matched services.
