A pupil may not be retained if data regarding the pupil's performance on the Arizona instrument to measure standards test, or a successor test, is not available before the start of the following academic year. A pupil who is not retained due to the unavailability of test data must receive intervention and remedial strategies pursuant to subdivision (c) of this paragraph if the third grade assessment data subsequently demonstrates that the pupil's reading ability falls far below the third grade level or the equivalent.

   (b) A mechanism to allow a school district governing board or the governing body of a charter school to promote a pupil from the third grade who obtains a score on the reading portion of the Arizona instrument to measure standards test, or a successor test, that demonstrates that the pupil's reading falls far below the third grade level for any of the following:

district governing board or the governing body of a charter school shall
offer at least one of the intervention and remedial strategies developed by

promoted from the third grade. If the school has determined that the pupil
is substantially deficient in reading before the end of grade three, the
school district or charter school shall provide to the parent of that pupil a
separate written notification of the reading deficiency that includes the
following information:

pupil.
2. A description of the available supplemental instructional services and supporting programs that are designed to remediate reading deficiencies. Each school district or charter school shall offer at least one intervention strategy and at least one remedial strategy for pupils with reading deficiencies. The notification shall list the intervention and remedial strategies offered and shall instruct the parent or guardian to choose the strategy that will be implemented for that child.

3. Parental strategies to assist the pupil to attain reading proficiency.

4. A statement that the pupil will not be promoted from the third grade if the pupil obtains a score on the reading portion of the Arizona instrument to measure standards test, or a successor test, that demonstrates the pupil is reading far below the third grade level, unless the pupil is exempt from mandatory retention in grade three or the pupil qualifies for an exemption pursuant to subsection A of this section.

The governing board, if it reviews the decision of a teacher to promote or retain a pupil in grade in a common school as provided in section 15-342, paragraph 11, shall base its decision on the prescribed criteria.

F. A governing board may provide and issue certificates of promotion to pupils whom it promotes from the eighth grade of a common school. Such certificates shall be signed by the principal or superintendent of schools. Where there is no principal or superintendent of schools, the certificates shall be signed by the teacher of an eighth grade. The certificates shall admit the holders to any high school in the state.
