32 period provided in subsection A of this section, THE SECRETARY OF STATE shall
33 select, at random, five percent of the total signatures eligible for
34 verification by the county recorders of the counties in which the persons
35 signing the petition claim to be qualified electors. The random sample of
36 signatures to be verified shall be drawn in such a manner that every
37 signature eligible for verification has an equal chance of being included in
38 the sample. The random sample produced shall identify each signature
39 selected by petition page and line number. The signatures selected shall be
40 marked according to the following procedure:

41 1. Using red ink, mark the selected signature by circling the line
42 number and drawing a line from the base of the circle extending into the left
43 margin.

44 2. If a signature line selected for the random sample is found to be
45 blank or was removed from the verification process pursuant to subsection A

1 of this section and is marked with an "SS", then the next line down, even if
2 that requires going to the next petition sheet in sequence, on which an
3 eligible signature appears shall be selected as a substitute if that line has
4 not already been selected for the random sample. If the next eligible line
5 is already being used in the random sample, the secretary of state shall
6 proceed back up the page from the signature line originally selected for the
7 random sample to the next previous signature line eligible for verification.
8 If that line is already being used in the random sample, the secretary of
9 state shall continue moving down the page or to the next page from the line
10 originally selected for the random sample and shall select the next eligible
11 signature as its substitute for the random sample. The secretary of state
12 shall use this process of alternately moving forward and backward until a
13 signature eligible for verification and not already included in the random
14 sample can be selected and substituted.

15 C. After the selection of the random sample and the marking of the
16 signatures selected on the original petition sheets pursuant to subsection B
17 of this section, the secretary of state shall reproduce a facsimile of the
18 front of each signature sheet on which a signature included in the random
19 sample appears. The secretary of state shall clearly identify those
20 signatures marked for verification by color highlighting or other similar
21 method and shall transmit by personal delivery or certified mail to each
22 county recorder a facsimile sheet of each signature sheet on which a
23 signature appears of any individual who claims to be a qualified elector of
24 that county and whose signature was selected for verification as part of the
25 random sample.

26 D. The secretary of state shall presume that the date noted on the
27 petition for a petitioner's signature is the date on which the petitioner
28 signed the petition, and any person seeking to establish a different date for
29 the signature bears the burden of proof in overcoming the presumption.

30 E. The secretary of state shall retain in custody all signature sheets
31 removed pursuant to this section except as otherwise prescribed in this
32 title.
