(TEXT OF BILL BEGINS ON NEXT PAGE)
Be it enacted by the Legislature of the State of Arizona:

Section 1. Section 4-206.01, Arizona Revised Statutes, is amended to read:

4-206.01. Bar, beer and wine bar or liquor store licenses; number permitted; fee; sampling privileges

A. The director shall determine the total number of spirituous liquor licenses by type and in each county. The director shall publish a listing of that information as determined by the director.

B. In each county, the director, each year, shall issue additional bar, beer and wine bar or liquor store licenses at the rate of one of each type for each additional ten thousand person increase over the population in that county as of July 1, 2010. Any licenses that have been revoked or reverted in any county after July 1, 2014 may be reissued by the director in the county of their issuance. The director may waive the issuance of any series of new, revoked or reverted licenses in a county for one year where there has been no request made to the department for the issuance of a new license of that series. For the purposes of this subsection, the population of a county is deemed to be the population estimated by the office of employment and population statistics within the Arizona department of administration OFFICE OF ECONOMIC OPPORTUNITY as of July 1 of each year.

C. A person issued a license authorized by subsection B of this section shall pay an additional issuance fee equal to the license's fair market value that shall be paid to the state general fund. The fair market value shall be defined to mean the mean value of licenses of the same type sold on the open market in the same county during the prior twelve months, but if there are not three or more sales then the fair market value shall be determined by two appraisals furnished to the department by independent professional appraisers employed by the director.

D. The director shall employ professional appraisal services to determine the fair market value of bar, beer and wine bar or liquor store licenses.

E. If more than one person applies for an available license, a priority of applicants shall be determined by a random selection method prescribed by the director.

F. After January 1, 2011, bar licenses and beer and wine bar licenses shall be issued and used only if the clear primary purpose and actual primary use is for on-sale retailer privileges. The off-sale privileges associated with a bar license and a beer and wine bar license shall be limited to use, which is clearly auxiliary to the active primary on-sale privilege. A bar license or a beer and wine bar license shall not be issued or used if the associated off-sale use, by total retail spirituous liquor sales, exceeds thirty percent PERCENT of the sales price of on-sale spirituous liquors by the licensee at that location. For dual licenses issued pursuant to a single site or where a second license is issued to a site that already has a spirituous liquor license, other than settlement licenses issued as provided by law, the applicant shall have the burden of establishing that public
convenience and the best interest of the community will be served by the
issuance of the license.

G. The director may issue a beer and wine store license to the holder
of a beer and wine bar license simultaneously at the same premises. An
applicant for a beer and wine bar license and a beer and wine store license
may consolidate the application and may apply for both licenses at the same
time. The holder of each license shall fully comply with all applicable
provisions of this title. A beer and wine bar license and beer and wine
store license on the same premises shall be owned by and issued to the same
licensee.

H. The director may issue a beer and wine bar license to the holder of
a liquor store license issued simultaneously at the same premises. An
applicant for a liquor store license and a beer and wine bar license may
consolidate the application and may apply for both licenses at the same
time. The holder of each license shall fully comply with all applicable provisions
of this title. A liquor store license and a beer and wine bar license on the
same premises shall be owned by and issued to the same licensee.

I. The director may issue a restaurant license to the holder of a beer
and wine bar license issued simultaneously at the same premises. An
applicant for a restaurant license and a beer and wine bar license may
consolidate the application and may apply for both licenses at the same
time. The holder of each license shall fully comply with all applicable provisions
of this title. A restaurant license and a beer and wine bar license on the
same premises shall be owned by and issued to the same licensee. The
limitation set forth in subsection F of this section with respect to the
off-sale privileges of the beer and wine bar licenses shall be measured
against the on-sales of beer and wine sales of the establishment. For the
purposes of compliance with section 4-205.02, subsection H, paragraph 2, it
shall be conclusively presumed that all on premises sales of spirituous
liquors are made under the authority of the restaurant license.

J. An applicant for a liquor store license or a beer and wine store
license and the licensee of a liquor store license or a beer and wine store
license may apply for sampling privileges associated with the license. Beer
and wine store premises shall contain at least five thousand square feet in
order to be eligible for sampling privileges. A person desiring a sampling
privilege associated with a liquor store license shall apply to the director
on a form prescribed and furnished by the director. The application for
sampling privileges may be filed for an existing license or may be submitted
with an initial license application. The request for sampling approval, the
review of the application and the issuance of approval shall be conducted
under the same procedures for the issuance of a spirituous liquor license
prescribed in section 4-201. After a sampling privilege has been issued for
a liquor store license or a beer and wine store license, the sampling
privilege shall be noted on the license itself and in the records of the
department. The sampling rights associated with a license are not
transferable. The director may charge a fee for processing the application.
for sampling privileges and a renewal fee as provided in this section. A city or town shall not charge any fee relating to the issuance or renewal of a sampling privilege. Notwithstanding section 4-244, paragraph 19, a liquor store licensee or a beer and wine store licensee that holds a license with sampling privileges may provide spirituous liquor sampling subject to the following requirements:

1. Any open product shall be kept locked by the licensee when the sampling area is not staffed.
2. The licensee is otherwise subject to all other provisions of this title. The licensee is liable for any violation of this title committed in connection with the sampling.
3. The licensed retailer shall make sales of sampled products from the licensed retail premises.
4. The licensee shall not charge any customer for the sampling of any products.
5. The sampling shall be conducted under the supervision of an employee of a sponsoring distiller, vintner, brewer, wholesaler or retail licensee.
6. Accurate records of sampling products dispensed shall be retained by the licensee.
7. Sampling shall be limited to three ounces of beer or cooler-type products, one and one-half ounces of wine and one ounce of distilled spirits per person, per brand, per day.
8. The sampling shall be conducted only on the licensed premises.

K. If a beer and wine bar license and a beer and wine store license are issued at the same premises, for the purposes of reporting liquor purchases under each license, all spirituous beverages purchased for sampling are conclusively presumed to be purchased under the beer and wine bar license and all spirituous liquor sold off-sale are conclusively presumed to be purchased under the beer and wine store license.

L. The director may issue a beer and wine store license to the holder of a bar license simultaneously at the same premises. An applicant for a beer and wine store license and a bar license may consolidate the application and may apply for both licenses at the same time. The holder of each license shall fully comply with all applicable provisions of this title. A beer and wine store license and a bar license on the same premises shall be owned by and issued to the same licensee. If a beer and wine store license and a bar license are issued at the same premises, for purposes of reporting liquor purchases under each license, all off-sale beer and wine sales are conclusively presumed to be purchased under the beer and wine store license.
Sec. 2. Section 11-211, Arizona Revised Statutes, is amended to read:

A. There shall be in each county having a population of one hundred seventy-five thousand or more persons a board of supervisors consisting of five members who shall be qualified electors of their supervisorial district, and who shall be elected at a general election at which the president of the United States is elected. In each county having a population of less than one hundred seventy-five thousand persons, a board of supervisors shall consist of three members, except as prescribed by subsection B or C of this section, who shall be qualified electors of their supervisorial district and who shall be elected at a general election at which the president of the United States is elected. They shall enter on their duties on January 1 subsequent to their election, and shall hold office for four years. No person holding any other county or precinct office is eligible to the office of supervisor.

B. Any county having a population of less than one hundred fifty thousand persons but more than one hundred thousand persons shall call an election to change from a three-member to a five-member board of supervisors, or from a five-member to a three-member board of supervisors, on receipt by the board of supervisors of a petition containing signatures of qualified electors equal to at least ten percent of the votes cast in the county at the preceding general election at which a president of the United States was elected. The board shall submit to the electors in the county, at a special election called for that purpose, the question whether or not the county shall elect five members or three members to the board of supervisors. The election shall be held before the first Monday in January preceding the next general election. The ballots shall contain the words: "Five supervisors, yes. Five supervisors, no." or "Three supervisors, yes. Three supervisors, no." If the majority of the qualified electors voting on the question votes in the affirmative, the board of supervisors shall redistrict the county in accordance with section 11-212. The county shall thereafter elect the prescribed number of members to the board of supervisors who shall be elected in the manner provided in subsection A of this section and have the same qualifications as provided in subsection A of this section for a board of supervisors with a population of one hundred seventy-five thousand or more persons, and shall hold office for a term of four years to commence on January 1.

C. Any county having a population of at least one hundred fifty thousand persons but not more than one hundred seventy-five thousand persons and having a county board of supervisors that consists of three persons shall submit to the electors in the county, at the next general election after the release of the population estimate from the Office of Employment and Population Statistics OFFICE OF ECONOMIC OPPORTUNITY, the question of whether the county shall elect five members to the board of supervisors. The ballots must contain the words: "Five supervisors, yes. Five supervisors, no." If approved by a majority of the qualified electors of that county who voted on
the question, the board of supervisors shall redistrict the county pursuant to section 11-212. The county thereafter shall elect at the next general election immediately following the election at which the question is approved the prescribed number of members to the board of supervisors who shall have the same qualifications as provided in subsection A of this section. The following apply to the election for the county board of supervisors prescribed in this subsection:

1. If the next general election immediately following the election at which the question is approved is held in a year that is the last year of the four-year term of the three members of the county board of supervisors who are already holding office, the five persons elected to the county board of supervisors hold office for a term of four years to commence on January 1 immediately following their election.

2. If the next general election immediately following the election at which the question is approved is held in a year that is not the last year of the four-year term of the three members of the county board of supervisors who are already holding office, the two additional persons elected to the county board of supervisors hold office for a term of four years to commence on January 1 immediately following their election. The three members of the county board of supervisors who are already holding office continue to serve their four-year terms of office without regard to whether they are residents of the newly redrawn supervisorial districts for the remainder of those four-year terms. Thereafter, members of the board of supervisors must be residents of their supervisorial district and the term of office for members of that county board of supervisors shall be staggered four-year terms.

3. For the election at which the question of whether the county shall elect five members to the board of supervisors is on the ballot, the county shall include in the publicity pamphlet an estimate of the cost to the county for each additional member to the board of supervisors.

4. For the purposes of this subsection, "population" means the population according to the annual population estimate provided by the office of employment and population statistics OFFICE OF ECONOMIC OPPORTUNITY.

Sec. 3. Section 11-292, Arizona Revised Statutes, is amended to read:

11-292. Medical care; definition

A. The board of supervisors, subject to the applicable provisions of title 42, chapter 17, articles 2 and 3, shall include in its annual budget an amount equal to fifty percent of the amount budgeted by the county board of supervisors or the amount expended, whichever is less, for the hospitalization and medical care of the indigent sick pursuant to this article for fiscal year 1980-1981, except for Yuma and La Paz counties. The contribution amounts of those counties shall be equal to the amount Yuma county would have made pursuant to this subsection if a division had not occurred apportioned between the counties. The office of the auditor general shall determine the amount Yuma county would otherwise have included if a division had not occurred and shall then determine the contribution amounts
of Yuma and La Paz counties based on the proportionate share of the estimated population in these counties as of July 1, 1982.

B. For fiscal year 1994-1995, and for each fiscal year thereafter, the state treasurer shall withhold an amount sufficient to meet the county portion of the nonfederal costs of providing long-term care system services, pursuant to title 36, chapter 29, article 2, excluding services to persons with developmental disabilities, from monies otherwise payable to the county under section 42-5029, subsection D, paragraph 2. This amount and the state portion of the nonfederal costs shall be specified in the annual appropriation for the maintenance and operation of the Arizona health care cost containment system. For fiscal years 1994-1995, 1995-1996 and 1996-1997, monies shall be withheld from each county based on the following percentages derived from a state auditor general’s certified audit of fiscal year 1987-1988 county long-term care and home health care expenditures, except that amounts withheld shall be adjusted to reflect amounts paid by counties pursuant to section 36-2952:

1. Apache: 0.22%
2. Cochise: 2.49%
3. Coconino: 0.66%
4. Gila: 2.56%
5. Graham: 0.64%
6. Greenlee: 0.34%
7. La Paz: 0.34%
8. Maricopa: 56.55%
9. Mohave: 2.73%
10. Navajo: 0.91%
11. Pima: 20.55%
12. Pinal: 5.09%
13. Santa Cruz: 1.05%
14. Yavapai: 3.12%
15. Yuma: 2.75%

C. In each fiscal year, of the total amount that is specified in the annual appropriation as the nonfederal portion of the cost of providing long-term care services and that portion of the phased-down medicare prescription drug state contribution attributable to the Arizona long-term care system, excluding services and phased-down medicare prescription drug state contribution costs associated with persons with developmental disabilities, and that represents an increase from the amount that was specified in the annual appropriation for the prior fiscal year, the state shall pay fifty percent of the increase. The remaining nonfederal portion of the costs shall be apportioned among the counties according to the proportion that each county’s net nonfederal expenditures for long-term care services, excluding services to persons with developmental disabilities, bears to the total nonfederal expenditure for all counties two fiscal years earlier, with the following adjustments in the following order:
1. If the resulting net county contribution when expressed as an imputed property tax rate per one hundred dollars of net assessed value exceeds ninety cents, the county's contribution shall be reduced so that the imputed property tax rate equals ninety cents and the difference shall be paid by the state.

2. Any county with a native American population that represents at least twenty percent of the county's total population according to the most recent United States decennial census shall contribute an amount equal to the prior fiscal year's contribution plus fifty percent of the difference between the prior year's contribution were it calculated using the percentage in subsection B of this section and the current year's contribution as if its share of the total nonfederal portion of the long-term care costs had been calculated using the percentage prescribed in subsection B of this section and the state shall pay any difference from the amount otherwise required by this subsection.

3. If, after making the adjustments in this subsection, a county would contribute more than if its contribution were calculated using the percentage prescribed in subsection B of this section multiplied by the total nonfederal costs of long-term care services, excluding services to persons with developmental disabilities, the county's contribution shall be reduced to the sum of its prior year's contribution plus fifty percent of the difference between the prior year's contribution were it calculated using the percentage in subsection B of this section and the current year's contribution as if its share of the total nonfederal portion of long-term care costs had been calculated using the percentage prescribed in subsection B of this section and the state shall pay any difference from the amount otherwise required by this subsection.

4. After making all of the adjustments in this subsection, a statewide per capita county contribution shall be calculated by summing the contributions for all counties and then dividing the resulting total by the total state population. If an individual county's contribution when expressed as a per capita contribution exceeds the statewide per capita county contribution, the county's contribution shall be reduced so that the county's contribution equals the statewide per capita contribution and the difference shall be paid by the state. For the purposes of this paragraph, "population" means the population estimate approved by the office of employment and population statistics OFFICE OF ECONOMIC OPPORTUNITY for the most recent fiscal year.

D. The director of the Arizona health care cost containment system administration shall notify each county of the amount determined pursuant to subsection A of this section to be included in its annual budget no later than May 1 of each year.

E. If a county does not provide funding as specified in subsection A of this section, the state treasurer shall subtract the amount owed to the Arizona health care cost containment system fund by the county from any payments required to be made by the state treasurer to that county pursuant
to section 42-5029, subsection D, paragraph 2, plus interest on that amount
pursuant to section 44-1201 retroactive to the first day the funding was
due. If the monies the state treasurer withholds are insufficient to meet
that county’s funding requirement as specified in subsection A of this
section, the state treasurer shall withhold from any other monies payable to
that county from whatever state funding source is available an amount
necessary to fulfill that county’s requirement. The state treasurer shall
not withhold distributions from the highway user revenue fund pursuant to
title 28, chapter 18, article 2.

F. Each month payment of an amount equal to one-twelfth of the total
amount determined pursuant to subsection A of this section shall be made to
the state treasurer. Payment of this amount shall be made to the state
treasurer on or before the fifth day of each month. Upon request from the
director of the Arizona health care cost containment system administration,
the state treasurer shall require that up to three months’ payments be made
in advance, if necessary.

G. The state treasurer shall deposit the amounts paid pursuant to
subsection F of this section and amounts withheld pursuant to subsection E of
this section in the Arizona health care cost containment system fund
established by section 36-2913.

H. If payments made pursuant to subsection F of this section exceed
the amount required to meet the costs incurred by the Arizona health care
cost containment system for the hospitalization and medical care of a person
who is defined as an eligible person pursuant to section 36-2901, paragraph
6, subdivision (a), the director of the Arizona health care cost containment
system administration may instruct the state treasurer either to reduce
remaining payments to be paid pursuant to this section by a specified amount
or to provide to the counties specified amounts from the Arizona health care
cost containment system fund.

I. The amount of the county contribution to the Arizona health care
cost containment system fund established by section 36-2913 shall not exceed
thirty-three percent of the amount that the system administration
expended in the county for fiscal year 1983-1984. For the purposes of this
subsection, system administration expenditures in a county for fiscal year
1983-1984 are the total capitation and fee for service amounts paid by the
system administration to providers in a county before February 1, 1986 for
services rendered during fiscal year 1983-1984 to persons eligible for the
system.

J. The state treasurer shall deposit the monies withheld from the
counties and contributed by the state pursuant to subsection B of this
section in the long-term care system fund established by section 36-2913, in
twelve equal monthly installments. The monthly installments shall be
deposited in the fund by the state treasurer by the fourth working day of
each month.

K. By July 1 or within sixty days after enactment of the annual
appropriation for the maintenance and operation of the Arizona health care
cost containment system, whichever is later, and after consulting with the
joint legislative budget committee and the governor's office of strategic
planning and budgeting, the state treasurer shall notify each county of the
amount to be withheld pursuant to subsection B of this section.

L. If the monies deposited in the long-term care system fund pursuant
to subsection J of this section are insufficient to meet the funding
requirement as specified in the annual appropriation for the maintenance and
operation of the Arizona health care cost containment system pursuant to
subsection B of this section, the state treasurer shall withhold from any
other monies payable to that county from any available state funding source,
other than the highway user revenue fund, the amount required to fulfill
fifty per cent of the funding requirement and shall deposit the
monies in the long-term care system fund. The state shall pay the remaining
fifty per cent of the funding requirement.

M. If any monies in the funds for the purpose of title 36, chapter 29,
article 2 remain unexpended at the end of the fiscal year, the director of
the Arizona health care cost containment system administration shall specify
to the state treasurer the amount to be withdrawn from the long-term care
system fund. Of the amount specified, the state treasurer shall distribute
fifty per cent to the counties pursuant to subsection B or C of this
section. The remaining fifty per cent shall be distributed to the
state.

N. The board of supervisors of a county that is a program contractor
pursuant to section 36-2940 shall include in its annual budget, subject to
title 42, chapter 17, articles 2 and 3, monies received from the Arizona
health care cost containment system fund and long-term care system fund for
the purposes of title 36, chapter 29, article 2.

O. Notwithstanding any law to the contrary, beginning in fiscal year
2005-2006 and in each fiscal year thereafter, the state treasurer shall
withhold a total of two million three hundred ninety-five thousand four
hundred dollars for the county contribution for the administrative costs of
implementing sections 36-2901.01 and 36-2901.04 beginning with the second
monthly distribution of transaction privilege tax revenues otherwise
distributable after subtracting any amounts withheld for the county long-term
care contribution. Beginning in fiscal year 2006-2007, the state treasurer
shall adjust the amount withheld according to the annual changes in the GDP
price deflator and as calculated by the joint legislative budget committee
staff. Beginning in fiscal year 2006-2007, the joint legislative budget
committee shall calculate an additional adjustment of the allocation required
by this subsection based on changes in the population as reported by the
office of employment and population statistics OFFICE OF ECONOMIC
OPPORTUNITY. For the purposes of this subsection, "GDP price deflator" has
the same meaning prescribed in section 41-563. Each county's annual
contribution is as follows:

1. Apache, 3.296 per cent.
2. Cochise, 6.148 per cent.
3. Coconino, 6.065 per cent PERCENT.
4. Gila, 2.491 per cent PERCENT.
5. Graham, 1.7710 per cent PERCENT.
6. Greenlee, 0.455 per cent PERCENT.
7. La Paz, 0.9430 per cent PERCENT.
8. Mohave, 7.079 per cent PERCENT.
9. Navajo, 4.640 per cent PERCENT.
10. Pima, 42.168 per cent PERCENT.
11. Pinal, 8.251 per cent PERCENT.
12. Santa Cruz, 1.950 per cent PERCENT.
13. Yavapai, 7.794 per cent PERCENT.
14. Yuma, 6.949 per cent PERCENT.

P. The state treasurer shall deposit the amounts paid pursuant to subsection 0 of this section in the budget neutrality compliance fund established by section 36-2928.

Q. Beginning in fiscal year 2006-2007 for a county that is subject to section 12-269, the county's contributions pursuant to this section shall be reduced by the amount of state aid for probation services that the county would have received in the first fiscal year in which the county does not receive state aid for probation services. Any increase in the county's contributions in subsequent years shall be reduced according to its proportionate share of the base contribution. County contributions shall be reduced in the following priority:
   1. First as applied to the contribution provided for in subsection 0 of this section.
   2. Second as applied to the contribution provided for in subsection A of this section or any other contribution for acute care or for the provision of hospitalization and medical care that would otherwise be required.
   3. Third as applied to the contribution provided for in subsection C of this section.

R. Beginning in fiscal year 2007-2008 for a county that is subject to section 22-117, subsection D, the county's contributions pursuant to this section shall be reduced by the amount of the state reimbursement that the county would have received in fiscal year 2007-2008 for the salaries of justices of the peace pursuant to section 22-117, subsection B. Any increase in the county's contributions in subsequent years shall be reduced according to its proportionate share of the base contribution. County contributions shall be reduced in the following priority:
   1. First as applied to the contribution provided for in subsection 0 of this section.
   2. Second as applied to the contribution provided for in subsection A of this section or any other contribution for acute care or for the provision of hospitalization and medical care that would otherwise be required.

S. For the purposes of this section, "net assessed value" includes the values used to determine voluntary contributions collected pursuant to title 9, chapter 4, article 3 and title 48, chapter 1, article 8.
Sec. 4. Section 15-1626, Arizona Revised Statutes, is amended to read:

15-1626. General administrative powers and duties of board;

A. The board shall:

1. Have and exercise the powers necessary for the effective governance
   and administration of the institutions under its control. To that end, the
   board may adopt, and authorize each university to adopt, such regulations,
   policies, rules or measures as are deemed necessary and may delegate in
   writing to its committees, to its university presidents, or their designees,
   or to other entities under its control, any part of its authority for the
   administration and governance of such institutions, including those powers
   enumerated in section 15-1625, subsection B, paragraphs 2 and 4, paragraphs
   3, 4, 8, 9, 11 and 12 of this subsection and subsection B of this section.
   Any delegation of authority may be rescinded by the board at any time in
   whole or in part.

2. Appoint and employ and determine the compensation of presidents
   with such power and authority and for such purposes in connection with the
   operation of the institutions as the board deems necessary.

3. Appoint and employ and determine the compensation of
   vice-presidents, deans, professors, instructors, lecturers, fellows and such
   other officers and employees with such power and authority and for such
   purposes in connection with the operation of the institutions as the board
   deems necessary, or delegate its authority pursuant to paragraph 1 of this
   subsection.

4. Remove any officer or employee when the interests of education in
   this state so require in accordance with its personnel rules and policies.

5. Fix tuitions and fees to be charged and differentiate the tuitions
   and fees between institutions and between residents, nonresidents,
   undergraduate students, graduate students, students from foreign countries
   and students who have earned credit hours in excess of the credit hour
   threshold. For the purposes of this paragraph, the undergraduate credit hour
   threshold is one hundred forty-five hours for students who attend a

right or option to redeem any bonds except as may be provided in the
proceedings under which they shall be issued.

E. Any bonds of the corporation may be sold at public or private sale
in such manner and from time to time as may be determined by the board of

Issuance by the corporation of one or more series of bonds for one or more

subsequent bonds may be issued shall recognize and protect any prior pledge
or mortgage made for any prior issue of bonds. Any bonds of the corporation
at any time outstanding may at any time and from time to time be refunded by

in connection therewith. Any such refunding may be effected whether the
bonds to be refunded shall have then matured or shall thereafter mature,
either by sale of the refunding bonds and the application of the proceeds
thereof for the payment of the bonds to be refunded thereby, or by the
exchange of the refunding bonds for the bonds to be refunded thereby with the
consent of the holders of the bonds so to be refunded, and regardless of
whether or not the bonds to be refunded were issued in connection with the
same projects or separate projects, and regardless of whether or not the
bonds proposed to be refunded shall be payable at the same date or different
dates or shall be due serially or otherwise. All such bonds and the interest
coupons applicable thereto are hereby made and shall be construed to be
negotiable instruments.

F. UNLESS THE CORPORATION WAS APPROVED BY THE ARIZONA FINANCE
AUTHORITY, the corporation shall notify the attorney general of its intention
to issue bonds. Such notification shall adequately describe the project.
The attorney general shall inform the corporation within ten days if in his
THE ATTORNEY GENERAL'S opinion the project sought to be financed does not
come within the purview of this chapter. If after ten days the attorney
general has not issued an opinion that the project does not so conform, the
corporation may issue such bonds. If the attorney general's negative opinion
is issued within ten days, such bonds shall not be issued. No Action shall
NOT be brought questioning the legality of any contract, lease, mortgage,
proceedings or the issuance of bonds hereunder from and after ninety calendar
days from AFTER the date the bonds are authorized to be issued by the
governing body.

The chief executive officer DIRECTOR shall decline to issue confirmations at such time as the aggregate amount of bonds or mortgage credit certificates allocated under all confirmations previously issued and not expired, together with the proposed issue of bonds or mortgage credit certificates as to which a request has been received, would, through 5:00 p.m. on March 31, exceed the respective aggregate amount allocated under section 35-902, subsection C, D, E, F or G for such purpose, and from April 1, exceed the aggregate amount of the state ceiling that is not allocated under an unexpired confirmation nor within the discretion of the chief executive officer DIRECTOR pursuant to section 35-902, subsection B. On expiration of a confirmation or release of an allocation, the chief executive officer DIRECTOR shall issue a confirmation to the next numbered request which is equal to or less than the then available portion of the state ceiling or to the next numbered request if the principal amount of such request is reduced to an amount equal to or less than the then available portion of the state ceiling available for such purpose. The chief executive officer DIRECTOR may only issue a single confirmation for each request.

G. A confirmation made pursuant to the chief executive officer’s DIRECTOR’S discretion may be accompanied by a certificate executed by the
chief executive officer DIRECTOR. On request, the chief executive officer DIRECTOR shall execute a certificate stating that the confirmation was not made in consideration of any bribe, gift, gratuity or direct or indirect contribution to any political campaign. The chief executive officer DIRECTOR may require such oaths or affirmations as the chief executive officer DIRECTOR considers to be necessary to verify the accuracy of the certificate. H. The chief executive officer DIRECTOR shall attempt to issue confirmations within three business days after receipt and shall issue confirmations in the order of receipt of fully and properly completed requests within the limitations of subsection F of this section. The authority shall notify the issuer or other contact person listed in the request in writing, by e-mail or by telephone of the issuance of a confirmation. The authority is not responsible for returning confirmations to the filing party. A confirmation shall be available for pickup at the authority after issuance of the confirmation.

Issuers shall not file elections with the federal government under section 146 of the code until an allocation has been issued by the authority.

2. A security deposit equal to one percent of the principal amount stated in the notice of intent shall be received by the authority within five days after notification by the chief executive officer that the project is eligible for a carry-forward allocation. 1. A notice of intent shall be filed on or before December 15 with the authority by any issuer, bond counsel or other interested person, with respect to projects for which allocations may be carried forward pursuant to section 146 of the code. Any portions of the state ceiling for which bonds have not been issued or for which a qualified mortgage credit certificate program has not been established by 5:00 p.m. December 26 shall be allocated by the chief executive officer DIRECTOR and confirmations shall be issued to such issuers before January 1. Issuers shall not file elections with the federal government under section 146 of the code until an allocation has been issued by the authority under this section for the bonds pertaining to a project. The failure to file a notice of intent results in the exclusion of
the project from allocations to issuers of any portion of the current 1
calendar year state ceiling.

2. A security deposit equal to one percent of the principal amount 4
stated in the notice of intent shall be received by the authority within five 5

the tax reform act of 1986 or is a qualified mortgage revenue bond project or 12
is a qualified mortgage credit certificate program or the confirmation is 13
issued by the chief executive officer DIRECTOR on or after December 26. The 14
security deposit is forfeited to the authority if bonds are not issued within 15
three years after the receipt of the deposit. For bonds that are issued from 16
and after December 31, 2015, any security deposit made in relation to the 17
project for which the bonds are issued shall be refunded if the bonds are 18
issued within three years after the receipt of the deposit that is required 19
under this paragraph, whether or not carry-forward allocation is used.

Sec. 29. Section 35-908, Arizona Revised Statutes, is amended to read:

35-908. Principal amount of bonds issued less than 21

principal amount of bonds issued is less than the principal amount set forth 26
in the confirmation, a fee of one percent PERCENT of the difference between 27
the confirmation and the principal amount of the bonds shall be paid to the 28
authority on filing the certificate of closing unless the direct beneficiary 29
of the bond proceeds is this state or a county, city, town or nonprofit 30
entity, the issuer is a student loan corporation or the project includes 31
urban development action grant or housing development grant financing, is a 32
project described in section 1317(3)(N) of the tax reform act of 1986, is a 33
qualified mortgage revenue bond or is a qualified mortgage credit certificate 34
program. The failure to make such payment within ten days AFTER the 35
filing shall result in a retroactive cancellation of the allocation and the 36
barring of the direct private obligor from any future allocations.

Sec. 30. Section 35-913, Arizona Revised Statutes, is amended 38
effective from and after December 31, 2016, to read:

35-913. Special allocations for mortgage revenue bonds and 41
mortgage credit certificates; definitions 42

A. This section governs allocations of the state ceiling made by the 43
chief executive officer DIRECTOR pursuant to section 35-902, subsection C. 44

B. If the portion of a corporation's allocation computed pursuant to 45
subsection C of this section is less than ten million dollars, the chief 46
executive officer DIRECTOR shall first award ten million dollars of the state
allocation to that corporation. Thereafter, the chief executive officer
DIRECTOR shall award the remaining state allocation in the same proportion
that the population of each of the remaining corporations' jurisdictions
bears to the population of this state according to the census, minus the
population of the corporations receiving a ten million dollar allocation
pursuant to this subsection.

C. Each corporation that is described in section 35-706, subsection E
and that submits a request for allocation pursuant to section 35-902,
subsection C shall receive a portion of the allocation made by the chief
executive officer DIRECTOR in the same proportion that the population of that
corporation's jurisdiction bears to the population of this state, according
to the census but in no event less than ten million dollars.

D. At any time before submitting a formal request for allocation, but
no later than January 31, a corporation described in section 35-706,
subsection E may submit to the director of the Arizona department of housing
an allocation reservation for an amount not to exceed that portion of the
allocation to which the corporation is entitled pursuant to this subsection.
The allocation reservation may include an offer to use additional allocation
amounts described in subsection E of this section for rural areas. On or
before January 31, the Arizona housing finance INDUSTRIAL DEVELOPMENT
authority may submit to the director an allocation reservation for the
amounts described in subsection E of this section for rural areas. The
allocation reservation does not constitute a formal request for allocation
and does not obligate the Arizona housing finance INDUSTRIAL DEVELOPMENT
authority or a corporation to submit a request for allocation.

E. The director of the Arizona department of housing shall require
that one or more qualified mortgage revenue bond or qualified mortgage credit
certificate programs benefit the residents of rural areas. Between February
1 and March 1, an allocation of the unreserved portion of the state ceiling
under section 35-902, subsection C shall be made by the director for this
purpose. The recipient of this allocation shall be the Arizona housing
finance INDUSTRIAL DEVELOPMENT authority, or the Arizona housing finance
INDUSTRIAL DEVELOPMENT authority and one or more corporations, or one or more
corporations that have executed a cooperative agreement and that have jointly
submitted an allocation reservation pursuant to subsection C of this section.
The director shall determine the recipient of the allocation described in
this subsection by March 1 from the Arizona housing finance INDUSTRIAL
DEVELOPMENT authority or one or more of those corporations that have offered
to use the allocation described in this subsection in an allocation
reservation submitted before February 1. If neither the Arizona housing
finance INDUSTRIAL DEVELOPMENT authority nor any corporation offers an
allocation reservation to use this allocation before February 1 the director
shall select the Arizona housing finance INDUSTRIAL DEVELOPMENT authority or
a corporation for that purpose.

F. If the director of the Arizona department of housing selects the
Arizona housing finance INDUSTRIAL DEVELOPMENT authority, or the Arizona
housing finance INDUSTRIAL DEVELOPMENT authority and one or more corporations or one or more corporations to serve rural areas, the Arizona housing finance INDUSTRIAL DEVELOPMENT authority, the Arizona housing finance INDUSTRIAL DEVELOPMENT authority and one or more corporations or the corporation or corporations shall receive confirmation of the allocation described in subsection E of this section before March 1. Mortgage credit certificates or the proceeds of qualified mortgage revenue bonds made available through the portion of the state ceiling allocated pursuant to subsection E of this section shall be reserved for at least a one-hundred-eighty-day period exclusively for the financing of single family dwelling units in rural areas. The director may extend the one-hundred-eighty-day period at the time of allocation or a later time based on market conditions. The director at any time may modify any extension based on market conditions at the time. After the one-hundred-eighty-day period or any extension, whichever is later, the director may allocate any reservation that has not been used for use within the jurisdiction of any corporation that is described in section 35-706, subsection E and that gives its consent.

G. The validity of a confirmation for qualified mortgage revenue bonds or a qualified mortgage credit certificate program to benefit residents of part of the state shall not be affected by reason of qualified mortgage revenue bonds or a qualified mortgage credit certificate program receiving a confirmation to benefit residents of another part of the state not being issued.

H. Except as provided in subsections F and G of this section, a corporation shall not exercise the powers granted under section 35-706, subsection A, paragraphs 11, 12 and 13 outside of its own jurisdiction.

I. At the time a confirmation is issued the director of the Arizona department of housing shall determine in writing the allocation amounts in the manner described in this section. In determining the recipient or recipients for the allocation described in subsection E of this section, the director may consider the effectiveness of alternative program structures in rural areas. No action may be brought questioning the accuracy of any determination made by the director pursuant to this section without a finding of the director's bad faith or wilful misconduct.

J. Confirmations of the state ceiling under section 35-902, subsection C may be applied toward a qualified mortgage revenue bond program or qualified mortgage credit certificate program in any combination deemed appropriate by the issuing corporation with the approval of its governing body or by the board of the Arizona housing finance INDUSTRIAL DEVELOPMENT authority for a program for rural areas established by the Arizona housing finance INDUSTRIAL DEVELOPMENT authority.

K. Denial of approval of the use of qualified mortgage revenue bond proceeds or qualified mortgage credit certificates in a city or town pursuant to section 35-706 or subsection L of this section does not affect the
validity of the allocation or affect the amount of state allocation that is
allocated for that purpose.

L. The Arizona housing-finance INDUSTRIAL DEVELOPMENT authority may
not permit proceeds of bonds or a qualified mortgage credit certificate
program in rural areas to be used to finance projects that are owner-occupied
single family dwelling units within the corporate limits of an incorporated
city or town, the unincorporated area of a county or a reservation for an
Indian tribe, unless the governing body of the city, town, county or tribe
has approved the general location and character of the residences to be
financed. Before the issuance of bonds or mortgage credit certificates for
that purpose, the authority shall give written notice to the governing body
each of city, town, county or tribal reservation in which it intends to
permit proceeds of an issue of bonds or mortgage credit certificates to be
used to finance projects that are owner-occupied single family dwelling units
and of the general location and character of the residences that may be
financed. The governing body of the city, town, county or tribe is deemed to
have given its approval unless it denies approval by formal action of the
governing body within twenty-one days after receiving the written notice from
the authority. Approvals given or deemed to have been given with respect to
use of proceeds of an issue of bonds or mortgage credit certificates under
this subsection may not be withdrawn. Denials may be withdrawn by the
governing body of a city, town, county or tribe and approval may be given
after a denial is withdrawn if the authority approves the withdrawal of the
denial.

M. For the purposes of this section:

1. "Census" means the most recent United States decennial census or
the special census conducted in accordance with section 42-5033 if it is more
recent than the most recent United States decennial census.

2. "Director" means the director of the Arizona department of housing.

3. "Population" of a corporation's jurisdiction means population
according to the census. The population of a corporation formed on behalf of
a county equals the population of the county minus the population of any
other corporation that is within the county, that is described in section
35-706, subsection E and that submits a request for allocation pursuant to
section 35-902, subsection C.

4. "Rural areas" means all of the area of this state that is not
located within the jurisdiction of a corporation described in section 35-706,
subsection E.

Only capital investments in a qualified facility that are made on or after July 1, 2012 are included in the computation of the credit.

B. To be eligible for the income tax credits, a taxpayer must apply to the authority, on a form prescribed by the authority, for preapproval of the business as qualifying for the credits. The application must include:

1. The applicant's name, address, telephone number and federal taxpayer identification number or numbers.

2. The name, address, telephone number and e-mail address of a contact person for the applicant.

3. The address of the site where the qualified facility will be located.

   (a) A schedule of qualifying investments.

   (b) A list of full-time employment positions, the estimated number of employees to be hired for the positions each year during the first five years of operation and the annual wages for each position, calculated without employee-related benefits.

6. A nonrefundable processing fee in an amount determined by the authority.

7. Other information as required by the authority to determine eligibility for the income tax credits and the amount of income tax credits, as prescribed by this section.

8. An affirmation, signed by an authorized executive representing the business, that the applicant:

   (a) Agrees to furnish records of expenditures for qualifying investments to the authority on request.

   (b) Will continue in business at the qualified facility for five full calendar years after postapproval for the credit, other than for reasons beyond the control of the applicant.

   (c) Agrees to furnish to the authority information regarding the amount of income tax credits claimed each year.

   (d) Authorizes the department of revenue to provide tax information to the authority pursuant to section 42-2003 for the purpose of determining any inconsistency in information furnished by the applicant.
(e) Agrees to allow site visits and audits to verify the applicant's continuing qualification and the accuracy of information submitted to the authority.

(f) Consents to the adjustment or recapture of any amount of income tax credit due to noncompliance with this section.

9. Letters of good standing from the department of revenue stating that the applicant is not delinquent in the payment of taxes.

C. The applicant may qualify for the income tax credits pursuant to section 43-1083.03 or 43-1164.04, as applicable, if:

1. The applicant makes new capital investment in this state after June 30, 2012 in a qualified facility that is completed in a taxable year beginning from and after December 31, 2012.

2. At least fifty-one percent (51%) of the net new full-time employment positions at the qualified facility pay a wage that equals or exceeds one hundred twenty-five percent (125%), OR ONE HUNDRED PERCENT (100%) IN THE CASE OF A QUALIFIED FACILITY IN A RURAL LOCATION, of the median annual wage FOR PRODUCTION OCCUPATIONS in this state, as determined by the most recent annual Arizona commerce authority occupational wage and employment estimates issued before the preapproval is issued pursuant to subsection I of this section.

3. All net new full-time employment positions include health insurance coverage for the employees for which the applicant pays at least eighty-sixty-five percent (86.5%) of the premium or membership cost.

D. Final eligibility for an income tax credit is subject to any additional requirements prescribed by section 43-1083.03 or 43-1164.04, as applicable.

E. An applicant may separately apply and qualify with respect to investments for separate expansions of a qualified facility.

F. The amount of the income tax credit to be preapproved by the authority to a qualifying applicant is ten percent (10%) of the lesser of:

1. The amount the applicant has projected in total qualifying investment in the qualified facility.

2. Two hundred thousand dollars for each net new full-time employment position projected by the applicant at a qualified facility.

G. Beginning with income tax credits allocated for 2013, an approved credit:

1. Must be claimed on a timely filed original income tax return, including extensions.

2. Must be claimed in five equal installments as provided by section 43-1083.03 or 43-1164.04.

H. The authority shall establish a process for qualifying and preapproving applicants for the income tax credits. The authority shall not preapprove applicants as qualifying for credits under this section for any taxable year beginning from and after December 31, 2019. Preapproval is based on:
1. Priority placement established by the date that the applicant files its initial application with the authority.

2. The availability of income tax credit capacity under the dollar limit prescribed by section 41-1511, subsection J.

I. Within thirty days after receiving a complete and correct application, the authority shall review the application to determine whether the applicant satisfies all of the criteria prescribed by this section and either preapprove the project as qualifying for the purposes of an income tax credit or provide reasons for its denial. The authority shall send copies of each preapproval to the department of revenue.

J. The authority shall not preapprove income tax credits under this section and section 41-1511 that combined would exceed the limits prescribed by section 41-1511, subsection J. A preapproved amount applies against the dollar limit for the year in which the application was submitted regardless of whether the initial preapproval period extends into the following year or years. A business shall not be preapproved for credits under both this section and section 41-1511 for the same capital investment. The authority shall not preapprove income tax credits under this section for any taxpayer in excess of thirty million dollars in any calendar year.

K. The authority shall reallocate the amount of income tax credits that are voluntarily relinquished under subsection L of this section, that lapse under subsection M of this section or that lapse under subsection P of this section. The reallocation shall be to other businesses that applied under this section or section 41-1511 in the original credit year based on priority placement. Once reallocated, the amount of the credit applies against the dollar limit of the original credit year regardless of the year in which the reallocation occurs.

L. A taxpayer may voluntarily relinquish unused credit amounts in writing to the authority.

M. Preapproval under this section lapses, the application is void and the amount of the preapproved income tax credits does not apply against the dollar limit prescribed by section 41-1511, subsection J if, within twelve months after preapproval, the business fails to provide to the authority documentation of its expenditure of two hundred fifty thousand dollars in qualifying investment or, if the period over which the qualifying investment will be made exceeds twelve months, documentation of additional expenditures as required in this subsection for each twelve-month period.

N. After October 31 of each year, if the authority has preapproved the maximum calendar year income tax credit amount pursuant to section 41-1511, subsection J, the authority may accept initial applications for the next calendar year, but the preapproval of any application pursuant to this subsection shall not be effective before the first business day of the following calendar year.

O. Before an applicant applies for postapproval under subsection P of this section, the applicant must enter into a written managed review agreement with the chief executive officer of the authority that establishes
the requirements of a managed review to be conducted under this subsection at
the applicant's expense. The managed review must be conducted by a certified
public accountant who is selected by the applicant, who is licensed in this
state and who is approved by the chief executive officer. The certified
public accountant and the firm the certified public accountant is affiliated
with shall not regularly perform services for the applicant or its
affiliates. The managed review shall include an analysis of the applicant's
invoices, checks, accounting records and other documents and information to
verify its base investment and other requirements prescribed by section
43-1083.03 or 43-1164.04 to confirm the amount of credit. The certified
public accountant shall furnish written findings of the managed review to the
chief executive officer. The chief executive officer shall review the
findings and may examine records and perform other reviews that the chief
executive officer considers necessary to verify that the managed review
substantially conforms to the terms of the managed review agreement. The
chief executive officer shall accept or reject the findings of the managed
review. If the chief executive officer rejects all or part of the managed
review, the chief executive officer shall provide written reasons for the
rejection.

P. When the qualified facility begins operations, a business that was
preapproved for income tax credits under this section shall apply to the
authority in writing for postapproval of the credits and submit documentation
certifying the total amount and dates of the qualifying investments and
identifying the fixed capital assets associated with the qualified facility
incurred after June 30, 2012 through the date of application for
postapproval. For taxable years beginning from and after December 31, 2012,
the authority shall provide postapproval to a business that has met the
eligibility requirements of this section and shall notify the department of
income that the business may claim an income tax credit pursuant to section
43-1083.03 or 43-1164.04. If the amount of qualifying investment actually
spent is less than the amount preapproved for income tax credits, the
preapproved amount not incurred lapses and does not apply against the dollar
limit prescribed by section 41-1511, subsection J for that year. The
department of revenue shall not allow an income tax credit under section
43-1083.03 or 43-1164.04 that exceeds the amount of the postapproval for the
project under this subsection. For the purposes of this subsection, "begins
operations" means the qualified facility opens for public business.

Q. The authority may rescind an applicant's postapproval if the
business no longer meets the terms and conditions required for qualifying for
the credit. The authority may give special consideration, or allow temporary
exemption from recapture of the credit, in the case of extraordinary hardship
due to factors beyond the control of the qualifying business.

R. If the authority rescinds an applicant's preapproval or
postapproval under subsection Q of this section, it shall notify the
department of revenue of the action and the conditions of noncompliance. If
the department of revenue obtains information indicating a possible failure

- 56 -
to qualify and comply, it shall provide that information to the authority. The department of revenue may require the business to file appropriate amended tax returns reflecting any recapture of the credit under section 43-1083.03 or 43-1164.04.

S. Preapproval and postapproval of an applicant for the purposes of income tax credits under this section do not constitute or imply compliance with any other provision of law or any regulatory rule, order, procedure, permit or other measure required by law. To maintain qualification for a credit under this section, a business must separately comply with all environmental, employment and other regulatory measures.

T. For five years after postapproval of an income tax credit under this section, in any action involving the liquidation of the business assets or relocation out of state, this state claims the position of a secured creditor of the business in the amount of the credit the business received pursuant to section 43-1083.03 or 43-1164.04. The transfer of part or all of a company's assets that are then leased back by the company is not considered a liquidation under this section.

U. Any information gathered from a business for the purposes of this section is considered to be confidential taxpayer information and shall be disclosed only as provided in section 42-2003, subsection B, paragraph 12, except that the authority shall publish the following information in its annual report:

1. The name of each business and the amount of income tax credits preapproved for each qualifying investment.
2. The amount of income tax credits postapproved with respect to each qualifying investment.

V. The authority shall:

1. Keep annual records of the information provided on applications for qualified facilities. These records shall reflect a percentage comparison of the annual amount of monies credited to qualified facilities to the estimated amount of monies spent in this state in the form of qualifying investments.
2. Maintain annual data on growth in this state of qualified facilities and related employment and wages.
3. Not later than April 30 following each calendar year, prepare and publish a report summarizing the information collected pursuant to this subsection. The authority shall make copies of the annual report available to the public on request.

W. The authority shall adopt rules and prescribe forms and procedures as necessary for the purposes of this section. FACILITY LEASED TO THE TAXPAYER, QUALIFYING INVESTMENT INCLUDES THE COSTS
PRESCRIBED IN THIS PARAGRAPH THAT ARE SPENT BY THE THIRD-PARTY DEVELOPER WITH
