15-183. Charter schools; application; requirements; immunity; exemptions; renewal of application; reprisal; fee; funds; annual reports

A. An applicant seeking to establish a charter school shall submit a written application to a proposed sponsor as prescribed in subsection C of this section. The application, application process and application time frames shall be posted on the sponsor's website and shall include the following, as specified in the application adopted by the sponsor:

1. A detailed educational plan.
2. A detailed business plan.
3. A detailed operational plan.
4. Any other materials required by the sponsor.

B. The sponsor of a charter school may contract with a public body, private person or private organization for the purpose of establishing a charter school pursuant to this article.

C. The sponsor of a charter school may be either the state board of education, the state board for charter schools, a university under the jurisdiction of the Arizona board of regents, a community college district or a group of community college districts, subject to the following requirements:

1. An applicant may not submit an application for sponsorship to any person or entity other than those prescribed in this subsection.
2. The applicant may submit the application to the state board of education or the state board for charter schools. Notwithstanding any other law, neither the state board for charter schools nor the state board of education shall grant a charter to a school district governing board for a new charter school or for the conversion of an existing district public school to a charter school. The state board of education or the state board for charter schools may approve the application if the application meets the requirements of this article and may approve the charter if the proposed sponsor determines, within its sole discretion, that the applicant is sufficiently qualified to operate a charter school and that the applicant is applying to operate as a separate charter holder by considering factors such as whether:
   (a) The schools have separate governing bodies, governing body membership, staff, facilities and student population.
   (b) Daily operations are carried out by different administrators.
   (c) The applicant intends to have an affiliation agreement for the purpose of providing enrollment preferences.
   (d) The applicant's charter management organization has multiple charter holders serving varied grade configurations on one physical site or nearby sites serving one community.
(e) It is reconstituting an existing school site population at the same or new site.

(f) It is reconstituting an existing grade configuration from a prior charter holder with at least one grade remaining on the original site with the other grade or grades moving to a new site. The state board of education or the state board for charter schools may approve any charter schools transferring charters. If the state board of education or the state board for charter schools rejects the preliminary application, the state board of education or the state board for charter schools shall notify the applicant in writing of the reasons for the rejection and of suggestions for improving the application. An applicant may submit a revised application for reconsideration by the state board of education or the state board for charter schools. The applicant may request, and the state board of education or the state board for charter schools may provide, technical assistance to improve the application.

3. The applicant may submit the application to a university under the jurisdiction of the Arizona board of regents, a community college district or a group of community college districts. A university, a community college district or a group of community college districts shall not grant a charter to a school district governing board for a new charter school or for the conversion of an existing district public school to a charter school. A university, a community college district or a group of community college districts may approve the application if it meets the requirements of this article and if the proposed sponsor determines, in its sole discretion, that the applicant is sufficiently qualified to operate a charter school.

4. Each applicant seeking to establish a charter school shall submit a full set of fingerprints to the approving agency for the purpose of obtaining a state and federal criminal records check pursuant to section 41-1750 and Public Law 92-544. If an applicant will have direct contact with students, the applicant shall possess a valid fingerprint clearance card that is issued pursuant to title 41, chapter 12, article 3.1. The department of public safety may exchange this fingerprint data with the federal bureau of investigation. The criminal records check shall be completed before the issuance of a charter.

5. All persons engaged in instructional work directly as a classroom, laboratory or other teacher or indirectly as a supervisory teacher, speech therapist or principal shall have a valid fingerprint clearance card that is issued pursuant to title 41, chapter 12, article 3.1, unless the person is a volunteer or guest speaker who is accompanied in the classroom by a person with a valid fingerprint clearance card. A charter school shall not employ a teacher whose certificate has been surrendered or revoked, unless the teacher's certificate has been subsequently reinstated by the state board of education. All other personnel shall be fingerprint checked pursuant to section 15-512, or the
charter school may require those personnel to obtain a fingerprint clearance card issued pursuant to title 41, chapter 12, article 3.1. Before employment, the charter school shall make documented, good faith efforts to contact previous employers of a person to obtain information and recommendations that may be relevant to a person's fitness for employment as prescribed in section 15-512, subsection F. The charter school shall notify the department of public safety if the charter school or sponsor receives credible evidence that a person who possesses a valid fingerprint clearance card is arrested for or is charged with an offense listed in section 41-1758.03, subsection B. A person who is employed at a charter school that has met the requirements of this paragraph is not required to meet any additional requirements that are established by the department of education or that may be established by rule by the state board of education. The state board of education may not adopt rules that exceed the requirements for persons qualified to teach in charter schools prescribed in title I of the every student succeeds act (P.L. 114-95) or the individuals with disabilities education improvement act of 2004 (P.L. 108-446). Charter schools may hire personnel who have not yet received a fingerprint clearance card if proof is provided of the submission of an application to the department of public safety for a fingerprint clearance card and if the charter school that is seeking to hire the applicant does all of the following:

(a) Documents in the applicant's file the necessity for hiring and placement of the applicant before receiving a fingerprint clearance card.

(b) Ensures that the department of public safety completes a statewide criminal records check on the applicant. A statewide criminal records check shall be completed by the department of public safety every one hundred twenty days until the date that the fingerprint check is completed or the fingerprint clearance card is issued or denied.

(c) Obtains references from the applicant's current employer and the two most recent previous employers except for applicants who have been employed for at least five years by the applicant's most recent employer.

The charter school operator shall post notices of the public meeting in at least three different locations that are within three hundred feet of the proposed charter school site.

8. A person who is employed by a charter school or who is an applicant for employment with a charter school, who is arrested for or charged with a nonappealable offense listed in section 41-1758.03, subsection B and who does not immediately report the arrest or charge to the person’s supervisor or potential employer is guilty of unprofessional conduct and the person shall be immediately dismissed from employment with the charter school or immediately excluded from potential employment with the charter school.

9. A person who is employed by a charter school and who is convicted of any nonappealable offense listed in section 41-1758.03, subsection B or is convicted of any nonappealable offense that amounts to unprofessional conduct under section 15-550 shall immediately do all of the following:
   (a) Surrender any certificates issued by the department of education.
   (b) Notify the person's employer or potential employer of the conviction.
   (c) Notify the department of public safety of the conviction.
   (d) Surrender the person's fingerprint clearance card.

D. An entity that is authorized to sponsor charter schools pursuant to this article has no legal authority over or responsibility for a charter school sponsored by a different entity. This subsection does not apply to the state board of education's duty to exercise general supervision over the public school system pursuant to section 15-203, subsection A, paragraph 1.

E. The charter of a charter school shall do all of the following:
   1. Ensure compliance with federal, state and local rules, regulations and statutes relating to health, safety, civil rights and insurance. The department of education shall publish a list of relevant rules, regulations and statutes to notify charter schools of their responsibilities under this paragraph.
   2. Ensure that it is nonsectarian in its programs, admission policies and employment practices and all other operations.
   3. Ensure that it provides a comprehensive program of instruction for at least a kindergarten program or any grade between grades one and twelve, except that a school may offer this curriculum with an emphasis on a specific learning philosophy or style or certain subject areas such as mathematics, science, fine arts, performance arts or foreign language.
   4. Ensure that it designs a method to measure pupil progress toward the pupil outcomes adopted by the state board of education pursuant to
section 15-741.01, including participation in the statewide assessment and
the nationally standardized norm-referenced achievement test as designated
by the state board and the completion and distribution of an annual report
card as prescribed in chapter 7, article 3 of this title.

5. Ensure that, except as provided in this article and in its
charter, it is exempt from all statutes and rules relating to schools,
governing boards and school districts.

6. Ensure that, except as provided in this article, it is subject
to the same financial and electronic data submission requirements as a
school district, including the uniform system of financial records as
prescribed in chapter 2, article 4 of this title, procurement rules as
prescribed in section 15-213 and audit requirements. The auditor general
shall conduct a comprehensive review and revision of the uniform system of
financial records to ensure that the provisions of the uniform system of
financial records that relate to charter schools are in accordance with
commonly accepted accounting principles used by private business. A
school's charter may include exceptions to the requirements of this
paragraph that are necessary as determined by the university, the
community college district, the group of community college districts, the
state board of education or the state board for charter schools. The
department of education or the office of the auditor general may conduct
financial, program or compliance audits.

7. Ensure compliance with all federal and state laws relating to
the education of children with disabilities in the same manner as a school
district.

8. Ensure that it provides for a governing body for the charter
school that is responsible for the policy decisions of the charter school.
Notwithstanding section 1-216, if there is a vacancy or vacancies on the
governing body, a majority of the remaining members of the governing body
constitute a quorum for the transaction of business, unless that quorum is
prohibited by the charter school's operating agreement.

9. Ensure that it provides a minimum of one hundred eighty
instructional days before June 30 of each fiscal year unless it is
operating on an alternative calendar approved by its sponsor. The
superintendent of public instruction shall adjust the apportionment
schedule accordingly to accommodate a charter school utilizing an
alternative calendar.

F. A charter school shall keep in the personnel file of all current
employees who provide instruction to pupils at the charter school
information about the employee's educational and teaching background and
experience in a particular academic content subject area. A charter
school shall inform parents and guardians of the availability of the
information and shall make the information available for inspection on
request of parents and guardians of pupils enrolled at the charter school.
This subsection does not require any charter school to release personally
identifiable information in relation to any teacher or employee, including
the teacher's or employee's address, salary, social security number or
telephone number.

G. The charter of a charter school may be amended at the request of
the governing body of the charter school and on the approval of the
sponsor.

H. Charter schools may contract, sue and be sued.

I. The charter is effective for fifteen years from the first day of
the fiscal year as specified in the charter, subject to the following:
1. At least eighteen months before the expiration of the charter,
the sponsor shall notify the charter school that the charter school may
apply for renewal and shall make the renewal application available to the
charter school. A charter school that elects to apply for renewal shall
file a complete renewal application at least fifteen months before the
expiration of the charter. A sponsor shall give written notice of its
intent not to renew the charter school's request for renewal to the
charter school at least twelve months before the expiration of the
charter. The sponsor shall make data used in making renewal decisions
available to the school and the public and shall provide a public report
summarizing the evidence basis for each decision. The sponsor may deny
the request for renewal if, in its judgment, the charter holder has failed
to do any of the following:
   (a) Meet or make sufficient progress toward the academic
       performance expectations set forth in the performance framework.
   (b) Meet the operational performance expectations set forth in the
       performance framework or any improvement plans.
   (c) MEET THE FINANCIAL PERFORMANCE EXPECTATIONS SET FORTH IN THE
       PERFORMANCE FRAMEWORK OR ANY IMPROVEMENT PLANS.
   (d) Complete the obligations of the contract.
   (e) Comply with this article or any provision of law from
       which the charter school is not exempt.

2. A charter operator may apply for early renewal. At least nine
months before the charter school's intended renewal consideration, the
operator of the charter school shall submit a letter of intent to the
sponsor to apply for early renewal. The sponsor shall review fiscal
audits and academic performance data for the charter school that are
annually collected by the sponsor, review the current contract between the
sponsor and the charter school and provide the qualifying charter school
with a renewal application. On submission of a complete application, the
sponsor shall give written notice of its consideration of the renewal
application. The sponsor may deny the request for early renewal if, in
the sponsor's judgment, the charter holder has failed to do any of the
following:
   (a) Meet or make sufficient progress toward the academic
       performance expectations set forth in the performance framework.
(b) Meet the operational performance expectations set forth in the performance framework or any improvement plans.

(c) MEET THE FINANCIAL PERFORMANCE EXPECTATIONS SET FORTH IN THE PERFORMANCE FRAMEWORK OR ANY IMPROVEMENT PLANS.

(d) Complete the obligations of the contract.

(e) Comply with this article or any provision of law from which the charter school is not exempt.

3. A sponsor shall review a charter at five-year intervals using a performance framework adopted by the sponsor and may revoke a charter at any time if the charter school breaches one or more provisions of its charter or if the sponsor determines that the charter holder has failed to do any of the following:

(a) Meet or make sufficient progress toward the academic performance expectations set forth in the performance framework.

(b) Meet the operational performance expectations set forth in the performance framework or any improvement plans.

(c) MEET THE FINANCIAL PERFORMANCE EXPECTATIONS SET FORTH IN THE PERFORMANCE FRAMEWORK OR ANY IMPROVEMENT PLANS.

(d) Comply with this article or any provision of law from which the charter school is not exempt.

4. In determining whether to renew or revoke a charter holder, the sponsor must consider making sufficient progress toward the academic performance expectations set forth in the sponsor’s performance framework as one of the most important factors.

5. At least sixty days before the effective date of the proposed revocation, the sponsor shall give written notice to the operator of the charter school of its intent to revoke the charter. Notice of the sponsor's intent to revoke the charter shall be delivered personally to the operator of the charter school or sent by certified mail, return receipt requested, to the address of the charter school. The notice shall incorporate a statement of reasons for the proposed revocation of the charter. The sponsor shall allow the charter school at least sixty days to correct the problems associated with the reasons for the proposed revocation of the charter. The final determination of whether to revoke the charter shall be made at a public hearing called for such purpose.

J. The charter may be renewed for successive periods of twenty years.

K. A charter school that is sponsored by the state board of education, the state board for charter schools, a university, a community college district or a group of community college districts may not be located on the property of a school district unless the district governing board grants this authority.

L. A governing board or a school district employee who has control over personnel actions shall not take unlawful reprisal against another employee of the school district because the employee is directly or
indirectly involved in an application to establish a charter school. A governing board or a school district employee shall not take unlawful reprisal against an educational program of the school or the school district because an application to establish a charter school proposes the conversion of all or a portion of the educational program to a charter school. For the purposes of this subsection, "unlawful reprisal" means an action that is taken by a governing board or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to another employee or an education program and:

1. With respect to a school district employee, results in one or more of the following:
   (a) Disciplinary or corrective action.
   (b) Detail, transfer or reassignment.
   (c) Suspension, demotion or dismissal.
   (d) An unfavorable performance evaluation.
   (e) A reduction in pay, benefits or awards.
   (f) Elimination of the employee's position without a reduction in force by reason of lack of monies or work.
   (g) Other significant changes in duties or responsibilities that are inconsistent with the employee's salary or employment classification.

2. With respect to an educational program, results in one or more of the following:
   (a) Suspension or termination of the program.
   (b) Transfer or reassignment of the program to a less favorable department.
   (c) Relocation of the program to a less favorable site within the school or school district.
   (d) Significant reduction or termination of funding for the program.

M. Charter schools shall secure insurance for liability and property loss. The governing body of a charter school that is sponsored by the state board of education or the state board for charter schools may enter into an intergovernmental agreement or otherwise contract to participate in an insurance program offered by a risk retention pool established pursuant to section 11-952.01 or 41-621.01 or the charter school may secure its own insurance coverage. The pool may charge the requesting charter school reasonable fees for any services it performs in connection with the insurance program.

N. Charter schools do not have the authority to acquire property by eminent domain.

O. A sponsor, including members, officers and employees of the sponsor, is immune from personal liability for all acts done and actions taken in good faith within the scope of its authority.
P. Charter school sponsors and this state are not liable for the debts or financial obligations of a charter school or persons who operate charter schools.

Q. The sponsor of a charter school shall establish procedures to conduct administrative hearings on determination by the sponsor that grounds exist to revoke a charter. Procedures for administrative hearings shall be similar to procedures prescribed for adjudicative proceedings in title 41, chapter 6, article 10. Except as provided in section 41-1092.08, subsection H, final decisions of the state board of education and the state board for charter schools from hearings conducted pursuant to this subsection are subject to judicial review pursuant to title 12, chapter 7, article 6.

R. The sponsoring entity of a charter school shall have oversight and administrative responsibility for the charter schools that it sponsors. In implementing its oversight and administrative responsibilities, the sponsor shall ground its actions in evidence of the charter holder's performance in accordance with the performance framework adopted by the sponsor. The performance framework shall be publicly available, shall be placed on the sponsoring entity's website and shall include:

1. The academic performance expectations of the charter school and the measurement of sufficient progress toward the academic performance expectations.

2. The operational expectations of the charter school, including adherence to all applicable laws and obligations of the charter contract.

3. THE FINANCIAL EXPECTATIONS OF THE CHARTER SCHOOL.

4. Intervention and improvement policies.

S. Charter schools may pledge, assign or encumber their assets to be used as collateral for loans or extensions of credit.

T. All property accumulated by a charter school shall remain the property of the charter school.

U. Charter schools may not locate a school on property that is less than one-fourth mile from agricultural land regulated pursuant to section 3-365, except that the owner of the agricultural land may agree to comply with the buffer zone requirements of section 3-365. If the owner agrees in writing to comply with the buffer zone requirements and records the agreement in the office of the county recorder as a restrictive covenant running with the title to the land, the charter school may locate a school within the affected buffer zone. The agreement may include any stipulations regarding the charter school, including conditions for future expansion of the school and changes in the operational status of the school that will result in a breach of the agreement.

V. A transfer of a charter to another sponsor, a transfer of a charter school site to another sponsor or a transfer of a charter school site to a different charter shall be completed before the beginning of the
fiscal year that the transfer is scheduled to become effective. An entity
that sponsors charter schools may accept a transferring school after the
beginning of the fiscal year if the transfer is approved by the
superintendent of public instruction. The superintendent of public
instruction shall have the discretion to consider each transfer during the
fiscal year on a case-by-case basis. A charter holder seeking to transfer
sponsors shall comply with the current charter terms regarding assignment
of the charter. A charter holder transferring sponsors shall notify the
current sponsor that the transfer has been approved by the new sponsor.

W. Notwithstanding subsection V of this section, a charter holder
on an improvement plan must notify parents or guardians of registered
students of the intent to transfer the charter and the timing of the
proposed transfer. On the approved transfer, the new sponsor shall
enforce the improvement plan but may modify the plan based on performance.

X. Notwithstanding subsection Y of this section, the state board
for charter schools shall charge a processing fee to any charter school
that amends its contract to participate in Arizona online instruction
pursuant to section 15-808. The charter Arizona online instruction
processing fund is established consisting of fees collected and
administered by the state board for charter schools. The state board for
charter schools shall use monies in the fund only for the processing of
contract amendments for charter schools participating in Arizona online
instruction. Monies in the fund are continuously appropriated.

Y. The sponsoring entity may not charge any fees to a charter
school that it sponsors unless the sponsor has provided services to the
charter school and the fees represent the full value of those services
provided by the sponsor. On request, the value of the services provided
by the sponsor to the charter school shall be demonstrated to the
department of education.

Z. Charter schools may enter into an intergovernmental agreement
with a presiding judge of the juvenile court to implement a law-related
education program as defined in section 15-154. The presiding judge of
the juvenile court may assign juvenile probation officers to participate
in a law-related education program in any charter school in the
county. The cost of juvenile probation officers who participate in the
program implemented pursuant to this subsection shall be funded by the
charter school.

AA. The sponsor of a charter school shall modify previously
approved curriculum requirements for a charter school that wishes to
participate in the board examination system prescribed in chapter 7,
article 6 of this title.

BB. If a charter school decides not to participate in the board
examination system prescribed in chapter 7, article 6 of this title,
pupils enrolled at that charter school may earn a Grand Canyon diploma by
obtaining a passing score on the same board examinations.
CC. Notwithstanding subsection Y of this section, a sponsor of charter schools may charge a new charter application processing fee to any applicant. The application fee shall fully cover the cost of application review and any needed technical assistance. Authorizers may approve policies that allow a portion of the fee to be returned to the applicant whose charter is approved.

DD. A charter school may choose to provide a preschool program for children with disabilities pursuant to section 15-771.

EE. Pursuant to the prescribed graduation requirements adopted by the state board of education, the governing body of a charter school operating a high school may approve a rigorous computer science course that would fulfill a mathematics course required for graduation from high school. The governing body may approve a rigorous computer science course only if the rigorous computer science course includes significant mathematics content and the governing body determines the high school where the rigorous computer science course is offered has sufficient capacity, infrastructure and qualified staff, including competent teachers of computer science.

FF. A charter school may permit the use of school property, including school buildings, grounds, buses and equipment, by any person, group or organization for any lawful purpose, including a recreational, educational, political, economic, artistic, moral, scientific, social, religious or other civic or governmental purpose. The charter school may charge a reasonable fee for the use of the school property.

GG. A charter school and its employees, including the governing body, or chief administrative officer, are immune from civil liability with respect to all decisions made and actions taken to allow the use of school property, unless the charter school or its employees are guilty of gross negligence or intentional misconduct. This subsection does not limit any other immunity provisions that are prescribed by law.

HH. Sponsors authorized pursuant to this section shall submit an annual report to the auditor general on or before October 1. The report shall include:

1. The current number of charters authorized and the number of schools operated by authorized charter holders.
2. The academic, and operational AND FINANCIAL performance of the sponsor's charter portfolio as measured by the sponsor's adopted performance framework.

annual report be submitted electronically. The auditor general shall review the submitted annual reports to ensure that the reports include the required items in subsection HH of this section and shall make the annual reports available on request. If the auditor general finds significant noncompliance or if a sponsor fails to submit the annual report required by subsection HH of this section, on or before December 31 of each year the auditor general shall report to the governor, the president of the senate, the speaker of the house of representatives and the chairs of the senate and house education committees or their successor committees, and the legislature shall consider revoking the sponsor's authority to sponsor charter schools.

   (a) Section 15-941 does not apply to these charter schools.
   (b) The small school weights prescribed in section 15-943, paragraph 1 apply if a charter holder, as defined in section 15-101, holds one charter for one or more school sites and the average daily membership for the school sites are combined for the calculation of the small school weight. The small school weight shall not be applied individually to a charter holder if one or more of the following conditions exist and the combined average daily membership derived from the following conditions is greater than six hundred:
      (i) The organizational structure or management agreement of the charter holder requires the charter holder or charter school to contract with a specific management company.

2. Notwithstanding paragraph 1 of this subsection, the student count shall be determined initially using an estimated student count based on actual registration of pupils before the beginning of the school year. Notwithstanding section 15-1042, subsection F, student level data submitted to the department may be used to determine estimated student counts. After the first forty days, one hundred days or two hundred days in session, as applicable, the charter school shall revise the student count to be equal to the actual average daily membership, as defined in section 15-901, of the charter school. Before the fortieth day, one hundredth day or two hundredth day in session, as applicable, the state board of education, the state board for charter schools, the sponsoring university, the sponsoring community college district or the sponsoring group of community college districts may require a charter school to report periodically regarding pupil enrollment and attendance, and the department of education may revise its computation of equalization assistance based on the report. 7. Not later than noon on the day preceding each apportionment date established by paragraph 5 of this subsection, the superintendent of public instruction shall furnish to the state treasurer an abstract of the
apportionment and shall certify the apportionment to the department of
administration, which shall draw its warrant in favor of the charter
schools for the amount apportioned.

C. If a pupil is enrolled in both a charter school and a public
school that is not a charter school, the sum of the daily membership,
which includes enrollment as prescribed in section 15-901, subsection A,
paragraph 1, subdivisions (a) and (b) and daily attendance as prescribed
in section 15-901, subsection A, paragraph 5, for that pupil in the school
district and the charter school shall not exceed 1.0. If a pupil is
enrolled in both a charter school and a public school that is not a
charter school, the department of education shall direct the average daily
membership to the school with the most recent enrollment date. On
validation of actual enrollment in both a charter school and a public
school that is not a charter school and if the sum of the daily membership
or daily attendance for that pupil is greater than 1.0, the sum shall be
reduced to 1.0 and shall be apportioned between the public school and the
charter school based on the percentage of total time that the pupil is
enrolled or in attendance in the public school and the charter school.
The uniform system of financial records shall include guidelines for the
apportionment of the pupil enrollment and attendance as provided in this
section.

D. Charter schools are allowed to accept grants and gifts to
supplement their state funding, but it is not the intent of the charter
school law to require taxpayers to pay twice to educate the same pupils.
The base support level for a charter school or for a school district
sponsoring a charter school shall be reduced by an amount equal to the
total amount of monies received by a charter school from a federal or
state agency if the federal or state monies are intended for the basic
maintenance and operations of the school. The superintendent of public
instruction shall estimate the amount of the reduction for the budget year
and shall revise the reduction to reflect the actual amount before May 15
of the current year. If the reduction results in a negative amount, the
negative amount shall be used in computing all budget limits and
equalization assistance, except that:

1. Equalization assistance shall not be less than zero.

2. For a charter school sponsored by the state board of education,
   the state board for charter schools, a university, a community college
district or a group of community college districts, the total of the base
   support level and the charter additional assistance shall not be less than
   zero.

E. If a charter school was a district public school in the prior
year and sponsored by the state board of education, the state board for
charter schools, a university, a community college district or a group of
community college districts, the reduction in subsection D of this section
applies. The reduction to the base support level of the charter school
shall equal the sum of the base support level and the charter additional assistance received in the current year for those pupils who were enrolled in the traditional public school in the prior year and are now enrolled in the charter school in the current year.

F. Equalization assistance for charter schools shall be provided as a single amount based on average daily membership without categorical distinctions between maintenance and operations or capital.

G. At the request of a charter school, the county school superintendent of the county where the charter school is located may provide the same educational services to the charter school as prescribed in section 15-308, subsection A. The county school superintendent may charge a fee to recover costs for providing educational services to charter schools.

H. If the sponsor of the charter school determines at a public meeting that the charter school is not in compliance with federal law, with the laws of this state or with its charter, the sponsor of a charter school may submit a request to the department of education to withhold up to ten percent of the monthly apportionment of state aid that would otherwise be due the charter school. The department of education shall adjust the charter school's apportionment accordingly. The sponsor shall provide written notice to the charter school at least seventy-two hours before the meeting and shall allow the charter school to respond to the allegations of noncompliance at the meeting before the sponsor makes a final determination to notify the department of education of noncompliance. The charter school shall submit a corrective action plan to the sponsor on a date specified by the sponsor at the meeting. The corrective action plan shall be designed to correct deficiencies at the charter school and to ensure that the charter school promptly returns to compliance. When the sponsor determines that the charter school is in compliance, the department of education shall restore the full amount of state aid payments to the charter school.

I. In addition to the withholding of state aid payments pursuant to subsection H of this section, the sponsor of a charter school may impose a civil penalty of one thousand dollars per occurrence if a charter school fails to comply with the fingerprinting requirements prescribed in section 15-183, subsection C or section 15-512. The sponsor of a charter school shall not impose a civil penalty if it is the first time that a charter school is out of compliance with the fingerprinting requirements and if the charter school provides proof within forty-eight hours of written notification that an application for the appropriate fingerprint check has been received by the department of public safety. The sponsor of the charter school shall obtain proof that the charter school has been notified, and the notification shall identify the date of the deadline and shall be signed by both parties. The sponsor of a charter school shall automatically impose a civil penalty of one thousand dollars per
occurrence if the sponsor determines that the charter school subsequently
violates the fingerprinting requirements. Civil penalties pursuant to
this subsection shall be assessed by requesting the department of
education to reduce the amount of state aid that the charter school would
otherwise receive by an amount equal to the civil penalty. The amount of
state aid withheld shall revert to the state general fund at the end of
the fiscal year.

J. A charter school may receive and spend monies distributed by the
department of education pursuant to section 42-5029, subsection E, section
42-5029.02, subsection A and section 37-521, subsection B.

K. If a school district transports or contracts to transport pupils
to the Arizona state schools for the deaf and the blind during any fiscal
year, the school district may transport or contract with a charter school
to transport sensory impaired pupils during that same fiscal year to a
charter school if requested by the parent of the pupil and if the distance
from the pupil's place of actual residence within the school district to
the charter school is less than the distance from the pupil's place of
actual residence within the school district to the campus of the Arizona
state schools for the deaf and the blind.

L. Notwithstanding any other law, a university under the
jurisdiction of the Arizona board of regents, a community college district
or a group of community college districts shall not include any student in
the student count of the university, community college district or group
of community college districts for state funding purposes if that student
is enrolled in and attending a charter school sponsored by the university,
community college district or group of community college districts.

M. The governing body of a charter school shall transmit a copy of
its proposed budget or the summary of the proposed budget and a notice of
the public hearing to the department of education for posting on the
department of education’s website no later than ten days before the
hearing and meeting. If the charter school maintains a website, the
charter school governing body shall post on its website a copy of its
proposed budget or the summary of the proposed budget and a notice of the
public hearing.

N. The governing body of a charter school shall collaborate with
the private organization that is approved by the state board of education
pursuant to section 15-792.02 to provide approved board examination
systems for the charter school.

O. If permitted by federal law, a charter school may opt out of
federal grant opportunities if the charter holder or the appropriate
governing body of the charter school determines that the federal
requirements impose unduly burdensome reporting requirements.

P. For the purposes of this section, "monies intended for the basic
maintenance and operations of the school" means monies intended to provide
support for the educational program of the school, except that it does not
include supplemental assistance for a specific purpose or title VIII of the elementary and secondary education act of 1965 monies. The auditor general shall determine which federal or state monies meet this definition.

Sec. 3. Title 15, chapter 1, article 8, Arizona Revised Statutes, is amended by adding section 15-189.05, to read:

15-189.05. Charter school budgets; posting of teacher salary information; annual report

A. The budget for each charter school shall contain the following information:

1. The average salary of all teachers employed by the charter school for the current year.
2. The average salary of all teachers employed by the charter school for the previous year.
3. The dollar increase in the average salary of all teachers employed by the charter school for the current year.
4. The percentage increase in the average salary of all teachers employed by the charter school for the current year.

B. Each charter school shall prominently post the information required by subsection A of this section on its website home page separately from its budget.

C. On or before November 30 of each year, the department of education shall electronically submit to the joint legislative budget committee and the governor's office of strategic planning and budgeting a report that compiles the information required by subsection A of this section for all charter schools statewide.

Sec. 4. Section 15-213, Arizona Revised Statutes, is amended to read:

15-213. Procurement practices of school districts and charter schools; violations; classification; definitions

A. The state board of education shall adopt rules prescribing procurement practices for all school districts in this state as follows:

1. The state board shall submit to the auditor general proposed rules consistent with the procurement practices prescribed in title 41, chapter 23, modifying the provisions for public notice of invitation for bids, requests for proposals and requests for qualifications to allow a governing board to give public notice of the invitation for bids, requests for proposals and requests for qualifications by publication in the official newspaper of the county as defined prescribed in section 11-255, modifying the provisions relating to disposal of materials to comply with section 15-342, paragraph 18, providing for governing board delegation of procurement authority and modifying as necessary other provisions that the state board determines are not appropriate for school districts. The rules shall include provisions specifying that school districts are not required to engage in competitive bidding in order to make the decision to
participate in programs pursuant to section 15-382 and that a program
authorized by section 15-382 is not required to engage in competitive
bidding for the services necessary to administer the program or for
purchase of insurance or reinsurance. The rules shall include provisions
 specifying that school districts are not required to engage in competitive
bidding in order to place a pupil in a private school that provides
special education services if such placement is prescribed in the pupil's
individualized education program and the private school has been approved
by the department of education division of special education pursuant to
section 15-765, subsection D. This placement is not subject to rules
adopted by the state board of education before November 24, 2009 pursuant
to this section. The rules for procurement of construction projects shall
include provisions specifying that surety bonds furnished as bid security
and performance and payment bonds shall be executed and furnished as
required by title 34, chapter 2 or 6, as applicable. The rules shall
specify the total cost of a procurement that is subject to invitations for
bids, requests for proposals and requests for clarification, using the
aggregate dollar amount limits for procurements prescribed in section
41-2535.

2. The state board of education shall adopt rules for procurements
involving construction not exceeding one hundred fifty thousand dollars,
which shall be known as the simplified school construction procurement
program. At a minimum, the rules for a simplified construction
procurement program shall require that:

(a) A list be maintained by each county school superintendent of
persons who desire to receive solicitations to bid on construction
projects to which additions shall be permitted throughout the year.
(b) The list of persons be available for public inspection.
(c) A performance bond and a payment bond as required by this
section be provided for contracts for construction by contractors.
(d) All bids for construction be opened at a public opening and the
bids shall remain confidential until the public opening.
(e) All persons desiring to submit bids be treated equitably and
the information related to each project be available to all eligible
persons.
(f) Competition for construction projects under the simplified
school construction procurement program be encouraged to the maximum
extent possible. At a minimum, a school district shall submit information
on each project to all persons listed with the county school
superintendent by any school district within that county.
(g) A provision, covenant, clause or understanding in, collateral
to or affecting a construction contract that makes the contract subject to
the laws of another state or that requires any litigation, arbitration or
other dispute resolution proceeding arising from the contract to be
conducted in another state is against this state's public policy and is void and unenforceable.

3. The state board of education shall adopt rules for the procurement of goods and information services by school districts and charter schools using electronic, online bidding. The rules adopted by the state board shall include the use of reverse auctions and shall be consistent with the procurement practices prescribed in title 41, chapter 23, article 13, modifying as necessary those provisions and the rules adopted pursuant to that article that the state board determines are not appropriate for school districts and charter schools. Until the rules are adopted, school districts and charter schools may procure goods and information services pursuant to title 41, chapter 23, article 13 using the rules adopted by the department of administration in implementing that article.

4. THE STATE BOARD SHALL ADOPT RULES FOR THE PROCUREMENT BY SCHOOL DISTRICTS OF ANY MATERIALS, SERVICES, GOODS, CONSTRUCTION OR CONSTRUCTION SERVICES THAT ENSURE MAXIMUM PRACTICABLE COMPETITION AS PRESCRIBED IN SECTION 41-2565 AND SHALL REQUIRE THAT A PERSON:

(a) THAT CONTRACTS FOR OR PURCHASES ANY MATERIALS, SERVICES, GOODS, CONSTRUCTION OR CONSTRUCTION SERVICES IN A MANNER CONTRARY TO THE RULES ADOPTED BY THE STATE BOARD PURSUANT TO THIS SECTION IS PERSONALLY LIABLE FOR THE RECOVERY OF ALL PUBLIC MONIES PAID PLUS TWENTY PERCENT OF THAT AMOUNT AND LEGAL INTEREST FROM THE DATE OF PAYMENT AND ALL COSTS AND DAMAGES ARISING OUT OF THE VIOLATION AS PRESCRIBED IN SECTION 41-2616.

(b) THAT INTENTIONALLY OR KNOWINGLY CONTRACTS FOR OR PURCHASES ANY MATERIALS, SERVICES, GOODS, CONSTRUCTION OR CONSTRUCTION SERVICES PURSUANT TO A SCHEME OR ARTIFICE TO AVOID THE RULES ADOPTED BY THE STATE BOARD PURSUANT TO THIS SECTION IS GUILTY OF A CLASS 4 FELONY AS PRESCRIBED IN SECTION 41-2616.

(c) THAT PREPARES PROCUREMENT SPECIFICATIONS MAY NOT RECEIVE ANY DIRECT OR INDIRECT BENEFIT FROM USING THOSE SPECIFICATIONS.

(d) THAT SERVES ON A SELECTION COMMITTEE FOR A PROCUREMENT MAY NOT BE A CONTRACTOR OR SUBCONTRACTOR UNDER A CONTRACT AWARDED UNDER THE PROCUREMENT OR PROVIDE ANY SPECIFIED PROFESSIONAL SERVICES, CONSTRUCTION, CONSTRUCTION SERVICES, MATERIALS OR OTHER SERVICES UNDER THE CONTRACT. A PERSON THAT SERVES ON A SELECTION COMMITTEE FOR A PROCUREMENT AND THAT FAILS TO DISCLOSE CONTACT WITH A REPRESENTATIVE OF A COMPETING VENDOR OR FAILS TO PROVIDE REQUIRED ACCURATE INFORMATION IS SUBJECT TO A CIVIL PENALTY AS PRESCRIBED IN SECTION 41-2616.

5. THE STATE BOARD SHALL ADOPT RULES REQUIRING SCHOOL DISTRICTS TO OBTAIN AND MAINTAIN A RECORD OF PROOF THAT A CONSTRUCTION OR CONSTRUCTION SERVICES PROVIDER THAT HAS BEEN AWARDED A CONTRACT WITH THE SCHOOL DISTRICT, OR SCHOOL PURCHASING COOPERATIVE, HAS A VALID LICENSE TO PRACTICE IN THIS STATE.
6. The auditor general shall review the proposed rules to determine whether the rules are consistent with the procurement practices prescribed in title 41, chapter 23 and any modifications are required to adapt the procedures for school districts.

7. If the auditor general approves the proposed rules, the auditor general shall notify the state board in writing and the state board shall adopt such rules.

8. If the auditor general objects to the proposed rules, the auditor general shall notify the state board of the objections in writing and the state board, in adopting the rules, shall conform the proposed rules to meet the objections of the auditor general or revise the proposed rules to which an objection has been made and submit the revisions to the auditor general for approval.

B. After the bids submitted in response to an invitation for bids are opened and the award is made or after the proposals or qualifications are submitted in response to a request for proposals or a request for qualifications and the award is made, the governing board shall make available for public inspection all information, all bids, proposals and qualifications submitted and all findings and other information considered in determining whose bid conforms to the invitation for bids and will be the most advantageous with respect to price, conformity to the specifications and other factors or whose proposal or qualifications are to be selected for the award, INCLUDING THE RATIONALE FOR AWARDING A CONTRACT FOR ANY SPECIFIED PROFESSIONAL SERVICES, CONSTRUCTION, CONSTRUCTION SERVICES OR MATERIALS TO AN ENTITY SELECTED FROM A QUALIFIED SELECT BIDDERS LIST OR THROUGH A SCHOOL PURCHASING COOPERATIVE. The invitation for bids, request for proposals or request for qualifications shall include a notice that all information and bids, proposals and qualifications submitted will be made available for public inspection. The rules adopted by the state board shall prohibit the use in connection with procurement of specifications in any way proprietary to one supplier unless the specification includes all of the following:

1. A statement of the reasons why no other specification is practicable.

2. A description of the essential characteristics of the specified product.

3. A statement specifically permitting an acceptable alternative product to be supplied.

C. A project or purchase may NOT be divided or sequenced into separate projects or purchases in order to avoid the limits prescribed by the state board under subsection A of this section.

D. A contract for the procurement of construction or construction services shall include a provision that provides for negotiations between the school district and the contractor for the recovery of damages related to expenses incurred by the contractor for a delay for which the school
district is responsible, that is unreasonable under the circumstances and
that was not within the contemplation of the parties to the contract.
This subsection shall not be construed to void any provision in the
contract that requires notice of delays, provides for arbitration or any
other procedure for settlement or provides for liquidated damages.

E. The auditor general may conduct discretionary reviews,
investigations and audits of the financial and operational procurement
activities of school districts, nonexempt charter schools and school
purchasing cooperatives. The auditor general has final review and
approval authority over all school district, nonexempt charter school and
school purchasing cooperative audit contracts and any audit reports issued
in accordance with this section. IF THE ATTORNEY GENERAL HAS REASONABLE
CAUSE TO BELIEVE AN EMPLOYEE OF A SCHOOL DISTRICT OR SCHOOL PURCHASING
COORDINATE, OR AN EMPLOYEE OF AN ENTITY THAT HAS BEEN AWARDED A CONTRACT
BY A SCHOOL DISTRICT OR SCHOOL PURCHASING COOPERATIVE, HAS ENGAGED IN, IS
ENGAGING IN OR IS ABOUT TO ENGAGE IN ANY PRACTICE OR TRANSACTION THAT
VIOLATES THE RULES ADOPTED BY THE STATE BOARD OF EDUCATION PURSUANT TO
THIS SECTION, THE ATTORNEY GENERAL MAY:

1. REQUIRE THAT PERSON TO FILE ON FORMS PRESCRIBED BY THE ATTORNEY
GENERAL A STATEMENT OR REPORT IN WRITING AND UNDER OATH AS TO ALL THE
FACTS AND CIRCUMSTANCES CONCERNING A VIOLATION OF THE RULES ADOPTED BY THE
STATE BOARD PURSUANT TO THIS SECTION BY THAT PERSON AND ANY OTHER DATA AND
INFORMATION DEEMED NECESSARY BY THE ATTORNEY GENERAL.

2. EXAMINE UNDER OATH ANY PERSON IN CONNECTION WITH A VIOLATION OF
THE RULES ADOPTED BY THE STATE BOARD PURSUANT TO THIS SECTION.

F. In addition to the requirements of sections 15-914 and
15-914.01, school districts, nonexempt charter schools and school
purchasing cooperatives, in connection with any audit conducted by a
certified public accountant, shall contract for a systematic review of
purchasing practices using methodology consistent with sampling guidelines
established by the auditor general. The auditor general shall consider
cost when establishing guidelines pursuant to this subsection and to the
extent possible shall attempt to minimize the cost of the review. The
purpose of the review is to determine whether the school district,
nonexempt charter school or school purchasing cooperative is in compliance
with the procurement laws and applicable procurement rules of this state.
A copy of the review shall be submitted on completion to the auditor
general. The auditor general may conduct discretionary reviews of school
districts, nonexempt charter schools and school purchasing cooperatives
not required to contract for independent audits.

G. A SCHOOL DISTRICT SCHOOL EMPLOYEE WHO HAS CONTROL OVER PERSONNEL
ACTIONS MAY NOT TAKE REPRISAL AGAINST A SCHOOL DISTRICT SCHOOL EMPLOYEE
FOR THAT EMPLOYEE’S DISCLOSURE OF INFORMATION THAT IS A MATTER OF PUBLIC
CONCERN, INCLUDING A VIOLATION OF THIS SECTION, TO A PUBLIC BODY PURSUANT
TO TITLE 38, CHAPTER 3, ARTICLE 9.
G. H. The attorney general or county attorney has jurisdiction to enforce this section. The attorney general or county attorney may seek relief for any violation of this section through an appropriate civil or criminal action in superior court, including an action to enjoin a threatened or pending violation of this section and including an action to enforce compliance with any request for documents made by the auditor general pursuant to this section.

I. The department of education shall enact policies and procedures for the acceptance and disposition of complaints from the public regarding school procurement practices and shall forward all school procurement complaints to the attorney general. Notwithstanding rules adopted by the state board, school districts shall not be required to prepare or submit an annual report on the benefits associated with the use of construction-manager-at-risk, design-build, qualified select bidders list and job-order-contracting methods.

J. The state board of education shall adopt, and the auditor general shall review, rules authorizing school districts to procure construction services by construction-manager-at-risk, design-build, qualified select bidders list and job-order-contracting methods of project delivery. The rules shall not require school districts to obtain bid security for the construction-manager-at-risk method of project delivery.

K. A school district or charter school may evaluate United States general services administration contracts for materials and services. The governing board or governing body may authorize purchases under a current contract for materials or services without complying with the requirements of the procurement rules adopted by the state board of education if the governing board or governing body determines in writing that all of the following apply:

1. The price for materials or services is equal to or less than the contractor’s current federal supply contract price with the general services administration.

2. The contractor has indicated in writing that the contractor is willing to extend the current federal supply contract pricing, terms and conditions to the school district or charter school.

3. The purchase order adequately identifies the federal supply contract on which the order is based.

4. The purchase contract is cost effective and is in the best interests of the school district or charter school.

L. Unless otherwise provided by law, multiterm contracts for materials or services and contracts for job-order-contracting construction services may be entered into if the duration of the contract and the conditions of renewal or extension, if any, are included in the invitation for bids or the request for proposals and if monies are available for the first fiscal period at the time the contract is executed. The duration of contracts for materials or services and contracts for
job-order-contracting construction services shall be ARE limited to no more than five years unless the governing board determines in writing before the procurement solicitation is issued that a contract of longer duration would be advantageous to the school district. Payment and performance obligations for succeeding fiscal periods are subject to the availability and appropriation of monies.

M. Notwithstanding the rules adopted by the state board of education, the maximum dollar amount of an individual job order for job-order-contracting construction services shall be IS one million dollars or a higher or lower amount prescribed by the governing board in a policy adopted in a public meeting held pursuant to title 38, chapter 3, article 3.1. Requirements shall not be artificially divided or fragmented in order to constitute a job order that satisfies the requirements of this subsection.

N. A PERSON WHO SUPERVISES OR PARTICIPATES IN CONTRACTS, PURCHASES, PAYMENTS, CLAIMS OR OTHER FINANCIAL TRANSACTIONS, OR A PERSON WHO SUPERVISES OR PARTICIPATES IN THE PLANNING, RECOMMENDING, SELECTING OR CONTRACTING FOR MATERIALS, SERVICES, GOODS, CONSTRUCTION, OR CONSTRUCTION SERVICES OF A SCHOOL DISTRICT OR SCHOOL PURCHASING COOPERATIVE IS GUILTY OF A CLASS 6 FELONY IF THE PERSON SOLICITS, ACCEPTS OR AGREES TO ACCEPT ANY PERSONAL GIFT OR BENEFIT WITH A VALUE OF THREE HUNDRED DOLLARS OR MORE FROM A PERSON OR VENDOR THAT HAS SECURED OR HAS TAKEN STEPS TO SECURE A CONTRACT, PURCHASE, PAYMENT, CLAIM OR FINANCIAL TRANSACTION WITH THE SCHOOL DISTRICT OR SCHOOL PURCHASING COOPERATIVE. SOLICITING, ACCEPTING OR AGREEING TO ACCEPT ANY PERSONAL GIFT OR BENEFIT WITH A VALUE OF LESS THAN THREE HUNDRED DOLLARS IS A CLASS 1 MISDEMEANOR. A GIFT OR BENEFIT DOES NOT INCLUDE AN ITEM OF NOMINAL VALUE SUCH AS A GREETING CARD, T-SHIRT, MUG OR PEN.

O. ANY PERSON OR VENDOR THAT HAS SECURED OR HAS TAKEN STEPS TO SECURE A CONTRACT, PURCHASE, PAYMENT, CLAIM OR FINANCIAL TRANSACTION WITH A SCHOOL DISTRICT OR SCHOOL PURCHASING COOPERATIVE THAT OFFERS, CONFERS OR AGREES TO CONFER ANY PERSONAL GIFT OR BENEFIT WITH A VALUE OF THREE HUNDRED DOLLARS OR MORE ON A PERSON WHO SUPERVISES OR PARTICIPATES IN CONTRACTS, PURCHASES, PAYMENTS, CLAIMS OR OTHER FINANCIAL TRANSACTIONS, OR ON A PERSON WHO SUPERVISES OR PARTICIPATES IN PLANNING, RECOMMENDING, SELECTING OR CONTRACTING FOR MATERIALS, SERVICES, GOODS, CONSTRUCTION OR CONSTRUCTION SERVICES OF A SCHOOL DISTRICT OR SCHOOL PURCHASING COOPERATIVE, IS GUILTY OF A CLASS 6 FELONY. OFFERING, CONFERRING OR AGREEING TO CONFER ANY PERSONAL GIFT OR BENEFIT WITH A VALUE OF LESS THAN THREE HUNDRED DOLLARS IS A CLASS 1 MISDEMEANOR. A GIFT OR BENEFIT DOES NOT INCLUDE AN ITEM OF NOMINAL VALUE SUCH AS A GREETING CARD, T-SHIRT, MUG OR PEN.

P. ANY PERSON OR VENDOR CONVICTED UNDER SUBSECTION O OF THIS SECTION MAY BE SUSPENDED FOR UP TO SIX MONTHS OR BARRED FOR UP TO THREE YEARS BY THE DIRECTOR OF THE DEPARTMENT OF ADMINISTRATION FROM DOING
BUSINESS WITH SCHOOL DISTRICTS AND SCHOOL PURCHASING COOPERATIVES. THE DIRECTOR OF THE DEPARTMENT OF ADMINISTRATION SHALL ADOPT RULES, INCLUDING ADMINISTRATIVE PROCEDURES, TO SUSPEND OR BAR ANY PERSON FROM CONSIDERATION FOR AWARD OF CONTRACTS PURSUANT TO THIS SECTION.

Q. A SCHOOL DISTRICT MAY NOT HIRE THE SAME AUDITOR OR AUDITING FIRM FOR MORE THAN THREE CONSECUTIVE YEARS.

R. AN AUDITOR OR AUDITING FIRM HIRED BY A SCHOOL DISTRICT MAY NOT ALSO RECEIVE CONSULTING FEES FROM THAT SCHOOL DISTRICT.

M. S. For the purposes of this section:

15-249.06. College credit by examination incentive program; incentive bonuses; report; program termination

A. The college credit by examination incentive program is established within the department of education to provide an incentive bonus to teachers, school districts and charter schools for students who obtain a passing score on a qualifying examination for college credit while in high school.

B. The Arizona board of regents shall maintain a list of qualifying examinations that a high school student may take in order to receive college credit in mathematics, English language arts, SOCIAL STUDIES or

A student who receives a passing score on a qualifying examination and who is enrolled in a school where less than fifty percent of the students are eligible for free or reduced price lunches shall generate for the school district or charter school a bonus of three hundred dollars per passing score on a qualifying examination. D. 42 of the school. This paragraph does not limit or preclude the reporting by
43 a school district or an employee of a school district of suspected crimes
44 other than those required to be reported by this paragraph. For the

medication. The policies shall require a pupil who uses an epinephrine
auto-injector while at school and at school-sponsored activities to notify
the nurse or the designated school staff person of the use of the

included for the superintendent in the contract is classified as  
performance pay. This paragraph shall not be construed to require  
school districts to increase total compensation for superintendents.  
Unless the school district governing board votes to implement an  
alternative procedure at a public meeting called for this purpose, the  
performance pay portion of the superintendent's total annual compensation  
shall be determined as follows:  
(a) Twenty-five percent of the performance pay shall be determined  
based on the percentage of academic gain determined by the department of  
education of pupils who are enrolled in the school district compared to  
the academic gain achieved by the highest ranking of the fifty largest  
school districts in this state. For the purposes of this subdivision, the  
department of education shall determine academic gain by the academic  
growth achieved by each pupil who has been enrolled at the same school in  
a school district for at least five consecutive months measured against  
that pupil's academic results in the 2008-2009 school year. For the

this state, the school district with pupils who demonstrate the highest  
statewide percentage of overall academic gain measured against academic  
results for the 2008-2009 school year shall be assigned a score of 100 and

percentage of overall academic gain measured against academic results for  
the 2008-2009 school year shall be assigned a score of 0.  
(b) Twenty-five percent of the performance pay shall be determined  
by the percentage of parents of pupils who are enrolled at the school  
district who assign a letter grade of "A" to the school on a survey of  
parental satisfaction with the school district. The parental satisfaction  
survey shall be administered and scored by an independent entity that is  
selected by the governing board and that demonstrates sufficient expertise and experience to accurately measure the results of the survey. The  
parental satisfaction survey shall use standard random sampling procedures  
and provide anonymity and confidentiality to each parent who participates in the survey. The letter grade scale used on the parental satisfaction survey shall direct parents to assign one of the following letter grades:  
(i) A letter grade of "A" if the school district is excellent.  
(ii) A letter grade of "B" if the school district is above average.  
(iii) A letter grade of "C" if the school district is average.  
(iv) A letter grade of "D" if the school district is below average.  
(v) A letter grade of "F" if the school district is a failure.  
(c) Twenty-five percent of the performance pay shall be determined  
by the percentage of teachers who are employed at the school district and  
who assign a letter grade of "A" to the school on a survey of teacher  
satisfaction with the school. The teacher satisfaction survey shall be  
delivered and scored by an independent entity that is selected by the  
governing board and that demonstrates sufficient expertise and experience.
to accurately measure the results of the survey. The teacher satisfaction survey shall use standard random sampling procedures and provide anonymity and confidentiality to each teacher who participates in the survey. The letter grade scale used on the teacher satisfaction survey shall direct teachers to assign one of the following letter grades:

(i) A letter grade of "A" if the school district is excellent.
(ii) A letter grade of "B" if the school district is above average.
(iii) A letter grade of "C" if the school district is average.
(iv) A letter grade of "D" if the school district is below average.
(v) A letter grade of "F" if the school district is a failure.

(d) Twenty-five percent of the performance pay shall be determined by other criteria selected by the governing board.

Notwithstanding section 39-101, the standards adopted by the Arizona state library, archives and public records for the maintenance and storage of school district public records shall allow school districts to elect to satisfy the requirements of this paragraph by maintaining and storing these records either on paper or in an electronic format, or a combination of a paper and electronic format.

41. Adopt in a public meeting and implement by school year 2013-2014 policies for principal evaluations. Before the adoption of principal evaluation policies, the school district governing board shall provide opportunities for public discussion on the proposed policies. The policies shall describe:

(a) The principal evaluation instrument, including the four performance classifications adopted by the governing board pursuant to section 15-203, subsection A, paragraph 38.
(b) Alignment of professional development opportunities to the principal evaluations.
(c) Incentives for principals in one of the two highest performance classifications pursuant to section 15-203, subsection A, paragraph 38, which may include:
   (i) Multiyear contracts pursuant to section 15-503.

   (d) Transfer and contract processes for principals designated in the lowest performance classification pursuant to section 15-203, subsection A, paragraph 38.

42. Prescribe and enforce policies and procedures that define the duties of principals and teachers. These policies and procedures shall authorize teachers to take and maintain daily classroom attendance, make the decision to promote or retain a pupil in a grade in common school or to pass or fail a pupil in a course in high school, subject to review by the governing board in the manner provided in section 15-342, paragraph 11.
43. Prescribe and enforce policies and procedures for the emergency administration by an employee of a school district pursuant to section 36-2267 of naloxone hydrochloride or any other opioid antagonist approved by the United States food and drug administration.

B. Notwithstanding subsection A, paragraphs 7, 9 and 11 of this section, the county school superintendent may construct, improve and furnish school buildings or purchase or sell school sites in the conduct of an accommodation school.

C. If any school district acquires real or personal property, whether by purchase, exchange, condemnation, gift or otherwise, the governing board shall pay to the county treasurer any taxes on the property that were unpaid as of the date of acquisition, including penalties and interest. The lien for unpaid delinquent taxes, penalties and interest on property acquired by a school district:
   1. Is not abated, extinguished, discharged or merged in the title to the property.
   2. Is enforceable in the same manner as other delinquent tax liens.

D. The governing board may not locate a school on property that is less than one-fourth mile from agricultural land regulated pursuant to section 3-365, except that the owner of the agricultural land may agree to comply with the buffer zone requirements of section 3-365. If the owner agrees in writing to comply with the buffer zone requirements and records the agreement in the office of the county recorder as a restrictive covenant running with the title to the land, the school district may locate a school within the affected buffer zone. The agreement may include any stipulations regarding the school, including conditions for future expansion of the school and changes in the operational status of the school that will result in a breach of the agreement.

E. A school district, its governing board members, its school council members and its employees are immune from civil liability for the consequences of adoption and implementation of policies and procedures pursuant to subsection A of this section and section 15-342. This waiver does not apply if the school district, its governing board members, its school council members or its employees are guilty of gross negligence or intentional misconduct.

F. A governing board may delegate in writing to a superintendent, principal or head teacher the authority to prescribe procedures that are consistent with the governing board's policies.

G. Notwithstanding any other provision of this title, a school district governing board shall not take any action that would result in a reduction of pupil square footage unless the governing board notifies the school facilities board established by section 15-2001 of the proposed action and receives written approval from the school facilities board to take the action. A reduction includes an increase in administrative space that results in a reduction of pupil square footage or sale of school
sites or buildings, or both. A reduction includes a reconfiguration of
grades that results in a reduction of pupil square footage of any grade
level. This subsection does not apply to temporary reconfiguration of
grades to accommodate new school construction if the temporary
reconfiguration does not exceed one year. The sale of equipment that
results in a reduction that falls below the equipment requirements
prescribed in section 15-2011, subsection B is subject to commensurate
withholding of school district district additional assistance monies
pursuant to the direction of the school facilities board. Except as
provided in section 15-342, paragraph 10, proceeds from the sale of school
sites, buildings or other equipment shall be deposited in the school plant
fund as provided in section 15-1102.

H. Subsections C through G of this section apply to a county board
of supervisors and a county school superintendent when operating and
administering an accommodation school.

I. A SCHOOL DISTRICT GOVERNING BOARD MAY DELEGATE AUTHORITY IN
WRITING TO THE SUPERINTENDENT OF THE SCHOOL DISTRICT TO SUBMIT PLANS FOR
NEW SCHOOL FACILITIES TO THE SCHOOL FACILITIES BOARD FOR THE PURPOSE OF
CERTIFYING THAT THE PLANS MEET THE MINIMUM SCHOOL FACILITY ADEQUACY
GUIDELINES PRESCRIBED IN SECTION 15-2011.

read:

15-901. Definitions
A. In this title, unless the context otherwise requires:
1. "Average daily membership" means the total enrollment of
fractional students and full-time students, minus withdrawals, of each
school day through the first one hundred days or two hundred days in
session, as applicable, for the current year. Withdrawals include
students who are formally withdrawn from schools and students who are
absent for ten consecutive school days, except for excused absences
identified by the department of education. For the purposes of this
section, school districts and charter schools shall report student absence
data to the department of education at least once every sixty days in
session. For computation purposes, the effective date of withdrawal shall
be retroactive to the last day of actual attendance of the student or
excused absence.
(a) "Fractional student" means:
(i) For common schools, a preschool child who is enrolled in a
program for preschool children with disabilities of at least three hundred
sixty minutes each week that meets at least two hundred sixteen hours over
the minimum number of days or a kindergarten student who is at least five
years of age before January 1 of the school year and enrolled in a school
kindergarten program that meets at least three hundred fifty-six hours for
a one hundred eighty-day school year, or the instructional hours
prescribed in this section. Lunch periods and recess periods may not be
included as part of the instructional hours unless the child's individualized education program requires instruction during those periods and the specific reasons for such instruction are fully documented. In computing the average daily membership, preschool children with disabilities and kindergarten students shall be counted as one-half of a full-time student. For common schools, a part-time student is a student enrolled for less than the total time for a full-time student as defined in this section. A part-time common school student shall be counted as one-fourth, one-half or three-fourths of a full-time student if the student is enrolled in an instructional program that is at least one-fourth, one-half or three-fourths of the time a full-time student is enrolled as defined in subdivision (b) of this paragraph.

(ii) For high schools, a part-time student who is enrolled in less than four subjects that count toward graduation as defined by the state board of education, each of which, if taught each school day for the minimum number of days required in a school year, would meet a minimum of one hundred twenty-three hours a year, or the equivalent, in a recognized high school. The average daily membership of a part-time high school student shall be 0.75 if the student is enrolled in an instructional program of three subjects that meet at least five hundred forty hours for a one hundred eighty-day school year, or the instructional hours prescribed in this section. The average daily membership of a part-time high school student shall be 0.5 if the student is enrolled in an instructional program of two subjects that meet at least three hundred sixty hours for a one hundred eighty-day school year, or the instructional hours prescribed in this section. The average daily membership of a part-time high school student shall be 0.25 if the student is enrolled in an instructional program of one subject that meets at least one hundred eighty hours for a one hundred eighty-day school year, or the instructional hours prescribed in this section. The hours in which a student is scheduled to attend a high school during the regular school day shall be included in the calculation of the average daily membership for that student.

(b) "Full-time student" means:

(i) For common schools, a student who is at least six years of age before January 1 of a school year, who has not graduated from the highest grade taught in the school district and who is regularly enrolled in a course of study required by the state board of education. First, second and third grade students or ungraded group B children with disabilities who are at least five, but under six, years of age by September 1 must be enrolled in an instructional program that meets for a total of at least seven hundred twelve hours for a one hundred eighty-day school year, or the instructional hours prescribed in this section. Fourth, fifth and sixth grade students must be enrolled in an instructional program that meets for a total of at least eight hundred ninety hours for a one hundred
eighty-day school year, or the instructional hours prescribed in this section. Seventh and eighth grade students must be enrolled in an instructional program that meets for at least one thousand hours. Lunch periods and recess periods may not be included as part of the instructional hours unless the student is a child with a disability and the child's individualized education program requires instruction during those periods and the specific reasons for such instruction are fully documented.

(ii) For high schools, a student who has not graduated from the highest grade taught in the school district and who is enrolled in at least an instructional program of four or more subjects that count toward graduation as defined by the state board of education, each of which, if taught each school day for the minimum number of days required in a school year, would meet a minimum of one hundred twenty-three hours a year, or the equivalent, that meets for a total of at least seven hundred twenty hours for a one hundred eighty-day school year, or the instructional hours prescribed in this section in a recognized high school. A full-time student shall not be counted more than once for computation of average daily membership. The average daily membership of a full-time high school student shall be 1.0 if the student is enrolled in at least four subjects that meet at least seven hundred twenty hours for a one hundred eighty-day school year, or the equivalent instructional hours prescribed in this section. read:

15-2002. Powers and duties; executive director; staffing;
reporting requirements

A. The school facilities board shall:

1. Make assessments of school facilities and equipment deficiencies
and approve the distribution of grants as appropriate.

2. Maintain a database of school facilities to administer the
building renewal grant fund and new school facilities formula. The
facilities listed in the database must include all buildings that are
owned by school districts. The school facilities board shall ensure that
the database is updated on at least an annual basis. Each school district
shall report to the school facilities board no later than September 1 of
each year information as required by the school facilities board for the
administration of the building renewal grant fund and computation of new
school facilities formula distributions, including the nature and cost of
major repairs, renovations or physical improvements to or replacement of
building systems or equipment that were made in the previous year and that
were paid for either with local monies or monies provided by the school
facilities board from the building renewal grant fund. Each school
district shall report any school or school buildings that have been
closed, that have been leased to another entity or that operate as a
charter school. The school facilities board may review or audit the
information, or both, to confirm the information submitted by a school
district. Notwithstanding any other provision of this chapter, if a
school district converts space that is listed in the database maintained
pursuant to this paragraph to space that will be used for administrative
purposes, the school district is responsible for any costs associated with
the conversion, maintenance and replacement of that space. If a building
is significantly upgraded or remodeled, the school facilities board shall
adjust the age of that school facility in the database as follows:

(a) Determine the building capacity value as follows:

(i) Multiply the student capacity of the building by the per pupil
square foot capacity established by section 15-2041.

(ii) Multiply the product determined in item (i) of this
subdivision by the cost per square foot established by section 15-2041.

(b) Divide the cost of the renovation by the building capacity
value determined in subdivision (a) of this paragraph.

(c) Multiply the quotient determined in subdivision (b) of this
paragraph by the currently listed age of the building in the database.
(d) Subtract the product determined in subdivision (c) of this paragraph from the currently listed age of the building in the database, rounded to the nearest whole number. If the result is a negative number, use zero.

3. Inspect school buildings at least once every five years to ensure compliance with the building adequacy standards prescribed in section 15-2011 and routine preventative maintenance guidelines as prescribed in this section with respect to construction of new buildings and maintenance of existing buildings. The school facilities board shall randomly select twenty school districts every thirty months and inspect them pursuant to this paragraph.

4. Review and approve student population projections submitted by school districts to determine to what extent school districts are entitled to monies to construct new facilities pursuant to section 15-2041. The board shall make a final determination within five months after the receipt of an application by a school district for monies from the new school facilities fund.

5. Certify that plans for new school facilities meet the building adequacy standards prescribed in section 15-2011.

6. Develop prototypical elementary and high school designs. The board shall review the design differences between the schools with the highest academic productivity scores and the schools with the lowest academic productivity scores. The board shall also review the results of a valid and reliable survey of parent quality rating in the highest performing schools and the lowest performing schools in this state. The survey of parent quality rating shall be administered by the department of education. The board shall consider the design elements of the schools with the highest academic productivity scores and parent quality ratings in the development of elementary and high school designs. The board shall develop separate school designs for elementary, middle and high schools with varying pupil capacities.

7. Develop application forms, reporting forms and procedures to carry out the requirements of this article, including developing and implementing policies and procedures to:

   (a) Ensure that the board notifies school districts in a uniform manner of the services and funding available for school districts from the board for facility construction, renovation and repair projects. The policies and procedures shall require the board to provide at least one annual communication to school districts in a manner prescribed by the board and shall require each school district to develop and maintain a list of persons who are responsible for facilities management at that school district.

   (b) Establish a project eligibility assessment for all projects submitted for building renewal grant funding or emergency deficiencies correction funding, including establishing standardized criteria for
PROJECT ELIGIBILITY. BEFORE THE BOARD FORMALLY APPROVES A PROJECT, THE
STAFF OF THE BOARD MAY REVIEW THE COSTS AND SCOPE OF THE PROPOSED PROJECT
WITH PERSONS AND ENTITIES THAT HAVE SUBMITTED BIDS ON THE PROJECT.

(c) ENSURE THAT THE BOARD MAINTAINS STANDARDIZED DOCUMENTATION OF
ALL PROJECTS SUBMITTED TO THE BOARD FOR CONSIDERATION TO RECEIVE SERVICES
OR A FINANCIAL AWARD FROM THE BOARD. THE BOARD SHALL MAINTAIN STANDARDIZED
DOCUMENTATION OF ANY PROJECT AWARDED MONIES BY THE BOARD, INCLUDING
RECORDS OF PAYMENTS TO SCHOOL DISTRICTS IN A MANNER PRESCRIBED BY THE
BOARD. THE STANDARDIZED DOCUMENTATION SHALL INCLUDE THE FOLLOWING AS PART
OF THE ELIGIBILITY DETERMINATION CRITERIA:

(i) WHETHER THE PROPOSED PROJECT INTENDS TO
ADDRESS CAUSED THE BUILDING OR FACILITY TO FALL BELOW THE MINIMUM SCHOOL
FACILITY ADEQUACY GUIDELINES PRESCRIBED IN SECTION 15-2011.

(ii) WHETHER THE SCHOOL DISTRICT PERFORMED THE ROUTINE PREVENTIVE
MAINTENANCE REQUIRED PURSUANT TO SECTION 15-2032 ON THE BUILDING OR
FACILITY.

(d) REQUIRE A SCHOOL DISTRICT TO SUBMIT CONTACT INFORMATION FOR
EACH PROPOSED PROJECT, INCLUDING THE NAME, E-MAIL ADDRESS AND TELEPHONE
NUMBER OF PERSONS WHO ARE RESPONSIBLE FOR FACILITIES MANAGEMENT AT THE
SCHOOL DISTRICT.

(e) REQUIRE A SCHOOL DISTRICT TO PROVIDE JUSTIFICATION FOR EACH
PROPOSED PROJECT, INCLUDING ALL OF THE FOLLOWING:

PROPOSED PROJECT.

(viii) DOCUMENTATION ON ASSOCIATED INSURANCE COVERAGE, IF
APPLICABLE.

(f) IF THE APPLICATION IS FOR MONIES FROM THE BUILDING RENEWAL
GRANT FUND ESTABLISHED BY SECTION 15-2032, REQUIRE THE SCHOOL DISTRICT TO
REPORT THE PREVENTIVE MAINTENANCE ACTIVITIES COMPLETED DURING THE PREVIOUS
TWELVE MONTHS FOR THE FACILITY FOR WHICH THE MONIES ARE BEING REQUESTED.

(g) REQUIRE THAT AN INITIAL APPLICATION NOT BE CONSIDERED COMPLETE
UNTIL ALL NECESSARY INFORMATION IS SUBMITTED.

(h) ALLOW A SCHOOL DISTRICT TO SUBMIT AN INCOMPLETE APPLICATION AND
REQUEST TECHNICAL ASSISTANCE FROM THE STAFF OF THE BOARD IF THE SCHOOL
DISTRICT IS UNABLE TO PROVIDE SUFFICIENT INFORMATION IN THE INITIAL
APPLICATION.
(i) Require that a complete application be received by the board at least fifteen business days before the next regularly scheduled board meeting in order for the application to be considered at that meeting. An incomplete application may be considered at that meeting if both the staff of the board and the superintendent of the school district deem the project critical.

(j) Allow the staff of the board to notify a school district in writing before review by the board that the proposed project does not meet eligibility criteria prescribed in this chapter. The written notification shall include documentation to support the staff's determination that the proposed project does not meet the eligibility criteria prescribed in this chapter. 15-2011. Minimum school facility adequacy requirements; definition

A. The school facilities board, as determined and prescribed in this chapter, shall provide funding to school districts for new construction as the number of pupils in the district fills the existing school facilities and requires more pupil space.

B. School buildings in a school district are adequate if all of the following requirements are met:

1. The buildings contain sufficient and appropriate space and equipment that comply with the minimum school facility adequacy guidelines established pursuant to subsection F of this section. The state shall not fund facilities for elective courses that require the school district facilities to exceed minimum school facility adequacy requirements. The school facilities board shall determine whether a school building meets the requirements of this paragraph by analyzing the total square footage that is available for each pupil in conjunction with the need for specialized spaces and equipment.

2. The buildings are in compliance with federal, state and local building and fire codes and laws that are applicable to the particular building, except that a school with an aggregate area of less than five thousand square feet is subject to permitting and inspection by a local fire marshal and is only subject to regulation or inspection by the office of the state fire marshal if the county, city or town in which the school is located does not employ a local fire marshal. An existing school building is not required to comply with current requirements for new buildings unless this compliance is specifically mandated by law or by the building or fire code of the jurisdiction where the building is located.

3. The building systems, including roofs, plumbing, telephone systems, electrical systems, heating systems and cooling systems, are in working order and are capable of being properly maintained.

4. The buildings are structurally sound.
C. The standards that shall be used by the school facilities board to determine whether a school building meets the minimum adequate gross square footage requirements are as follows:

1. For a school district that provides instruction to pupils in programs for preschool children with disabilities, kindergarten programs and grades one through six, eighty square feet per pupil in programs for preschool children with disabilities, kindergarten programs and grades one through six.

2. For a school district that provides instruction to up to eight hundred pupils in grades seven and eight, eighty-four square feet per pupil in grades seven and eight.

3. For a school district that provides instruction to more than eight hundred pupils in grades seven and eight, eighty square feet per pupil in grades seven and eight or sixty-seven thousand two hundred square feet, whichever is more.

4. For a school district that provides instruction to up to four hundred pupils in grades nine through twelve, one hundred twenty-five square feet per pupil in grades nine through twelve.

5. For a school district that provides instruction to more than four hundred and up to one thousand pupils in grades nine through twelve, one hundred twenty square feet per pupil in grades nine through twelve or fifty thousand square feet, whichever is more.

6. For a school district that provides instruction to more than one thousand and up to one thousand eight hundred pupils in grades nine through twelve, one hundred twelve square feet per pupil in grades nine through twelve or one hundred twenty thousand square feet, whichever is more.

7. For a school district that provides instruction to more than one thousand eight hundred pupils in grades nine through twelve, ninety-four square feet per pupil in grades nine through twelve or two hundred one thousand six hundred square feet, whichever is more.

D. The school facilities board may modify the square footage requirements prescribed in subsection C of this section or modify the amount of monies awarded to cure the square footage deficiency pursuant to this section for particular school districts based on extraordinary circumstances for any of the following considerations:

1. The number of pupils served by the school district.

2. Geographic factors.

3. Grade configurations other than those prescribed in subsection C of this section.

E. In measuring the square footage per pupil requirements of subsection C of this section, the school facilities board shall:

1. Use the most recent fortieth day average daily membership.

2. For each school, use the lesser of either:

   (a) Total gross square footage.
(b) Student capacity multiplied by the appropriate square footage per pupil prescribed by subsection C of this section.

3. Consider the total space available in all schools in use in the school district, except that the school facilities board shall allow an exclusion of the square footage for certain schools and the pupils within the schools' boundaries if the school district demonstrates to the board's satisfaction unusual or excessive busing of pupils or unusual attendance boundary changes between schools.

4. Compute the gross square footage of all buildings by measuring from exterior wall to exterior wall. Square footage used solely for district administration, storage of vehicles and other nonacademic purposes shall be excluded from the net square footage.

5. Include all portable and modular buildings.

6. Include in the net square footage new construction funded wholly or partially by the school facilities board based on the square footage funded by the school facilities board. If the new construction is to exceed the square footage funded by the school facilities board, the excess square footage shall not be included in the net square footage if any of the following applies:

(a) The excess square footage was constructed before July 1, 2002 or funded by a class B bond, impact aid revenue bond or capital outlay override approved by the voters after August 1, 1998 and before June 30, 2002 or funded from unrestricted capital outlay expended before June 30, 2002.

(b) The excess square footage of new school facilities does not exceed twenty-five percent of the minimum square footage requirements pursuant to subsection C of this section.

(c) The excess square footage of expansions to school facilities does not exceed twenty-five percent of the minimum square footage requirements pursuant to subsection C of this section.

7. Exclude square footage built under a developer agreement according to section 15-342, paragraph 33 until the school facilities board provides funding for the square footage under section 15-2041, subsection O.

8. Include square footage that a school district has leased to another entity.

F. The school facilities board shall adopt rules establishing minimum school facility adequacy guidelines. The guidelines shall provide the minimum quality and quantity of school buildings and facilities and equipment necessary and appropriate to enable pupils to achieve the academic standards pursuant to section 15-203, subsection A, paragraphs 12 and 13 and sections 15-701 and 15-701.01. At a minimum, the school facilities board shall address all of the following in developing these guidelines:

3. Libraries and media centers, or both.
5. Auditoriums, multipurpose rooms or other multiuse space.
6. Technology.
7. Transportation.
8. Facilities for science, arts and physical education.
9. Other facilities and equipment that are necessary and appropriate to achieve the academic standards prescribed pursuant to section 15-203, subsection A, paragraphs 12 and 13 and sections 15-701 and 15-701.01.
10. Appropriate combinations of facilities or uses listed in this section.

G. The board shall consider the facilities and equipment of the schools with the highest academic productivity scores, as prescribed in section 15-2002, subsection A, paragraph 9, subdivision (d), and the highest parent quality ratings in the establishment of the guidelines.

H. The school facilities board may consider appropriate combinations of facilities or uses in making assessments of and curing existing deficiencies pursuant to section 15-2002, subsection A, paragraph 1 and in certifying plans for new school facilities pursuant to section 15-2002, subsection A, paragraph 5.

I. IF THE SCHOOL FACILITIES BOARD MAKES ANY CHANGES TO THE MINIMUM ADEQUACY REQUIREMENTS PRESCRIBED IN THIS SECTION, THE BOARD SHALL PROVIDE A FISCAL IMPACT STATEMENT OF THE EFFECT OF THE PROPOSED CHANGES TO THE JOINT COMMITTEE ON CAPITAL REVIEW FOR REVIEW.

J. For the purposes of this section, "student capacity" means the capacity adjusted to include any additions to or deletions of space, including modular or portable buildings at the school. The school facilities board shall determine the student capacity for each school in conjunction with each school district, recognizing each school's allocation of space as of July 1, 1998, to achieve the academic standards prescribed pursuant to section 15-203, subsection A, paragraphs 12 and 13 and sections 15-701 and 15-701.01.

Sec. 15. Repeal
Section 15-2011, Arizona Revised Statutes, as amended by Laws 2017, chapter 258, section 11 and chapter 320, section 5, is repealed.
Sec. 16. Section 15-2032, Arizona Revised Statutes, is amended to read:

A. The building renewal grant fund is established consisting of monies appropriated to the fund by the legislature. The school facilities board shall administer the fund and distribute monies to school districts
for the purpose of maintaining the adequacy of existing school facilities. Monies in the fund are exempt from the provisions of section 35-190 relating to lapsing of appropriations.

B. The school facilities board shall distribute monies from the fund based on grant requests from school districts to fund primary building renewal projects. Project requests shall be prioritized by the school facilities board, with priority given to school districts that have provided routine preventative maintenance on the facility, and to school districts that can provide a match of monies provided by the fund. The school facilities board shall approve only projects that will be completed within twelve months, unless similar projects on average take longer to complete.

C. School districts that receive monies from the fund shall use these monies on projects for buildings or any part of a building in the school facilities board's database for any of the following:
   1. Major renovations and repairs to a building that is used for student instruction or other academic purposes.
   2. Upgrading systems and areas that will maintain or extend the useful life of the building.
   3. Infrastructure costs.

D. Monies received from the fund shall not be used for any of the following purposes:

E. Accommodation schools are not eligible for monies from the building renewal grant fund.

F. If the school facilities board or a court of competent jurisdiction determines that a school district received monies from the building renewal grant fund that must be reimbursed to the school facilities board due to legal action associated with improper construction by a hired contractor, the school district shall reimburse the school facilities board an agreed-on amount for deposit into the building renewal grant fund.

G. The school facilities board shall categorize each project that is eligible for monies from the building renewal grant fund as either critical or noncritical. The board shall adopt policies and procedures to prioritize critical projects and to designate critical projects as projects that immediately impact student safety or building closures or that result in operational disruptions. Critical projects have priority over any previously approved noncritical projects.
H. IF THE SCHOOL FACILITIES BOARD DETERMINES THAT SUFFICIENT MONIES ARE NOT AVAILABLE FOR A NONCRITICAL PROJECT THAT THE BOARD HAS APPROVED, THE BOARD SHALL NOTIFY THE SCHOOL DISTRICT THAT SUBMITTED THE PROJECT REQUEST THAT MONIES WILL BE DISTRIBUTED FROM THE BUILDING RENEWAL GRANT FUND FOR THE PROJECT ONLY IF THE LEGISLATURE APPROPRIATES SUFFICIENT MONIES. IF SUFFICIENT MONIES ARE NOT AVAILABLE IN THE FISCAL YEAR IN WHICH THE PROJECT IS AWARDED FOR A NONCRITICAL PROJECT, THE NONCRITICAL PROJECT DOES NOT RECEIVE PRIORITY IN THE NEXT FISCAL YEAR.

I. BUILDING RENEWAL GRANTS PURSUANT TO THIS SECTION SHALL BE USED ONLY FOR PROJECTS THAT SERVE AN ACADEMIC PURPOSE.

J. For the purposes of this section:

1. "Primary building renewal projects" means projects that are necessary for buildings owned by school districts that are required to meet the minimum adequacy standards for student capacity and that fall below the minimum school facility adequacy guidelines, as adopted by the school facilities board pursuant to section 15-2011, for school districts that have provided routine preventive maintenance to the school facility.

2. "Routine preventive maintenance" means services that are performed on a regular schedule at intervals ranging from four times a year to once every three years, or on the schedule of services recommended by the manufacturer of the specific building system or equipment, and that are intended to extend the useful life of a building system and reduce the need for major repairs.

3. "Student capacity" has the same meaning prescribed in section 15-2011.

A. The new school facilities fund is established consisting of monies appropriated by the legislature and monies credited to the fund pursuant to section 37-221. The school facilities board shall administer the fund and distribute monies, as a continuing appropriation, to school districts for the purpose of constructing new school facilities and for contracted expenses pursuant to section 15-2002, subsection B, paragraphs 2, 3 and 4. On June 30 of each fiscal year, any unobligated contract monies in the new school facilities fund shall be transferred to the capital reserve fund established by section 15-2003.

B. The school facilities board shall prescribe a uniform format for use by the school district governing board in developing and annually updating a capital plan that consists of each of the following:

1. Enrollment projections for the next five years for elementary schools and eight years for middle and high schools, including a description of the methods used to make the projections.
2. A description of new schools or additions to existing schools needed to meet the building adequacy standards prescribed in section 15-2011. The description shall include:
   (a) The grade levels and the total number of pupils that the school or addition is intended to serve.
   (b) The year in which it is necessary for the school or addition to begin operations.
   (c) A timeline that shows the planning and construction process for the school or addition.

3. Long-term projections of the need for land for new schools.

4. Any other necessary information required by the school facilities board to evaluate a school district's capital plan.

5. If a school district pays tuition for all or a portion of the school district's high school pupils to another school district, the capital plan shall indicate the number of pupils for which the district pays tuition to another district. If a school district accepts pupils from another school district pursuant to section 15-824, subsection A, the school district shall indicate the projections for this population separately. This paragraph does not apply to a small isolated school district as defined in section 15-901.

C. If the capital plan indicates a need for a new school or an addition to an existing school within the next four years or a need for land within the next ten years, the school district shall submit its plan to the school facilities board by July 1 and shall request monies from the new school facilities fund for the new construction or land. The school facilities board may require a school district to sell land that was previously purchased entirely with monies provided by the school facilities board if the school facilities board determines that the property is no longer needed within the ten-year period specified in this subsection for a new school or no longer needed within that ten-year period for an addition to an existing school. Monies provided for land shall be in addition to any monies provided pursuant to subsection D of this section.

D. The school facilities board shall distribute monies from the new school facilities fund for additional square footage as follows:
   1. The school facilities board shall review and evaluate the enrollment projections. On or before December 1 OF EACH YEAR, following the submission of the enrollment projections, the school facilities board shall either approve the projections as submitted or revise the projections. In approving or revising the enrollment projections, the school facilities board shall use the most recent fortieth day average daily membership data available during the current school year. On request from the school facilities board, the department of education shall make available the most recent average daily membership data for use in revising the enrollment projections. In determining new construction
requirements, the school facilities board shall determine the net new
growth of pupils that will require additional square footage that exceeds
the building adequacy standards prescribed in section 15-2011. If the
projected growth and the existing number of pupils exceed three hundred
fifty pupils who are served in a school district other than the pupil's
resident school district, the school facilities board, the receiving
school district and the resident school district shall develop a capital
facilities plan on how to best serve those pupils. A small isolated
school district as defined in section 15-901 is not required to develop a
capital facilities plan pursuant to this paragraph.

2. If the most recent fortieth day average daily membership during
the current school year indicates that additional space would not have
been needed during the current school year in order to meet the building
adequacy standards prescribed in section 15-2011, the request shall be
held for consideration by the school facilities board for possible future
funding and the school district shall annually submit an updated plan
until the additional space is needed.

3. If the most recent fortieth day average daily membership during
the current school year indicates that additional space would have been
needed during the current school year in order to meet the building
adequacy standards prescribed in section 15-2011, the school facilities
board shall provide an amount as follows:
(a) Determine the number of pupils requiring additional square
footage to meet building adequacy standards. This amount for elementary
schools shall not be less than the number of new pupils for whom space
will be needed in the next year and shall not exceed the number of new
pupils for whom space will be needed in the next five years. This amount
for middle and high schools shall not be less than the number of new
pupils for whom space will be needed in the next four years and shall not
exceed the number of new pupils for whom space will be needed in the next
eight years.
(b) Multiply the number of pupils determined in subdivision (a) of
this paragraph by the square footage per pupil. The square footage per
pupil is ninety square feet per pupil for preschool children with
disabilities, kindergarten programs and grades one through six, one
hundred square feet for grades seven and eight, one hundred thirty-four
square feet for a school district that provides instruction in grades nine
through twelve for fewer than one thousand eight hundred pupils and one
hundred twenty-five square feet for a school district that provides
instruction in grades nine through twelve for at least one thousand eight
hundred pupils. The total number of pupils in grades nine through twelve
in the district shall determine the square footage factor to use for net
new pupils. The school facilities board may modify the square footage
requirements prescribed in this subdivision for particular schools based
on any of the following factors:
(i) The number of pupils served or projected to be served by the school district.

(ii) Geographic factors.

(iii) Grade configurations other than those prescribed in this subdivision.

(iv) Compliance with minimum school facility adequacy requirements established pursuant to section 15-2011.

(c) Multiply the product obtained in subdivision (b) of this paragraph by the cost per square foot. The cost per square foot is ninety dollars for preschool children with disabilities, kindergarten programs and grades one through six, ninety-five dollars for grades seven and eight and one hundred ten dollars for grades nine through twelve. The cost per square foot shall be adjusted annually for construction market considerations based on an index identified or developed by the joint legislative budget committee as necessary but not less than once each year. The school facilities board shall multiply the cost per square foot by 1.05 for any school district located in a rural area. The school facilities board may only modify the base cost per square foot prescribed in this subdivision for particular schools based on geographic conditions or site conditions. For the purposes of this subdivision, "rural area" means an area outside a thirty-five-mile radius of a boundary of a municipality with a population of more than fifty thousand persons.

(d) Once the school district governing board obtains approval from the school facilities board for new facility construction monies, additional portable or modular square footage created for the express purpose of providing temporary space for pupils until the completion of the new facility and any additional space funded by the school district shall not be included by the school facilities board for the purpose of new construction funding calculations. On completion of the new facility construction project, any additional space funded by the school district shall be included as prescribed by this chapter and, if the portable or modular facilities continue in use, the portable or modular facilities shall be included as prescribed by this chapter, unless the school facilities board approves their continued use for the purpose of providing temporary space for pupils until the completion of the next new facility that has been approved for funding from the new school facilities fund.

4. For projects approved after December 31, 2001, and notwithstanding paragraph 3 of this subsection, a unified school district that does not have a high school is not eligible to receive high school space as prescribed by section 15-2011 and this section unless the unified district qualifies for geographic factors prescribed by paragraph 3, subdivision (b), item (ii) of this subsection.
5. If a joint technical education district leases a building from a school district, that building shall be included in the school district's square footage calculation for the purposes of new construction pursuant to this section.

6. If a school district leases a building to another entity, that building shall be included in the school district's square footage calculation for purposes of new construction pursuant to this section.

7. A school district shall qualify for monies from the new school facilities fund for additional square footage in a fiscal year only if the school facilities board has approved or revised its enrollment projection under paragraph 3 of this subsection on or before March DECEMBER 1 of the prior fiscal year.

E. Monies for architectural and engineering fees, project management services and preconstruction services shall be distributed on the completion of the analysis by the school facilities board of the school district's request. After receiving monies pursuant to this subsection, the school district shall submit a design development plan for the school or addition to the school facilities board before any monies for construction are distributed. If the school district's request meets the building adequacy standards, the school facilities board may review and comment on the district's plan with respect to the efficiency and effectiveness of the plan in meeting state square footage and facility standards before distributing the remainder of the monies. If the school facilities board modifies the cost per square foot as prescribed in subsection D, paragraph 3, subdivision (c) of this section, the school facilities board may deduct the cost of project management services and preconstruction services from the required cost per square foot. The school facilities board may decline to fund the project if the square footage is no longer required due to revised enrollment projections.

F. The school facilities board shall distribute the monies needed for land for new schools so that land may be purchased at a price that is less than or equal to fair market value and in advance of the construction of the new school. If necessary, the school facilities board may distribute monies for land to be leased for new schools if the duration of the lease exceeds the life expectancy of the school facility by at least fifty percent. A school district shall not use land purchased or partially purchased with monies provided by the school facilities board for a purpose other than a site for a school facility without obtaining prior written approval from the school facilities board. A school district shall not lease, sell or take any action that would diminish the value of land purchased or partially purchased with monies provided by the school facilities board without obtaining prior written approval from the school facilities board. The proceeds derived through the sale of any land purchased or partially purchased, or the sale of buildings funded or partially funded, with monies provided by the school facilities board.
shall be returned to the state fund from which it was appropriated and to any other participating entity on a proportional basis. Except as provided in section 15-342, paragraph 33, if a school district acquires real property by donation at an appropriate school site approved by the school facilities board, the school facilities board shall distribute an amount equal to twenty percent of the fair market value of the donated real property that can be used for academic purposes. The school district shall place the monies in the unrestricted capital outlay fund and increase the unrestricted capital budget limit by the amount of monies placed in the fund. Monies distributed under this subsection shall be distributed from the new school facilities fund. A school district that receives monies from the new school facilities fund for a donation of land pursuant to section 15-342, paragraph 33 shall not receive monies from the school facilities board for the donation of real property pursuant to this subsection. A school district shall not pay a consultant a percentage of the value of any of the following:

1. Donations of real property, services or cash from any of the following:
   (a) Entities that have offered to provide construction services to the school district.
   (b) Entities that have been contracted to provide construction services to the school district.
   (c) Entities that build residential units in that school district.
   (d) Entities that develop land for residential use in that school district.

2. Monies received from the school facilities board on behalf of the school district.

3. Monies paid by the school facilities board on behalf of the school district.

G. In addition to distributions to school districts based on pupil growth projections, a school district may submit an application to the school facilities board for monies from the new school facilities fund if one or more school buildings have outlived their useful life. If the school facilities board determines that the school district needs to build a new school building for these reasons, the school facilities board shall remove the square footage computations that represent the building from the computation of the school district's total square footage for purposes of this section. If the square footage recomputation reflects that the school district no longer meets building adequacy standards, the school district qualifies for a distribution of monies from the new school construction formula in an amount determined pursuant to subsection D of this section. The school facilities board may only modify the base cost per square foot prescribed in this subsection under extraordinary circumstances for geographic factors or site conditions.
H. School districts that receive monies from the new school facilities fund shall establish a district new school facilities fund and shall use the monies in the district new school facilities fund only for the purposes prescribed in this section. By October 15 of each year, each school district shall report to the school facilities board the projects funded at each school in the previous fiscal year with monies from the district new school facilities fund and shall provide an accounting of the monies remaining in the new school facilities fund at the end of the previous fiscal year.

I. If a school district has surplus monies received from the new school facilities fund, the school district may use the surplus monies only for capital purposes for the project for up to one year after completion of the project. If the school district possesses surplus monies from the new school construction project that have not been expended within one year of the completion of the project, the school district shall return the surplus monies to the school facilities board for deposit in the new school facilities fund.

J. The board's consideration of any application filed after December 31 of the year in which the property becomes territory in the vicinity of a military airport or ancillary military facility as defined in section 28-8461 for monies to fund the construction of new school facilities proposed to be located in territory in the vicinity of a military airport or ancillary military facility shall include, if after notice is transmitted to the military airport pursuant to section 15-2002 and before the public hearing the military airport provides comments and an analysis concerning compatibility of the proposed school facilities with the high noise or accident potential generated by military airport or ancillary military facility operations that may have an adverse effect on public health and safety, consideration and analysis of the comments and analysis provided by the military airport before making a final determination.

K. If a school district uses its own project manager for new school construction, the members of the school district governing board and the project manager shall sign an affidavit stating that the members and the project manager understand and will follow the minimum adequacy requirements prescribed in section 15-2011.

L. The school facilities board shall establish a separate account in the new school facilities fund designated as the litigation account to pay attorney fees, expert witness fees and other costs associated with litigation in which the school facilities board pursues the recovery of damages for deficiencies correction that resulted from alleged construction defects or design defects that the school facilities board believes caused or contributed to a failure of the school building to conform to the building adequacy requirements prescribed in section 15-2011. Attorney fees paid pursuant to this subsection shall not exceed
the market rate for similar types of litigation. On or before December 1 of each year, the school facilities board shall report to the joint committee on capital review the costs associated with current and potential litigation that may be paid from the litigation account.

M. Until the state board of education and the auditor general adopt rules pursuant to section 15-213, subsection J, the school facilities board may allow school districts to contract for construction services and materials through the qualified select bidders list method of project delivery for new school facilities pursuant to this section.

N. The school facilities board shall submit electronically a report on project management services and preconstruction services to the governor, the president of the senate and the speaker of the house of representatives by December 31 of each year. The report shall compare projects that use project management and preconstruction services with those that do not. The report shall address cost, schedule and other measurable components of a construction project. School districts, construction manager at risk CONSTRUCTION-MANAGER-AT-RISK firms and project management firms that participate in a school facilities board funded project shall provide the information required by the school facilities board in relation to this report.

O. If a school district constructs new square footage according to section 15-342, paragraph 33, the school facilities board shall review the design plans and location of any new school facility submitted by school districts and another party to determine whether the design plans comply with the adequacy standards prescribed in section 15-2011 and the square footage per pupil requirements pursuant to subsection D, paragraph 3, subdivision (b) of this section. When the school district qualifies for a distribution of monies from the new school facilities fund according to this section, the school facilities board shall distribute monies to the school district from the new school facilities fund for the square footage constructed under section 15-342, paragraph 33 at the same cost per square foot established by this section that was in effect at the time of the beginning of the construction of the school facility. Before the school facilities board distributes any monies pursuant to this subsection, the school district shall demonstrate to the school facilities board that the facilities to be funded pursuant to this section meet the minimum adequacy standards prescribed in section 15-2011. The agreement entered into pursuant to section 15-342, paragraph 33 shall set forth the procedures for the allocation of these funds to the parties that participated in the agreement.

P. Accommodation schools are not eligible for monies from the new school facilities fund.

Q. If the school facilities board approves a school district for funding from the new school facilities fund and the full legislative appropriation is not available to the school district in the fiscal year
following the approval by the school facilities board, the school district
may use any legally available monies to pay for the land or the new
construction project approved by the school facilities board and may
reimburse the fund from which the monies were used in subsequent years
with legislative appropriations when those appropriations are made
available by this state.

A. For fiscal years 2018-2019 through 2022-2023, the department of education shall reduce by the amounts specified in paragraphs 1 through 4 of this subsection the amount of basic state aid that otherwise would be apportioned to school districts statewide for district additional assistance prescribed in section 15-961, Arizona Revised Statutes, and shall reduce school district budget limits accordingly.
