HOUSE BILL 2727

AN ACT

AMENDING SECTION 36-2907, ARIZONA REVISED STATUTES; APPROPRIATING MONIES; RELATING TO THE ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM.

(TEXT OF BILL BEGINS ON NEXT PAGE)
Be it enacted by the Legislature of the State of Arizona:

Section 1. Section 36-2907, Arizona Revised Statutes, is amended to read:

36-2907. Covered health and medical services; modifications; related delivery of service requirements; definition

A. Subject to the limitations and exclusions specified in this section, contractors shall provide the following medically necessary health and medical services:

1. Inpatient hospital services that are ordinarily furnished by a hospital for the care and treatment of inpatients and that are provided under the direction of a physician or a primary care practitioner. For the purposes of this section, inpatient hospital services exclude services in an institution for tuberculosis or mental diseases unless authorized under an approved section 1115 waiver.

2. Outpatient health services that are ordinarily provided in hospitals, clinics, offices and other health care facilities by licensed health care providers. Outpatient health services include services provided by or under the direction of a physician or a primary care practitioner, including occupational therapy.

3. Other laboratory and X-ray services ordered by a physician or a primary care practitioner.

4. Medications that are ordered on prescription by a physician or a dentist licensed pursuant to title 32, chapter 11. Persons who are dually eligible for title XVIII and title XIX services must obtain available medications through a medicare licensed or certified medicare advantage prescription drug plan, a medicare prescription drug plan or any other entity authorized by medicare to provide a medicare part D prescription drug benefit.

5. Medical supplies, durable medical equipment, insulin pumps and prosthetic devices ordered by a physician or a primary care practitioner. Suppliers of durable medical equipment shall provide the administration with complete information about the identity of each person who has an ownership or controlling interest in their business and shall comply with federal bonding requirements in a manner prescribed by the administration.

6. For persons who are at least twenty-one years of age, treatment of medical conditions of the eye, excluding eye examinations for prescriptive lenses and the provision of prescriptive lenses.

7. Early and periodic health screening and diagnostic services as required by section 1905(r) of title XIX of the social security act for members who are under twenty-one years of age.

8. Family planning services that do not include abortion or abortion counseling. If a contractor elects not to provide family planning services, this election does not disqualify the contractor from delivering all other covered health and medical services under this
chapter. In that event, the administration may contract directly with another contractor, including an outpatient surgical center or a noncontracting provider, to deliver family planning services to a member who is enrolled with the contractor that elects not to provide family planning services.

9. Podiatry services that are performed by a podiatrist who is licensed pursuant to title 32, chapter 7 and ordered by a primary care physician or primary care practitioner.

11. For persons who are at least twenty-one years of age, emergency dental care and extractions in an annual amount of not more than one thousand dollars $1,000 per member.

12. Ambulance and nonambulance transportation, except as provided in subsection G of this section.

13. Hospice care.

14. Orthotics, if all of the following apply:
   (a) The use of the orthotic is medically necessary as the preferred treatment option consistent with medicare guidelines.
   (b) The orthotic is less expensive than all other treatment options or surgical procedures to treat the same diagnosed condition.
   (c) The orthotic is ordered by a physician or primary care practitioner.

15. For women who are at least twenty-one years of age and in any stage of pregnancy, comprehensive dental care during the pregnancy.

B. The limitations and exclusions for health and medical services provided under this section are as follows:

1. Circumcision of newborn males is not a covered health and medical service.

2. For eligible persons who are at least twenty-one years of age:
   (a) Outpatient health services do not include speech therapy.
   (b) Prosthetic devices do not include hearing aids, dentures, bone-anchored hearing aids or cochlear implants. Prosthetic devices, except prosthetic implants, may be limited to twelve thousand five hundred dollars $12,500 per contract year.
   (c) Percussive vests are not covered health and medical services.
   (d) Durable medical equipment is limited to items covered by medicare.
   (e) Nonexperimental transplants do not include pancreas-only transplants.
   (f) Bariatric surgery procedures, including laparoscopic and open gastric bypass and restrictive procedures, are not covered health and medical services.
C. The system shall pay noncontracting providers only for health and medical services as prescribed in subsection A of this section and as prescribed by rule.

D. The director shall adopt rules necessary to limit, to the extent possible, the scope, duration and amount of services, including maximum limitations for inpatient services that are consistent with federal regulations under title XIX of the social security act (P.L. 89-97; 79 Stat. 344; 42 United States Code section 1396 (1980)). To the extent possible and practicable, these rules shall provide for the prior approval of medically necessary services provided pursuant to this chapter.

E. The director shall make available home health services in lieu of hospitalization pursuant to contracts awarded under this article. For the purposes of this subsection, "home health services" means the provision of nursing services, home health aide services or medical supplies, equipment and appliances that are provided on a part-time or intermittent basis by a licensed home health agency within a member's residence based on the orders of a physician or a primary care practitioner. Home health agencies shall comply with the federal bonding requirements in a manner prescribed by the administration.

F. The director shall adopt rules for the coverage of behavioral health services for persons who are eligible under section 36-2901, paragraph 6, subdivision (a). The administration acting through the regional behavioral health authorities shall establish a diagnostic and evaluation program to which other state agencies shall refer children who are not already enrolled pursuant to this chapter and who may be in need of behavioral health services. In addition to an evaluation, the administration acting through regional behavioral health authorities shall also identify children who may be eligible under section 36-2901, paragraph 6, subdivision (a) or section 36-2931, paragraph 5 and shall refer the children to the appropriate agency responsible for making the final eligibility determination.

G. The director shall adopt rules PROVIDING for the provision of transportation services and rules providing for copayment by members for transportation for other than emergency purposes. Subject to approval by the centers for medicare and medicaid services, nonemergency medical transportation shall not be provided except for stretcher vans and ambulance transportation. Prior authorization is required for transportation by stretcher van and for medically necessary ambulance transportation initiated pursuant to a physician's direction. Prior authorization is not required for medically necessary ambulance transportation services rendered to members or eligible persons initiated by dialing telephone number 911 or other designated emergency response systems.
H. The director may adopt rules to allow the administration, at the
director's discretion, to use a second opinion procedure under which
surgery may not be eligible for coverage pursuant to this chapter without
documentation as to need by at least two physicians or primary care
practitioners.

I. If the director does not receive bids within the amounts
budgeted or if at any time the amount remaining in the Arizona health care
cost containment system fund is insufficient to pay for full contract
services for the remainder of the contract term, the administration, on
notification to system contractors at least thirty days in advance, may
modify the list of services required under subsection A of this section
for persons defined as eligible other than those persons defined pursuant
to section 36-2901, paragraph 6, subdivision (a). The director may also
suspend services or may limit categories of expense for services defined
as optional pursuant to title XIX of the social security act (P.L. 89-97;
79 Stat. 344; 42 United States Code section 1396 (1980)) for persons
defined pursuant to section 36-2901, paragraph 6, subdivision (a). Such
reductions or suspensions do not apply to the continuity of care for
persons already receiving these services.

J. Additional, reduced or modified hospitalization and medical care
benefits may be provided under the system to enrolled members who are
eligible pursuant to section 36-2901, paragraph 6, subdivision (b), (c),
(d) or (e).

K. Covered outpatient services shall be subcontracted by a
primary care physician or primary care practitioner to other licensed
health care providers to the extent practicable for purposes including,
but not limited to, making health care services available to underserved
areas, reducing costs of providing medical care and reducing
transportation costs.
The director shall adopt rules that prescribe the coordination of medical care for persons who are eligible for system services. The rules shall include provisions for the transfer of patients, the transfer of AND medical records and the initiation of INITIATING medical care.

For the purposes of this section, "ambulance" has the same meaning prescribed in section 36-2201.

Sec. 2. Appropriations; Arizona health care cost containment system administration; report

A. The sum of $468,000 is appropriated from the state general fund in fiscal year 2020-2021 to the Arizona health care cost containment system administration to provide dental services to pregnant women as specified in section 36-2907, Arizona Revised Statutes, as amended by this act.

B. In addition to the appropriations made in subsection A of this section, the sum of $3,630,600 is appropriated one time from the state general fund in fiscal year 2020-2021 to the Arizona health care cost containment system administration to cover costs incurred due to eligibility changes directly related to introducing a dental benefit for pregnant women.

C. On or before October 1, 2021, the Arizona health care cost containment system administration shall report to the governor, the president of the senate, the speaker of the house of representatives, the chairpersons of the health and human services committees of the senate and the house of representatives or their successor committees and the directors of the joint legislative budget committee and the governor's office of strategic planning and budgeting the actual costs incurred to provide dental services to pregnant women as specified in section 36-2907, Arizona Revised Statutes, as amended by this act, and the actual costs incurred due to eligibility changes directly related to introducing a dental benefit for pregnant women during fiscal year 2020-2021.
