(TEXT OF BILL BEGINS ON NEXT PAGE)
Be it enacted by the Legislature of the State of Arizona:

Section 1. Section 15-1802, Arizona Revised Statutes, is amended to read:

15-1802. In-state student status
A. Except as otherwise provided in this article, any person having a domicile elsewhere than in this state is NOT eligible for classification as an in-state student for tuition purposes.
B. A person is not entitled to classification as an in-state student until the person is domiciled in this state for one year, except that a person whose domicile is in this state is entitled to classification as an in-state student if the person meets one of the following requirements:
1. The domicile of the person's parent is in this state and the parent is entitled to claim the person as an exemption for state and federal tax purposes.
2. The person is an employee of an employer that transferred the person to this state for employment purposes or the person is the spouse of such an employee.
3. The person is an employee of a school district in this state and is under contract to teach on a full-time basis or is employed as a full-time noncertified classroom aide at a school within that school district. For the purposes of this paragraph, the person is eligible for classification as an in-state student only for courses necessary to complete the requirements for certification by the state board of education to teach in a school district in this state. Any member of the person's family is NOT eligible for classification as an in-state student if the person is eligible for classification as an in-state student pursuant to this paragraph, unless the family member is otherwise eligible for classification as an in-state student pursuant to this section.
4. The person's spouse has established domicile in this state for at least one year, has demonstrated intent and financial independence and is entitled to claim the student as an exemption for state and federal tax purposes or the person's spouse was temporarily out of state for educational purposes but maintained a domicile in this state. If the person is a noncitizen, the person must be in an eligible visa status pursuant to federal law to classify as an in-state student for tuition purposes.
C. The domicile of an unemancipated person is that of the person's parent.
D. Any unemancipated person who remains in this state when the person's parent, who had been domiciled in this state, removes from this state is entitled to classification as an in-state student until attainment of the degree for which the person is currently enrolled, as long as the person maintains continuous attendance.
