(TEXT OF BILL BEGINS ON NEXT PAGE)
Be it enacted by the Legislature of the State of Arizona:
Section 1. Section 15-393, Arizona Revised Statutes, as amended by Laws 2021, chapter 252, section 1 and chapter 404, section 14, is amended to read:

15-393. Career technical education district governing board; report; definitions

A. The management and control of a career technical education district are vested in the career technical education district governing board, including the content and quality of the courses offered by the district, the quality of teachers who provide instruction on behalf of the district, the salaries of teachers who provide instruction on behalf of the district and the reimbursement of other entities for the facilities used by the district. This section does not restrict a school district from offering any career and technical education course that does not qualify for funding as a career technical education course or career technical education district program. Unless the governing boards of the school districts participating in the formation of the career technical education district vote to implement an alternative election system as provided in subsection B of this section, the career technical education board consists of five members elected from five single member districts formed within the career technical education district. The single member district election system shall be submitted as part of the plan for the career technical education district pursuant to section 15-392 and shall be established in the plan as follows:

1. The governing boards of the school districts participating in the formation of the career technical education district shall define the boundaries of the single member districts so that the single member districts are as nearly equal in population as is practicable, except that if the career technical education district lies in part in each of two or more counties, at least one single member district may be entirely within each of the counties comprising the career technical education district if this district design is consistent with the obligation to equalize the population among single member districts.

2. The boundaries of each single member district shall follow election precinct boundary lines, as far as practicable, in order to avoid further segmentation of the precincts.

3. A person who is a registered voter of this state and who has been a resident of the single member district for at least one year immediately preceding the date of the election is eligible for election to the office of career technical education board member from the single member district. The terms of office of the members of the career technical education board shall be as prescribed in section 15-427, subsection B. An employee of a career technical education district or the spouse of an employee shall not hold membership on a governing board of a career technical education district by which the employee is employed. A
member of one school district governing board or career technical
education district governing board is ineligible to be a candidate for
nomination or election to or serve simultaneously as a member of any other
governing board, except that a member of a governing board may be a
candidate for nomination or election for any other governing board if the
member is serving in the last year of a term of office. A member of a
governing board shall resign the member's seat on the governing board
before becoming a candidate for nomination or election to the governing
board of any other school district or career technical education district,
unless the member of the governing board is serving in the last year of a
term of office. Members of a career technical education district
governing board are subject to the conflict of interest requirements
prescribed in section 38-503.

4. Nominating petitions shall be signed by the number of qualified
electors of the single member district as provided in section 16-322.

B. The governing boards of the school districts participating in
the formation of the career technical education district may vote to
implement any other alternative election system for the election of career
technical education district board members. If an alternative election
system is selected, it shall be submitted as part of the plan for the
career technical education district pursuant to section 15-392, and the
implementation of the system shall be as approved by the United States
justice department.

C. Career technical education districts are subject to the

3. The student count for the first year of operation of a career technical education district as provided in this article shall be determined as follows:

This estimate shall be based on actual registration of pupils as of March 30 scheduled to attend classes that will be operated by the career technical education district. The student count for the school district of residence of the pupils registered at the career technical education district shall be adjusted. The adjustment shall cause the school district of residence to reduce the student count for the pupil to reflect the courses to be taken at the career technical education district. The school district of residence shall review and approve the adjustment of its own student count as provided in this subdivision before the pupils from the school district can be added to the student count of the career technical education district.

count, the base support level as provided in section 15-943, the revenue
control limit as provided in section 15-944 and the district additional
assistance as provided in section 15-962.01 prior to May 15. A district

prescribed in the uniform system of financial records.
For the purposes of this paragraph, "school district of residence" means
the school district that included the pupil in its average daily
membership for the year before the first year of operation of the career
technical education district and that would have included the pupil in its
student count for the purposes of computing its base support level for the

courses, and directly related equipment and facilities, except that a
school district that is part of a career technical education district and
that has used monies received pursuant to this article to supplant career
and technical education courses that were offered before the first year
that the school district participated in the career technical education
district or the first year that the school district used monies received
pursuant to this article or that used the monies for purposes other than
for career and technical education courses shall use one hundred percent
of the monies received pursuant to this article to supplement and not
supplant base year career and technical education courses. Each
applicable school district shall provide a report to the career technical

year immediately following graduation in the calculation of student count
or average daily membership if the pupils are enrolled in courses that are
approved jointly by the governing board of the career technical education

district.

F. Taxes may be levied for the support of the career technical
education district as prescribed in chapter 9, article 6 of this title,
except that a career technical education district shall not levy a
property tax pursuant to law that exceeds $.05 per $100 assessed valuation
except for bond monies pursuant to subsection D, paragraph 1 of this
section. Except for the taxes levied pursuant to section 15-994, such
taxes shall be obtained from a levy of taxes on the taxable property used
for secondary tax purposes.

G. The schools in the career technical education district are
available to all persons who reside in the career technical education
district and to pupils whose school district of residence within this
state is paying tuition on behalf of the pupils to a district of

The auditor general shall modify the uniform system of financial records and budget forms in accordance with this subsection. M. A member school district or charter school may not submit requests to approve or add satellite campus career technical education district programs or courses directly to the career and technical education division of the department of education, but shall submit all appropriate application documentation and materials for programs or courses to the career technical education district. On approval from the career technical education board, a career technical education district shall only submit requests to approve or add satellite campus career technical education district programs or courses directly to the career and technical education division of the department of education, which shall determine whether the criteria prescribed in section 15-391, paragraphs 2 and 4 have been met. If the career and technical education division of the department of education determines that a course does not meet the criteria for approval as a career technical education course, the governing board of the career technical education district may appeal this decision to the state board of education acting as the state board of vocational education.

N. Notwithstanding any other law, the average daily membership for a pupil who is enrolled in a career technical education course and who does not meet the criteria specified in subsection P, Q OR R of this section shall be 0.25 for each course, except the sum of the average daily membership shall not exceed the limits prescribed by subsection D, P, Q OR R of this section, as applicable.

The school district or charter school and the career technical education district shall determine the apportionment
of the average daily membership for that pupil between the school district
or charter school and the career technical education district. A pupil
who attends a course or program at a satellite campus and who is not
enrolled in the school district or charter school where the satellite
campus is located may generate the average daily membership OF UP TO 0.25
FOR ONE HUNDRED FIFTY INSTRUCTIONAL HOURS OF ENROLLMENT FOR INSTRUCTION
RECEIVED DURING ANY HOUR OF THE DAY, DURING ANY DAY OF THE WEEK AND AT ANY
TIME BETWEEN JULY 1 AND JUNE 30 OF EACH FISCAL YEAR pursuant to this
subsection if the pupil is enrolled in a school district that is a member
district in the same career technical education district.

P. The sum of the average daily membership of a pupil who is
enrolled in both the school district and career technical education course
or career technical education program provided by a community college
pursuant to subsection K of this section or at a centralized campus shall
not exceed 1.75. THE AVERAGE DAILY MEMBERSHIP FOR A PUPIL WHO IS ENROLLED
IN A CAREER TECHNICAL EDUCATION COURSE OR CAREER TECHNICAL EDUCATION
PROGRAM PROVIDED BY A COMMUNITY COLLEGE SHALL BE 0.25 FOR THE ACCUMULATION

career technical education district shall determine the apportionment of
the average daily membership and student enrollment for that pupil between
the member school district and the career technical education district,
except that the amount apportioned shall not exceed 1.0 for either entity.
Notwithstanding any other law, the average daily membership for a pupil
who is in grade nine, ten, eleven or twelve or in the school year
immediately following graduation and who is enrolled in a course that
meets for at least one hundred fifty minutes per class period at a
centralized campus shall be 0.75. Students in an approved career
technical education district centralized campus program may generate an
average daily membership during any day of the week and at any time
between July 1 and June 30 of each fiscal year. To qualify for funding
pursuant to this subsection, a centralized campus shall offer programs and
courses to all eligible students in each member district of the career
technical education district. STUDENTS IN AN APPROVED CAREER TECHNICAL
EDUCATION PROGRAM MAY GENERATE AN AVERAGE DAILY MEMBERSHIP OF UP TO 1.75
FOR INSTRUCTION RECEIVED DURING ANY HOUR OF THE DAY, DURING ANY DAY OF THE
WEEK AND AT ANY TIME BETWEEN JULY 1 AND JUNE 30 OF EACH FISCAL
YEAR. AVERAGE DAILY MEMBERSHIP SHALL NOT BE CALCULATED ON THE ONE
HUNDREDTH DAY OF INSTRUCTION FOR THE PURPOSES OF THIS SECTION. AVERAGE
DAILY MEMBERSHIP SHALL BE CALCULATED BY DIVIDING THE INSTRUCTIONAL HOURS
OF ENROLLMENT BY SIX HUNDRED HOURS, EXCEPT THAT:

1. AT LEAST ONE HUNDRED FIFTY HOURS AND LESS THAN THREE HUNDRED
   HOURS EQUALS 0.25 AVERAGE DAILY MEMBERSHIP.

2. AT LEAST THREE HUNDRED HOURS AND LESS THAN FOUR HUNDRED FIFTY
   HOURS EQUALS 0.5 AVERAGE DAILY MEMBERSHIP.
3. AT LEAST FOUR HUNDRED FIFTY HOURS AND LESS THAN SIX HUNDRED HOURS EQUALS 0.75 AVERAGE DAILY MEMBERSHIP.

4. AT LEAST SIX HUNDRED HOURS EQUALS 1.0 AVERAGE DAILY MEMBERSHIP.

Q. The average daily membership for a pupil who is in grade nine, ten, eleven or twelve or in the school year immediately following graduation and who is enrolled in a course that meets for at least one hundred fifty minutes per class period at a leased centralized campus shall not exceed 0.75. Students in an approved career technical education district leased campus centralized program may generate an average daily membership during any day of the week and at any time between July 1 and June 30 of each fiscal year. STUDENTS IN AN APPROVED CAREER TECHNICAL EDUCATION PROGRAM PROVIDED BY A LEASED CENTRALIZED CAMPUS MAY GENERATE AN AVERAGE DAILY MEMBERSHIP FOR INSTRUCTION RECEIVED DURING ANY HOUR OF THE DAY, DURING ANY DAY OF THE WEEK AND AT ANY TIME BETWEEN JULY 1 AND JUNE 30 OF EACH FISCAL YEAR. AVERAGE DAILY MEMBERSHIP SHALL BE CALCULATED BY DIVIDING THE INSTRUCTIONAL HOURS OF ENROLLMENT BY SIX HUNDRED HOURS, EXCEPT THAT:

1. AT LEAST ONE HUNDRED FIFTY HOURS AND LESS THAN THREE HUNDRED HOURS EQUALS 0.25 AVERAGE DAILY MEMBERSHIP.

2. AT LEAST THREE HUNDRED HOURS AND LESS THAN FOUR HUNDRED FIFTY HOURS EQUALS 0.5 AVERAGE DAILY MEMBERSHIP.

3. AT LEAST FOUR HUNDRED FIFTY HOURS AND LESS THAN SIX HUNDRED HOURS EQUALS 0.75 AVERAGE DAILY MEMBERSHIP.

4. AT LEAST SIX HUNDRED HOURS EQUALS 1.0 AVERAGE DAILY MEMBERSHIP.

R. The sum of the average daily membership, as provided in section 15-901, subsection A, paragraph 1, of a pupil who is enrolled in both the school district and in career technical education courses provided at a leased centralized campus shall not exceed 1.75 if all of the following conditions are met:

1. The course qualifies as a career technical education course.

2. The course is offered to all eligible students in each member district of the career technical education district and enrolls students from multiple high schools.

3. The career technical education district program in which the course is included addresses a specific industry need and has been developed in cooperation with that industry, or the leased facility is a state or federal asset that would otherwise be unused or underutilized.

4. The lease is established at fair market value if the lease is executed for a facility located on the site of a member district and was approved by the joint committee on capital review, except that a lease that was executed or renewed before December 31, 2012 is not subject to approval by the joint committee on capital review.

R. S. A student who is enrolled in an accommodation school may be treated as a student of the school district in which the student physically resides for the purposes of enrollment in a career technical
education district and shall be included in the calculation of average
daily membership for either the career technical education district or the
accommodation school, or both.

5. T. Notwithstanding any other law, the student count for a
career technical education district shall be equivalent to the career
technical education district's average daily membership. STUDENTS IN AN
APPROVED CAREER TECHNICAL EDUCATION PROGRAM PROVIDED BY A SATELLITE
CAMPUS, CENTRALIZED CAMPUS OR LEASED CENTRALIZED CAMPUS MAY GENERATE AN
AVERAGE DAILY MEMBERSHIP SUBJECT TO THE LIMITS PRESCRIBED BY SUBSECTIONS
D, N, O, P, Q AND R OF THIS SECTION, AS APPLICABLE. FOR INSTRUCTION
RECEIVED DURING ANY HOUR OF THE DAY, DURING ANY DAY OF THE WEEK AND AT ANY
TIME BETWEEN JULY 1 AND JUNE 30 OF EACH FISCAL YEAR. AVERAGE DAILY
MEMBERSHIP SHALL NOT BE CALCULATED ON THE ONE HUNDREDTH DAY OF INSTRUCTION
FOR THE PURPOSES OF THIS SECTION. THE DEPARTMENT MAY NOT RESTRICT THE
INSTRUCTIONAL TIME BY LIMITING THE PARTICULAR DAYS OF THE WEEK OR TIME OF
THE FISCAL YEAR FOR INSTRUCTION TO OCCUR.

6. U. A school district or charter school may not prohibit or
discourage students who are enrolled in that school district or charter
school from attending courses offered by a career technical education
district, including requiring students to generate a full 1.0 average
daily membership or to enroll in more courses than are needed to graduate
before enrolling in and attending programs or courses offered by a career
technical education district.

7. V. The governing board of the career technical education
district may contract with any charter school that is located within the
boundaries of the career technical education district to allow that
charter school to offer career and technical education courses or programs
as a satellite campus.

8. W. Beginning in 2020 and every five years thereafter, the
career and technical education division of the department of education
shall review career technical education district programs and career
technical education courses to ensure compliance, quality and
eligibility. Any program or course deemed to not meet the requirements
set forth by law shall not be funded for the current school year and shall
be removed from the approved program and course list for the purposes of
funding. The career and technical education division may establish a
staggered schedule for reviewing each career technical education district.

9. X. Notwithstanding subsection D, paragraphs 4 and 9 and
subsections P, and Q AND R of this section, for a student in grade nine,
funding shall be provided pursuant to this section only if the student
reaches the fortieth day of grade eleven enrolled in an approved career
technical education program and meets the requirements prescribed in
subsection Y Z of this section. At that time funding shall be provided
for that student for grade nine and for any subsequent year in which the
student is eligible for funding pursuant to this section.
X. Y. On or before September 1 of each year, the office of economic opportunity in collaboration with the department of education shall compile an in-demand regional education list of the approved career technical education programs that lead to a career path in high demand with median-to-high-wage jobs in that region. The office of economic opportunity shall incorporate industry feedback as part of developing the in-demand regional educational list. The office of economic opportunity shall submit the in-demand regional education list to the Arizona career and technical education quality commission for review and approval.

Z. Notwithstanding subsection D, paragraphs 4 and 9 and subsections P, Q AND R of this section, for a student in grade nine or in the school year immediately following graduation, funding shall be provided pursuant to this section only if the student is enrolled in a program that was included on the in-demand regional education list compiled pursuant to subsection X Y of this section for that student's region for the year in which the student began the program.
