4 shall adjust by August 15 of the succeeding fiscal year the apportionment
5 of state aid to the school district to correct any overpayment or

12 classified as a heavily impacted local educational agency pursuant to 20
13 United States Code section 7703, which is in addition to basic assistance
14 when determining the general budget limit as prescribed in section 15-947,
15 subsection C. The increase in the general budget limit for children
16 residing within the boundaries of an accommodation school that is located
17 on a military reservation and that is classified as a heavily impacted
18 local education agency shall equal the dollar amount calculated pursuant
19 to 20 United States Code section 7703(b)(2). The governing board may
20 adjust before May 15 the budget for the current year based on any
21 adjustments that result in increases over the amount estimated by the
22 superintendent of public instruction for title VIII of the elementary and
23 secondary education act of 1965 assistance for such pupils for the fiscal
24 year preceding the current year. The governing board shall adjust before
25 May 15 the budget for the current year based on any adjustments that
26 result in decreases in the amount estimated by the superintendent of
27 public instruction for title VIII of the elementary and secondary
28 education act of 1965 assistance for such pupils for the fiscal year
29 preceding the current year. Not later than May 18, the budget as adjusted

31 instruction. Procedures for complying with this subsection shall be as
32 prescribed in the uniform system of financial records.

35 limit prescribed in section 15-947, subsection C, the unrestricted capital
36 budget limit, the school plant fund limits prescribed in section 15-1102,
37 subsection B, the maintenance and operation section of the budget or the
38 capital outlay section of the budget. If the expenditures of any school
39 district exceed these limits or sections of the budget without
40 authorization as provided in section 15-907, and if the state board of
41 education determines that the equalization assistance for education
42 received by the school district as provided in section 15-971 does not
43 conform with statutory requirements, the state board of education shall
44 reduce the state aid for equalization assistance for education for the
45 school district computed as provided in section 15-971 during the fiscal

1 year subsequent to the fiscal year in which the excess equalization
2 assistance for education was received by an amount equal to the excess
3 equalization assistance for education, except that in case of hardship to
4 the school district, the superintendent of public instruction may approve
5 reductions partly in the first subsequent year and partly in the second
6 subsequent year. If the state board of education determines that the
7 equalization assistance for education received by the school district
8 conforms with statutory requirements, the state board of education shall
9 not reduce the district's equalization assistance for education pursuant
10 to this subsection but the district shall reduce the budget limits as
11 required in subsection M of this section. A school district that
12 disagrees with the department of education's determination regarding an
13 excess expenditure under this subsection may request a hearing before the
14 state board of education.

15 M. The governing board of a school district shall reduce the
16 general budget limit or the unrestricted capital budget limit for the year
17 subsequent to the year in which the expenditures were in excess of the
18 applicable limit or section of the budget by the amount determined in
19 subsection L of this section, except that in case of hardship to the
20 school district, the superintendent of public instruction may approve
21 reductions partly in the first subsequent year and partly in the second
22 subsequent year. The reduction in the limit is applicable to each school
23 district that has exceeded the general budget limit, the unrestricted
24 capital budget limit or a section of the budget even if the reduction
25 exceeds the state aid for equalization assistance for education for the
26 school district.

27 N. Except as provided in section 15-916, no expenditure shall be
28 made by any school district for a purpose not included in the budget or in
29 excess of the aggregate budget limit prescribed in this section, except
30 that if no budget has been adopted, from July 1 to July 15 the governing
31 board may make expenditures if the total of the expenditures does not
32 exceed ten percent of the prior year's aggregate budget limit. Any
33 expenditures made from July 1 to July 15 and before the adoption of the
34 budget shall be included in the total expenditures for the current
35 year. No expenditure shall be made and no debt, obligation or liability
36 shall be incurred or created in any year for any purpose itemized in the
37 budget in excess of the amount specified for the item irrespective of
38 whether the school district at any time has received or has on hand funds
39 in excess of those required to meet the expenditures, debts, obligations
40 and liabilities provided for under the budget except expenditures from
41 cash controlled funds as defined by the uniform system of financial
42 records and except as provided in section 15-907 and subsection G of this
43 section. This subsection does not prohibit any school district from
44 prepaying insurance premiums, magazine subscriptions or officiating
45 services, or from prepaying any item that is normally prepaid in order to

1 procure the service or to receive a discounted price for the service, as
2 prescribed by the uniform system of financial records.

3 0. The governing board of a school district that is classified as a
4 heavily impacted school district having twenty percent or more pupils
5 pursuant to 20 United States Code section 238(d)1(A) may determine its
6 eligibility to increase the amount that may be included in determining the
7 general budget limit as provided in subsection K of this section and may
8 increase the amount as follows:

9 1. For fiscal year 1988-1989:

10 (a) Multiply ~~one thousand ninety-four dollars~~ \$1,094 by the number
11 of children with disabilities or children with specific learning
12 disabilities, excluding children who also reside on Indian lands, reported
13 to the division of impact aid, United States department of education in
14 the district's application for fiscal year 1987-1988.

15 (b) Multiply ~~five hundred forty-seven dollars~~ \$547 by the number of
16 children residing on Indian lands, excluding children who have
17 disabilities or also have specific learning disabilities, reported to the
18 division of impact aid, United States department of education in the
19 district's application for fiscal year 1987-1988.

20 (c) Multiply ~~one thousand nine hundred fourteen dollars~~ \$1,914 by
21 the number of children residing on Indian lands who have disabilities or
22 also have specific learning disabilities reported to the division of
23 impact aid, United States department of education in the district's
24 application for fiscal year 1987-1988.

25 (d) Add the amounts determined in subdivisions (a) through (c) of
26 this paragraph.

27 (e) If the amount of title VIII of the elementary and secondary
28 education act of 1965 assistance as provided in subsection K of this
29 section is less than the sum determined in subdivision (d) of this
30 paragraph, the district is eligible to use ~~the provisions of~~ this
31 subsection.

32 2. For budget years after 1988-1989, use ~~the provisions of~~
33 paragraph 1 of this subsection, but increase each dollar amount by the
34 growth rate for that year as prescribed by law, subject to appropriation
35 and use the number of children reported in the appropriate category for
36 the current fiscal year.

37 3. If the district is eligible to use ~~the provisions of~~ this
38 subsection, subtract the amount of title VIII of the elementary and
39 secondary education act of 1965 assistance determined in subsection K of
40 this section from the sum determined in paragraph 1, subdivision (d) of
41 this subsection. The difference is the increase in the amount that may be
42 included in determining the general budget limit as provided in subsection
43 K of this section, if including this amount does not increase the
44 district's primary tax rate for the budget year. If the amount of title
45 VIII of the elementary and secondary education act of 1965 assistance

1 determined in subsection K of this section is adjusted for the current
2 year, the increase determined in this paragraph shall be recomputed using
3 the adjusted amount and the recomputed increase shall be reported to the
4 department of education by May 15 on a form prescribed by the department
5 of education.

6 4. If a district uses ~~the provisions of~~ this subsection, the
7 district is not required to adjust its budget for the current year based
8 on adjustments in the estimated amount of title VIII of the elementary and
9 secondary education act of 1965 assistance as provided in subsection K of
10 this section.

11 P. A school district, except for an accommodation school, that
12 applies for title VIII of the elementary and secondary education act of
13 1965 assistance during the current year may budget an amount for title
14 VIII of the elementary and secondary education act of 1965 administrative
15 costs for the budget year. The amount budgeted for title VIII of the
16 elementary and secondary education act of 1965 administrative costs is
17 exempt from the revenue control limit and may not exceed an amount
18 determined for the budgeted year as follows:

19 1. Determine the minimum cost. The minimum cost for fiscal year
20 1990-1991 is ~~two thousand three hundred forty-three dollars~~ \$2,343. For
21 fiscal year 1991-1992 and thereafter, the minimum cost is the minimum cost
22 for the prior year increased by the growth rate as prescribed by law,
23 subject to appropriation.

24 2. Determine the hourly rate. The hourly rate for fiscal year
25 1990-1991 is ~~nine dollars thirty-eight cents~~ \$9.38. For fiscal year
26 1991-1992 and thereafter, the hourly rate is the hourly rate for the prior
27 year increased by the growth rate as prescribed by law, subject to
28 appropriation.

29 3. Determine the title VIII of the elementary and secondary
30 education act of 1965 revenues available by subtracting the amount of
31 title VIII of the elementary and secondary education act of 1965
32 assistance used to increase the general budget limit as provided in
33 subsections K and O of this section for the current fiscal year from the
34 total amount of title VIII of the elementary and secondary education act
35 of 1965 revenues received in the current fiscal year.

36 4. Determine the total number of administrative hours as follows:

37 (a) Determine the sum of the following:

38 (i) 1.00 hours for each high impact pupil who is not a person with
39 a disability or does not have specific learning disabilities.

40 (ii) 1.25 hours for each high impact pupil who is a person with a
41 disability or has specific learning disabilities.

42 (iii) 0.25 hours for each low impact pupil who is not a person with
43 a disability or does not have specific learning disabilities.

44 (iv) 0.31 hours for each low impact pupil who is a person with a
45 disability or has specific learning disabilities.

1 (b) For the purposes of this paragraph:

2 (i) "High impact pupil" means a pupil who resides on Indian lands
3 or a pupil who resides on federal property or in low rent housing and
4 whose parent is employed on federal property or low rent housing property
5 or is on active duty in uniformed service, as provided in title VIII of
6 the elementary and secondary education act of 1965, section 8003(a) (20
7 United States Code section 7703) and as reported in the application for
8 title VIII of the elementary and secondary education act of 1965
9 assistance in the current year.

10 (ii) "Low impact pupil" means a pupil who resides on nonfederal
11 property and has a parent who is employed on federal property or low rent
12 housing property or is on active duty in a uniformed service or a pupil
13 who resides on federal property or in low rent housing and who does not
14 have a parent who is employed on federal property or low rent housing
15 property or is on active duty in uniformed service, as provided in title
16 VIII of the elementary and secondary education act of 1965, section
17 8003(a) (20 United States Code section 7703) and as reported in the
18 application for title VIII of the elementary and secondary education act
19 of 1965 assistance in the current year.

20 5. Multiply the total number of administrative hours determined in
21 paragraph 4 of this subsection by the hourly rate determined in paragraph
22 2 of this subsection.

23 6. Determine the greater of the minimum cost determined in
24 paragraph 1 of this subsection or the product determined in paragraph 5 of
25 this subsection.

26 7. Add to the amount determined in paragraph 6 of this subsection
27 the amount, if any, to be expended by the school district in the budget
28 year through an intergovernmental agreement with other school districts or
29 the department of education to provide title VIII of the elementary and
30 secondary education act of 1965 technical assistance to participating
31 districts.

32 8. Determine the lesser of the amount determined in paragraph 7 of
33 this subsection or the revenues available as determined in paragraph 3 of
34 this subsection.

35 9. The amount determined in paragraph 8 of this subsection is the
36 maximum amount that may be budgeted for title VIII of the elementary and
37 secondary education act of 1965 administrative costs for the budget year
38 as provided in this subsection.

39 10. If the governing board underestimated the amount that may be
40 budgeted for title VIII of the elementary and secondary education act of
41 1965, section 8007 administrative costs for the current year, the board
42 may adjust the general budget limit and the budget before May 15. If the
43 governing board overestimated the amount that may be budgeted for title
44 VIII of the elementary and secondary education act of 1965 administrative

1 costs for the current year, the board shall adjust the general budget
2 limit and the budget before May 15.

3 Q. If a school district governing board has adopted a budget for a
4 fiscal year based on forms and instructions provided by the auditor
5 general and the department of education for that fiscal year and if, as a
6 result of the enactment or nonenactment of proposed legislation after May
7 1 of the previous fiscal year, the budget is based on incorrect limits,
8 does not include items authorized by law or does not otherwise conform
9 with law, the governing board may revise its budget at a public hearing on
10 or before September 15 to conform with the law. Not later than September
11 18, the budget as adjusted shall be submitted electronically to the
12 superintendent of public instruction. If the governing board does not
13 revise the budget on or before September 15 and if the budget includes any
