15 B. For the purposes of this section, "one hundred eighty days"

17 minutes of instruction per school year based on a different number of days

33 technical education district program. Unless the governing boards of the
34 school districts participating in the formation of the career technical

37 board ~~shall consist~~ CONSISTS of five members elected from five single
38 member districts formed within the career technical education district.
39 The single member district election system shall be submitted as part of

3 each of the counties comprising the career technical education district if
4 this district design is consistent with the obligation to equalize the
5 population among single member districts.

6 2. The boundaries of each single member district shall follow
7 election precinct boundary lines, as far as practicable, in order to avoid
8 further segmentation of the precincts.

9 3. A person who is a registered voter of this state and who is a

35 technical education district board members. If an alternative election
36 system is selected, it shall be submitted as part of the plan for the

21 Sec. 3. Legislative findings and intent

22 A. The legislature finds that the unique nature of many career
23 technical education courses and programs require maximum flexibility in
24 scheduling to provide access to students. Career technical education
25 instruction delivery commonly requires block scheduling with longer hours
26 over a shorter period of time, so instruction may occur over a few months
27 rather than an entire semester. In an effort to provide efficient
28 scheduling, career technical education courses may meet on Saturdays in
29 order to offer the full-day instruction appropriate for a particular
30 program. This flexibility also gives students more opportunities to
31 fulfill the hourly obligations required for industry certification by
32 regulators or a particular trade.

33 B. The intent of section 15-393, Arizona Revised Statutes, as
34 amended by this act, is to establish clear statutory authority for career
35 technical education districts to deliver career technical education
36 instruction any day of the week at any time between July 1 and June 30 of
37 each fiscal year. The legislature's intent is to offer maximum scheduling
38 flexibility for career technical education programs to be delivered in
39 ways that best serve the students.
