16-411. Designation of election precincts and polling places; voting centers; electioneering; wait times

A. The board of supervisors of each county, on or before October 1 of each year preceding the year of a general election, by an order, shall establish a convenient number of election precincts in the county and define the boundaries of the precincts. The election precinct boundaries shall be established so as to be included within election districts prescribed by law for elected officers of the state and its political subdivisions including community college district precincts, except those elected officers provided for in titles 30 and 48.

B. At least twenty days before a general or primary election, and at least ten days before a special election, the board shall designate one polling place within each precinct where the election shall be held, except that:

1. On a specific finding of the board, included in the order or resolution designating polling places pursuant to this subsection, that no suitable polling place is available within a precinct, a polling place for that precinct may be designated within an adjacent precinct.

2. Adjacent precincts may be combined if boundaries so established are included in election districts prescribed by law for state elected officials and political subdivisions including community college districts but not including elected officials prescribed by titles 30 and 48. The officer in charge of elections may also split a precinct for administrative purposes. The polling places shall be listed in separate sections of the order or resolution.

3. On a specific finding of the board that the number of persons who are listed as early voters pursuant to section 16-544 is likely to substantially reduce the number of voters appearing at one or more specific polling places at that election, adjacent precincts may be consolidated by combining polling places and precinct boards for that election. The board of supervisors shall ensure that a reasonable and adequate number of polling places will be designated for that election. Any consolidated polling places shall be listed in separate sections of the order or resolution of the board.

4. On a specific resolution of the board, the board may authorize the use of voting centers in place of or in addition to specifically designated polling places. A voting center shall allow any voter in that county to receive the appropriate ballot for that voter on election day after presenting identification as prescribed in section 16-579 and to lawfully cast the ballot. Voting centers may be established in coordination and consultation with the county recorder, at other county offices or at other locations in the county deemed appropriate.
5. On a specific resolution of the board of supervisors that is limited to a specific election date and that is voted on by a recorded vote, the board may authorize the county recorder or other officer in charge of elections to use emergency voting centers as follows:
   (a) The board shall specify in the resolution the location and the hours of operation of the emergency voting centers.
   (b) A qualified elector voting at an emergency voting center shall provide identification as prescribed in section 16-579, except that notwithstanding section 16-579, subsection A, paragraph 2, for any voting at an emergency voting center, the county recorder or other officer in charge of elections may allow a qualified elector to update the elector's voter registration information as provided for in the secretary of state's instructions and procedures manual adopted pursuant to section 16-452.
   (c) If an emergency voting center established pursuant to this section becomes unavailable and there is not sufficient time for the board of supervisors to convene to approve an alternate location for that emergency voting center, the county recorder or other officer in charge of elections may make changes to the approved emergency voting center location and shall notify the public and the board of supervisors regarding that change as soon as practicable. The alternate emergency voting center shall be as close in proximity to the approved emergency voting center location as possible.

C. If the board fails to designate the place for holding the election, or if it cannot be held at or about the place designated, the justice of the peace in the precinct, two days before the election, by an order, copies of which the justice of the peace shall immediately post in three public places in the precinct, shall designate the place within the precinct for holding the election. If there is no justice of the peace in the precinct, or if the justice of the peace fails to do so, the election board of the precinct shall designate and give notice of the place within the precinct of holding the election. For any election in which there are no candidates for elected office appearing on the ballot, the board may consolidate polling places and precinct boards and may consolidate the tabulation of results for that election if all of the following apply:
   1. All affected voters are notified by mail of the change at least thirty-three days before the election.
   2. Notice of the change in polling places includes notice of the new voting location, notice of the hours for voting on election day and notice of the telephone number to call for voter assistance.
   3. All affected voters receive information on ELIGIBILITY FOR early voting that includes the application used to request an early voting ballot.
D. The board is not required to designate a polling place for special district mail ballot elections held pursuant to article 8.1 of this chapter, but the board may designate one or more sites for voters to deposit marked ballots until 7:00 p.m. on the day of the election.

E. Except as provided in subsection F of this section, a public school shall provide sufficient space for use as a polling place for any city, county or state election when requested by the officer in charge of elections.

F. The principal of the school may deny a request to provide space for use as a polling place for any city, county or state election if, within two weeks after a request has been made, the principal provides a written statement indicating a reason the election cannot be held in the school, including any of the following:

1. Space is not available at the school.
2. The safety or welfare of the children would be jeopardized.

G. The board shall make available to the public as a public record a list of the polling places for all precincts in which the election is to be held.

H. Except in the case of an emergency, any facility that is used as a polling place on election day or that is used as an early voting site during the period of early voting shall allow persons to electioneer and engage in other political activity outside of the seventy-five foot limit prescribed by section 16-515 in public areas and parking lots used by voters. This subsection does not allow the temporary or permanent construction of structures in public areas and parking lots or the blocking or other impairment of access to parking spaces for voters. The county recorder or other officer in charge of elections shall post on its website at least two weeks before election day a list of those polling places in which emergency conditions prevent electioneering and shall specify the reason the emergency designation was granted and the number of attempts that were made to find a polling place before granting an emergency designation. If the polling place is not on the website list of polling places with emergency designations, electioneering and other political activity shall be allowed outside of the seventy-five foot limit. If an emergency arises after the county recorder or other officer in charge of elections' initial website posting, the county recorder or other officer in charge of elections shall update the website as soon as is practicable to include any new polling places, shall highlight the polling place location on the website and shall specify the reason the emergency designation was granted and the number of attempts that were made to find a polling place before granting an emergency designation.

emergency designation.

J. The secretary of state shall provide through the instructions
and procedures manual adopted pursuant to section 16-452 the maximum
allowable wait time for any election that is subject to section 16-204 and

the secretary of state by the board of supervisors for the actual cost of
printing, labeling and postage of each sample ballot actually mailed, and
the secretary of state shall direct payment of the authenticated claim
from funds of the secretary of state's office.

E. For city and town elections, the governing body of a city or
town may have printed mailer-type sample ballots for a primary election.
If the city or town has printed such sample ballots, the city or town
shall provide for the distribution of such ballots and shall bear the
expense of printing and distributing of such sample ballots.

F. The return address on the mailer-type sample ballots shall not
contain the name of an appointed or elected public officer nor may the
name of an appointed or elected public officer be used to indicate who
produced the sample ballot.

G. The great seal of the state of Arizona shall be imprinted along
with the words "official voting materials" on the mailing face of each
sample ballot. In county, city or town elections the seal of such
jurisdiction shall be substituted for the state seal.

Sec. 13. Section 16-510, Arizona Revised Statutes, is amended to
read:

16-510. Sample ballots; preparation and distribution
A. Before printing the sample ballots for the general election the
board of supervisors shall send to each candidate whose name did not
appear on the preceding primary election ballot a ballot proof of the
sample ballot for the candidate's review.

B. The board of supervisors shall print and distribute, for the
information of voters at each polling place, a number of sample ballots as
it deems necessary.

C. The board of supervisors shall have printed mailer-type sample
ballots for a general election and shall mail at least eleven days before
the election one such sample ballot to each household in the county
containing a registered voter unless that registered voter is on the active early voting list established pursuant to section 16-544. Each sample ballot shall contain the following statement: "This is a sample ballot and cannot be used as an official ballot under any circumstances." A certified claim shall be presented to the secretary of state by the board of supervisors for the actual cost of printing, labeling and postage of each sample ballot actually mailed, and the secretary of state shall direct payment of the authenticated claim from funds of the secretary of state's office.

D. For city and town elections, the governing body of a city or town may have printed mailer-type sample ballots for a general election. If the city or town has printed such sample ballots, the city or town shall provide for the distribution of such ballots and shall bear the expense of printing and distributing such sample ballots.

E. For special district elections, the governing body of a special district may have printed mailer-type sample ballots. If the special district has printed such sample ballots, the special district shall provide for the distribution of such ballots and shall bear the expense of printing and distributing such sample ballots.

Sec. 14. Section 16-515, Arizona Revised Statutes, is amended to read:

16-515. "Seventy-five foot limit" notices; posting; violation; classification

A. Except as prescribed in this section and section 16-580, a person shall not be allowed to remain inside the seventy-five foot limit while the polls are open, except for the purpose of voting, and except the election officials, one representative at any one time of each political party represented on the ballot who has been appointed by the county chairman of that political party and the challengers allowed by law, and no electioneering may NOT occur within the seventy-five foot limit. Voters having cast their ballots shall promptly move outside the seventy-five foot limit.

B. The board of supervisors shall furnish, with the ballots for each polling place, three notices, printed in letters not less than two inches high, with the heading: "Seventy-five foot limit" and underneath that heading the following:

No person shall be allowed to remain inside these limits while the polls are open, except for the purpose of voting, and except the election officials, one representative at any one time of each political party represented on the ballot who has been appointed by the county chairman of such political party, and the challengers allowed by law. Voters having cast their ballots shall at once retire without the seventy-five foot limit. A person violating any provision of this notice is guilty of a class 2 misdemeanor.
C. A minor voting in a simulated election at a polling place is subject to the same seventy-five foot limit restrictions prescribed for a voter. Persons supervising or working in a simulated election in which minors vote may remain within the seventy-five foot limit of the polling place. The inspector for the polling place shall exercise authority over all election and simulated election related activities at the polling place.

D. For an election that is held by an Indian tribe and that is held at a polling place at the same time and on the same date as any other election, the following apply:

1. A person who is voting is subject to the same seventy-five foot limit restrictions prescribed for other voters.

2. An election official for the tribal election may remain within the seventy-five foot limit for the polling place.

E. With the permission of the voter, a minor may enter and remain within the seventy-five foot limit in order to accompany a voter into a polling place, an on-site early voting facility and a voting booth while the voter is voting.

F. Notwithstanding any other law, an election official, a representative of a political party who has been appointed by the county chairman of that political party or a challenger who is authorized by law shall not wear, carry or display materials that identify or express support for or opposition to a candidate, a political party or organization, a ballot question or any other political issue and shall not electioneer within the seventy-five foot limit of a polling place.

G. Notwithstanding section 16-1018, a person may not take photographs or videos while within the seventy-five foot limit.

H. Any person violating this section is guilty of a class 2 misdemeanor.

I. For the purposes of this section, electioneering occurs when an individual knowingly, intentionally, by verbal expression and in order to induce or compel another person to vote in a particular manner or to refrain from voting expresses support for or opposition to a candidate who appears on the ballot in that election, a ballot question that appears on the ballot in that election or a political party with one or more candidates who appear on the ballot in that election.

Sec. 15. Section 16-541, Arizona Revised Statutes, is amended to read:

16-541. Early voting; elector eligibility

A. Any election called pursuant to the laws of this state shall provide for early voting. Any qualified elector WHO MEETS THE CRITERIA ESTABLISHED BY THIS SECTION may vote by early ballot.
B. AN ELECTOR SHALL BE ALLOWED TO VOTE BY EARLY BALLOT FOR ANY ONE OR MORE OF THE FOLLOWING REASONS:

1. THE ELECTOR EXPECTS TO BE ABSENT FROM THE ELECTOR’S PRECINCT AT THE TIME OF THE ELECTION.
3. THE ELECTOR IS AN ABSENT UNIFORMED SERVICES VOTER OR OVERSEAS VOTER AS DEFINED IN THE UNIFORMED AND OVERSEAS CITIZENS ABSENTEE VOTING ACT (P.L. 99-410; 52 UNITED STATES CODE SECTION 20310) OR A SPOUSE OR HOUSEHOLD MEMBER OF THE ABSENT UNIFORMED SERVICES VOTER OR OVERSEAS VOTER.

C. A qualified elector of a special district organized pursuant to title 48 shall be permitted to vote early in any special district mail ballot election as provided in article 8.1 of this chapter.

Sec. 16. Section 16-542, Arizona Revised Statutes, is amended to read:

16-542. Request for ballot; civil penalties; violation; classification

A. Within ninety-three days before any election called pursuant to the laws of this state, an ELIGIBLE elector AS PRESCRIBED BY SECTION 16-541 may make a verbal or signed request to the county recorder, or other officer in charge of elections for the applicable political subdivision of this state in whose jurisdiction the elector is registered to vote, for an official early ballot. In addition to name and address, the requesting elector shall provide the date of birth and state or country of birth or other information that if compared to the voter registration information on file would confirm the identity of the elector AND SHALL SPECIFY ONE OF THE REASONS FOR VOTING EARLY PRESCRIBED BY SECTION 16-541. If the request indicates that the elector needs a primary election ballot and a general election ballot, the county recorder or other officer in charge of elections shall honor the request. For any partisan primary election, if the elector is not registered as a member of a political party that is entitled to continued representation on the ballot pursuant to section 16-804, the elector shall designate the ballot of only one of the political parties that is entitled to continued representation on the ballot and the elector may receive and vote the ballot of only that one political party, which also shall include any nonpartisan offices and ballot questions, or the elector shall designate the ballot for nonpartisan offices and ballot questions only and the elector may receive and vote the ballot that contains only nonpartisan offices and ballot questions. The county recorder or other officer in charge of elections shall process any request for an early ballot for a municipal election pursuant to this subsection. The county recorder may establish on-site early voting locations at the recorder’s office, which shall be open and available for use beginning the same day that a county begins to send out the early ballots. The county recorder may also
establish any other early voting locations in the county the recorder deems necessary. Any on-site early voting location or other early voting location shall require each elector to present identification as prescribed in section 16-579 before receiving a ballot. Notwithstanding section 16-579, subsection A, paragraph 2, at any on-site early voting location or other early voting location the county recorder or other officer in charge of elections may provide for a qualified elector to update the elector's voter registration information as provided for in the secretary of state's instructions and procedures manual adopted pursuant to section 16-452.

B. Notwithstanding subsection A of this section, a request for an official early ballot from an absent uniformed services voter or overseas voter as defined in the uniformed and overseas citizens absentee voting act of 1986 (P.L. 99-410; 52 United States Code section 20310) or a voter whose information is protected pursuant to section 16-153 that is received by the county recorder or other officer in charge of elections more than ninety-three days before the election is valid. If requested by the absent uniformed services or overseas voter, or a voter whose information is protected pursuant to section 16-153, the county recorder or other officer in charge of elections shall provide to the requesting voter early ballot materials through the next regularly scheduled general election for federal office immediately following receipt of the request unless a different period of time, which does not exceed the next two regularly scheduled general elections for federal office, is designated by the voter.

C. The county recorder or other officer in charge of elections shall mail the early ballot and the envelope for its return postage prepaid to the address provided by the requesting elector within five days after receipt of the official early ballots from the officer charged by law with the duty of preparing ballots pursuant to section 16-545, except that early ballot distribution shall not begin more than twenty-seven days before the election. If an early ballot request is received on or before the thirty-first day before the election, the early ballot shall be distributed not earlier than the twenty-seventh day before the election and not later than the twenty-fourth day before the election.

D. Only the elector may be in possession of that elector's unvoted early ballot. If a complete and correct request is made by the elector within twenty-seven days before the election, the mailing must be made within forty-eight hours after receipt of the request. Saturdays, Sundays and other legal holidays are excluded from the computation of the forty-eight hour period prescribed by this subsection. If a complete and correct request is made by an absent uniformed services voter or an overseas voter before the election, the regular early ballot shall be transmitted by mail, by fax or by other electronic format approved by the
secretary of state within twenty-four hours after the early ballots are delivered pursuant to section 16-545, subsection B, excluding Sundays.

E. In order to be complete and correct and to receive an early ballot by mail, an elector's request that an early ballot be mailed to the elector's residence or temporary address must include all of the information prescribed by subsection A of this section and must be received by the county recorder or other officer in charge of elections by 5:00 p.m. on the eleventh day preceding the election. An elector who appears personally no later than 5:00 p.m. on the Friday preceding the election at an on-site early voting location that is established by the county recorder or other officer in charge of elections shall be given a ballot after presenting identification as prescribed in section 16-579 and shall be permitted to vote at the on-site location.

Notwithstanding section 16-579, subsection A, paragraph 2, at any on-site early voting location the county recorder or other officer in charge of elections may provide for a qualified elector to update the elector's voter registration information as provided for in the secretary of state's instructions and procedures manual adopted pursuant to section 16-452. If an elector's request to receive an early ballot is not complete and correct but complies with all other requirements of this section, the county recorder or other officer in charge of elections shall attempt to notify the elector of the deficiency of the request.

F. Unless an elector specifies that the address to which an early ballot is to be sent is a temporary address, the recorder may use the information from an early ballot request form to update voter registration records.

G. The county recorder or other officer in charge of early balloting shall provide an alphabetized list of all voters in the precinct who have requested and have been sent an early ballot to the election board of the precinct in which the voter is registered not later than the day before the election.

H. As a result of experiencing an emergency between 5:00 p.m. on the Friday preceding the election and 5:00 p.m. on the Monday preceding the election, qualified electors may request to vote in the manner prescribed by the board of supervisors of their respective county. Before voting pursuant to this subsection, an elector who experiences an emergency shall provide identification as prescribed in section 16-579 and shall sign a statement under penalty of perjury that states that the person is experiencing or experienced an emergency after 5:00 p.m. on the Friday immediately preceding the election and before 5:00 p.m. on the Monday immediately preceding the election that would prevent the person from voting at the polls. Signed statements received pursuant to this subsection are not subject to inspection pursuant to title 39, chapter 1, article 2. For the purposes of this subsection, "emergency" means any
unforeseen circumstances that would prevent the elector from voting at the
polls.

I. Notwithstanding section 16-579, subsection A, paragraph 2, for
any voting pursuant to subsection H of this section, the county recorder
or other officer in charge of elections may allow a qualified elector to
update the elector's voter registration information as provided for in the
secretary of state's instructions and procedures manual adopted pursuant
to section 16-452.

J. A candidate, political committee or other organization may
distribute early ballot request forms to voters. If the early ballot
request forms include a printed address for return, the addressee shall be
the political subdivision that will conduct the election. Failure to use
the political subdivision as the return address is punishable by a civil
penalty of up to three times the cost of the production and distribution
of the request.

K. All original and completed early ballot request forms that are
received by a candidate, political committee or other organization shall
be submitted within six business days after receipt by a candidate,
political committee or other organization or eleven days before the
election day, whichever is earlier, to the political subdivision that will
conduct the election. Any person, political committee or other
organization that fails to submit a completed early ballot request form
within the prescribed time is subject to a civil penalty of up to $25 per
day for each completed form withheld from submittal. Any person who
knowingly fails to submit a completed early ballot request form before the
submission deadline for the election immediately following the completion
of the form is guilty of a class 6 felony.

L. Except for a voter who is on the active early voting list
prescribed by section 16-544, a voter who requests a onetime early ballot
pursuant to THIS section 16-542 or for an election conducted pursuant to
section 16-409 or article 8.1 of this chapter, a county recorder, city or
town clerk or other election officer may not deliver or mail an early
ballot to a person who has not requested an early ballot for that
election. An election officer who knowingly violates this subsection is
guilty of a class 5 felony.

Sec. 17. Repeal
Section 16-544, Arizona Revised Statutes, is repealed.
Sec. 18. Section 16-547, Arizona Revised Statutes, is amended to
read:

16-547. Ballot affidavit; form
A. The early ballot shall be accompanied by an envelope bearing on
the front the name, official title and post office address of the recorder
or other officer in charge of elections and on the other side a printed
affidavit in substantially the following form:
I declare the following under penalty of perjury: I am a registered voter in __________ county Arizona, AND I EXPECT TO BE ABSENT FROM MY PRECINCT OR OTHER POLITICAL SUBDIVISION AT THE TIME OF THE ELECTION OR I CANNOT GO TO THE POLLS ON ELECTION DAY BECAUSE OF THE TENETS OF MY RELIGION OR BECAUSE I AM AN ABSENT UNIFORMED SERVICES VOTER OR OVERSEAS VOTER, AND I have not voted and will not vote in this election in any other county or state, I understand that knowingly voting more than once in any election is a class 5 felony and I voted the enclosed ballot and signed this affidavit personally unless noted below.

If the voter was assisted by another person in marking the ballot, complete the following:

I declare the following under penalty of perjury: At the registered voter's request I assisted the voter identified in this affidavit with marking the voter's ballot, I marked the ballot as directly instructed by the voter, I provided the assistance because the voter was physically unable to mark the ballot solely due to illness, injury or physical limitation and I understand that there is no power of attorney for voting and that the voter must be able to make the voter's selection even if they cannot physically mark the ballot.

Name of voter assistant: _____________________________
Address of voter assistant: __________________________

B. The face of each envelope in which a ballot is sent to a federal postcard applicant or in which a ballot is returned by the applicant to the recorder or other officer in charge of elections shall be in the form prescribed in accordance with the uniformed and overseas citizens absentee voting act of 1986 (P.L. 99-410; 52 United States Code section 20301). Otherwise, the envelopes shall be the same as those used to send ballots to, or receive ballots from, other early voters.

C. The officer charged by law with the duty of preparing ballots at any election shall ensure that the early ballot is sent in an envelope that states substantially the following:

If the addressee does not reside at this address, mark the unopened envelope “return to sender” and deposit it in the United States mail.

D. The county recorder or other officer in charge of elections shall supply printed instructions to early voters that direct them to sign the affidavit, mark the ballot and return both in the enclosed self-addressed envelope that complies with section 16-545. The instructions shall include the following statement:

In order to be valid and counted, the ballot and affidavit must be delivered to the office of the county recorder or other officer in charge of elections or may be deposited at any polling place in the county NOT later than
7:00 p.m. on election day. The ballot will not be counted without the voter's signature on the envelope.  
(WARNING—It is a felony to offer or receive any compensation for a ballot.)

Sec. 19. Section 16-552, Arizona Revised Statutes, is amended to read:

16-552. Early ballots; processing; challenges

A. In a jurisdiction that uses optical scan ballots, the officer in charge of elections may use the procedure prescribed by this section or may request approval from the secretary of state for a different method for processing early ballots. The request shall be made in writing at least ninety days before the election for which the procedure is intended to be used. After the election official has confirmed with the secretary of state that all election equipment passes the logic and accuracy test, the election official may begin to count early ballots. No early ballot results may be released except as prescribed by section 16-551.

B. The early election board shall check the voter's affidavit on the envelope containing the early ballot. If it is found to be sufficient, the vote shall be allowed. If the affidavit is insufficient, the vote shall not be allowed.

C. The county chairman of each political party represented on the ballot, by written appointment addressed to the early election board, may designate party representatives and alternates to act as early ballot challengers for the party. No party may have more than the number of such representatives or alternates that were mutually agreed on by each political party to be present at one time. If such agreement cannot be reached, the number of representatives shall be limited to one for each political party.

D. An early ballot may be challenged on any grounds set forth in section 16-591 OR FOR SUSPECTED FRAUDULENT USE OF THE EARLY BALLOT. All challenges shall be made in writing with a brief statement of the grounds before the early ballot is placed in the ballot box. A record of all challenges and resulting proceedings shall be kept in substantially the same manner as provided in section 16-594. If an early ballot is challenged, it shall be set aside and retained in the possession of the early election board or other officer in charge of early ballot processing until a time that the early election board sets for determination of the challenge, subject to the procedure in subsection E of this section, at which time the early election board shall hear the grounds for the challenge and shall decide what disposition shall be made of the early ballot by majority vote. If the early ballot is not allowed, it shall be handled pursuant to subsection G of this section.

E. Within twenty-four hours of receipt of a challenge, the early election board or other officer in charge of early ballot processing shall mail, by first class mail, a notice of the challenge including a copy of
the written challenge, and also including the time and place at which the voter may appear to defend the challenge, to the voter at the mailing address shown on the request for an early ballot or, if none was provided, to the mailing address shown on the registration rolls. Notice shall also be mailed to the challenger at the address listed on the written challenge and provided to the county chairman of each political party represented on the ballot. The board shall meet to determine the challenge at the time specified by the notice but, in any event, not earlier than ninety-six hours after the notice is mailed, or forty-eight hours if the notifying party chooses to deliver the notice by overnight or hand delivery, and not later than 5:00 p.m. on the Monday following the election. The board shall provide the voter with an informal opportunity to make, or to submit, brief statements regarding the challenge. The board may decline to permit comments, either in person or in writing, by anyone other than the voter, the challenger and the party representatives. The burden of proof is on the challenger to show why the voter should not be permitted to vote. The fact that the voter fails to appear shall not be deemed to be an admission of the validity of the challenge. The early election board or other officer in charge of early ballot processing is not required to provide the notices described in this subsection if the written challenge fails to set forth at least one of the grounds listed in section 16-591 as a basis for the challenge. In that event, the challenge will be summarily rejected at the meeting of the board. Except for election contests pursuant to section 16-672, the board's decision is final and may not be appealed.

F. If the vote is allowed, the board shall open the envelope containing the ballot in such a manner that the affidavit thereon is not destroyed, take out the ballot without unfolding it or permitting it to be opened or examined and show by the records of the election that the elector has voted.

G. If the vote is not allowed, the affidavit envelope containing the early ballot shall not be opened and the board shall mark across the face of such envelope the grounds for rejection. The affidavit envelope and its contents shall then be deposited with the opened affidavit envelopes and shall be preserved with official returns. If the voter does not enter an appearance, the board shall send the voter a notice stating whether the early ballot was disallowed and, if disallowed, providing the grounds for the determination. The notice shall be mailed by first class mail to the voter's mailing address as shown on the registration rolls within three days after the board's determination.

H. Party representatives and alternates may be appointed as provided in subsection C of this section to be present and to challenge the verification of questioned ballots pursuant to section 16-584 on any grounds permitted by this section. Questioned ballots that are challenged
shall be presented to the early election board for decision under the provisions of this section.

Sec. 20. Section 16-558.02, Arizona Revised Statutes, is amended to read:

16-558.02. Replacement ballots
A. The county recorder or other officer in charge of elections shall determine a central location in the district and shall provide for a ballot replacement center that is as near to that location as is practicable for ELIGIBLE electors to obtain a replacement ballot. The location shall be open from 6:00 a.m. until 7:00 p.m. of the day of the election. An elector may obtain a replacement ballot until 7:00 p.m. on the day of the election on presenting a signed, sworn statement that the EARLY ballot was lost, spoiled, destroyed or not received.
B. The recorder or other officer in charge of elections shall keep a record of each replacement ballot provided pursuant to this section.
C. If an elector to whom a replacement ballot is issued votes more than once, only the first ballot received shall be counted.

Sec. 21. Section 16-602, Arizona Revised Statutes, is amended to read:

16-602. Paper ballots; report; hand count
A. For any primary, special or general election in which the votes are cast on an electronic voting machine or tabulator, the election judge shall compare the number of votes cast as indicated on the machine or tabulator with the number of votes cast as indicated on the poll list and the number of provisional ballots cast and that information shall be noted in a written report prepared and submitted to the officer in charge of elections along with other tally reports. ALL BALLOTS SHALL BE COUNTED BY HAND.
B. For each countywide primary, special, general and presidential preference election, the county officer in charge of the election shall conduct a hand count at one or more secure facilities. The hand count shall be conducted as prescribed by this section and in accordance with hand count procedures established by the secretary of state in the official instructions and procedures manual adopted pursuant to section 16-452. The hand count is not subject to the live video requirements of section 16-621, subsection D, but the party representatives who are observing the hand count may bring their own video cameras in order to record the hand count. The recording shall not interfere with the conduct of the hand count and the officer in charge of the election may prohibit from recording or remove from the facility persons who are taking actions to disrupt the count. The sole act of recording the hand count does not constitute sufficient grounds for the officer in charge of the election to prohibit observers from recording or to remove them from the facility. The hand count shall be conducted in the following order:
1. At least two percent of the precincts in that county, or two
precincts, whichever is greater, shall be selected at random from a pool
consisting of every precinct in that county. The county political party
chairman for each political party that is entitled to continued
representation on the state ballot or the chairman's designee shall
conduct the selection of the precincts to be hand counted. The precincts
shall be selected by lot without the use of a computer, and the order of
selection by the county political party chairman shall also be by lot.
The selection of the precincts shall not begin until all ballots voted in
the precinct polling places have been delivered to the central counting
center. The unofficial vote totals from all precincts shall be made
public before selecting the precincts to be hand counted. Only the
ballots cast in the polling places and ballots from direct recording
electronic machines shall be included in the hand counts conducted
pursuant to this section. Provisional ballots, conditional provisional
ballots and write-in votes shall not be included in the hand counts and
the early ballots shall be grouped separately by the officer in charge of
elections for purposes of a separate manual audit pursuant to subsection F
of this section.

2. The races to be counted on the ballots from the precincts that
were selected pursuant to paragraph 1 of this subsection for each primary,
special and general election shall include up to five contested races.
After the county recorder or other officer in charge of elections
separates the primary ballots by political party, the races to be counted
shall be determined by selecting by lot without the use of a computer from
those ballots as follows:
(a) For a general election, one statewide ballot measure, unless
there are no measures on the ballot.
(b) One contested statewide race for statewide office.
(c) One contested race for federal office, either United States
senate or United States house of representatives. If the United States
house of representatives race is selected, the names of the candidates may
vary among the sampled precincts.
(d) One contested race for state legislative office, either state
house of representatives or state senate. In either case, the names of
the candidates may vary among the sampled precincts.
(e) If there are fewer than four contested races resulting from the
selections made pursuant to subdivisions (a) through (d) of this section
and if there are additional contested federal, statewide or legislative
races or ballot measures, additional contested races shall be selected by
lot not using a computer until four races have been selected or until no
additional contested federal, statewide or legislative races or ballot
measures are available for selection.
(f) If there are no contested races as prescribed by this paragraph, a hand count shall not be conducted for that precinct for that election.

3. For the presidential preference election, select by lot two percent of the polling places designated and used pursuant to section 16-248 and perform the hand count of those ballots.

4. For the purposes of this section, a write-in candidacy in a race does not constitute a contested race.

5. In elections in which there are candidates for president, the presidential race shall be added to the four categories of hand counted races.

6. Each county chairman of a political party that is entitled to continued representation on the state ballot or the chairman’s designee shall select by lot the individual races to be hand counted pursuant to this section.

7. The county chairman of each political party shall designate and provide the number of election board members as designated by the county officer in charge of elections who shall perform the hand count under the supervision of the county officer in charge of elections. For each precinct that is to be audited, the county chairman shall designate at least two board workers who are registered members of any or no political party to assist with the audit. Any qualified elector from this state may be a board worker without regard to party designation. The county election officer shall provide for compensation for those board workers, not to include travel, meal or lodging expenses. If there are less than two persons for each audited precinct available to participate on behalf of each recognized political party, the recorder or officer in charge of elections, with the approval of at least two county party chairpersons in the county in which the shortfall occurs, shall substitute additional individual electors who are provided by any political party from anywhere in the state without regard to party designation to conduct the hand count. A county party chairman shall approve only those substitute electors who are provided by the county chairman’s political party. The political parties shall provide to the recorder or officer in charge of elections in writing the names of those persons intending to participate in the hand count at the audited precincts not later than 5:00 p.m. on the Tuesday preceding the election. If the total number of board workers provided by all parties is less than four times the number of precincts to be audited, the recorder or officer in charge of elections shall notify the parties of the shortage by 9:00 a.m. on the Wednesday preceding the election. The hand count shall not proceed unless the political parties provide the recorder or officer in charge of elections, in writing, a sufficient number of persons by 5:00 p.m. on the Thursday preceding the election and a sufficient number of persons, pursuant to this paragraph, arrive to perform the hand count. The recorder or officer in charge of
elections may prohibit persons from participating in the hand count if they are taking actions to disrupt the count or are unable to perform the duties as assigned. For the hand count to proceed, not more than seventy-five percent of the persons performing the hand count shall be from the same political party.

B. If a political party is not represented by a designated chairperson within a county, the state chairperson for that political party, or a person designated by the state chairperson, may perform the actions required by the county chairperson as specified in this section.

C. If the randomly selected races result in a difference in any race that is less than the designated margin when compared to the electronic tabulation of those same ballots, the results of the electronic tabulation constitute the official count for that race. If the randomly selected races result in a difference in any race that is equal to or greater than the designated margin when compared to the electronic tabulation of those same ballots, a second hand count of those same ballots and races shall be performed. If the second hand count results in a difference in any race that is less than the designated margin when compared to the electronic tabulation for those same ballots, the electronic tabulation constitutes the official count for that race. If the second hand count results in a difference in any race that is equal to or greater than the designated margin when compared to the electronic tabulation for those same ballots, the hand count shall be expanded to include a total of twice the original number of randomly selected precincts. Those additional precincts shall be selected by lot without the use of a computer.

D. In any expanded count of randomly selected precincts, if the randomly selected precinct hand counts result in a difference in any race that is equal to or greater than the designated margin when compared to the electronic tabulation of those same ballots, the final hand count shall be extended to include the entire jurisdiction for that race. If the jurisdictional boundary for that race would include any portion of more than one county, the final hand count shall not be extended into the precincts of that race that are outside of the county that is conducting the expanded hand count. If the expanded hand count results in a difference in that race that is less than the designated margin when compared to the electronic tabulation of those same ballots, the electronic tabulation constitutes the official count for that race.

E. If a final hand count is performed for an entire jurisdiction for a race, the final hand count shall be repeated for that race until a hand count for that race for the entire jurisdiction results in a count that is identical to one other hand count for that race for the entire jurisdiction and that hand count constitutes the official count for that race.
F. After the electronic tabulation of early ballots and at one or more times selected by the chairman of the political parties entitled to continued representation on the ballot or the chairman's designee, the chairmen or the chairman's designees shall randomly select one or more batches of early ballots that have been tabulated to include at least one batch from each machine used for tabulating early ballots and those ballots shall be securely sequestered by the county recorder or officer in charge of elections along with their unofficial tally reports for a postelection manual audit. The chairmen or the chairman's designees shall randomly select from those sequestered early ballots a number equal to one percent of the total number of early ballots cast or five thousand early ballots, whichever is less. From those randomly selected early ballots, the county officer in charge of elections shall conduct a manual audit of the same races that are being hand counted pursuant to subsection B of this section. If the manual audit of the early ballots results in a difference in any race that is equal to or greater than the designated margin when compared to the electronically tabulated results for those same early ballots, the manual audit shall be repeated for those same early ballots. If the second manual audit results in a difference in that race that is equal to or greater than the designated margin when compared to the electronically tabulated results for those same early ballots, the manual audit shall be expanded only for that race to a number of additional early ballots equal to one percent of the total early ballots cast or an additional five thousand ballots, whichever is less, to be randomly selected from the batch or batches of sequestered early ballots. If the expanded early ballot manual audit results in a difference for that race that is equal to or greater than the designated margin when compared to any of the earlier manual counts for that race, the manual counts shall be repeated for that race until a manual count results in a difference in that race that is less than the designated margin. If at any point in the manual audit of early ballots the difference between any manual count of early ballots is less than the designated margin when compared to the electronic tabulation of those ballots, the electronic tabulation shall be included in the canvass and no further manual audit of the early ballots shall be conducted.

G. During any hand count of early ballots, the county officer in charge of elections and election board workers shall attempt to determine the intent of the voter in casting the ballot.

H. Notwithstanding any other law, the county officer in charge of elections shall retain custody of the ballots for purposes of performing any required hand counts and the officer shall provide for security for those ballots.
I. The hand counts prescribed by this section shall begin within twenty-four hours after the closing of the polls and shall be completed before the canvassing of the election for that county. The results of those hand counts shall be provided to the secretary of state, who shall make those results publicly available on the secretary of state's website.

J. For any county in which a hand count has been expanded to all precincts in the jurisdiction, the secretary of state shall make available the escrowed source code for that county to the superior court. The superior court shall appoint a special master to review the computer software. The special master shall have expertise in software engineering, shall not be affiliated with an election software vendor nor with a candidate, shall sign and be bound by a nondisclosure agreement regarding the source code itself and shall issue a public report to the court and to the secretary of state regarding the special master's findings on the reasons for the discrepancies. The secretary of state shall consider the reports for purposes of reviewing the certification of that equipment and software for use in this state.

K. The vote count verification committee is established in the office of the secretary of state and all of the following apply:

1. At least thirty days before the 2006 primary election, the secretary of state shall appoint seven persons to the committee, not more than three of whom are members of the same political party.

2. Members of the committee shall have expertise in any two or more of the areas of advanced mathematics, statistics, random selection methods, systems operations or voting systems.

3. A person is not eligible to be a committee member if that person has been affiliated with or received any income in the preceding five years from any person or entity that provides election equipment or services in this state.

4. The vote count verification committee shall meet and establish one or more designated margins to be used in reviewing the hand counting of votes as required pursuant to this section. The committee shall review and consider revising the designated margins every two years for use in the applicable elections. The committee shall provide the designated margins to the secretary of state at least ten days before the primary election and at least ten days before the general election, and the secretary of state shall make that information publicly available on the secretary of state's website.

5. Members of the vote count verification committee are not eligible to receive compensation but are eligible for reimbursement of expenses pursuant to title 38, chapter 4, article 2. The committee is a public body and its meetings are subject to title 38, chapter 3, article 5.1 and its reports and records are subject to title 39, chapter 1.
Sec. 22. Section 16-621, Arizona Revised Statutes, is amended to read:

16-621. Proceedings at the counting center: video recording

A. All proceedings at the counting center shall be under the direction of the board of supervisors or other officer in charge of elections and shall be conducted in accordance with the approved instructions and procedures manual issued pursuant to section 16-452 under the observation of representatives of each political party, PERSONS WITHOUT A POLITICAL PARTY AFFILIATION and the public. The proceedings at the counting center may also be observed by up to three additional people representing a candidate for nonpartisan office, or representing a political committee in support of or in opposition to a ballot measure, proposition or question. A draw by lot shall determine which three groups or candidates shall have representatives participate in the observation at the counting center. Persons representing a candidate for nonpartisan office or persons or groups representing a political committee in support of or in opposition to a ballot measure, proposition or question, who are interested in participating in the observation, shall notify the officer in charge of elections of their desire to be included in the draw not later than seventeen days before the election. After the deadline to receive submissions from the interested persons or groups, but prior to fourteen days before the election, the county officer in charge of elections shall draw by lot, from the list of those that expressed interest, three persons or groups and those selected shall be notified and allowed to observe the proceedings at the counting center. If a group is selected the group may alter who represents that group for different days of observation but on any given observation day a selected group shall not send more than one observer. A group may rotate an observer throughout the day. Only those persons who are authorized for the purpose shall touch any ballot or ballot card or return. All persons who are engaged in processing and counting of the ballots shall be qualified electors, shall be deputized in writing and shall take an oath that they will faithfully perform their assigned duties. There shall be no preferential counting of ballots for the purpose of projecting the outcome of the election. THE BOARD OF SUPERVISORS OR OTHER OFFICER IN CHARGE OF ELECTIONS SHALL NOT ALLOW THE USE OF ELECTRONIC OR OTHER TABULATING EQUIPMENT AND ALL COUNTING SHALL BE DONE BY HAND. BALLOTS SHALL BE ORGANIZED AND REMAIN SEGREGATED BY PRECINCT, BOTH BEFORE AND AFTER COUNTING. If any ballot, including any ballot received from early voting, is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, a true duplicate copy shall be made of the damaged or defective ballot in the presence of witnesses and substituted for the damaged or defective ballot. All duplicate ballots created pursuant to this subsection shall be clearly labeled "duplicate" and shall bear a serial number that shall be recorded on the damaged or defective ballot.
HB 2571

B. If the counting center automatic tabulating equipment includes
an electronic vote adjudication feature that has been certified for use as
prescribed by section 16-442 and the board of supervisors or officer in
charge of elections authorizes the use of this feature at the counting
center, all of the following apply:

1. The electronic vote adjudication feature shall be included in
the tabulation system logic and accuracy testing prescribed by section
16-449.

2. The board of supervisors or officer in charge of elections shall
appoint an electronic vote adjudication board that consists of two judges
who are overseen by an inspector, with the two judges equally divided
between the two largest political parties as prescribed by section 16-531,
subsection D to adjudicate and submit for tabulation a ballot that is read
by the tabulation machine as blank in order to determine if voter intent
is clear on a portion or all of the ballot, or any portion of any ballot
as prescribed by section 16-610 or 16-611, or to tally write-in choices as
prescribed by section 16-612.

3. The electronic vote adjudication process used by the electronic
vote adjudication board shall provide for:
   (a) A method to track and account for the original ballot and the
digital duplicate of the ballot created by the electronic vote
adjudication feature that includes a serial number on the digital image
that can be used to track electronic vote adjudication board actions.
   (b) The creation and retention of comprehensive logs of all digital
duplication and adjudication actions performed by an electronic vote
adjudication board.
   (c) The retention of the original ballot and the digital duplicate
of the ballot.

C. If for any reason it becomes impracticable to count all or a
part of the ballots with tabulating equipment, the officer in charge of
elections may direct that they be counted manually, following as far as
practicable the provisions governing the counting of paper ballots.

D. B. For any statewide, county or legislative election, the
county recorder or officer in charge of elections shall provide for a live
video recording of the custody of all ballots while the ballots are
present in a tabulation room in the counting center. The live video
recording shall include date and time indicators and shall be linked to
the secretary of state's website. The secretary of state shall post links
to the video coverage for viewing by the public. The county recorder or
officer in charge of elections shall record the video coverage of the
ballots at the counting center and shall retain those recordings as a
public record for at least as long as the challenge period for the general
election. If the live video feed is disrupted or disabled, the recorder
or officer in charge of elections is not liable for the disruption but
shall attempt to reinstate video coverage as soon as is practicable. Any
disruption in video coverage shall not affect or prevent the continued tabulation of ballots. This subsection is contingent on legislative appropriation.

E. The county recorder or other officer in charge of elections shall maintain records that record the chain of custody for all election equipment and ballots during early voting through the completion of provisional voting tabulation.

Sec. 23. Section 16-663, Arizona Revised Statutes, is amended to read:

B. When the court orders a recount of votes which were cast and tabulated on electronic voting equipment, such recount shall be pursuant to section 16-664. On completion of the recount, and for legislative, statewide and federal candidate races only, the county chairmen of the political parties entitled to continued representation on the ballot or the chairman’s designee shall select at random without the use of a computer five per cent of the precincts for the recounted race for a hand count, and if the results of that hand count when compared to the electronic tabulation of that same race are less than the designated margins calculated pursuant to section 16-602, the recount is complete and the electronic tabulation is the official result. If the hand count results in a difference that is equal to or greater than the designated margin for that race, the procedure established in section 16-602, subsections C, D, E and F applies.
