Be it enacted by the Legislature of the State of Arizona:

Section 1. Section 16-134, Arizona Revised Statutes, is amended to read:

16-134. Return of registrations made outside office of county recorder; incomplete or illegible forms

A. A county recorder shall authorize persons to accept registration forms, shall designate places for receipt of registration forms and shall designate additional locations for distribution of voter registration forms. Public assistance agencies and disabilities agencies as defined in section 16-140 AND ADDITIONAL VOTER REGISTRATION VOLUNTEERS AND THOSE PAID AND UNPAID VOTER REGISTRATION COLLECTORS WHO ARE REQUIRED TO REGISTER AS PRESCRIBED IN SECTION 16-140 shall return or mail completed voter registrations to the county recorder of the county in which the applicant resides within five days after receipt of those registrations.

B. If the information on the registration form is incomplete or illegible and the county recorder is not able to process the registration form, the county recorder shall notify the applicant within ten business days of receipt of the registration form, shall specify the missing or illegible information and, if the missing or illegible information includes any of the information prescribed by section 16-121.01, subsection A, shall state that the registration cannot be completed until the information is supplied. If the missing or illegible information is supplied before 7:00 p.m. on election day, that person is deemed to have been registered on the date the registration was first received.

C. In the case of registration by mail, a voter registration is valid for an election if it complies with either of the following:

1. The form is postmarked twenty-nine days or more before an election and is received by the county recorder by 7:00 p.m. on the day of that election.

2. The registration is dated twenty-nine days or more before an election and is received by the county recorder by first class mail within five days after the last day to register to vote in that election.

D. The date of registration entered for registration forms that are received by the county recorder from persons, groups or agencies that are not authorized to accept registrations pursuant to subsection A of this section and that do not bear a legible postmark date or an otherwise reliable date shall be the date that those forms are received by the county recorder.

Sec. 2. Section 16-140, Arizona Revised Statutes, is amended to read:

16-140. Voter registration assistance agencies; registration collectors; definitions

A. All public assistance agencies and disabilities agencies in this state shall provide the opportunity to register to vote for those persons who apply for benefits or appear at the agency to renew, recertify or
change address information. The voter registration form shall be accompanied by a statement form that includes substantially the following:

1. The statement "If you are not registered to vote where you live now, would you like to apply to register to vote here today?
   ( ) Yes     ( ) No
   If you do not check either box, you will be considered to have decided not to register to vote at this time."

2. If the agency provides public assistance, the statement "Applying to register or declining to register to vote will not affect the amount of assistance that you will be provided by this agency."

3. The statement "If you would like help in filling out the voter registration application form, we will help you. The decision to seek or accept help is yours. You may fill out the application form in private."

4. The statement "If you believe that someone has interfered with your right to register or to decline to register to vote, or your right to choose your own political party or other political preference, you may file a complaint with the secretary of state." This statement shall be followed by the name, address and telephone number of the secretary of state.

B. Each public assistance agency or disabilities agency shall provide to each person who applies for that agency's services the same degree of assistance for voter registration that it provides for the completion of the agency's own forms, unless that person refuses assistance. Each public assistance or disabilities agency shall accept completed registration forms from persons who receive a registration form from that office.

C. If a person indicates "no" or fails to indicate either "yes" or "no" on the form prescribed by subsection A OF THIS SECTION, the form shall be deemed to indicate a declination to register to vote. All declination forms shall be preserved as a confidential record and shall be forwarded periodically to the Arizona state library, archives and public records for retention for two years. Declination forms are exempt from title 39, chapter 1 and may be disclosed only for voter registration purposes.

D. Voter registration information that is generated pursuant to this section and that is public information as otherwise provided by law shall not provide any public indication of the source of these registrations. Registration forms may bear a unique, coded marking that does not publicly or readily disclose the voter registration agency or additional voter registration volunteer that was the source of the registration. The coded markings for a form may be translated or otherwise read only by election officials and only for purposes permitted by the national voter registration act of 1993 (P.L. 103-31; 107 Stat. 77; 52 United States Code section 20506).
E. A county recorder may designate additional voter registration volunteers, INCLUDING UNPAID VOTER REGISTRATION COLLECTORS AND PAID VOTER REGISTRATION COLLECTORS. These additional voter registration volunteers, UNPAID VOTER REGISTRATION COLLECTORS AND PAID VOTER REGISTRATION COLLECTORS may provide state mail in registration forms to persons who wish to register to vote AND MAY BE REQUIRED BY SUBSECTION F OF THIS SECTION TO REGISTER WITH THE SECRETARY OF STATE.

F. A PERSON WHO COLLECTS WITHOUT PAY MORE THAN TWENTY-FIVE COMPLETED VOTER REGISTRATION FORMS WITHIN A CALENDAR YEAR AND A PERSON WHO COLLECTS ONE OR MORE COMPLETED VOTER REGISTRATION FORMS FOR PAY SHALL REGISTER WITH THE SECRETARY OF STATE BEFORE SOLICITING, ASSISTING WITH OR COLLECTING VOTER REGISTRATION FORMS IN THIS STATE. THE SECRETARY OF STATE SHALL ESTABLISH IN THE INSTRUCTIONS AND PROCEDURES MANUAL ISSUED PURSUANT TO SECTION 16-452 A PROCEDURE FOR REGISTERING PAID OR UNPAID VOTER REGISTRATION COLLECTORS, INCLUDING REGISTRATION APPLICATIONS, AND SHALL PUBLISH ON A WEBSITE MAINTAINED BY THE SECRETARY OF STATE ALL INFORMATION THAT IS REQUIRED BY THIS SUBSECTION.

G. THE REGISTRATION APPLICATION PRESCRIBED IN SUBSECTION F OF THIS SECTION MUST REQUIRE THE FOLLOWING:

1. THE PERSON'S FULL NAME, RESIDENCE ADDRESS, TELEPHONE NUMBER AND EMAIL ADDRESS.

2. THE NAME, ADDRESS AND TELEPHONE NUMBER OF ANY ENTITY OR ORGANIZATION FOR WHICH THE PERSON IS VOLUNTEERING OR BY WHOM THE PERSON IS PAID.

3. A STATEMENT THAT THE PERSON CONSENTS TO THE JURISDICTION OF THE COURTS OF THIS STATE IN RESOLVING ANY DISPUTES CONCERNING ASSISTING IN, SOLICITING OR COLLECTING VOTER REGISTRATIONS.

4. AN AFFIDAVIT FROM THE PERSON THAT IS SIGNED BEFORE A NOTARY PUBLIC AND THAT INCLUDES THE FOLLOWING DECLARATION:

H. THE SECRETARY OF STATE'S OFFICE SHALL ASSIGN A UNIQUE IDENTIFIER TO EACH PERSON WHO REGISTERS AS AN UNPAID VOTER REGISTRATION COLLECTOR OR AS A PAID VOTER REGISTRATION COLLECTOR, WHICH THAT PERSON MUST PLACE ON ANY VOTER REGISTRATION FORM THAT THE PERSON SOLICITS, ASSISTS WITH OR COLLECTS.

F. I. For THE purposes of this section, unless the context otherwise requires:

1. "Additional voter registration volunteer" means a person, group or entity that is not a public assistance or disabilities agency and that is designated by a county recorder as another voter registration provider pursuant to section 7(a)(3)(A) of the national voter registration act of 1993 (P.L. 103-31; 107 Stat. 77; 42 52 United States Code section 394 20506) and may include governmental, nonprofit or other private organizations.
2. "Disabilities agency" means all offices of an agency in this state that provide state funded programs primarily engaged in providing services to persons with disabilities.

Sec. 3. Section 16-166, Arizona Revised Statutes, is amended to read:

16-166. Verification of registration

A. Except for the mailing of sample ballots, a county recorder who mails an item to any elector shall send the mailing by nonforwardable first class mail marked with the statement required by the postmaster to receive an address correction notification. If the item is returned undelivered, the county recorder shall send a follow-up notice to that elector within three weeks of receipt of the returned notice. The county recorder shall send the follow-up notice to the address that appears in the general county register or to the forwarding address provided by the United States postal service. The follow-up notice shall include an appropriate internet address for revising voter registration information or a registration form and the information prescribed by section 16-131, subsection C and shall state that if the elector does not complete and return a new registration form with current information to the county recorder or make changes to the elector's voter registration information that is maintained online within thirty-five days, the elector's registration status shall be changed from active to inactive. IF THE UNITED STATES POSTAL SERVICE DESIGNATES THE ELECTOR AS HAVING A TEMPORARY OR PERMANENT FORWARDING ADDRESS, THE COUNTY RECORDER SHALL SEND NOTICE TO THE ELECTOR AT THAT FORWARDING ADDRESS THAT VOTING MATERIALS CANNOT BE forwarded TO THAT ADDRESS AND IF THE ELECTOR WISHES TO RECEIVE VOTING MATERIALS AT THAT TEMPORARY OR PERMANENT FORWARDING ADDRESS, THE ELECTOR MUST UPDATE THE ELECTOR'S INFORMATION, AND IF THE FORWARDING ADDRESS IS A PERMANENT CHANGE OF RESIDENCE, THE ELECTOR SHALL REREGISTER TO VOTE AT THE NEW ADDRESS.

B. If the elector provides the county recorder with a new registration form or otherwise revises the elector's information, the county recorder shall change the general register to reflect the changes indicated on the new registration. If the elector indicates a new residence address outside that county, the county recorder shall forward the voter registration form or revised information to the county recorder of the county in which the elector's address is located. If the elector provides a new residence address that is located outside this state, the county recorder shall cancel the elector's registration.

C. The county recorder shall maintain on the inactive voter list the names of electors who have been removed from the general register pursuant to subsection A or E of this section for a period of four years or through the date of the second general election for federal office.
following the date of the notice from the county recorder that is sent pursuant to subsection E of this section.

D. On notice that a government agency has changed the name of any street, route number, post office box number or other address designation, the county recorder shall revise the registration records and shall send a new verification of registration notice to the electors whose records were changed.

E. On the first day of each month, the county recorder on or before May 1 of each year preceding a state primary and general election or more frequently as the recorder deems necessary may use the change of address information supplied by the postal service through its licensees to identify registrants whose addresses may have changed. If it appears from information provided by the postal service that a registrant has moved to a different residence address in the same county, the county recorder shall change the registration records to reflect the new address and shall send the registrant a notice of the change by forwardable mail and a postage prepaid preaddressed return form or an appropriate internet address for revising voter registration information by which the registrant may verify or correct the registration information. If the registrant fails to revise the information or return the form postmarked not later than thirty-five days after the mailing of the notice, the elector's registration status shall be changed from active to inactive. If the notice sent by the recorder is not returned, the registrant shall be required to provide affirmation or confirmation of the registrant's address in order to vote. If the registrant does not vote in an election during the period after the date of the notice from the recorder through the date of the second general election for federal office following the date of that notice, the registrant's name shall be removed from the list of inactive voters. If the registrant has changed residence to a new county, the county recorder shall provide information on how the registrant can continue to be eligible to vote.

F. The county recorder shall reject any application for registration that is not accompanied by satisfactory evidence of United States citizenship. Satisfactory evidence of citizenship shall include any of the following:

1. The number of the applicant's driver license or nonoperating identification license issued after October 1, 1996 by the department of transportation or the equivalent governmental agency of another state within the United States if the agency indicates on the applicant's driver license or nonoperating identification license that the person has provided satisfactory proof of United States citizenship.

2. A legible photocopy of the applicant's birth certificate that verifies citizenship to the satisfaction of the county recorder.

3. A legible photocopy of pertinent pages of the applicant's United States passport identifying the applicant and the applicant's passport
number or presentation to the county recorder of the applicant's United States passport.

4. A presentation to the county recorder of the applicant's United States naturalization documents or the number of the certificate of naturalization. If only the number of the certificate of naturalization is provided, the applicant shall not be included in the registration rolls until the number of the certificate of naturalization is verified with the United States immigration and naturalization service by the county recorder.

5. Other documents or methods of proof that are established pursuant to the immigration reform and control act of 1986.

6. The applicant's bureau of Indian affairs card number, tribal treaty card number or tribal enrollment number.

G. Notwithstanding subsection F of this section, any person who is registered in this state on the effective date of this amendment to this section is deemed to have provided satisfactory evidence of citizenship and shall not be required to resubmit evidence of citizenship unless the person is changing voter registration from one county to another.

H. For the purposes of this section, proof of voter registration from another state or county is not satisfactory evidence of citizenship.

I. A person who modifies voter registration records with a new residence ballot shall not be required to submit evidence of citizenship. After citizenship has been demonstrated to the county recorder, the person is not required to resubmit satisfactory evidence of citizenship in that county.

J. After a person has submitted satisfactory evidence of citizenship, the county recorder shall indicate this information in the person's permanent voter file. After two years the county recorder may destroy all documents that were submitted as evidence of citizenship.

Sec. 4. Section 16-407, Arizona Revised Statutes, is amended to read:

16-407. Election officers; qualifications; certificates; certification programs; plan; exemption; election training fund

A. Except as provided in subsection E of this section, a person may not perform the duties or exercise the authority of an election officer or of the clerk of the board of supervisors or the county recorder in performance of election duties in or on behalf of any county unless the person is the holder of an election officer's certificate issued by the secretary of state before January 1 of each general election year.

B. The secretary of state shall provide for the examination of applicants for election officer certificates. The secretary of state may not issue a certificate to a person who has not demonstrated to the satisfaction of the secretary of state that the person is competent to
perform the work of an election officer or of the clerk of the board of supervisors or the county recorder in the performance of election duties.

C. The secretary of state shall provide for election officer certification programs of which successful completion by a person attests to the attendance at, participation in and completion of a course of instruction in the technical, legal and administrative aspects of conducting elections within this state.

D. On or before December 31 of each year of a general election, the secretary of state shall submit an election officer education, training and certification plan to the president of the senate and the speaker of the house of representatives. The plan shall outline the achievements and problems of the previous two year period and specify the expected education, training and certification activities of the coming two year period.

E. Subsection A of this section does not apply to elected officials, clerical and secretarial personnel, counting center personnel and precinct election board members and election officials in cities or towns.

F. For city and town employees who work on elections, the city or town may train its own employees if the city or town training program is approved by the secretary of state or, if the city or town chooses to enroll the city or town employees in the certification program prescribed by this section, the city or town shall reimburse the secretary of state for the costs of conducting the training. An election training fund is established consisting of monies received pursuant to this subsection. The secretary of state shall administer the fund. Monies in the fund are continuously appropriated and the secretary of state shall use monies in the fund to pay the costs of training officials from cities and towns pursuant to this subsection.

G. AS A SEPARATE COURSE OF INSTRUCTION FOR ELECTION OFFICERS WHO PERFORM DUTIES IN THE OFFICE OF THE COUNTY RECORDER, THE CLERK OF THE BOARD OF SUPERVISORS OR PERSONS WHO ARE OTHERWISE EMPLOYED BY AN OFFICER IN CHARGE OF ELECTIONS AND WHOSE DUTIES INCLUDE VERIFYING SIGNATURES ON EARLY BALLOTS, THE SECRETARY OF STATE SHALL ESTABLISH AND ADMINISTER TRAINING FOR SIGNATURE VERIFICATION THAT IS BASED ON THE FORENSIC HANDWRITING VERIFICATION GUIDELINES ESTABLISHED BY THE FEDERAL BUREAU OF INVESTIGATION AND A TEST ON THAT TRAINING. THE SEPARATE COURSE OF INSTRUCTION MAY BE PROVIDED AS PART OF THE TRAINING FOR THE ELECTION OFFICER'S CERTIFICATE PRESCRIBED IN SUBSECTION A OF THIS SECTION.

Sec. 5. Title 16, chapter 4, article 8, Arizona Revised Statutes, is amended by adding section 16-553, to read:

Sec. 6. Section 16-602, Arizona Revised Statutes, is amended to
read:
16-602. Removal of ballots from ballot boxes; designated
margin; hand counts; vote count verification
committee
A. For any primary, special or general election in which the votes
are cast on an electronic voting machine or tabulator, the election judge
shall compare the number of votes cast as indicated on the machine or	
	(tabulator with the number of votes cast as indicated on the poll list and
the number of provisional ballots cast and that information shall be noted
in a written report prepared and submitted to the officer in charge of
elections along with other tally reports.
B. For each countywide primary, special, general and presidential
preference election, the county officer in charge of the election shall
conduct a hand count at one or more secure facilities. The hand count
shall be conducted as prescribed by this section and in accordance with
hand count procedures established by the secretary of state in the
official instructions and procedures manual adopted pursuant to section
16-452. The hand count is not subject to the live video requirements of
section 16-621, subsection D, but the party representatives who are observing the hand count may bring their own video cameras in order to record the hand count. The recording shall not interfere with the conduct of the hand count and the officer in charge of the election may prohibit from recording or remove from the facility persons who are taking actions to disrupt the count. The sole act of recording the hand count does not constitute sufficient grounds for the officer in charge of the election to prohibit observers from recording or to remove them from the facility. The hand count shall be conducted in the following order:

1. At least two percent of the precincts in that county, or two precincts, whichever is greater, shall be selected at random from a pool consisting of every precinct in that county. The county political party chairman for each political party that is entitled to continued representation on the state ballot or the chairman's designee shall conduct the selection of the precincts to be hand counted. The precincts shall be selected by lot without the use of a computer, and the order of selection by the county political party chairmen shall also be by lot. The selection of the precincts shall not begin until all ballots voted in the precinct polling places have been delivered to the central counting center. The unofficial vote totals from all precincts shall be made public before selecting the precincts to be hand counted. Only the ballots cast in the polling places and ballots from direct recording electronic machines shall be included in the hand counts conducted pursuant to this section. Provisional ballots, conditional provisional ballots and write-in votes shall not be included in the hand counts and the early ballots shall be grouped separately by the officer in charge of elections for purposes of a separate manual audit pursuant to subsection F of this section.

2. The races to be counted on the ballots from the precincts that were selected pursuant to paragraph 1 of this subsection for each primary, special and general election shall include up to five contested races. After the county recorder or other officer in charge of elections separates the primary ballots by political party, the races to be counted shall be determined by selecting by lot without the use of a computer from those ballots as follows:

(a) For a general election, one statewide ballot measure, unless there are no measures on the ballot.
(b) One contested statewide race for statewide office.
(c) One contested race for federal office, either United States senate or United States house of representatives. If the United States house of representatives race is selected, the names of the candidates may vary among the sampled precincts.
(d) One contested race for state legislative office, either state house of representatives or state senate. In either case, the names of the candidates may vary among the sampled precincts.
(e) If there are fewer than four contested races resulting from the
selections made pursuant to subdivisions (a) through (d) of this section
PARAGRAPH and if there are additional contested federal, statewide or
legislative races or ballot measures, additional contested races shall be
selected by lot not using a computer until four races have been selected
or until no additional contested federal, statewide or legislative races
or ballot measures are available for selection.

(f) If there are no contested races as prescribed by this
paragraph, a hand count shall not be conducted for that precinct for that
election.

3. For the presidential preference election, select by lot two
percent of the polling places designated and used pursuant to section
16-248 and perform the hand count of those ballots.

4. For the purposes of this section, a write-in candidacy in a race
does not constitute a contested race.

5. In elections in which there are candidates for president, the
presidential race shall be added to the four categories of hand counted
races.

6. Each county chairman of a political party that is entitled to
continued representation on the state ballot or the chairman's designee
shall select by lot the individual races to be hand counted pursuant to
this section.

7. The county chairman of each political party shall designate and
provide the number of election board members as designated by the county
officer in charge of elections who shall perform the hand count under the
supervision of the county officer in charge of elections. For each
precinct that is to be audited, the county chairman shall designate at
least two board workers who are registered members of any or no political
party to assist with the audit. Any qualified elector from this state may
be a board worker without regard to party designation. The county
election officer shall provide for compensation for those board workers,
not to include travel, meal or lodging expenses. If there are less than
two persons for each audited precinct available to participate on behalf
of each recognized political party, the recorder or officer in charge of
elections, with the approval of at least two county party chairpersons in
the county in which the shortfall occurs, shall substitute additional
individual electors who are provided by any political party from anywhere
in the state without regard to party designation to conduct the hand
count. A county party chairman shall approve only those substitute
electors who are provided by the county chairman's political party. The
political parties shall provide to the recorder or officer in charge of
elections in writing the names of those persons intending to participate
in the hand count at the audited precincts not later than 5:00 p.m. on the
Tuesday preceding the election. If the total number of board workers
provided by all parties is less than four times the number of precincts to
be audited, the recorder or officer in charge of elections shall notify
the parties of the shortage by 9:00 a.m. on the Wednesday preceding the
election. The hand count shall not proceed unless the political parties
provide the recorder or officer in charge of elections, in writing, a
sufficient number of persons by 5:00 p.m. on the Thursday preceding the
election and a sufficient number of persons, pursuant to this paragraph,
arrive to perform the hand count OR UNLESS A SUFFICIENT NUMBER OF PERSONS
WHO ARE REGISTERED WITH NO POLITICAL PARTY DESIGNATED OR WHO ARE EMPLOYEES
OF THE COUNTY RECORDER OR OFFICER IN CHARGE OF ELECTIONS, OR ANY
COMBINATION OF THOSE PERSONS, ARE AVAILABLE AND ARRIVE TO PERFORM THE HAND
COUNT. The recorder or officer in charge of elections may prohibit
persons from participating in the hand count if they are taking actions to
disrupt the count or are unable to perform the duties as assigned. For
the hand count to proceed, not more than seventy-five percent of the
persons performing the hand count shall be from the same political party.

8. If a political party is not represented by a designated
chairperson within a county, the state chairperson for that political
party, or a person designated by the state chairperson, may perform the
actions required by the county chairperson as specified in this section.

C. If the randomly selected races result in a difference in any
race that is less than the designated margin when compared to the
electronic tabulation of those same ballots, the results of the electronic
tabulation constitute the official count for that race. If the randomly
selected races result in a difference in any race that is equal to or
greater than the designated margin when compared to the electronic
tabulation of those same ballots, a second hand count of those same
ballots and races shall be performed. If the second hand count results in
difference in any race that is less than the designated margin when
compared to the electronic tabulation for those same ballots, the
electronic tabulation constitutes the official count for that race. If
the second hand count results in a difference in any race that is equal to or
greater than the designated margin when compared to the electronic
tabulation for those same ballots, the hand count shall be expanded to
include a total of twice the original number of randomly selected
precincts. Those additional precincts shall be selected by lot without
the use of a computer.

D. In any expanded count of randomly selected precincts, if the
randomly selected precinct hand counts result in a difference in any race
that is equal to or greater than the designated margin when compared to
the electronic tabulation of those same ballots, the final hand count
shall be extended to include the entire jurisdiction for that race. If
the jurisdictional boundary for that race would include any portion of
more than one county, the final hand count shall not be extended into the
precincts of that race that are outside of the county that is conducting
the expanded hand count. If the expanded hand count results in a
difference in that race that is less than the designated margin when
compared to the electronic tabulation of those same ballots, the
electronic tabulation constitutes the official count for that race.

E. If a final hand count is performed for an entire jurisdiction
for a race, the final hand count shall be repeated for that race until a
hand count for that race for the entire jurisdiction results in a count
that is identical to one other hand count for that race for the entire
jurisdiction and that hand count constitutes the official count for that
race.

F. After the electronic tabulation of early ballots and at one or
more times selected by the chairman of the political parties entitled to
continued representation on the ballot or the chairman's designee, the
chairmen or the chairman's designees shall randomly select one or more
batches of early ballots that have been tabulated to include at least one
batch from each machine used for tabulating early ballots and those
ballots shall be securely sequestered by the county recorder or officer in
charge of elections along with their unofficial tally reports for a
postelection manual audit. The chairmen or the chairman's designees shall
randomly select from those sequestered early ballots a number equal to one
percent of the total number of early ballots cast or five thousand early
ballots, whichever is less. From those randomly selected early ballots,
the county officer in charge of elections shall conduct a manual audit of
the same races that are being hand counted pursuant to subsection B of
this section. If the manual audit of the early ballots results in a
difference in any race that is equal to or greater than the designated
margin when compared to the electronically tabulated results for those
same early ballots, the manual audit shall be repeated for those same
early ballots. If the second manual audit results in a difference in that
