HB 2448: firearms safety; training; schools

Sponsor: Representative Nguyen, LD 1

House Engrossed

Overview

Outlines firearm safety training requirements for public school students in grades 6 through 12.

History

Statute currently states that the Arizona Game and Fish Department may provide training in the safe handling and use of bows or firearms for schools that request this instruction ([A.R.S. § 15-713](#)).

Statute further stipulates that any firearm or bow training may only be offered as an elective credit for students ([A.R.S. § 15-714](#)).

In addition to voluntary training in the use of bows and firearms, statute allows any school district or charter school, to offer the Arizona gun safety program course as an elective course in firearm marksmanship ([A.R.S. § 15-714.01](#)).

The Arizona gun safety program course must include the following at a minimum:

- 1) Instruction on the rules of firearm safety;
- 2) Instruction on basic operation of firearms;
- 3) Instruction on the history of firearms and marksmanship;
- 4) Instruction on the role of firearms in preserving peace and freedom;
- 5) Instruction on the constitutional roots of the right to keep and bear arms;
- 6) Instruction on the use of clay targets;
- 7) Practice time at a shooting range; and
- 8) A demonstration of firearm competence by the student through the safe discharge of a firearm at one or more targets ([A.R.S. § 15-714.01](#)).
