11 this chapter. The prime contracting classification does not include any
12 work or operation performed by a person that is not required to be licensed
13 by the registrar of contractors pursuant to section 32-1121.

14 B. The tax base for the prime contracting classification is

12 contaminant.

13 (e) The installation of structures, such as cutoff walls or caps, to
14 contain contaminants present in groundwater or soil and prevent them from
15 reaching a location where they could threaten human health or welfare or
16 the environment.

13 1. A prime contractor may establish entitlement to the deduction by
14 both:

15 (a) Marking the invoice for the transaction to indicate that the
16 gross proceeds of sales or gross income derived from the transaction was
17 deducted from the base.

18 (b) Obtaining a certificate executed by the purchaser indicating the
19 name and address of the purchaser, the precise nature of the business of
20 the purchaser, the purpose for which the purchase was made, the necessary
21 facts to establish the deductibility of the property under section 42-5061,
22 subsection B, and a certification that the person executing the certificate
23 is authorized to do so on behalf of the purchaser. The certificate may be
24 disregarded if the prime contractor has reason to believe that the
25 information contained in the certificate is not accurate or complete.

26 2. A person who does not comply with paragraph 1 of this subsection
27 may establish entitlement to the deduction by presenting facts necessary to
28 support the entitlement, but the burden of proof is on that person.

29 3. The department may prescribe a form for the certificate described
30 in paragraph 1, subdivision (b) of this subsection. The department may
31 also adopt rules that describe the transactions with respect to which a
32 person is not entitled to rely solely on the information contained in the

1 certificate provided in paragraph 1, subdivision (b) of this subsection but
2 must instead obtain such additional information as required in order to be
3 entitled to the deduction.

4 4. If a prime contractor is entitled to a deduction by complying
5 with paragraph 1 of this subsection, the department may require the
6 purchaser who caused the execution of the certificate to establish the
7 accuracy and completeness of the information required to be contained in
8 the certificate that would entitle the prime contractor to the deduction.
9 If the purchaser cannot establish the accuracy and completeness of the
10 information, the purchaser is liable in an amount equal to any tax, penalty
11 and interest that the prime contractor would have been required to pay
12 under article 1 of this chapter if the prime contractor had not complied
13 with paragraph 1 of this subsection. Payment of the amount under this
14 paragraph exempts the purchaser from liability for any tax imposed under
15 article 4 of this chapter. The amount shall be treated as a transaction
16 privilege tax to the purchaser and as tax revenues collected from the prime
17 contractor in order to designate the distribution base for purposes of
18 section 42-5029.

19 D. Subcontractors or others who perform modification activities are
20 not subject to tax if they can demonstrate that the job was within the
21 control of a prime contractor or contractors or a dealership of
22 manufactured buildings and that the prime contractor or dealership is
23 liable for the tax on the gross income, gross proceeds of sales or gross
24 receipts attributable to the job and from which the subcontractors or
25 others were paid.

26 E. Amounts received by a contractor for a project are excluded from
27 the contractor's gross proceeds of sales or gross income derived from the
28 business if the person who hired the contractor executes and provides a
29 certificate to the contractor stating that the person providing the
30 certificate is a prime contractor and is liable for the tax under article 1
31 of this chapter. The department shall prescribe the form of the
32 certificate. If the contractor has reason to believe that the information

1 contained on the certificate is erroneous or incomplete, the department may
2 disregard the certificate. If the person who provides the certificate is
3 not liable for the tax as a prime contractor, that person is nevertheless
4 deemed to be the prime contractor in lieu of the contractor and is subject
5 to the tax under this section on the gross receipts or gross proceeds
6 received by the contractor.

7 F. Every person engaging or continuing in this state in the business
8 of prime contracting or dealership of manufactured buildings shall present
9 to the purchaser of such prime contracting or manufactured building a
10 written receipt of the gross income or gross proceeds of sales from such
11 activity and shall separately state the taxes to be paid pursuant to this
12 section.

13 G. For the purposes of section 42-5032.01, the department shall
14 separately account for revenues collected under the prime contracting
15 classification from any prime contractor engaged in the preparation or
16 construction of a multipurpose facility, and related infrastructure, that
17 is owned, operated or leased by the tourism and sports authority pursuant
18 to title 5, chapter 8.

19 H. For the purposes of section 42-5032.02, from and after
20 September 30, 2013, the department shall separately account for revenues
21 reported and collected under the prime contracting classification from any
22 prime contractor engaged in the construction of any buildings and
23 associated improvements that are for the benefit of a manufacturing
24 facility. For the purposes of this subsection, "associated improvements"
25 and "manufacturing facility" have the same meanings prescribed in section
26 42-5032.02.

27 I. The gross proceeds of sales or gross income derived from a
28 contract for lawn maintenance services is not subject to tax under this
29 section if the contract does not include landscaping activities. Lawn

31 paragraph 1, and includes lawn mowing and edging, weeding, repairing
32 sprinkler heads or drip irrigation heads, seasonal replacement of flowers,

2 collection and removal, tree or shrub pruning or clipping, garden and
3 gravel raking and applying pesticides, as defined in section 3-361, and
4 fertilizer materials, as defined in section 3-262.

6 proceeds of sales or gross income derived from landscaping activities is
7 subject to tax under this section. Landscaping includes installing lawns,
8 grading or leveling ground, installing gravel or boulders, planting trees
9 and other plants, felling trees, removing or mulching tree stumps, removing
10 other imbedded plants, building irrigation berms, installing railroad ties
11 and installing underground sprinkler or watering systems.

12 K. The portion of gross proceeds of sales or gross income
13 attributable to the actual direct costs of providing architectural or
14 engineering services that are incorporated in a contract is not subject to
15 tax under this section. For the purposes of this subsection, "direct
16 costs" means the portion of the actual costs that are directly expended in
17 providing architectural or engineering services.

18 L. Operating a landfill or a solid waste disposal facility is not
19 subject to taxation under this section, including filling, compacting and
20 creating vehicle access to and from cell sites within the landfill.
21 Constructing roads to a landfill or solid waste disposal facility and
22 constructing cells within a landfill or solid waste disposal facility may
23 be deemed prime contracting under this section.

24 M. The following apply in determining the taxable situs of sales of
25 manufactured buildings:

26 1. For sales in this state where the manufactured building dealer
27 contracts to deliver the building to a setup site or to perform the setup
28 in this state, the taxable situs is the setup site.

29 2. For sales in this state where the manufactured building dealer
30 does not contract to deliver the building to a setup site or does not
31 perform the setup, the taxable situs is the location of the dealership
32 where the building is delivered to the buyer.

1 3. For sales in this state where the manufactured building dealer
2 contracts to deliver the building to a setup site that is outside this
3 state, the situs is outside this state and the transaction is excluded from
4 tax.

5 N. The gross proceeds of sales or gross income attributable to a
6 written contract for design phase services or professional services,
7 executed before modification begins and with terms, conditions and pricing
8 of all of these services separately stated in the contract from those for
9 construction phase services, is not subject to tax under this section,
10 regardless of whether the services are provided sequential to or concurrent
11 with prime contracting activities that are subject to tax under this
12 section. This subsection does not include the gross proceeds of sales or
13 gross income attributable to construction phase services. For the purposes
14 of this subsection:

15 1. "Construction phase services" means services for the execution
16 and completion of any modification, including the following:

17 (a) Administration or supervision of any modification performed on
18 the project, including team management and coordination, scheduling, cost
19 controls, submittal process management, field management, safety program,
20 close-out process and warranty period services.

21 (b) Administration or supervision of any modification performed
22 pursuant to a punch list. For the purposes of this subdivision, "punch
23 list" means minor items of modification work performed after substantial
24 completion and before final completion of the project.

25 (c) Administration or supervision of any modification performed
26 pursuant to change orders. For the purposes of this subdivision, "change
27 order" means a written instrument issued after execution of a contract for
28 modification work, providing for all of the following:

29 (i) The scope of a change in the modification work, contract for
30 modification work or other contract documents.

31 (ii) The amount of an adjustment, if any, to the guaranteed maximum
32 price as set in the contract for modification work. For the purposes of

2 maximum amount due to a prime contractor for the performance of all
3 modification work for the project.

4 (iii) The extent of an adjustment, if any, to the contract time of
5 performance set forth in the contract.

6 (d) Administration or supervision of any modification performed

14 spares or other items the prime contractor must furnish pursuant to the
15 contract for modification work. For the purposes of this subdivision,
16 "as-built drawing" means a drawing that indicates field changes made to
17 adapt to field conditions, field changes resulting from change orders or
18 buried and concealed installation of piping, conduit and utility services.

19 (g) Preparation of status reports after modification work has begun
20 detailing the progress of work performed, including preparation of any of
21 the following:

22 (i) Master schedule updates.

23 (ii) Modification work cash flow projection updates.

24 (iii) Site reports made on a periodic basis.

25 (iv) Identification of discrepancies, conflicts or ambiguities in
26 modification work documents that require resolution.

28 in connection with the modification work.

29 (h) Preparation of daily logs of modification work, including
30 documentation of personnel, weather conditions and on-site occurrences.

2 a prime contractor receives a certificate for payment or certificate for
3 final payment based on the progress of modification work performed on the
4 project.

5 2. "Design phase services" means services for developing and
6 completing a design for a project that are not construction phase services,
7 including the following:

8 (a) Evaluating surveys, reports, test results or any other
9 information on-site conditions for the project, including physical
10 characteristics, legal limitations and utility locations for the site.

19 preparation of updates to the master schedule after modification work has
20 begun.

21 (e) Preparing preliminary estimates of costs of modification work
22 before completion of the final design of the project, including an estimate
23 or schedule of values for any of the following:

24 (i) Labor, materials, machinery and equipment, tools, water, heat,
25 utilities, transportation and other facilities and services used in the
26 execution and completion of modification work, regardless of whether they
27 are temporary or permanent or whether they are incorporated in the
28 modifications.

29 (ii) The cost of labor and materials to be furnished by the owner of
30 the real property.

31 (iii) The cost of any equipment of the owner of the real property to
32 be assigned by the owner to the prime contractor.

12 prepare recommendations on site use, site improvements, selection of
13 materials, building systems and equipment, modification feasibility,
14 availability of materials and labor, local modification activity as related
15 to schedules and time requirements for modification work.

16 (g) Preparing the plan and procedures for selection of
17 subcontractors, including any prequalification of subcontractor candidates.

21 in title 32, chapter 1 and for which gross proceeds of sales or gross
22 income has not otherwise been deducted under subsection K of this section.

23 0. The gross proceeds of sales or gross income derived from a
24 contract with the owner of real property or improvements to real property
25 for the maintenance, repair, replacement or alteration of existing property
26 is not subject to tax under this section if the contract does not include
27 modification activities, except as specified in this subsection. The gross
28 proceeds of sales or gross income derived from a de minimis amount of
29 modification activity does not subject the contract or any part of the
30 contract to tax under this section. For the purposes of this subsection:

1 1. Tangible personal property that is incorporated or fabricated
2 into a project described in this subsection may be subject to the amount
3 prescribed in section 42-5008.01.

4 2. Each contract is independent of any other contract, except that
5 any change order that directly relates to the scope of work of the original
6 contract shall be treated the same as the original contract under this
7 chapter, regardless of the amount of modification activities included in
8 the change order. If a change order does not directly relate to the scope
9 of work of the original contract, the change order shall be treated as a
10 new contract, with the tax treatment of any subsequent change order to
11 follow the tax treatment of the contract to which the scope of work of the
12 subsequent change order directly relates.

13 P. Notwithstanding subsection 0 of this section, a contract that
14 primarily involves surface or subsurface improvements to land and that is
15 subject to title 28, chapter 19, 20 or 22 or title 34, chapter 2 or 6 is
16 taxable under this section, even if the contract also includes vertical
17 improvements. Agencies that are subject to procurement processes under
18 those provisions shall include in the request for proposals a notice to
19 bidders when those projects are subject to this section. This subsection
20 does not apply to contracts with:

2 person owning real property who enters into a contract for sale of the real
3 property, who is responsible to the new owner of the property for

5 of title and who receives a consideration for the modifications is
6 considered a prime contractor solely for purposes of taxing the gross
7 proceeds of sale or gross income received for the modifications made
8 subsequent to the transfer of title. The original owner's gross proceeds
9 of sale or gross income received for the modifications shall be determined
10 according to the following methodology:

11 1. If any part of the contract for sale of the property specifies
12 amounts to be paid to the original owner for the modifications to be made
13 in the period subsequent to the transfer of title, the amounts are included
14 in the original owner's gross proceeds of sale or gross income under this
15 section. Proceeds from the sale of the property that are received after
16 transfer of title and that are unrelated to the modifications made
17 subsequent to the transfer of title are not considered gross proceeds of
18 sale or gross income from the modifications.

19 2. If the original owner enters into an agreement separate from the
20 contract for sale of the real property providing for amounts to be paid to
21 the original owner for the modifications to be made in the period
22 subsequent to the transfer of title to the property, the amounts are
23 included in the original owner's gross proceeds of sale or gross income
24 received for the modifications made subsequent to the transfer of title.

25 3. If the original owner is responsible to the new owner for
26 modifications made to the property in the period subsequent to the transfer
27 of title and derives any gross proceeds of sale or gross income from the
28 project subsequent to the transfer of title other than a delayed
29 disbursement from escrow unrelated to the modifications, it is presumed
30 that the amounts are received for the modifications made subsequent to the
31 transfer of title unless the contrary is established by the owner through
32 its books, records and papers kept in the regular course of business.

1 4. The tax base of the original owner is computed in the same manner
2 as a prime contractor under this section.

22 work reasonably believed, at the inception of the contract, would be
23 treated as an alteration under this paragraph and, on completion of the
24 project, the project exceeded the applicable threshold described in either
25 subdivision (a) or (b) of this paragraph by ~~no~~ NOT more than twenty-five
26 percent of the applicable threshold for any reason, the work performed
27 under the contract qualifies as an alteration.
