7 Sec. 3. Clinical improvement and human resources development
8 plan; requirements; implementation; delayed repeal

9 A. On or before January 1, 2023, the Arizona state hospital
10 administration shall develop and provide to the governor, the president of
11 the senate, the speaker of the house of representative and the committee
12 chairpersons of the health and human services committees of the senate and
13 the house of representatives an evidence-based and innovative clinical
14 improvement and human resources development plan and proposed budget to
15 fully implement the plan not later than January 1, 2024. This plan shall be
16 developed in collaboration with the independent oversight committees on
17 mental health and the Arizona state hospital, public and private community
18 resources, community providers and guardians, families and representatives
19 of patients at the Arizona state hospital. The plan shall do all of the
20 following:

21 1. Identify the necessary enhancements to the services, facilities
22 and staff at the Arizona state hospital to provide statutorily required
23 treatment and services to patients in the forensic and civil hospitals and
24 the Arizona community protection and treatment center, including treatment
25 and services for secondary diagnoses, such as substance use disorder,
26 autism spectrum disorder, personality disorders and developmental
27 disabilities.

28 2. Provide options and recommendations to reduce the number of
29 patients statewide who are seeking admission to the Arizona state hospital
30 and to reduce the waiting time to be admitted to the Arizona state
31 hospital.

1 3. Identify optimal levels of acuity-based staffing at the Arizona
2 state hospital with full-time employees and minimal use of contract staff
3 and ways to increase the number of forensically trained clinical staff at
4 both the management and staff levels.

5 4. Include a pandemic response and preparedness plan that does the
6 following:

7 (a) Creates a set of clinical metrics to significantly mitigate the
8 effects of the COVID-19 pandemic and staffing shortages on the Arizona
9 state hospital's implementation of each patient's individual treatment and
10 discharge plan, including the patient's inability to achieve what is
11 necessary to advance to conditional release.

12 (b) Ensures continuous operation of the Arizona state hospital with
13 minimal or no cessation or disruption of treatment services in the event of
14 a new or recurrent epidemic or pandemic event.

15 5. In collaboration with community-based treatment facilities,
16 identify levels of service that assist in transitioning patients out of the
17 Arizona state hospital into clinically appropriate settings, which may
18 include secure or less restrictive settings than the Arizona state
19 hospital, and ways to increase the number of patients who successfully
20 transition into the community with no readmission to the Arizona state
21 hospital or other inpatient psychiatric facility.

22 6. Identify an independent third-party that resides outside of the
23 Arizona state hospital to investigate incident reports and to whom
24 patients, families and advocates may file complaints.

25 B. This section is repealed from and after December 31, 2024."
