AN ACT

AMENDING SECTION 42-5075, ARIZONA REVISED STATUTES; RELATING TO
TRANSACTION PRIVILEGE AND USE TAX.

(TEXT OF BILL BEGINS ON NEXT PAGE)

1 Be it enacted by the Legislature of the State of Arizona:

2 Section 1. Section 42-5075, Arizona Revised Statutes, is amended to
3 read:

4 42-5075. Prime contracting classification; exemptions;
5 definitions

6 A. The prime contracting classification is comprised of the
7 business of prime contracting and the business of manufactured building
8 dealer. Sales for resale to another manufactured building dealer are not
9 subject to tax. Sales for resale do not include sales to a lessor of
10 manufactured buildings. The sale of a used manufactured building is not
11 taxable under this chapter. The prime contracting classification does not
12 include any work or operation performed by a person that is not required
13 to be licensed by the registrar of contractors pursuant to section
14 32-1121.

15 B. The tax base for the prime contracting classification is
16 sixty-five percent of the gross proceeds of sales or gross income derived
17 from the business. The following amounts shall be deducted from the gross
18 proceeds of sales or gross income before computing the tax base:

19 1. The sales price of land, which shall not exceed the fair market
20 value.

21 2. Sales and installation of groundwater measuring devices required
22 under section 45-604 and groundwater monitoring wells required by law,
23 including monitoring wells installed for acquiring information for a
24 permit required by law.

25 3. The sales price of furniture, furnishings, fixtures, appliances
26 and attachments that are not incorporated as component parts of or
27 attached to a manufactured building or the setup site. The sale of such
28 items may be subject to the taxes imposed by article 1 of this chapter
29 separately and distinctly from the sale of the manufactured building.

30 4. The gross proceeds of sales or gross income received from a
31 contract entered into for the modification of any building, highway, road,
32 railroad, excavation, manufactured building or other structure, project,
33 development or improvement located in a military reuse zone for providing
34 aviation or aerospace services or for a manufacturer, assembler or
35 fabricator of aviation or aerospace products within an active military
36 reuse zone after the zone is initially established or renewed under
37 section 41-1531. To be eligible to qualify for this deduction, before
38 beginning work under the contract, the prime contractor must have applied
39 for a letter of qualification from the department of revenue.

40 5. The gross proceeds of sales or gross income derived from a
41 contract to construct a qualified environmental technology manufacturing,
42 producing or processing facility, as described in section 41-1514.02, and
43 from subsequent construction and installation contracts that begin within
44 ten years after the start of initial construction. To qualify for this
45 deduction, before beginning work under the contract, the prime contractor

1 must obtain a letter of qualification from the department of revenue.
2 This paragraph shall apply for ten full consecutive calendar or fiscal
3 years after the start of initial construction.

4 6. The gross proceeds of sales or gross income from a contract to
5 provide for one or more of the following actions, or a contract for site
6 preparation, constructing, furnishing or installing machinery, equipment
7 or other tangible personal property, including structures necessary to
8 protect exempt incorporated materials or installed machinery or equipment,
9 and tangible personal property incorporated into the project, to perform
10 one or more of the following actions in response to a release or suspected
11 release of a hazardous substance, pollutant or contaminant from a facility
12 to the environment, unless the release was authorized by a permit issued
13 by a governmental authority:

14 (a) Actions to monitor, assess and evaluate such a release or a
15 suspected release.

16 (b) Excavation, removal and transportation of contaminated soil and
17 its treatment or disposal.

18 (c) Treatment of contaminated soil by vapor extraction, chemical or
19 physical stabilization, soil washing or biological treatment to reduce the
20 concentration, toxicity or mobility of a contaminant.

21 (d) Pumping and treatment or in situ treatment of contaminated
22 groundwater or surface water to reduce the concentration or toxicity of a
23 contaminant.

24 (e) The installation of structures, such as cutoff walls or caps,
25 to contain contaminants present in groundwater or soil and prevent them
26 from reaching a location where they could threaten human health or welfare
27 or the environment.

28 This paragraph does not include asbestos removal or the construction or
29 use of ancillary structures such as maintenance sheds, offices or storage
30 facilities for unattached equipment, pollution control equipment,

34 a contract for the installation, assembly, repair or maintenance of
35 machinery, equipment or other tangible personal property that is either
36 deducted from the tax base of the retail classification under section
37 42-5061, subsection B or that is exempt from use tax under section
38 42-5159, subsection B and that has independent functional utility,
39 pursuant to the following provisions:

40 (a) The deduction provided in this paragraph includes the gross
41 proceeds of sales or gross income derived from all of the following:

42 (i) Any activity performed on machinery, equipment or other
43 tangible personal property with independent functional utility.

8 proceeds of sales or gross income from the portion of any contracting
9 activity that consists of the development of, or modification to, real
10 property in order to facilitate the installation, assembly, repair,
11 maintenance or removal of machinery, equipment or other tangible personal
12 property that is either deducted from the tax base of the retail
13 classification under section 42-5061, subsection B or exempt from use tax
14 under section 42-5159, subsection B.

15 (c) The deduction provided in this paragraph shall be determined
16 without regard to the size or useful life of the machinery, equipment or
17 other tangible personal property.

18 (d) For the purposes of this paragraph, "independent functional
19 utility" means that the machinery, equipment or other tangible personal
20 property can independently perform its function without attachment to real
21 property, other than attachment for any of the following purposes:

23 property.

24 (ii) Connecting items of machinery, equipment or other tangible
25 personal property to each other.

6 manufactured building or other structure, project, development or
7 improvement used directly and primarily to prevent, monitor, control or
8 reduce air, water or land pollution.

9 11. The gross proceeds of sales or gross income that is derived
10 from the installation, assembly, repair or maintenance of clean rooms that
11 are deducted from the tax base of the retail classification pursuant to
12 section 42-5061, subsection B, paragraph 17.

39 university research infrastructure project if the project has been
40 reviewed by the joint committee on capital review before the university
41 enters into the construction contract for the project. For the purposes
42 of this paragraph, "research infrastructure" has the same meaning
43 prescribed in section 15-1670.

44 18. The gross proceeds of sales or gross income received from a
45 contract for the construction of any building, or other structure,

1 project, development or improvement owned by a qualified business under

15 development fees paid by the prime contractor or subcontractor, and the
16 total development fees credited in exchange for the construction of,
17 contribution to or dedication of real property for providing public
18 infrastructure, public safety or other public services necessary to the
19 development. The real property must be the subject of the development

31 (a) "Mixed waste processing facility" means a solid waste facility
32 that is owned, operated or used for the treatment, processing or disposal
33 of solid waste, recyclable solid waste, conditionally exempt small
34 quantity generator waste or household hazardous waste. For the purposes
35 of this subdivision, "conditionally exempt small quantity generator
36 waste", "household hazardous waste" and "solid waste facility" have the
37 same meanings prescribed in section 49-701, except that solid waste
38 facility does include a site that stores, treats or processes paper,
39 glass, wood, cardboard, household textiles, scrap metal, plastic,

3 C. Entitlement to the deduction pursuant to subsection B, paragraph
4 7 of this section is subject to the following provisions:

5 1. A prime contractor may establish entitlement to the deduction by
6 both:

7 (a) Marking the invoice for the transaction to indicate that the
8 gross proceeds of sales or gross income derived from the transaction was
9 deducted from the base.

10 (b) Obtaining a certificate executed by the purchaser indicating
11 the name and address of the purchaser, the precise nature of the business
12 of the purchaser, the purpose for which the purchase was made, the
13 necessary facts to establish the deductibility of the property under
14 section 42-5061, subsection B, and a certification that the person
15 executing the certificate is authorized to do so on behalf of the
16 purchaser. The certificate may be disregarded if the prime contractor has
17 reason to believe that the information contained in the certificate is not
18 accurate or complete.

19 2. A person who does not comply with paragraph 1 of this subsection
20 may establish entitlement to the deduction by presenting facts necessary
21 to support the entitlement, but the burden of proof is on that person.

22 3. The department may prescribe a form for the certificate
23 described in paragraph 1, subdivision (b) of this subsection. The
24 department may also adopt rules that describe the transactions with
25 respect to which a person is not entitled to rely solely on the
26 information contained in the certificate provided in paragraph 1,
27 subdivision (b) of this subsection but must instead obtain such additional
28 information as required in order to be entitled to the deduction.

29 4. If a prime contractor is entitled to a deduction by complying
30 with paragraph 1 of this subsection, the department may require the
31 purchaser who caused the execution of the certificate to establish the
32 accuracy and completeness of the information required to be contained in
33 the certificate that would entitle the prime contractor to the deduction.
34 If the purchaser cannot establish the accuracy and completeness of the
35 information, the purchaser is liable in an amount equal to any tax,
36 penalty and interest that the prime contractor would have been required to
37 pay under article 1 of this chapter if the prime contractor had not
38 complied with paragraph 1 of this subsection. Payment of the amount under
39 this paragraph exempts the purchaser from liability for any tax imposed
40 under article 4 of this chapter. The amount shall be treated as a
41 transaction privilege tax to the purchaser and as tax revenues collected
42 from the prime contractor in order to designate the distribution base for
43 purposes of section 42-5029.

44 D. Subcontractors or others who perform modification activities are
45 not subject to tax if they can demonstrate that the job was within the

1 control of a prime contractor or contractors or a dealership of
2 manufactured buildings and that the prime contractor or dealership is
3 liable for the tax on the gross income, gross proceeds of sales or gross
4 receipts attributable to the job and from which the subcontractors or
5 others were paid.

6 E. Amounts received by a contractor for a project are excluded from
7 the contractor's gross proceeds of sales or gross income derived from the
8 business if the person who hired the contractor executes and provides a
9 certificate to the contractor stating that the person providing the
10 certificate is a prime contractor and is liable for the tax under article
11 1 of this chapter. The department shall prescribe the form of the
12 certificate. If the contractor has reason to believe that the information
13 contained on the certificate is erroneous or incomplete, the department
14 may disregard the certificate. If the person who provides the certificate
15 is not liable for the tax as a prime contractor, that person is
16 nevertheless deemed to be the prime contractor in lieu of the contractor
17 and is subject to the tax under this section on the gross receipts or
18 gross proceeds received by the contractor.

19 F. Every person engaging or continuing in this state in the
20 business of prime contracting or dealership of manufactured buildings
21 shall present to the purchaser of such prime contracting or manufactured
22 building a written receipt of the gross income or gross proceeds of sales
23 from such activity and shall separately state the taxes to be paid
24 pursuant to this section.

25 G. For the purposes of section 42-5032.01, the department shall
26 separately account for revenues collected under the prime contracting
27 classification from any prime contractor engaged in the preparation or
28 construction of a multipurpose facility, and related infrastructure, that
29 is owned, operated or leased by the tourism and sports authority pursuant
30 to title 5, chapter 8.

31 H. For the purposes of section 42-5032.02, from and after
32 September 30, 2013, the department shall separately account for revenues
33 reported and collected under the prime contracting classification from any
34 prime contractor engaged in the construction of any buildings and
35 associated improvements that are for the benefit of a manufacturing
36 facility. For the purposes of this subsection, "associated improvements"
37 and "manufacturing facility" have the same meanings prescribed in section
38 42-5032.02.

39 I. The gross proceeds of sales or gross income derived from a
40 contract for lawn maintenance services is not subject to tax under this
41 section if the contract does not include landscaping activities. Lawn
42 maintenance service is a service pursuant to section 42-5061, subsection
43 A, paragraph 1, and includes lawn mowing and edging, weeding, repairing
44 sprinkler heads or drip irrigation heads, seasonal replacement of flowers,
45 refreshing gravel, lawn dethatching, seeding winter lawns, leaf and debris

1 collection and removal, tree or shrub pruning or clipping, garden and
2 gravel raking and applying pesticides, as defined in section 3-361, and
3 fertilizer materials, as defined in section 3-262.

4 J. Except as provided in subsection 0 of this section, the gross
5 proceeds of sales or gross income derived from landscaping activities is
6 subject to tax under this section. Landscaping includes installing lawns,
7 grading or leveling ground, installing gravel or boulders, planting trees
8 and other plants, felling trees, removing or mulching tree stumps,
9 removing other imbedded plants, building irrigation berms, installing
10 railroad ties and installing underground sprinkler or watering systems.

11 K. The portion of gross proceeds of sales or gross income
12 attributable to the actual direct costs of providing architectural or
13 engineering services that are incorporated in a contract is not subject to
14 tax under this section. For the purposes of this subsection, "direct
15 costs" means the portion of the actual costs that are directly expended in
16 providing architectural or engineering services.

17 L. Operating a landfill or a solid waste disposal facility is not
18 subject to taxation under this section, including filling, compacting and
19 creating vehicle access to and from cell sites within the landfill.
20 Constructing roads to a landfill or solid waste disposal facility and
21 constructing cells within a landfill or solid waste disposal facility may
22 be deemed prime contracting under this section.

23 M. The following apply in determining the taxable situs of sales of
24 manufactured buildings:

25 1. For sales in this state where the manufactured building dealer
26 contracts to deliver the building to a setup site or to perform the setup
27 in this state, the taxable situs is the setup site.

28 2. For sales in this state where the manufactured building dealer
29 does not contract to deliver the building to a setup site or does not
30 perform the setup, the taxable situs is the location of the dealership
31 where the building is delivered to the buyer.

32 3. For sales in this state where the manufactured building dealer
33 contracts to deliver the building to a setup site that is outside this
34 state, the situs is outside this state and the transaction is excluded
35 from tax.

36 N. The gross proceeds of sales or gross income attributable to a
37 written contract for design phase services or professional services,
38 executed before modification begins and with terms, conditions and pricing
39 of all of these services separately stated in the contract from those for
40 construction phase services, is not subject to tax under this section,
41 regardless of whether the services are provided sequential to or
42 concurrent with prime contracting activities that are subject to tax under
43 this section. This subsection does not include the gross proceeds of
44 sales or gross income attributable to construction phase services. For
45 the purposes of this subsection:

1 1. "Construction phase services" means services for the execution
2 and completion of any modification, including the following:

3 (a) Administration or supervision of any modification performed on
4 the project, including team management and coordination, scheduling, cost
5 controls, submittal process management, field management, safety program,
6 close-out process and warranty period services.

7 (b) Administration or supervision of any modification performed
8 pursuant to a punch list. For the purposes of this subdivision, "punch
9 list" means minor items of modification work performed after substantial
10 completion and before final completion of the project.

11 (c) Administration or supervision of any modification performed
12 pursuant to change orders. For the purposes of this subdivision, "change
13 order" means a written instrument issued after execution of a contract for
14 modification work, providing for all of the following:

15 (i) The scope of a change in the modification work, contract for
16 modification work or other contract documents.

17 (ii) The amount of an adjustment, if any, to the guaranteed maximum
18 price as set in the contract for modification work. For the purposes of
19 this item, "guaranteed maximum price" means the amount guaranteed to be
20 the maximum amount due to a prime contractor for the performance of all
21 modification work for the project.

22 (iii) The extent of an adjustment, if any, to the contract time of
23 performance set forth in the contract.

24 (d) Administration or supervision of any modification performed
25 pursuant to change directives. For the purposes of this subdivision,
26 "change directive" means a written order directing a change in
27 modification work before agreement on an adjustment of the guaranteed
28 maximum price or contract time.

29 (e) Inspection to determine the dates of substantial completion or
30 final completion.

31 (f) Preparation of any manuals, warranties, as-built drawings,
32 spares or other items the prime contractor must furnish pursuant to the
33 contract for modification work. For the purposes of this subdivision,
34 "as-built drawing" means a drawing that indicates field changes made to
35 adapt to field conditions, field changes resulting from change orders or
36 buried and concealed installation of piping, conduit and utility services.

37 (g) Preparation of status reports after modification work has begun
38 detailing the progress of work performed, including preparation of any of
39 the following:

40 (i) Master schedule updates.

41 (ii) Modification work cash flow projection updates.

42 (iii) Site reports made on a periodic basis.

43 (iv) Identification of discrepancies, conflicts or ambiguities in
44 modification work documents that require resolution.

2 in connection with the modification work.

8 a prime contractor receives a certificate for payment or certificate for
9 final payment based on the progress of modification work performed on the
10 project.

11 2. "Design phase services" means services for developing and
12 completing a design for a project that are not construction phase
13 services, including the following:

14 (a) Evaluating surveys, reports, test results or any other
15 information on-site conditions for the project, including physical
16 characteristics, legal limitations and utility locations for the site.

17 (b) Evaluating any criteria or programming objectives for the
18 project to ascertain requirements for the project, such as physical

25 preparation of updates to the master schedule after modification work has
26 begun.

27 (e) Preparing preliminary estimates of costs of modification work
28 before completion of the final design of the project, including an
29 estimate or schedule of values for any of the following:

30 (i) Labor, materials, machinery and equipment, tools, water, heat,
31 utilities, transportation and other facilities and services used in the
32 execution and completion of modification work, regardless of whether they
33 are temporary or permanent or whether they are incorporated in the
34 modifications.

35 (ii) The cost of labor and materials to be furnished by the owner
36 of the real property.

37 (iii) The cost of any equipment of the owner of the real property
38 to be assigned by the owner to the prime contractor.

39 (iv) The cost of any labor for installation of equipment separately

1 (vii) Any applicable taxes.

2 (viii) Any contingency fees for the prime contractor that may be
3 used before final completion of the project.

4 (f) Reviewing and evaluating cost estimates and project documents
5 to prepare recommendations on site use, site improvements, selection of
6 materials, building systems and equipment, modification feasibility,
7 availability of materials and labor, local modification activity as
8 related to schedules and time requirements for modification work.

9 (g) Preparing the plan and procedures for selection of
10 subcontractors, including any prequalification of subcontractor
11 candidates.

12 3. "Professional services" means architect services, engineer
13 services, geologist services, land surveying services or landscape
14 architect services that are within the scope of those services as provided
15 in title 32, chapter 1 and for which gross proceeds of sales or gross
16 income has not otherwise been deducted under subsection K of this section.

17 0. The gross proceeds of sales or gross income derived from a
18 contract with the owner of real property or improvements to real property
19 for the maintenance, repair, replacement or alteration of existing
20 property is not subject to tax under this section if the contract does not
21 include modification activities, except as specified in this subsection.
22 The gross proceeds of sales or gross income derived from a de minimis
23 amount of modification activity does not subject the contract or any part
24 of the contract to tax under this section. For the purposes of this
25 subsection:

26 1. Tangible personal property that is incorporated or fabricated
27 into a project described in this subsection may be subject to the amount
28 prescribed in section 42-5008.01.

29 2. Each contract is independent of any other contract, except that
30 any change order that directly relates to the scope of work of the
31 original contract shall be treated the same as the original contract under
32 this chapter, regardless of the amount of modification activities included
33 in the change order. If a change order does not directly relate to the
34 scope of work of the original contract, the change order shall be treated
35 as a new contract, with the tax treatment of any subsequent change order
36 to follow the tax treatment of the contract to which the scope of work of
37 the subsequent change order directly relates.

38 P. Notwithstanding subsection 0 of this section, a contract that
39 primarily involves surface or subsurface improvements to land and that is
40 subject to title 28, chapter 19, 20 or 22 or title 34, chapter 2 or 6 is
41 taxable under this section, even if the contract also includes vertical
42 improvements. Agencies that are subject to procurement processes under
43 those provisions shall include in the request for proposals a notice to
44 bidders when those projects are subject to this section. This subsection
45 does not apply to contracts with:

1 1. Community facilities districts, fire districts, county
2 television improvement districts, community park maintenance districts,
3 cotton pest control districts, hospital districts, pest abatement
4 districts, health service districts, agricultural improvement districts,
5 county free library districts, county jail districts, county stadium
6 districts, special health care districts, public health services
7 districts, theme park districts or revitalization districts.

8 2. Any special taxing district not specified in paragraph 1 of this
9 subsection if the district does not substantially engage in the
10 modification, maintenance, repair, replacement or alteration of surface or
11 subsurface improvements to land.

12 Q. Notwithstanding subsection R, paragraph 10 of this section, a
13 person owning real property who enters into a contract for sale of the
14 real property, who is responsible to the new owner of the property for
15 modifications made to the property in the period subsequent to the
16 transfer of title and who receives a consideration for the modifications
17 is considered a prime contractor solely for purposes of taxing the gross
18 proceeds of sale or gross income received for the modifications made
19 subsequent to the transfer of title. The original owner's gross proceeds
20 of sale or gross income received for the modifications shall be determined
21 according to the following methodology:

22 1. If any part of the contract for sale of the property specifies
23 amounts to be paid to the original owner for the modifications to be made
24 in the period subsequent to the transfer of title, the amounts are
25 included in the original owner's gross proceeds of sale or gross income
26 under this section. Proceeds from the sale of the property that are
27 received after transfer of title and that are unrelated to the
28 modifications made subsequent to the transfer of title are not considered
29 gross proceeds of sale or gross income from the modifications.

30 2. If the original owner enters into an agreement separate from the
31 contract for sale of the real property providing for amounts to be paid to
32 the original owner for the modifications to be made in the period
33 subsequent to the transfer of title to the property, the amounts are
34 included in the original owner's gross proceeds of sale or gross income
35 received for the modifications made subsequent to the transfer of title.

36 3. If the original owner is responsible to the new owner for
37 modifications made to the property in the period subsequent to the
38 transfer of title and derives any gross proceeds of sale or gross income
39 from the project subsequent to the transfer of title other than a delayed
40 disbursement from escrow unrelated to the modifications, it is presumed
41 that the amounts are received for the modifications made subsequent to the
42 transfer of title unless the contrary is established by the owner through
43 its books, records and papers kept in the regular course of business.

44 4. The tax base of the original owner is computed in the same
45 manner as a prime contractor under this section.

24 separated from a contract.

25 ~~(d)~~ (ii) If a project for which the owner and the person
26 performing the work reasonably believed, at the inception of the contract,
