SB 1001: pronouns; biological sex; school policies

Sponsor: Senator Kavanagh, LD 3

Transmitted to the Governor

Overview

Prohibits a school district or charter school (public school) employee or independent contractor from knowingly addressing a student under the age of 18 by a pronoun that differs from the pronoun that aligns with the student's biological sex or a first name that differs from the student's official school records without written parental permission.

History

A person enrolling a pupil for the first time in a particular school district or private school must provide a certified copy of the pupil's birth certificate or other reliable proof of the pupil's identity and age. The submitted documentation must be photocopied and placed in the pupil's school file. The school district or school is to enroll the pupil using the name printed on the pupil's birth certificate or other proof, though the pupil may be called by any name their guardian wishes ([A.R.S. § 15-828](#)).

All parental rights are exclusively reserved to a minor child's parent without obstruction or interference from any governmental entity or institution. The Parents' Bill of Rights details parental rights, including the right to: 1) direct a minor child's education; 2) access and review all records relating to the minor child; and 3) direct the upbringing and moral or religious training of the minor child. A governmental entity or institution may not infringe on these rights unless there is a compelling governmental interest that meets specified criteria ([A.R.S. §§ 1-601, 1-602](#)).
