

Fiscal Note

BILL # SB 1238

SPONSOR: Shamp

PREPARED BY: Maggie Rocker

TITLE: obstetric services; rural communities; recommendations

STATUS: As Amended by Senate HHS

Description

The bill would require the Department of Health Services (DHS) to convene stakeholders and staff to develop recommendations to improve the availability of obstetrics and gynecology (OBGYN) services in high-risk rural communities. The group would be required to report its findings to the Governor, the President of the Senate, and the Speaker of the House by December 31, 2025.

Estimated Impact

We estimate that the bill's fiscal impact would be minimal to the extent that DHS experiences increased administrative costs on a one-time basis. The exact cost would be dependent on DHS' implementation of the bill's provisions.

We have asked DHS for their estimate and are awaiting a response.

Local Government Impact

None
