30 recommended procedures shall:

31 (a) Provide for evaluating adult sex offenders.

32 (b) Recommend management, monitoring and treatment based on
33 existing research.

34 (c) Incorporate the concepts of the risk-need-responsivity or
35 another evidence-based correctional model.

36 2. Develop a procedure for evaluating, on a case-by-case basis,
37 reliably lower-risk sex offenders whose risk to sexually reoffend may not
38 be further reduced by participation in a treatment program that is
39 implemented pursuant to paragraph 4 of this subsection.

40 3. Develop and recommend methods of intervention for adult sex
41 offenders. The methods must prioritize the physical and psychological
42 safety of victims and potential victims. The methods must also be
43 appropriate to the assessed needs of the particular adult sex offender.

44 4. Develop, implement and revise, as appropriate, guidelines and
45 standards to treat adult sex offenders, including adult sex offenders with

1 intellectual and developmental disabilities and serious mental illness.
2 The recommended guidelines and standards must incorporate the concepts of
3 the risk-need-responsivity or another evidence-based correctional model.
4 The guidelines and standards may be used in the treatment of adult sex
5 offenders who are placed on probation, imprisoned in the state department
6 of corrections or placed on community supervision. Programs recommended
7 to be implemented pursuant to the guidelines and standards must:

8 (a) Be as flexible as possible so that the programs may be accessed
9 by each adult sex offender to prevent the adult sex offender from harming
10 victims and potential victims.

11 (b) Include a continuing monitoring process and a continuum of
12 treatment options that are available to an adult sex offender as the adult
13 sex offender proceeds through the criminal justice system. Treatment
14 options must be determined by a current risk assessment and evaluation and
15 may include group counseling, individual counseling, family counseling,
16 outpatient treatment, inpatient treatment, shared living arrangements or
17 treatment in a therapeutic community.

24 subcommittee must be approved treatment providers, including one polygraph
25 examiner.

26 6. Develop annual recommendations to allocate monies deposited in

29 recommendations regarding the coordination of spending monies from the
30 state general fund with any monies spent by the state department of
31 corrections, the department of public safety or the judicial department to
32 evaluate and treat adult sex offenders and juveniles who have committed
33 sexual offenses. These recommendations shall be presented to the
34 legislature before the start of each legislative session.

35 7. Consult on and propose revisions to the legislature, as
36 necessary, to the sex offender community notification risk assessment
37 prescribed in section 13-3825. The board shall consider research on adult
38 sex offender risk assessment and shall consider as one element the risk
39 posed by an adult sex offender who suffers from a paraphilic disorder,
40 psychopathy or a personality disorder that makes the person more likely to
41 engage in sexually violent predatory offenses.

42 8. Research, either through direct evaluation or through a review
43 of relevant research articles and sex offender treatment empirical data,
44 and analyze, through a comprehensive review of evidence-based practices,
45 the effectiveness of the evaluation and treatment policies and procedures

1 for adult sex offenders that are developed pursuant to paragraph 4 of this
2 subsection. This research shall specifically include reviewing and
3 researching recidivism and factors that contribute to recidivism for adult
4 sex offenders, the effective use of cognitive behavioral therapy to
5 prevent recidivism, the use of polygraphs in treatment and the containment
6 model for adult sex offender management and treatment and its effective
7 application. The board shall advise the legislature regarding revision of
8 the guidelines and standards for evaluation, identification and treatment,
9 as appropriate, based on the results of the board's research and

12 paragraph 4 of this subsection.

13 9. In collaboration with the state department of corrections, the
14 judicial department and the board of executive clemency, develop proposed
15 criteria and make recommendations, as appropriate, for measuring an adult
16 sex offender's progress in treatment. The recommended criteria shall
17 assist the court and the board of executive clemency in determining
18 whether an adult sex offender may appropriately be released from
19 incarceration, whether the adult sex offender's level of supervision may
20 be reduced or whether the adult sex offender may appropriately be
21 discharged from probation or parole. At a minimum, the recommended
22 criteria must be designed to assist the court and the board of executive
23 clemency in determining whether the adult sex offender could be
24 appropriately supervised in the community if the offender were released
25 from incarceration, released to a reduced level of supervision or
26 discharged from probation or parole.

27 10. In collaboration with the state department of corrections, the
28 judicial department and the board of executive clemency, make
29 recommendations for the establishment of standards for community entities
30 that provide supervision and treatment specifically designed for adult sex
31 offenders who have developmental disabilities or who are deemed sexually
32 violent persons. At a minimum, the recommended standards must determine
33 whether an entity would provide adequate support and supervision to
34 minimize any threat that the adult sex offender may pose to the community.

35 11. Review the current delivery of services and the establishment
36 of release conditions at the Arizona community protection and treatment
37 center. The Arizona community protection and treatment center shall
38 implement any guidelines and standards for sex offender treatment and
39 supervision that are established by the board.

40 12. Research, analyze and make recommendations that reflect best
41 practices for living arrangements for and the location of adult sex
42 offenders within the community, including shared living arrangements. At
43 a minimum, the board shall consider the safety issues raised by the
44 location of adult sex offender residences, especially in proximity to
45 public or private schools and child care facilities, and public

notification of the location of adult sex offender residences. The board shall make recommendations for the adoption and revision, as appropriate, of the guidelines as it deems appropriate regarding the living arrangements for and location of adult sex offenders and adult sex offender housing.

13. Develop and make recommendations for revision, as appropriate, of recommended standard procedures to evaluate juveniles who have committed sexual offenses, including juveniles with developmental disabilities. The recommended procedures shall:

(a) Provide for evaluating juvenile offenders.

(b) Recommend behavior management, monitoring, treatment and compliance.

(c) Incorporate the concepts of the risk-need-responsivity or another evidence-based correctional model based on the knowledge that all unlawful sexual behavior poses a risk to the community and that certain juveniles may have the capacity to change their behavior with appropriate intervention and treatment. The board shall develop and make recommendations for the implementation of methods of intervention for juveniles who have committed sexual offenses. The methods must have as a priority the physical and psychological safety of victims and potential victims and, if the methods do not reduce the safety of victims and potential victims, the methods must also be appropriate to the needs of the particular juvenile offender.

14. Develop, implement and revise, as appropriate, guidelines and standards to treat juveniles who have committed sexual offenses, including juveniles with intellectual and developmental disabilities. The guidelines and standards must incorporate the concepts of the risk-need-responsivity or another evidence-based correctional model. The guidelines and standards may be used for juvenile offenders who are placed on probation or placed under the jurisdiction of the department of juvenile corrections or the state department of corrections. Programs recommended to be implemented pursuant to the guidelines and standards must:

(a) Be as flexible as possible so that the programs may be accessed by each juvenile offender to prevent the juvenile from harming victims and potential victims.

(b) Include a continuing monitoring process and a continuum of treatment options that are available to a juvenile offender as the juvenile proceeds through the justice system. Treatment options may include group counseling, individual counseling, family counseling, outpatient treatment, inpatient treatment, shared living arrangements and treatment in a therapeutic community.

(c) To the extent possible, be accessible to all juveniles who have committed sexual offenses and who are in the justice system, including juveniles with behavioral, mental health or co-occurring disorders.

1 15. Establish a subcommittee to make recommendations to the board
2 on revising the guidelines and standards developed pursuant to paragraph
