(TEXT OF BILL BEGINS ON NEXT PAGE)

1 Be it enacted by the Legislature of the State of Arizona:

2 Section 1. Section 15-185, Arizona Revised Statutes, is amended to
3 read:

4 15-185. Charter schools; financing; civil penalties;
5 transportation; definition

6 A. A school district is not financially responsible for any charter
7 school that is sponsored by the state board of education, the state board
8 for charter schools, a university under the jurisdiction of the Arizona
9 board of regents, a community college district or a group of community
10 college districts.

11 B. Financial provisions for a charter school that is sponsored by
12 the state board of education, the state board for charter schools, a
13 university, a community college district or a group of community college
14 districts are as follows:

15 1. The charter school shall calculate a base support level as
16 prescribed in section 15-943, except that:

17 (a) Section 15-941 does not apply to these charter schools.

18 (b) The small school weights prescribed in section 15-943,
19 paragraph 1 apply if a charter holder holds one charter for one or more
20 school sites and the average daily membership for the school sites are
21 combined for the calculation of the small school weight. The small school
22 weight shall not be applied individually to a charter holder if one or
23 more of the following conditions exist and the combined average daily
24 membership derived from the following conditions is greater than six
25 hundred:

26 (i) The organizational structure or management agreement of the
27 charter holder requires the charter holder or charter school to contract
28 with a specific management company.

29 (ii) The governing body of the charter holder has identical
30 membership to another charter holder in this state.

31 (iii) The charter holder is a subsidiary of a corporation that has
32 other subsidiaries that are charter holders in this state.

33 (iv) The charter holder holds more than one charter in this state.

34 (c) Notwithstanding subdivision (b) of this paragraph, for fiscal
35 years 2015-2016 and 2016-2017, the department of education shall reduce by
36 thirty-three percent the amount provided by the small school weight for
37 charter schools prescribed in subdivision (b) of this paragraph.

38 2. Notwithstanding paragraph 1 of this subsection, the student
39 count shall be determined initially using an estimated student count based
40 on actual registration of pupils before the beginning of the school year.
41 Notwithstanding section 15-1042, subsection F, student level data
42 submitted to the department may be used to determine estimated student
43 counts. After the first forty days, one hundred days or two hundred days
44 in session, as applicable, the charter school shall revise the student
45 count to be equal to the actual average daily membership, as defined in

1 section 15-901, of the charter school. Before the fortieth day, one
 2 hundredth day or two hundredth day in session, as applicable, the state
 3 board of education, the state board for charter schools, the sponsoring
 4 university, the sponsoring community college district or the sponsoring
 5 group of community college districts may require a charter school to
 6 report periodically regarding pupil enrollment and attendance, and the
 7 department of education may revise its computation of equalization
 8 assistance based on the report. A charter school shall revise its student
 9 count, base support level and charter additional assistance before May 15.
 10 A charter school that overestimated its student count shall revise its
 11 budget before May 15. A charter school that underestimated its student
 12 count may revise its budget before May 15.

13 3. A charter school may use section 15-855 for the purposes of this
 14 section. The charter school and the department of education shall
 15 prescribe procedures for determining average daily membership.

16 4. Equalization assistance for the charter school shall be
 17 determined by adding the amount of the base support level and charter
 18 additional assistance. The amount of the charter additional assistance is
 19 ~~\$2,131.90~~ \$2,174.54 per student count in preschool programs for children
 20 with disabilities, kindergarten programs and grades one through eight and
 21 ~~\$2,484.69~~ \$2,534.38 per student count in grades nine through twelve.

22 5. The state board of education shall apportion state aid from the
 23 appropriations made for such purposes to the state treasurer for
 24 disbursement to the charter schools in each county in an amount as
 25 determined by this paragraph. The apportionments shall be made as
 26 prescribed in section 15-973, subsection B.

27 6. The charter school shall not charge tuition for pupils who
 28 reside in this state, levy taxes or issue bonds. A charter school may
 29 admit pupils who are not residents of this state and shall charge tuition
 30 for those pupils in the same manner prescribed in section 15-823.

31 7. Not later than noon on the day preceding each apportionment date
 32 established pursuant to paragraph 5 of this subsection, the superintendent
 33 of public instruction shall furnish to the state treasurer an abstract of
 34 the apportionment and shall certify the apportionment to the department of
 35 administration, which shall draw its warrant in favor of the charter
 36 schools for the amount apportioned.

37 C. If a pupil is enrolled in both a charter school and a public
 38 school that is not a charter school, the sum of the daily membership,
 39 which includes enrollment as prescribed in section 15-901, subsection A,
 40 paragraph 1, subdivisions (a) and (b) and daily attendance as prescribed
 41 in section 15-901, subsection A, paragraph 5, for that pupil in the school
 42 district and the charter school shall not exceed 1.0. If a pupil is
 43 enrolled in both a charter school and a public school that is not a
 44 charter school, the department of education shall direct the average daily
 45 membership to the school with the most recent enrollment date. On

validation of actual enrollment in both a charter school and a public school that is not a charter school and if the sum of the daily membership or daily attendance for that pupil is greater than 1.0, the sum shall be reduced to 1.0 and shall be apportioned between the public school and the charter school based on the percentage of total time that the pupil is enrolled or in attendance in the public school and the charter school. The uniform system of financial records shall include guidelines to apportion the pupil enrollment and attendance as provided in this section.

D. Charter schools are allowed to accept grants and gifts to supplement their state funding, but it is not the intent of the charter school law to require taxpayers to pay twice to educate the same pupils. The base support level for a charter school or for a school district sponsoring a charter school shall be reduced by an amount equal to the total amount of monies received by a charter school from a federal or state agency if the federal or state monies are intended for the basic maintenance and operations of the school. The superintendent of public instruction shall estimate the amount of the reduction for the budget year and shall revise the reduction to reflect the actual amount before May 15 of the current year. If the reduction results in a negative amount, the negative amount shall be used in computing all budget limits and equalization assistance, except that:

1. Equalization assistance shall not be less than zero.

2. For a charter school sponsored by the state board of education, the state board for charter schools, a university, a community college district or a group of community college districts, the total of the base support level and the charter additional assistance shall not be less than zero.

E. If a charter school was a district public school in the prior year and sponsored by the state board of education, the state board for charter schools, a university, a community college district or a group of community college districts, the reduction in subsection D of this section applies. The reduction to the base support level of the charter school shall equal the sum of the base support level and the charter additional assistance received in the current year for those pupils who were enrolled in the traditional public school in the prior year and are now enrolled in the charter school in the current year.

F. Equalization assistance for charter schools shall be provided as a single amount based on average daily membership without categorical distinctions between maintenance and operations or capital.

G. At the request of a charter school, the county school superintendent of the county where the charter school is located may provide the same educational services to the charter school as prescribed in section 15-308, subsection A. The county school superintendent may charge a fee to recover costs for providing educational services to charter schools.

1 H. If the sponsor of the charter school determines at a public
2 meeting that the charter school is not in compliance with federal law,
3 with the laws of this state or with its charter, the sponsor of a charter
4 school may submit a request to the department of education to withhold up
5 to ten percent of the monthly apportionment of state aid that would
6 otherwise be due the charter school. The department shall adjust the
7 charter school's apportionment accordingly. The sponsor shall provide
8 written notice to the charter school at least seventy-two hours before the
9 meeting and shall allow the charter school to respond to the allegations
10 of noncompliance at the meeting before the sponsor makes a final
11 determination to notify the department of education of noncompliance. The
12 charter school shall submit a corrective action plan to the sponsor on a
13 date specified by the sponsor at the meeting. The corrective action plan
14 shall be designed to correct deficiencies at the charter school and to
15 ensure that the charter school promptly returns to compliance. When the
16 sponsor determines that the charter school is in compliance, the
17 department shall restore the full amount of state aid payments to the
18 charter school.

19 I. In addition to the withholding of state aid payments pursuant to
20 subsection H of this section, the sponsor of a charter school may impose a
21 civil penalty of \$1,000 per occurrence if a charter school fails to comply
22 with the fingerprinting requirements prescribed in section 15-183,
23 subsection C or section 15-512. The sponsor of a charter school shall not
24 impose a civil penalty if it is the first time the charter school is out
25 of compliance with the fingerprinting requirements and if the charter
26 school provides proof within forty-eight hours after written notification
27 that an application for the appropriate fingerprint check has been
28 received by the department of public safety. The sponsor of the charter
29 school shall obtain proof that the charter school has been notified, and
30 the notification shall identify the date of the deadline and shall be
31 signed by both parties. The sponsor of a charter school shall
32 automatically impose a civil penalty of \$1,000 per occurrence if the
33 sponsor determines that the charter school subsequently violates the
34 fingerprinting requirements. Civil penalties pursuant to this subsection
35 shall be assessed by requesting the department of education to reduce the
36 amount of state aid that the charter school would otherwise receive by an
37 amount equal to the civil penalty. The amount of state aid withheld shall
38 revert to the state general fund at the end of the fiscal year.

39 J. A charter school may receive and spend monies distributed by the
40 department of education pursuant to section 42-5029, subsection E, section
41 42-5029.02, subsection A and section 37-521, subsection B.

42 K. If a school district transports or contracts to transport pupils
43 to the Arizona state schools for the deaf and the blind during any fiscal
44 year, the school district may transport or contract with a charter school
45 to transport sensory impaired pupils during that same fiscal year to a

1 charter school if requested by the parent of the pupil and if the distance
2 from the pupil's place of actual residence within the school district to
3 the charter school is less than the distance from the pupil's place of
4 actual residence within the school district to the campus of the Arizona
5 state schools for the deaf and the blind.

6 L. Notwithstanding any other law, a university under the
7 jurisdiction of the Arizona board of regents, a community college district
8 or a group of community college districts shall not include any student in
9 the student count of the university, community college district or group
10 of community college districts for state funding purposes if that student
11 is enrolled in and attending a charter school sponsored by the university,
12 community college district or group of community college districts.

13 M. The governing body of a charter school shall transmit a copy of
14 its proposed budget or the summary of the proposed budget and a notice of
15 the public hearing to the department of education for posting on the
16 department of education's website not later than ten days before the
17 hearing and meeting. If the charter school maintains a website, the
18 charter school governing body shall post on its website a copy of its
19 proposed budget or the summary of the proposed budget and a notice of the
20 public hearing.

21 N. The governing body of a charter school shall collaborate with
22 the private organization that is approved by the state board of education
23 pursuant to section 15-792.02 to provide approved board examination
24 systems for the charter school.

25 O. If allowed by federal law, a charter school may opt out of
26 federal grant opportunities if the charter holder or the appropriate
27 governing body of the charter school determines that the federal
28 requirements impose unduly burdensome reporting requirements.

29 P. For the purposes of this section, "monies intended for the basic
30 maintenance and operations of the school" means monies intended to provide
31 support for the educational program of the school, except that it does not
32 include supplemental assistance for a specific purpose or title VIII of
33 the elementary and secondary education act of 1965 monies. The auditor
34 general shall determine which federal or state monies meet this
35 definition.

36 Sec. 2. Section 15-901, Arizona Revised Statutes, is amended to
37 read:

38 15-901. Definitions

39 A. In this title, unless the context otherwise requires:

40 1. "Average daily membership" means the total enrollment of
41 fractional students and full-time students, minus withdrawals, of each
42 school day through the first one hundred days or two hundred days in
43 session, as applicable, for the current year. For the purposes of this
44 paragraph, "withdrawals" means students who are formally withdrawn from
45 schools or students who are absent for ten consecutive school days, except

1 for excused absences identified by the department of education. For
2 computation purposes, a student who is absent for nine or fewer
3 consecutive school days, including the last day of the school year, is not
4 a withdrawal and may not be subtracted from the total enrollment of
5 fractional students and full-time students. For the purposes of this
6 section, school districts and charter schools shall report student absence
7 data to the department of education at least once every sixty days in
8 session. For computation purposes, the effective date of withdrawal shall
9 be retroactive to the last day of actual attendance of the student or
10 excused absence. A school district or charter school may satisfy any of
11 the time and hours requirements prescribed in this subsection in any
12 manner prescribed in the school district's or charter school's
13 instructional time model adopted under section 15-901.08.

14 (a) "Fractional student" means:

15 (i) For common schools, a preschool child who is enrolled in a
16 program for preschool children with disabilities of at least three hundred
17 sixty minutes each week that meets at least two hundred sixteen hours over
18 the minimum number of days or a kindergarten student who is at least five
19 years of age before January 1 of the school year and enrolled in a school
20 kindergarten program that meets at least three hundred fifty-six hours for
21 a one hundred eighty-day school year, or the instructional hours
22 prescribed in this section. In computing the average daily membership,
23 preschool children with disabilities and kindergarten students shall be
24 counted as one-half of a full-time student. For common schools, a
25 part-time student is a student enrolled for less than the total time for a
26 full-time student as defined in this section. A part-time common school
27 student shall be counted as one-fourth, one-half or three-fourths of a
28 full-time student if the student is enrolled in an instructional program
29 that is at least one-fourth, one-half or three-fourths of the time a
30 full-time student is enrolled as defined in subdivision (b) of this
31 paragraph. The hours in which a student is scheduled to attend a common
32 school during the regular school day shall be included in the calculation
33 of the average daily membership for that student.

34 (ii) For high schools, a part-time student who is enrolled in less
35 than four subjects that count toward graduation as defined by the state
36 board of education, each of which, if taught each school day for the
37 minimum number of days required in a school year, would meet a minimum of
38 one hundred twenty-three hours a year, or the equivalent, in a recognized
39 high school. The average daily membership of a part-time high school
40 student shall be 0.75 if the student is enrolled in an instructional
41 program of three subjects that meet at least five hundred forty hours for
42 a one hundred eighty-day school year, or the instructional hours
43 prescribed in this section. The average daily membership of a part-time
44 high school student shall be 0.5 if the student is enrolled in an
45 instructional program of two subjects that meet at least three hundred

1 sixty hours for a one hundred eighty-day school year, or the instructional
2 hours prescribed in this section. The average daily membership of a
3 part-time high school student shall be 0.25 if the student is enrolled in
4 an instructional program of one subject that meets at least one hundred
5 eighty hours for a one hundred eighty-day school year, or the
6 instructional hours prescribed in this section. The hours in which a
7 student is scheduled to attend a high school during the regular school day
8 shall be included in the calculation of the average daily membership for
9 that student.

10 (b) "Full-time student" means:

11 (i) For common schools, a student who is at least six years of age
12 before January 1 of a school year, who has not graduated from the highest
13 grade taught in the school district and who is regularly enrolled in a
14 course of study required by the state board of education. First, second
15 and third grade students or ungraded group B children with disabilities
16 who are at least five, but under six, years of age by September 1 must be
17 enrolled in an instructional program that meets for a total of at least
18 seven hundred twelve hours for a one hundred eighty-day school year, or
19 the instructional hours prescribed in this section. Fourth, fifth, sixth,
20 seventh and eighth grade students must be enrolled in an instructional
21 program that meets for a total of at least eight hundred ninety hours for
22 a one hundred eighty-day school year, or the instructional hours
23 prescribed in this section, including the equivalent number of
24 instructional hours for schools that operate on a one hundred
25 forty-four-day school year. The hours in which a student is scheduled to
26 attend a common school during the regular school day shall be included in
27 the calculation of the average daily membership for that student.

28 (ii) For high schools, a student who has not graduated from the
29 highest grade taught in the school district and who is enrolled in at
30 least an instructional program of four or more subjects that count toward
31 graduation as defined by the state board of education, each of which, if
32 taught each school day for the minimum number of days required in a school
33 year, would meet a minimum of one hundred twenty-three hours a year, or
34 the equivalent, that meets for a total of at least seven hundred twenty
35 hours for a one hundred eighty-day school year, or the instructional hours
36 prescribed in this section in a recognized high school. A full-time
37 student shall not be counted more than once for computation of average
38 daily membership. The average daily membership of a full-time high school
39 student shall be 1.0 if the student is enrolled in at least four subjects
40 that meet at least seven hundred twenty hours for a one hundred eighty-day
41 school year, or the equivalent instructional hours prescribed in this
42 section. The hours in which a student is scheduled to attend a high
43 school during the regular school day shall be included in the calculation
44 of the average daily membership for that student.

1 (iii) If a child who has not reached five years of age before
2 September 1 of the current school year is admitted to kindergarten and
3 repeats kindergarten in the following school year, a school district or
4 charter school is not eligible to receive basic state aid on behalf of
5 that child during the child's second year of kindergarten. If a child who
6 has not reached five years of age before September 1 of the current school
7 year is admitted to kindergarten but does not remain enrolled, a school
8 district or charter school may receive a portion of basic state aid on
9 behalf of that child in the subsequent year. A school district or charter
10 school may charge tuition for any child who is ineligible for basic state
11 aid pursuant to this item.

12 (iv) Except as otherwise provided by law, for a full-time high
13 school student who is concurrently enrolled in two school districts or two
14 charter schools, the average daily membership shall not exceed 1.0.

15 (v) Except as otherwise provided by law, for any student who is
16 concurrently enrolled in a school district and a charter school, the
17 average daily membership shall be apportioned between the school district
18 and the charter school and shall not exceed 1.0. The apportionment shall
19 be based on the percentage of total time that the student is enrolled in
20 or in attendance at the school district and the charter school.

21 (vi) Except as otherwise provided by law, for any student who is
22 concurrently enrolled, pursuant to section 15-808, in a school district
23 and Arizona online instruction or a charter school and Arizona online
24 instruction, the average daily membership shall be apportioned between the
25 school district and Arizona online instruction or the charter school and
26 Arizona online instruction and shall not exceed 1.0. The apportionment
27 shall be based on the percentage of total time that the student is
28 enrolled in or in attendance at the school district and Arizona online
29 instruction or the charter school and Arizona online instruction.

30 (vii) For homebound or hospitalized, a student receiving at least
31 four hours of instruction per week.

32 (c) "Regular school day" means the regularly scheduled class
33 periods intended for instructional purposes. Instructional purposes may
34 include core subjects, elective subjects, lunch, study halls, music
35 instruction and other classes that advance the academic instruction of
36 pupils. Instructional purposes do not include athletic practices or
37 extracurricular clubs and activities.

38 2. "Budget year" means the fiscal year for which the school
39 district is budgeting and that immediately follows the current year.

40 3. "Common school district" means a political subdivision of this
41 state offering instruction to students in programs for preschool children
42 with disabilities and kindergarten programs and either:

43 (a) Grades one through eight.

44 (b) Grades one through nine pursuant to section 15-447.01.

1 4. "Current year" means the fiscal year in which a school district
2 is operating.

3 5. "Daily attendance" means:

4 (a) For common schools, days in which a pupil:

5 (i) Of a kindergarten program or ungraded, but not group B children
6 with disabilities, who is at least five, but under six, years of age by
7 September 1 attends at least three-quarters of the instructional time
8 scheduled for the day. If the total instruction time scheduled for the
9 year is at least three hundred fifty-six hours but is less than seven
10 hundred twelve hours, such attendance shall be counted as one-half day of
11 attendance. If the instructional time scheduled for the year is at least
12 six hundred ninety-two hours, "daily attendance" means days in which a
13 pupil attends at least one-half of the instructional time scheduled for
14 the day. Such attendance shall be counted as one-half day of attendance.
15 A school district or charter school may satisfy any of the time and hours
16 requirements prescribed in this item in any manner prescribed in the
17 school district's or charter school's instructional time model adopted
18 under section 15-901.08.

19 (ii) Of the first, second or third grades attends more than
20 three-quarters of the instructional time scheduled for the day. A school
21 district or charter school may satisfy any of the time and hours
22 requirements prescribed in this item in any manner prescribed in the
23 school district's or charter school's instructional time model adopted
24 under section 15-901.08.

26 three-quarters of the instructional time scheduled for the day, except as
27 provided in section 15-797. A school district or charter school may
28 satisfy any of the time and hours requirements prescribed in this item in
29 any manner prescribed in the school district's or charter school's
30 instructional time model adopted under section 15-901.08.

32 three-quarters of the instructional time scheduled for the day, except as
33 provided in section 15-797. A school district or charter school may
34 satisfy any of the time and hours requirements prescribed in this item in
35 any manner prescribed in the school district's or charter school's
36 instructional time model adopted under section 15-901.08.

37 (b) For common schools, the attendance of a pupil at three-quarters
38 or less of the instructional time scheduled for the day shall be counted
39 as follows, except as provided in section 15-797 and except that
40 attendance for a fractional student shall not exceed the pupil's
41 fractional membership:

42 (i) If attendance for all pupils in the school is based on quarter
43 days, the attendance of a pupil shall be counted as one-fourth of a day's
44 attendance for each one-fourth of full-time instructional time attended.
45 A school district or charter school may satisfy any of the time and hours

1 requirements prescribed in this item in any manner prescribed in the
2 school district's or charter school's instructional time model adopted
3 under section 15-901.08.

4 (ii) If attendance for all pupils in the school is based on half
5 days, the attendance of at least three-quarters of the instructional time
6 scheduled for the day shall be counted as a full day's attendance and
7 attendance at a minimum of one-half but less than three-quarters of the
8 instructional time scheduled for the day equals one-half day of
9 attendance. A school district or charter school may satisfy any of the
10 time and hours requirements prescribed in this item in any manner
11 prescribed in the school district's or charter school's instructional time
12 model adopted under section 15-901.08.

13 (c) For common schools, the attendance of a preschool child with
14 disabilities shall be counted as one-fourth day's attendance for each
15 thirty-six minutes of attendance, except as provided in paragraph 1,
16 subdivision (a), item (i) of this subsection for children with
17 disabilities up to a maximum of three hundred sixty minutes each week. A
18 school district or charter school may satisfy any of the time and hours
19 requirements prescribed in this subdivision in any manner prescribed in
20 the school district's or charter school's instructional time model adopted
21 under section 15-901.08.

22 (d) For high schools, the attendance of a pupil shall not be
23 counted as a full day unless the pupil is actually and physically in
24 attendance and enrolled in and carrying four subjects, each of which, if
25 taught each school day for the minimum number of days required in a school
26 year, would meet a minimum of one hundred twenty-three hours a year, or
27 the equivalent, that count toward graduation in a recognized high school
28 except as provided in section 15-797 and subdivision (e) of this
29 paragraph. Attendance of a pupil carrying less than the load prescribed
30 shall be prorated. A school district or charter school may satisfy any of
31 the time and hours requirements prescribed in this subdivision in any
32 manner prescribed in the school district's or charter school's

36 time in a subject that counts toward graduation, except that attendance
37 for a pupil shall not exceed the pupil's full or fractional membership. A
38 school district or charter school may satisfy any of the time and hours
39 requirements prescribed in this subdivision in any manner prescribed in
40 the school district's or charter school's instructional time model adopted
41 under section 15-901.08.

42 (f) For homebound or hospitalized, a full day of attendance may be
43 counted for each day during a week in which the student receives at least
44 four hours of instruction. A school district or charter school may
45 satisfy any of the time and hours requirements prescribed in this

1 subdivision in any manner prescribed in the school district's or charter
2 school's instructional time model adopted under section 15-901.08.

3 (g) For school districts that maintain school for an approved
4 year-round school year operation, attendance shall be based on a
5 computation, as prescribed by the superintendent of public instruction, of
6 the one hundred eighty days' equivalency or two hundred days' equivalency,
7 as applicable, of instructional time as approved by the superintendent of
8 public instruction during which each pupil is enrolled. A school district
