## Representative Cook Praises Launch of Arizona Commerce Authority's Arizona Assets Map

**STATE CAPITOL, PHOENIX** – Representative David Cook (R-8) today praised the Arizona Commerce Authority's launch of the [Arizona Assets Map](#), an online resource that uses customizable maps to allow users to quickly understand where assets are located in proximity to a city, county, or legislative district. Users can select filters to analyze specific assets and their location.

**“I am thrilled to hear that the Arizona Commerce Authority is devoting resources to a program that will do so much for the people of rural Arizona,”** said Representative Cook. **“My colleagues in the Rural Caucus and I are constantly working for constituents in our districts to ensure all rural areas of Arizona have the opportunity to thrive economically—this program helps those efforts.”**
