FOR IMMEDIATE RELEASE

Representative Becky Nutt Named Co-Chair of ALEC Rural Caucus

STATE CAPITOL, PHOENIX – Representative Becky Nutt (R-14) has been named co-chair of the American Legislative Exchange Council (ALEC) Rural Caucus, which will bring together state legislators from across the country to discuss challenges and opportunities in rural America.

ALEC is a nationwide nonprofit that promotes the principles of limited government, free markets, and federalism.

“From mining minerals for computers and cell phones to farming and ranching for our food, rural regions are valuable and crucial parts of every state in the U.S.,” said Representative Nutt. **“I am excited to get this caucus officially going at ALEC and appreciate Texas Rep. Doc Anderson co-chairing the ALEC Rural Caucus with me. We anticipate productive discussions from our fellow rural legislators across our states and the nation as we share goals of rural economic stability and growth.”**

“Rural America is the fabric that holds our nation together,” said ALEC CEO Lisa B. Nelson. “It is – agriculturally and materially – the basis for America’s rich and growing economy. The workers and families that have made rural areas their generational home need the support and backing of every American to ensure opportunity for generations. We are excited to have Becky Nutt co-chair the ALEC Rural Caucus. Her commitment to the betterment of rural America will have a real impact on these areas in her state and around the nation as she leads these discussions.”
